

Excellent materials, careful construction

Sunshine Furnace is designed for extremely low setting, thus giving good elevation to the warm air pipes, which facilitates the egress of heated air through the correct pipes.

Sunshine Furnace has maximum heating capacity so that every unit of strength is extracted from the coal, wood or coke and fully utilized.

Sunshine Furnace has maximum weight, so that as the furnace is set in cement this weight makes it absolutely secure in position.

Sunshine Furnace

is designed to be operated at the front for the simplicity and convenience of the householder, as the following illustrates:— Coal goes in through the main front door (D and C), ash pan comes out the lower front door (G), water is placed in the pan at the top front door (B), direct draft is operated near the water pan door (A), the dust damper near the ash door (F), shaker at lower front door (E).

McClary's

For Sale by Rogers Hardware Co. Ltd., Ch town

Cost very little more than the old time plates and rubber are a hundred times BETTER lighter, stronger, cleaner, better fitting, take up less room and are in every way more satisfactory than any other kind of plate known to dentistry today. **VITIALIZED AIR for Painless Extraction, Safe and Sure and Pleasant—Has no after Effects.** Method by which we can extract one or twenty teeth and not hurt you at all. SUNDAY SCHOOL LESSON

May 30th, 1909.

Believing and Doing—James ii:14-26.

Golden Text—Faith without works is dead. James ii:20.

Verse 14—What does James mean here by "faith"?

Can a man have true faith, if he is the test of whether he is telling and doing all he can to help them? If a man "say he hath faith," what is the test of whether he is telling the truth?

Are there those to-day, who say, and probably think, they have faith, but lacking loving hearts, and the fruits of love are deceiving themselves?

What is a Christian's proof to himself, that he is not a deceived man in claiming to be in the favor of God?

Verses 15, 16—How do you class those who use people in need of food, and clothing, and do not do all they can to supply the need?

Which person more nearly resembles Jesus, the one who talks very piously, and prays with the needy, but giving them no help, or the one who generously supplies the need without any religious pretensions?

If a man helps the needy to supply their own needs, is that as well or better, than supplying the needs direct?

Is it possible for a church, to be doing full Christian service which is not helping the needy, either in its own or some other community?

Verses 17, 18—Is it possible to show faith without works?

Have all those who, with loving hearts, are engaged in good works, also got saving faith, whether they profess to have it or not, and whether they are members of the church or not, and whether or not they are even orthodox in their views?

Have any, who attend church regularly and profess to be religious, but are harsh with the poor, give nothing to charity, and care nothing for the needy, got saving faith?

Have those got saving faith who pray for the poor and needy, and for the sick and suffering, and yet do nothing to feed the poor or comfort the sick?

Verses 19, 20—Is there any moral merit in mere orthodoxy or is there any essential moral blame in mere heterodoxy?

Granted a man with the spirit of Jesus, engaged in good works, what does he lose by being heterodox, and what does he gain by being orthodox.

Verses 21-26—When God told Abraham to leave his own country and to start for another that God would show him, was there any other way that he could have faith in God, but by actually starting on the journey?

What is the meaning of, "and Abraham believed God and it was imputed to him for righteousness"?

Love is an essential part of faith, and love implies action, or good works, hence is it at all possible for a person to have faith who is not engaged in good works? (This question must be answered in writing by members of the club.)

Lesson for Sunday, June 6th, 1909.

—The power

—The Power of the Tongue. James iii: 1-12.

The Best Spring Tonic

When you drag yourself out of bed these mornings, feeling just about as badly as a human being can feel—that's "Spring Fever."

Now, what you need is something to stir up the liver, clean the stomach, cool the blood, and put some vim and bounce in the system.

ABBEY'S SALT does all this as nothing else will. For young and old alike, it is the best spring tonic.

Abbey's

Effer-
vescent Salt

25c and 60c a bottle. 3

70% WHITE LEAD
30% ZINC WHITE

When you buy Paint, get the real thing

It is extravagant and foolish to buy and pay for paint, and instead of paint, get a mixture containing cheap adulterants. Pure paint—the real thing—spreads easier, covers more surface (and covers it better) and wears longer than adulterated paint. Pure paint is far more economical to use. Pure paint gives the handsomest finish. Pure paint insures you against paint "troubles", the cracking, the peeling, scaling, etc. that comes from the use of impurities. "English" Liquid Paint is pure paint—made from 70% pure white lead (Brandram's B. B. Genuine) 30% pure zinc white, pure linseed oil, pure turpentine and dryer. It will give you the greatest satisfaction and save you money on your paint bill. Made by Brandram-Henlerson Limited, in 45 shades in addition to black and white. Come in for a color card. 3

SAVED THE BUILDING

Here is another fire picture—it speaks for itself. It is taken from a photograph of the Graham Nail Works on their old site on Dufferin Street, Toronto. Their building was burned to the ground, and the high wind carried the flying red hot embers over to the roof of the adjoining building, where they blazed fiercely. The roof of this adjoining building was fortunately covered with "Eastlake" steel shingles, and as you will notice, was not even scorched. That's the kind of fire insurance to carry.

Interested, as I have been, in the subject of building for twenty-five years, it's astonishing to me to see the many advantageous uses metallic building materials can be profitably put to. They are not only fire proof, weather proof and lightning-proof but decorative and artistic besides.—The Philosopher of Metal Town.

For particulars and figures respecting a roof, new buildings or interior decorations, write
