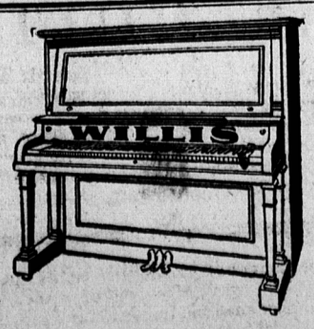
The Critic's Favorite



Canada's Best Piano

The liquid, soul-stirring tone and light sympathetic touch of the Willis piano has made it the favorite of all music lovers—students and masters alike—all over the entire Dominion.

The Willis is made by master artisans and each piece and part of its make-up is constructed with the object of making the Willis supreme over all the moderately priced pianos in Canada. The Willis is hand carved and polished, it will outlast several cheaper instruments and in touch, tone and exquisite finish is superior to many selling at a much higher price.

We have some real masterpieces from the Willis factory we would like to show you.

A letter received by a Sackville, N. B., friend from Mrs Fred Langford, of Calgary, (Annie E. Burwash, Mt. A. 1888), reports that her father, the Rev. Dr. John Burwash, is most seriously ill and that in the opinion of his doctor his death may be expected at any time. Dr. Burwash went to Sackville from Ontario in 1870 and was for one year Vice-Principal of the Academy, being then transferred to the University as Professor of science. His connection with the institution continued up to 1889 with the intermission of three years, 1882-1885, when he was pastor of the first Methodist church in this city. Dr. Burwash was loved and respected by his students and highly esteemed through the Maritime Provinces as an able and eloquent preacher and a man of kindly and lovable nature.

A Covehead correspondent writes:—The farmers of this vicinity are busy getting home their supply of ice and firewood. Our school is progressing rapidly under the capable management of Miss Lilla M. Simpson. Geo. Hughes spent Sunday at Winsloe, the guest of Leslie Bryenton. The ice on our bay has been in poor condition this winter so far, much to the disappointment of the local horsemen, who own some swift ones. The most important trotters are: Maud S., owned by Parmenas Hughes; Dolly, owned by Chas. McDonald, and Dot, owned by Geo. Hughes. David H. Auld is visiting here, the guest of R. P. Lanks. Miss Lottie Hughes has returned home from a visit to friends in Winsloe. Miss Minnie McLure spent Sunday last at Winsloe, the guest of Mrs. Leslie Bryenton. James S. The Auxiliary of the W. M. S. of Cornwall held their annual mite box opening at the parsonage on Wednesday evening. The regular monthly meeting of the society was held at 7.30 o'clock. Mrs. Harry Hyde was appointed delegate to the N. B. and P.E.I. branch which meets at Moncton in June. After this meeting was closed a short programme of music, readings, etc., was given. A very pleasant evening was spent and the snug sum of twenty-four dollars realized and a number of mite boxes not yet sent in.

A great deal of ice has been harvested by the local ice dealers and private concerns this season. The quantity of the crop this year is greater than that of last year and the ice was never of better quality. When winter first set in, the prospects for harvesting a good crop of ice were very discouraging. Mild weather continued for some weeks and the icemen felt some anxiety as to the possibility of securing a paying crop. A heavy frost followed which made it possible for ice dealers to lay in a supply seldom equalled in past years.

Police Commissioner O'Meara, Boston, a native of this city, is being somewhat censured for a certain police report brought down some time ago. In this the Commissioner spoke of the prevailing vice of the city and told of the inability of the police to get at certain classes of crime. This has been turned into a confession and criticism is being offered freely on the topic. One prominent divine said from the pulpit: "Any man who would hold the office of police commissioner for 24 hours and then make the confession he did should be thrown out of office." Of course men holding such a responsible position as Commissioner O'Meara are continually subjected to this sort of thing and ofttimes it is productive of much good.
