President Boosts Merchant Marine

(Special to The Guardian). WASHINGTON, Dec. 2.—President Harding will recommend a direct ship subsidy for the upbuilding of the American Merchant Marine. So important does the President regard the subject that he will send to Congress in a special message to Congress to be delivered subsequent to his usual message dealing with general conditions. Not only our economic independence, but our national safety rests, upon a great merchant marine built, owned, managed and operated by Americans, the President will state.

WHAT CANADA NEEDS MOST

There are too many people in the British Isles. There are vast empty spaces in Canada which, given human occupation and human endeavor, will blossom like the rose. Canada's problem is to establish a connection between the people who have no land and the land that has no people. The action of Hon. P. D. Pattullo in going to England in an effort to obtain settlers for 2,000,000 acres on the British Columbia lines of the Grand Trunk Pacific is the kind of action which will have the most rapid and far-reaching effect on the future of Canada generally, and the prosperity of our nationally owned railroads.

In Great Britain the Canadian National Railways have recently made a wide distribution of a booklet specially prepared for women, pointing out the advantages of the proper kind of women to make their homes in Canada.

With the adoption of steel passenger coaches, came greater safety and greater riding comfort—but also increased operating expenses. Steel cars are not only more costly to construct but also cost more to haul because of the fact that they increase immensely the weight of the train. The Canadian National Railways operate a greater proportion of steel coaches than any other Canadian railway. The steel car is so heavy that it is generally confined to main line use on trans-continental runs.

Canada, whether certain individuals approve or not, is the owner of 22,000 miles of railways together with all the rolling stock and equipment necessary to operate the same. This gigantic plant can be rapidly and permanently changed from a losing to a paying venture, if and when the Canadian people decide that they will give their own railroad a fair and equitable share of the existing passenger and freight traffic of the country.

Eastern people, as a rule, do not know what "hauling to market" means. Many western farmers, located miles from a railway, start out at dawn to draw a load of grain to an elevator. Arriving in town after dark, they have to board their selves and their team for the night at some expense. Next morning they deliver their grain to the elevator, do some necessary shopping and arrive back home after dark again—having been on the

CRERAR AND TAXATION

Crerar, the Progressive leader, proposes to abolish Customs Duties and raise the revenue by direct taxation.

But whom does he propose to tax? Not the Grain Growers Corporation, of which he is Manager; that is certain. He was a member of the Union Government when the Excess Profits Tax, and the Sales Tax were instituted, and HE TOOK GOOD CARE TO SEE THAT THE LAW WAS SO MADE AS TO EXEMPT HIS OWN COMPANY, one of the biggest "Interests" in Canada, during a business last year of about \$25,000,000., and during the war period ONE HUNDRED MILLIONS OF DOLLARS.

If his Grain Growers do not pay the taxes, who is he going to collect them from? From the taxpayers of the East, of course, who have ALWAYS SO FAR BORNE THE BURDENS OF TAXATION.

Out of \$227,000,000 collected by the Meighen Government in direct taxes last year, THE FARMERS WERE ONLY OBLIGED TO PAY LESS THAN A MILLION AND A HALF. Will any farmer in P. E. Island call this unreasonable or oppressive. But Crerar and his Grain Growers object to even this and want to get off scott free.

The same is true of the MacKenzie King Liberals. If they abolish the duties they must resort to direct taxation, and their claim is that THEIR POLICY AND THAT OF THE WEST IS THE SAME. And in any combine with the West they will have to do as the Grain Growers dictate, if they should be returned to power, and the Westerners will not allow themselves to be taxed in any form. They pay none now, and they won't pay under any government, IF THEY CAN AVOID IT.

If either the Crerar or King parties should by any chance be returned to power, THE EASTERN FARMER AND BUSINESS AND SALARIED MEN WOULD HAVE TO PAY THIS "DIRECT TAXATION" BILL.

The only way to avoid this "Direct Taxation," which will amount to UPWARDS OF ONE HUNDRED AND TEN DOLLARS PER FAMILY, is by marking your ballots for the Meighen Government Candidates.

Last year the Dominion Government collected \$227,000,000 in direct taxes. Of this amount less than a million and a half was collected from the farmers of Canada, who represent about half of our whole population. Besides this the average duty on their Agricultural Implements is only 7 per cent., as compared with the Laurier tariff of 20 per cent. Now in all fairness we ask our honest and justice loving farmers if they have not been generously treated by the Meighen Government? Could they expect anything better than this? Doesn't such a government deserve your best support?

Chief Justice Hazen to Face Difficult Task

(Special to The Guardian)

OTTAWA, Dec. 1.—Already 659 claims, aggregating \$22,494,979.25, have been filed with Major H. Spencer Ralph of the Department of the Secretary of State, for reparation for illegal acts of warfare committed on Canadians and Canadian property by Germany and her allies during the war. It is anticipated that many additional claims will be made and that their total value will run into many millions of dollars. Sir Douglas Hazen, who has been appointed to investigate these claims, will decide the amounts the claimants are to receive. Claims, after investigation, will be paid from Canada's share of indemnity secured by Great Britain from Germany on this account. Canada will receive 4.25 per cent of Great Britain's 22 per cent of the total reparation assessed against Germany by the Allied Nations.

Claims already submitted cover the losses through torpedoing of merchant ships, lives of sailors and passengers, loss of property seized by Germany in other countries, restraint of persons, personal injuries following air raids, and for the mistreatment of prisoners of war. Perhaps the most peculiar claims are those of Armenian residents in Canada for losses alleged to have been suffered by them as a result of the Turkish atrocities in Armenia. There are ninety-one of these claims totalling \$1,167,168.85. The department has received 110 claims for ships, cargoes and merchandise lost at sea. These claims total \$16,958,379.48. There are 38 claims totalling \$1,134,251.11 based on passengers losing their lives at sea, and 194 claims totalling \$239,566.82 for the loss of personal effects of passengers. For the lives of sailors lost at sea twenty claims have been submitted totalling \$37,659.83 and 21 claims for loss of personal effects of sailors with a value of \$7,769.25. The loss of personal effects of fishermen has brought in 46 claims, valued at \$23,988.65.

The total value of the claims for losses at sea is \$18,501,595.14. Claims for losses of property on land total \$2,826,215.25, of this the largest amount is \$2,117,154.65 for goods seized abroad. An instance of this is found in the claims for loss of the wharves of Antwerp managed on behalf of the Government of Belgium by the Canadian property seized by German troops on the wharves of Antwerp. There are eight claims for loss of life on land totalling \$157,173.80 and 25 claims for illegal restraint valued at \$271,898.29. Under personal injury there are 42 claims totalling \$279,988.52.

SCENE FROM VITAGRAPH'S TOM TERRISS PRODUCTION DEAD MEN TELL NO TALES

The unexpected is always occurring in Vitagraph's Tom Terriss production, "Dead Men Tell No Tales." The big spectacular scene, that of blowing up a sailing vessel, is staged early in the story and from that point to the final close out a series of strange events which are highly dramatic are depicted. The spectator is never certain just what is going to happen next and he is held in suspense until the end of the picture.

AT THE PRINCE EDWARD
 Wednesday and Thursday, December 7 and 8

"BIFF, BING, BANG"
 "The 'Dumbells' Are Coming"

Fathers, mothers, sisters, brothers, wives, sweethearts and friends (and who in Canada does not include one's self in the above category), are to have an opportunity of seeing for themselves just how our Canadian boys were entertained by the soldier-actors in France. "The Dumbells," the most popular group of these entertainers have been brought to Canada in their original form, under the personal direction of Capt. M. W. Plunkett, and will present their biggest success, "Biff, Bing, Bang" at the Prince Edward on Dec. 14th and 15th. These boys have a record of over five hundred performances near the front lines in France, as well as a month at the Coliseum in London and a special engagement by Royal Command in Brussels, shortly after the armistice. Seats sale Friday, December 9th for which they were presented with a medal and address by the King of the Belgians.

A decided novelty of the entertainment to Canadians is the fact that all the beautiful girl roles are played by real soldiers, who have done their bit. They have been gowned and cosplayed by Lucille and other famous modistes of London and Paris, and it is little wonder that the boys used to remark upon the courage of such wonderful "girls" in coming so near the line and sometimes playing under artillery fire, for the identity of the "girls" was for a long time kept a guarded secret, owing to the boys' fear of being joshed by their comrades. Now "Marjorie" and "Marie" are two of the most popular soldiers who ever went over the top or donned a skirt. Seat sale Friday, December 9th at 9.00 a. m.

Aid U. S. Exporters In British Market

LONDON, Dec. 2.—Plans whereby the consular service may better aid American business men operating in Great Britain, were discussed at a meeting of all United States Consuls in the country, called by Consul General Skinner. The resolutions adopted in regard to the marketing of American goods were embodied in recommendations to the State Department.

Among the reforms suggested is that all inquiries relative to markets be sent to the Consul General in London and from there forwarded to Consuls in those areas, which might be interested in the goods offered. At present it is the custom for an American wishing such information to circulate all the consuls in the country.

BRITISH CATTLE MARKET

Dominion Live Stock Branch Cables November 29th, 1921.

Birkenhead prices of Canadian steers were stronger by about 1c. per pound on the Ontario stock. Glasgow prices slightly better although market was drab. London reports moderate demand. Weather now much cooler.

Birkenhead sold Ontario pig cattle around 16 1/2c (9d) in sink. At Glasgow, 327 Ontario sold from 9c to 10 1/2c (5d to 5 3/4d) live weight and 124 Westerners from 8 3/4c to 9c (4 1/2d to 5d).

At London Canadian fresh sides moved from 14 1/2c to 15 1/2c and 16 1/2c (8d to 8 1/4d and 9d). No Canadian chilled beef reported on sale.

British Bacon Market, November 26th, 1921.

Canadian bacon 120 lbs. to 125 lbs. in good demand. American fresh Q. W. goods scarce from 95 lbs. to 10 1/2c. Firm. Stocks in cold store unchanged. Irish and Danish advanced 1/2c.

TRAINS IN HEAD ON COLLISION

PORTLAND, Dec. 2.—Six persons were killed in a head on collision early today between the east-bound Portland, Spokane Limited and the west-bound Oregon Washington Railroad and Navigation Co., two miles east of Collis.

LONDON, Nov. 30.—The King has given his consent to the proposed tour of the Scots Guard Band in Canada next spring as arranged by Charles Harris, under the auspices of the Canadian War Veterans.

With all the Attributes of safety, a Bond paying 8 per cent. interest

is, on the face of it, a good investment at any time. It is particularly good at present, because Bond interest rates are declining and principal values advancing.

True, it is neither a Government nor a Municipal issue, but its earning powers and surplus, over a period of years, rank it high in security.

You can purchase these bonds in \$500 and \$1,000 denominations, and our recommendation to you is that you do so.

Send for full particulars.

CRERAR AND TAXATION

Crerar, the Progressive leader, proposes to abolish Customs Duties and raise the revenue by direct taxation.

But whom does he propose to tax? Not the Grain Growers Corporation, of which he is Manager; that is certain. He was a member of the Union Government when the Excess Profits Tax, and the Sales Tax were instituted, and HE TOOK GOOD CARE TO SEE THAT THE LAW WAS SO MADE AS TO EXEMPT HIS OWN COMPANY, one of the biggest "Interests" in Canada, during a business last year of about \$25,000,000., and during the war period ONE HUNDRED MILLIONS OF DOLLARS.

If his Grain Growers do not pay the taxes, who is he going to collect them from? From the taxpayers of the East, of course, who have ALWAYS SO FAR BORNE THE BURDENS OF TAXATION.

Out of \$227,000,000 collected by the Meighen Government in direct taxes last year, THE FARMERS WERE ONLY OBLIGED TO PAY LESS THAN A MILLION AND A HALF. Will any farmer in P. E. Island call this unreasonable or oppressive. But Crerar and his Grain Growers object to even this and want to get off scott free.

The same is true of the MacKenzie King Liberals. If they abolish the duties they must resort to direct taxation, and their claim is that THEIR POLICY AND THAT OF THE WEST IS THE SAME. And in any combine with the West they will have to do as the Grain Growers dictate, if they should be returned to power, and the Westerners will not allow themselves to be taxed in any form. They pay none now, and they won't pay under any government, IF THEY CAN AVOID IT.

If either the Crerar or King parties should by any chance be returned to power, THE EASTERN FARMER AND BUSINESS AND SALARIED MEN WOULD HAVE TO PAY THIS "DIRECT TAXATION" BILL.

The only way to avoid this "Direct Taxation," which will amount to UPWARDS OF ONE HUNDRED AND TEN DOLLARS PER FAMILY, is by marking your ballots for the Meighen Government Candidates.
