TRAGIC FATALITY AT ALBERTON YESTERDAY

ITALY ANTICIPATES

FRANCE SEES RETURN TO "JUNGLE LAW"

Serious View Is Taken Of Italo-Ethiopian Crisis—British Cabinet Summoned.

(A. P. By Guardian's Special Wire)
Italy, through her envoy to the shattered tri-power conferences in Paris, served notice Monday night that she expects "nothing from Geneva" in the way of averting her determined move on Ethiopia.
Baron Pompeo Aloisi, leaving Paris after Premier Mussolini's "no" to Anglo-French suggestions for partial Italian control of Ethiopia had wrecked the tri-power parley, declared: "I see no basis for further discussion. Italy does not want to leave Geneva, but if we are led to the door, we will have to leave."
At the same time French officials were predicting storm clouds for Europe and a return to "jungle law" as a result of the failure of the conference. One high official said privately that the crisis is comparable to "that of 1914."

Consider This—
LONDON—Great Britain's statesmen began consideration of her course of action at the League of Nations meeting Sept. 4.
ROME—Fascist Italy paid homage at the biers of Minister Luigi Razza and his six companions who perished during a flight to East Africa.
ADDIS ABABA—Thousands of bare-footed recruits drilled in capital streets as high officials reiterated that Ethiopia "shall not be vanquished."

LONDON, Aug. 19—The British cabinet, faced with the necessity of deciding quickly half a dozen momentous problems arising from the failure of the tri-parity conference in Paris on the Italo-Ethiopian crisis, was summoned to meet in extraordinary session Thursday as ministers tonight converged on London from widely scattered vacation points.
The King talked today with Sir Samuel Hoare, Foreign Secretary, and Prime Minister Stanley Baldwin made preparations to quit Aix-les-Bains, where he arrived only yesterday to begin his vacation.

Death Toll Mounts In Heat Wave

Mercury Registers From 100 To 130 In Various Maritime Centres.

(By The Canadian Press, By Guardian's Special Wire)
The eastern half of Canada today enjoyed only overnight respite from a blistering sun that wilted root crops, seared already paroled fields and sent temperatures soaring as high as 100 degrees all the way from Winnipeg to the Atlantic coast.
Further west it was cooler. Sporadic rains fell over the Prairies and delayed harvesting operations.
It was east of central Manitoba the weather increased in temperature and in some places developed fire hazards in dried-out bushlands. Down in Nova Scotia authorities considered closing the forests to tourists and campers because of the increasing menace caused by various outbreaks. Other blazes were reported from the Temagami Lakes area, famed Ontario summer resort.

TRAGIC AIR JOURNEY CONCLUDED

(A. P. By Guardian's Special Wire)
LOS ANGELES, Aug. 19—Will Rogers and Wiley Post came back to Los Angeles tonight at the end of the tragic air journey Rogers had said in his whimsical manner would probably be to "just some where."

The big transport plane, which brought the bodies of the actor-humorist and his aviator companion in death from Seattle, skidded down to a gentle landing on the Burbank airport at 6:30 p.m., P.S.T. (9:20 p.m., E.S.T.) just as day was fading into night.
Into the waiting hangar the funeral plane was guided, its idling motors sounding like muffled drum beats.
By the great iron doors of the hangars, the ground crew waited. Clotted in little groups by the runway fence were several hundred onlookers. They faced a cordon of uniformed police.
Motors roared. The ship moved forward into the hangar and the doors clanged shut.
The stillness suddenly was broken by the discovery of a photographer concealed in the rafters above the ship. Several moments of confusion followed until police caught him and destroyed his apparatus.
Meanwhile, other photographers, "shooting" through the glass windows from the outside of the building, clashed with police when the officers attempted to move them away. Spectators jumped over the fence to join the fray.
This delayed the removal of the bodies, shrouded in gray on stretchers, for nearly a half hour. A large black hearse waited

BUILDINGS BURNED AT MT. TRYON FARM

Disastrous Blaze Destroys Property Of Mr. John O. Boulter—Began In Barn Loft.
A fire which originated in the loft of his barn, destroyed all the buildings on the premises of Mr. John O. Boulter, Mount Tryon last evening. All the contents of the barn were destroyed. The fire quickly spread to the dwelling, from which only a small quantity of furnishings was saved. The henhouse and machine shed were likewise burned to the ground. The flames were fanned by a light breeze, and in the parched wood of the building burned like tinder.
The extent of the loss financially has not been definitely determined.

STRESSES VALUE OF PRINCIPLES OF DEMOCRACY

Eloquent Address At Rotary Club By Rev. Dr. Bonnell.

Rotarians yesterday were privileged to hear an eloquent address by Rev. J. Sydney Bonnell, D. D., formerly of this city and now pastor of the Fifth Avenue Presbyterian Church in New York.
At the outset Dr. Bonnell stated that last summer he was one of a party of fifty educationists and others who toured Germany, Russia, Austria, France and other parts of Europe in order to get first hand information concerning economic conditions in the countries which they visited.
The speaker declared that we are too close to the events that are transpiring in the world properly to appraise them. We should have to go back to the fall of the Roman Empire, to the Renaissance or the industrial revolution to find a parallel to the happenings of our day.
Dr. Bonnell who spent three months last summer travelling in the continent of Europe, told of five nations that he had visited in which the palaces of kings and emperors had been turned into public museums.
With one exception all these revolutions had occurred within the

NEW BRUNSWICK

MONCTON, N. B., Aug. 19—Citizens of Moncton sweated today as a scorching sun beamed relentlessly from a cloudless sky and sent the mercury in the city's official thermometer soaring to another new all time record, surpassing the hitherto unprecedented high of yesterday by over three degrees. At four o'clock this afternoon the official reading for the city of Moncton was 100 degrees in the shade. Readings as high as 130 in

HEAT UNPARALLELED IN THE MEMORY OF THE OLDEST RESIDENTS BURNED

Princess Edward Island yesterday as the mercury climbed to new heights. Official reading at Charlottetown Experimental Station was 98 degrees.

NOVA SCOTIA

HALIFAX, Aug. 19—Another day of intense heat in the Maritime Provinces left farmers in fear of disastrous drought while no relief was in sight for thousands of volunteers fighting forest fires in Nova Scotia and Prince Edward Island.
Meanwhile a week-end death toll of 8 was swelled to 11, as two more drownings were reported and a farmer died from the effects of sunstroke in the fields.

Canon Shatford Laid To Rest

(C.P. By Guardian's Special Wire)
CONQUERALL BANK, N.S., Aug. 19—Rev. Canon Allan Pearson Shatford, O.B.E., D.C.L., Nova Scotia-born rector of St. James the Apostle Church, Montreal, was buried today in the little family cemetery here on the banks of La Have River.
After a communion service this morning, conducted by Rt. Rev. John Hackett, D.D., Bishop of Nova Scotia, the body of the distinguished clergyman, author and war padre lay in state in the Anglican Church.
A sad procession moved past until the simple funeral service was begun at 2:30 o'clock this afternoon, attended by hundreds of friends who had looked forward each year to Canon Shatford's vacations in his native province.

Official Opening Of The Provincial Exhibition By His Honor Governor DeBlois

Large Attendance At Opening Last Evening. Fair Promises To Be Outstanding Success.

"We want every man, woman and child in Prince Edward Island to take an interest in this exhibition, feeling that it is his or her own show, that we are merely the trustees for them, their servants, so to speak appointed to carry on the work. And we hope that when it is over they will be able to say to themselves: 'We are citizens of no mean Province, because we can display to the rest of Canada, through our Provincial Exhibition, the finest products in agriculture, in handicraft, and in the various forms of clean and wholesome entertainment, to be found anywhere in this broad Dominion,'" said Lt. Col. D. A. MacKinnon, President of the Exhibition in concluding his address at the official opening of the Provincial Exhibition last night.
The exhibition was officially opened by His Honour Lt. Governor DeBlois.
Addresses were also delivered by Premier Lea, Mayor Kennedy, Hon. Thane Campbell, Hon. B. W. LePage, Hon. J. P. McIntyre, and Col. W. C. S. McLure. M. P. On the stage also was the Honorary President Mr. James Paton.
A vocal solo by Mrs. Frances Hall Trainor, with Miss Rena Wood pianist and Prof. Harry Gomez violinist, a piano and violin selection by Miss Rena Wood and Prof. Harry Gomez, a vocal solo by Mrs. Raoul Raymond with Mrs. Raymond accompanist, and a vocal solo by Mrs. A.H. Roper, with Mrs. K. S. Rogers accompanist were greatly enjoyed and much appreciated by the audience.
The following is the text of the address of Lt. Col. D. A. MacKinnon, President of the Association followed by a summary of the addresses of the other speakers:

OPEN RIFT IN NAZI RANKS

(C. P. by Guardian's Special Wire)
BERLIN, Aug. 19—An open rift in the ranks of Nazi leaders—with Chancellor Hitler suddenly caught between the two fires—loomed today as the result of Minister of Economy Hjalmar Schacht's Sunday address attacking unauthorized Jew-baiting and anti-Catholics, and the immediate censoring of his speech by Dr. Paul Joseph Goebbels, propaganda minister.
Both men have powerful supporters in the Radical and Conservative ranks, respectively. There was much speculation today as to how the Fuehrer will reconcile the divergent groups, and some predicted that the foundation of national socialism was about to undergo another severe test.

Islander Drowned In Maine

VANBUREN, Me., Aug. 19—Romeo A. Roy, 18-year-old native of Kensington, P. E. I., and former resident of Charlottetown, lost his life by drowning yesterday in the St. John River when seized by a cramp. His body was recovered in 10 feet of water. He was swimming alone at the time of the tragedy.

Official Opening Of The Provincial Exhibition By His Honor Governor DeBlois

Large Attendance At Opening Last Evening. Fair Promises To Be Outstanding Success.

President's Address
Your Honor, Mr. Premier, Your Worship, Ladies and Gentlemen:—
Please allow me to thank you on behalf of the Directors of the Provincial Exhibition for your attendance here tonight on this our opening.
A man, it has been said, is the sum of his ancestors. An institution may with equal justice be said to sum up the ideals, the labor, and the achievement of all who have contributed to its earliest inception, to make it what it is. This is certainly true of the Provincial Exhibition. This splendid building in which we are gathered here tonight, these extensive grounds, with modern equipment and facilities for the showing of the finest products of our Garden of Promise, for speedy horse-racing, for entertainment, for agricultural competition and encouragement, are not of any mushroom growth. They are the result, chiefly, of the vision and initiative of those men in the past, who saw the need of such an institution as a Provincial Exhibition and labored to make it a reality.
Forty-seven years ago, when this Association was formed, the idea met with little outside encouragement. The initial expense was great; the chances of failure were many and obvious; but the enthusiasts persisted, working out their plans and seeing them slowly but surely shape into concrete achievement.
Men of the type of Benjamin Rogers, Patrick Blake, C. C. Gardner, R. R. Fitzgerald, James Paton, F. L. Hazard, A. B. Warburton, Charles Smallwood, J. J. Davies, George E. Hughes, and

BRUSH FIRES RAGE AT TYNE VALLEY AND EAST BIDEFORD

TYNE VALLEY, Aug. 19.—(C.P.)—More than 75 men wielding buckets and shovels were fighting brush fires at Tyne Valley and East Bideford tonight.
Fanned by a stiff breeze both blazes raged through parched woodlands beyond control and efforts of the volunteer fighters seemed futile.
At Tyne Valley, the fire started along the railroad tracks from embers burning since an outbreak one week ago started by berry pickers. No property was in danger but fears were held for surrounding forests. There was no prospect of rain as the 27-day drought continued to blister the countryside.
Origin of the fire at East Bideford which started this afternoon, was undetermined. Volunteers rushed to the scene when the smoke was noticed and they were successful in dousing the flames from two farm houses which lay directly in path of the blaze.
The red-tor still roared through the trees tonight and there was little hope of rain to relieve the situation.

TREKKERS CALL OFF PARADE

(C. P. By Guardian's Special Wire)
OTTAWA, Aug. 19.—Changing their plans at the last minute Ontario's relief trekkers tonight called off the scheduled parade but served an ultimatum on the city authorities that unless they were provided with transportation to their homes the parade would take place tomorrow night.
In defiance of police orders the trekkers had intended to march from their camp at Plouffe Park to Lansdowne Park where the Central Canada Exhibition is in progress. They proposed to enter the grounds and hold a meeting in the midst of the fair so that their speakers could reach a wider audience.
A squad of city policemen were on hand at the time set for the parade and Police Chief Emile Joliat had announced leaders of the parade would be arrested. The trekkers held a meeting and afterwards their leaders announced to the crowd the parade had been called off.
At the same time, with the policemen present, they denounced the officers as "hoodlums and boozehounds," "tools of the capitalist class who would sell their grandmothers for the miserable pittance they receive."
CANDIDATE CHOSEN
STEWIACKE, N. S., Aug. 19.—W. B. Armstrong, K.C., of Truro was selected unanimously at a Conservative convention here today as a candidate for the constituency of Colchester-Hants in the coming Dominion elections.

CHILD'S BODY SEVERED BY FREIGHT TRAIN

7-year Old Son of Calvin Lewis Killed Instantly While Lying About Railway Station.

-Donnie Lewis, 7-year-old son of Calvin Lewis, died instantly at Alberton yesterday when he was run over by a freight car when it started to move unexpectedly as he crawled under it. His body was cut in two just below the chest.
The young boy was playing about Alberton railroad station when an older brother who had come from home across the tracks, called to him to hurry to supper.
Donnie left the station and was crawling under a freight train which had stopped for water, when it started to move. The wheels went over his body before he was able to get across the rails.
A coroner's jury inquiring into the fatality tonight returned a verdict of accidental death.
