Truro Juniors Win from Halifax team

TRURO, March 4—(Tuesday)—The Truro Junior Bearcats defeated the Halifax Canadians 5-3 in a hockey game which finished here this morning to take the Nova Scotia Mainland junior title. The win gave Truro the round 8-7.

The game was a re-played tilt, Halifax having protested Truro's using too many men in the second game played at Truro Saturday night. Truro lost the first game of the home-and-home series 4-3 but won Saturday night's game 6-4.

In the game today Truro scored all five goals in the first period while the Halifax team counted one in each period.

Truro now meets the Cape Breton champions for the Nova Scotia Junior title.

The game at Truro did not start until after midnight, following the senior game between Truro Senior Bearcats and Antigonish Bulldogs for the A.P.C. League title.

CURING EGG EATERS

A cure for egg eating offered to the "Feathered World," an English poultry journal, and submitted by Miss E. Cruttenden, of Hellingby, England, reads:

"Place the hen in a broody or fattening crate which has slats far enough apart for an egg to drop through. Beneath the coop tack by its corners a large bran sack, so that it dips saucer fashion, the lowest point about a foot below the coop; the egg will then roll to the centre of the sack, and the hen will tire herself trying to reach it.

"Keep her there for a month if she is worth it; give her green food and when she goes off laying, another egg or dummy can be placed on the sack."

MARYS OF CANADA SPITFIRE FUND

There's a "Spitfire Fund" a-starting,
And we hope that it will grow
To really huge proportions
Like a snowball in the snow.

It's the Marys of all Canada,
Whom we're calling on right now,
To help us in this wondrous work,
As much as they know how.

So, please, we beg each one of you,
Think this thing over well,
Don't just read about it here,
And other Marys fail to tell.

So, do your bit, all Marys, then,
To buy your own Spitfire,
And we will hope that it may put
The torch to Hitler's pyre!

—M.P..

Feel Chilly - - - Start to Sneeze Nose Starts to Run

Then comes the cold which, if not attended to immediately, shortly works down into the bronchial tubes, and the cough starts.

On the first sign of a cold or cough go to any drug counter and get a bottle of Dr. Wood's Norway Pine Syrup. You will find it to be a prompt, pleasant and reliable remedy to help you get rid of your trouble. It has been on the market for the past 48 years. Don't experiment with a substitute and be disappointed—get "Dr. Wood's".

Price 35c a bottle; the large family size, about 3 times as much, 60c.

Look for the trade mark "3 Pine Trees."

SCHOOL BOARD MEETING—Only routine business was discussed at the regular monthly meeting of the Charlottetown School Board yesterday. Dr. I. J. Yeo, the board chairman, presided.

POLICE COURT — Two drunks appeared in police court yesterday morning. One was fined $10.00 and costs or twenty days in jail while the second was fined $5.00 or ten days. Two other drunks who failed to put in an appearance had their bail bonds of $5.00 each estreated.

SOURIS HELPS CHILDREN. — The Save the Children Fund have received a very splendid contribution of $20.00 from the Carry On Canada Corps of Eastern King's, Souris, through their secretary, Mr. M. C. West. This donation, with others, will go forward promptly by cable to London, in aid of needy children in the British Isles.

$75.00 TO AID CHILDREN.—The Save the Children Fund acknowledges with grateful thanks the sum of $75.00 from the Subordinate Lodge, Rebekahs, and the Encampment of the I.O.O.F., for the aid of needy children in the British Isles. This splendid contribution is the result of several splendid entertainments put on under the auspices of the I.O.O.F., and it is confidently expected there will be more to follow.

PROMOTED.—The many friends of Raymond Mokler, of Ebbsfleet, P. E. Island, will be pleased to learn that he has been appointed to the rank of Corporal at the R.C.A.F. Service Flying Training School at Moncton. Corporal Mokler joined the R.C.A.F. on June 27, 1940, and has been stationed at Toronto Manning Depot, St. Thomas Technical Training School, Montreal Air Command headquarters, then to his present station at Moncton.

STOPS RUNAWAY.—Quick action by Lieut. Ken. Birtwistle, in command of the local R.C.N.V.R., prevented any possible damage as a horse attached to a box sleigh owned by a milk vendor became frightened on Great George Street, and tore along towards Grafton Street. Lieut. Birtwistle, who happened along, took immediate action, stopping the frightened animal before anything of a serious nature occurred.

ANSWER SECOND ALARM—Firemen answered the second alarm of the day here last night. A dwelling at 2 Stewart Street was on fire around the chimney but the flames were quickly extinguished with a line of hose connected to a water tap in the house. There was only slight damage. Earlier in the day firemen were called to a dwelling at 171 Sydney Street where a mattress in a bedroom was blazing. There was no damage to the building.

DATE OF PLANE'S ARRIVAL UNCERTAIN — Date of the return of the Canadian Airways plane piloted by Carl Burke with mechanic Ralph Yeo which left here last Tuesday for Newfoundland and the scene of the Banting disaster is not certain, officials of Canadian Airways stated last night. It is presumed that the plane is still flying back and forth with repairs for the Banting plane and it is expected that it probably would be a week or more before it would return to Charlottetown.

MAKE THREE TRIPS TO MAGDALENS— Three trips to the Magdalen Islands were made yesterday by a Canadian Airways plane in which a total of 2600 lbs. of mail was taken on the outward trips together with 400 lbs. of express. About 300 lbs. of mail were taken back. Three passengers were also transported to the Islands while another made the return trip, Pilot H. S. Jones stated. Flying conditions were good. A large number of seals were noticed on the ice 5 miles west of Amherst Island the pilot stated.

SHOOTS GYRFALCON — Mr. William Horton of Southport has just shot a white Gyrfalcon which was rapidly reducing the Hungarian partridge population in the neighborhood. He said the bird was in the vicinity several days before he shot it and during that time it made off with from one to two "Huns" daily that he knew of. The Falcon is a native of the far north and is a rare visitor to this province, game officials said. The last record of a Gyrfalcon being shot in this province was 25 years ago. The record does not indicate in what part of the Island the bird was killed, however. The bird shot at Southport was apparently immature from the coloring, it was said. It had a wing-spread of 49 inches.

MacMILLAN-MacDOUGALL WEDDING—On the morning of Feb. 26th Rev. Father McMahon united in the holy bonds of matrimony Margaret Anna Caroline MacMillan of St. Andrews to Pte. John James MacDougall of P.E.I. Highland Regiment of Halifax. The bride was supported by Nora MacDougall, sister of the groom and Pte. Leo MacDougall, of the same regiment supported the groom. After the ceremony a wedding breakfast was served at the North American Hotel, Charlottetown. That evening the married couple left for the home of Mrs. Catherine MacDougall, mother of the groom, Blooming Point, where a very dainty supper was served and friends gathered in to wish Private and Mrs. MacDougall many years of wedded bliss. (Patriot please copy).

SPENDS FURLOUGH WITH PARENTS—Arthur K. Ballem, R. C. A. F., Jarvis, Ontario, is spending a furlough with his parents, Mr. and Mrs. J. W. Ballem, Mount Albion. Last night he returned from a flying visit to New Glasgow, N. S., where he visited his sister, Miss Margaret Ballem, who is attending high school there.

FIRE IN BEDROOM. — Charlottetown firemen answered a call to 171 Sydney Street yesterday afternoon for a small blaze in a bedroom. The fire was in a mattress, firemen said. They used a small line of hose to extinguish it. There was considerable smoke in the building but by keeping windows open it was not necessary to move a man sick in bed in a room not far from the fire. There was no damage to the building from the blaze, and only slight smoke damage.

RESIGNATION TO STAND—The Rev. John Stirling last Sunday announced to his people in Georgetown his decision after careful thought to adhere to his resignation presented to Presbytery at its recent meeting. Mr. Stirling expressed his sincere appreciation of the unanimous request of a congregational meeting that he remain as their minister—with pledge of loyalty and support. He assured the congregation of his continued interest and of his prayers that as a people they may enjoy the peace and prosperity of the true Israel of God.

NO MOVE TO OPEN ROADS YET—No move will be made to open paved roads in rural sections of the province until warm weather reduces the depth of snow drifts, Mr. L. B. MacMillan Deputy Minister of Public Works and Highways for the Province said yesterday. The only paved roads open now are a few miles linking Charlottetown with the airport and the Beach Grove Inn military training center. In Prince County the road between Summerside and the airport is open. Mr. MacMillan said although the mild weather recently has been taking away snow on the streets in Charlottetown in rural areas it is not making much impression. It will be several weeks before any move is made to open country roads, it was said.

Personals

Mrs. Rudolph McEachern, West St. Peters, was in the City two days visiting her brother, Hon. J. P. McIntyre, who is a patient in the City Hospital, and who now is making a good recovery.

Mrs. John McIsaac has returned to her home in Cherry Valley after spending the past week visiting her sister, Mrs. W. Morrissey, East Royalty.

Mrs. A. Bowman and Mrs. A. Smith, North Wiltshire, were in the city over the weekend, the guests of Mrs. George Wheatley.

ROTARY

At the Rotary luncheon yesterday the speaker was Rev. Roscoe Nice, Pastor of Central Christian Church, Charlottetown, and his subject—Friendship.

This is something, he said, every good Rotarian should known something about, as it goes round the world. There is a saying "that God supplies us with relatives, but thank God we can choose our own friends."

After commenting on the friendly relations between Canada and the United States, as shown by the unfortified boundary line, he said the things which are held needful in friendship are truthfulness, virtue, purity of life, sympathy, (a friend in need is a friend indeed), personality, and spirituality. All these may be summed up in one word—love.

It is a great thing to be at the receiving end of friendship, but greater still to be at the giving end.

He then asked the question, "What kind of a friend is Christ to mankind, and how do we measure up as being a friend to Christ?"

Rotarian Jim MacLure was in the chair and Rotarian Reuel LePage joint chairman.

The guests were four airmen, Squadron Commander Edwards, Flight Lieut. Patchin, Flight Lieut. Astley, and Flight Lieut. Arthur Mould, the last named being introduced by his namsake, Rotarian Arthur Mould.

President Heath MacIntyre read a letter from P. W. Turner, Chairman of the War Savings Certificate Campaign Committee, thanking the Rotarians for their efficient work during the campaign.

Tribute to Archibald Irwin

The President also made reference to the death of Archibald Irwin and read the following tribute.

We stand today in the shadow of a great sorrow. Another member of our Rotary family has passed—quiet, kindly, lovable Archie Irwin. Archie was a charter member of the Club, and in his characteristically quiet but efficient manner made a tremendously valuable contribution to the advancement of Rotary and the upbuilding of this community down through the years.

His Club honored him by election at various times, to the offices of Secretary and President, both of which he filled with dignity and efficiency. His affable manner and courteous bearing toward his fellow members compelled their admiration and demanded their loyal allegiance.

His gentle spirit has left this world of sorrow and tears, but if "service above self" brings its own reward, our dear departed brother is enjoying that peace which only comes through worthy works, Christian living, and earthly tasks well and truly performed. His memory will be forever revered.

On motion of Rotarian Reuben Macdonald, seconded by Rotarian E. W. Coffin, it was resolved that the club endorse this tribute, and the secretary was requested to send a letter of sympathy to the bereaved family.

The President also requested the Rotarians to attend the funeral in a body.

Rotarian Les Stacy was welcomed back to the club after his illness.

TRAVELLERS LIKE FISH FROM CANADIAN WATERS

WINNIPEG Man. March 3 — Lake trout is the most popular of the numerous variety of fish served on the dining cars of the Canadian National Railways. During a twelve month period 33,582 pounds of this tasty fish caught in clear fresh Canadian waters, were served to travellers. This nearly seventeen tons of fish represents a large number of individual servings which reached the table broiled baked and in several other inviting forms evolved by the railway chefs.

Catholic College Students end Convention here

The Maritime Regional Convention of the Canadian Federation of Catholic College Students which concluded at St. Dunstan's University is regarded as the most successful of its kind ever held in the Maritimes. The seven papers presented dealt with particular student-problems, and gave evidence of much thoughtful and careful preparation. The very active and interested participation taken by the students in the discus ion following the papers was indeed inspiring, and the recommendations made by them were many and valuable. Two subtopics of "Student-Leadership" were dealt with on Monday morning. Miss Mary Coombs of Mt. St. Vincent College, Halifax, in a very charming manner presented a splendid paper on the "Legion of Decency: Reading", and Gene Gorman of St. Dunstan's University read a very carefully prepared and thought-provoking paper on "The Reintegration of Family Life." Dramatizations of the themes of these two papers were presented at the closing exercises of the Convention by the students of Mt. St. Vincent and St. Dunstan's.

It was decided at a General meeting that "Christian Democracy" be the topic for discussion at the next Convention which will be held at St. Francis Xavier University, Antigonish. Following the General Meeting the visiting students went to the city to visit such places of interest as the Confederation Chamber, St. Dunstan's Basilica, etc. Before the conclusion of the Convention the following resolutions were passed:

Whereas Sunday, March 2nd, is the second anniversary of the elevation of His Holiness, Pope Pius XII, therefore we the delegates of the first Maritime C.F.C.C.S. conference herewith pledge our continued loyalty and reverence to the Holy Father.

Be it resolved that: This assembly go on record as pledging their loyalty to and cooperation with the Catholic hierarchy of the Maritime provinces.

Be it resolved that: The first Sunday of each month be specifically set aside as a special day of prayer and offering in which all individual members of the C. F. C. C. S. throughout the Maritimes shall participate for the attainment of a just and lasting peace. That this Conference go on record as fostering the sale of Canada War-Savings Stamps at the respective colleges and that at the various campuses a committee be set up to promote the sale of War-Savings Stamps.

Whereas seeming discrepancies have arisen in the discussions of the constitution and of its connotations, be it resolved that: The formation of a committee, the members or member of which to be selected for this purpose by the executive council; the functions of which committee shall be an investigation of the constitution in form and content and a report of their findings and recommendations to the secretary at the earliest instance.

Whereas the need for closer Student-Faculty cooperation has been brought to the attention of this assembly be it resolved that: In all those colleges where definite need is evident, a joint council, comprised of faculty and student representatives, be appointed by the appropriate organs, whose duty it shall be to consider and adjust all problems of the above nature.

Whereas the need for increased and more widespread Catholic Action has been brought to the attention of this assembly, be it resolved that: The method and suggestions offered by the delegates at this conference be adopted on the various campuses according to the individual need of the universities.

Say U-Boat Menace being Overcome

AN EAST COAST CANDAIAN PORT, March 3.—(CP)—Confidence that the submarine menace "is being overcome and before long will cease to be a major factor" was expressed tonight by the captains of Canadian naval units arriving here today after duty across the Atlantic.

They united in this statement.

There are three things that stand out in the minds of those who come fresh from overseas.

The first is our unbounded admiration for the men of the merchant navy. It is the thing that stands out above all others.

How they take it! How they stick it!

We have picked them up in every possible shape and condition, but they carry on without a moan. Their first thought is for a clean-up and a shave, and then they're off to tackle it again.

The second thing that compels our admiration is the splendid work of the Polish, Belgian, Dutch, Norwegian, Greek and other allies in ferrying stuff to England.

True, they get paid for it, but only men of the greatest fortitude and good will would endure for any money the hardships and dangers they go through constantly to do their share in the fight for freedom.

The third thing is the remarkable grit and endurance of the islanders of all classes under direct attack of the most savage kind.

We are confident that the submarine menace is being overcome, and that before long it will cease to be a major factor.

Meanwhile all service caps are off to the men of the merchant navy—British, allies and neutral carriers—who are keeping the life lines in operation.

After all, trade is the life blood of the British Empire.

GREEN ROAD SCHOOL

Honor roll for January and February:

Grad X—1. Edna Conway; 2. Della McGaughey.

Grade IX—1. Stephen Toole; 2. Frances Conway.

Grade V—1. Emmett Conway; 2. Viola Toole.

Dairymen Discuss problem Of warble fly

On Friday evening last the dairymen of Chelton met in their school room to discuss a crusade against the "warble fly". The district was well represented and a keen interest in the movement was shown. Mr. Harrison MacFarlane from the neighboring community of Fernwood was present and was amongst those taking part in the discussion. In his remarks Mr. MacFarlane pointed out the tremendous annual loss to the Dominion amounting to several millions of dollars as a result of the warble fly pest. In Ontario alone the warble cost the farmers three quarters of a million dollars annually. In our own little Province the warble fly cost our farmers over two hundred thousand dollars each year in hides alone, saying nothing of the decrease in milk and beef as a result of the cattle running and racing in a terrorized state of mind trying to get away from the fly. Mr. MacFarlane, by the way, who owns a fine herd of Jerseys, told his hearers that last summer his pastures had but little shade for his herd, yet he did not recall even once seeing his cattle race about the pastures, but went about leisurely and contentedly as they grazed over the fields. Mr. MacFarlane felt that the cost of treatment was so slight and the labor involved so little that there was small excuse for the farmers not treating their cattle. If all the stockmen in the Province would treat their animals in two or three years our Province would be a warble free area. We would not only increase our milk and beef yields but would be receiving payment for no. 1 hides instead of payment for warble hides.

Mr. Helga Petterson, concurred with Mr. MacFarlane's remarks and told that in Denmark the warble fly treatment had been compulsory for many years, and that the treatment was so efficient that he had never seen a warble fly until he came to Canada.

Messrs. Roy Campbell, Louis Pearson and others took part in the discussion, all urging that an ultimatum be served on "the warble pest". After discussing a program for a district treatment it was decided to divide the district into three sections, with a man over each section to supervise and encourage as far as possible any disinterested person who might happen to be in the section alloted to him.

Mr. Roy Campbell was appointed to oversee his end of the district. Mr. Louis Pearson for the central part, with Mr. Helga Petterson looking after his end of the district.

Mr. Russel Craig who had occupied the chair, in closing the meeting heartily endorsed the results of the meeting and reminded those present that some day we would all be judged for the deeds done in the body whether for good or for evil. It was up to us to show our dumb friends of the field every consideration and kindness lest they should rise up against us on that great day. Mr. Craig then entertained his audience with some reminiscences of his early days and which was most interesting although some of the farmers may have made their way home almost afraid to go home in the dark.

PLANES

(Continued from page 1)

the basic principle of it, is to take advantage of this difficulty. The greatest strength, naturally, is massed around Java and Sumatra, the main islands, where a knockout blow might be aimed.

Strong Air Force

The Indies are banking particularly on their air force. Martim bombers have been purchased from the United States in large numbers. They have a full complement of diver bombers and fighters, virtually all United States made. The navy flies Dornier seaplanes, sleek machines with torpedoes in the undercarriage.

The numerical strength of the airforce is secret, but estimates indicate that the colony can send nearly 1,000 first-line ships into the air.

The first phase of the defence plan is to locate and strike while the enemy is far at sea.

Second Big Weapon

While dive bombers and torpedo-carrying seaplanes worked on approaching ships, the Indies' second big weapon — submarines — would come into action. Here, too, the island forces are strong. The official total of undersea craft is given as 20, which may be official understatement.

The plan entails mining all the important channels into East Indian waters. In this respect, the Indies are lucky. They can surround themselves entirely with mines, having no need to leave some channels open for food-carrying ships.

They do not expect with these weapons alone, to halt a strong, well-prepared attack. But they do expect to batter it badly, to soften it up for the land defences, the shore batteries and the troops lying in wait behind them.

Card Of Thanks

Mr. and Mrs Wilfred Stretch, Long Creek, thank their friends and neighbors for acts of kindness shown them in their bereavement. L-354-3-4-11.

Letter Of Sympathy

Mr. Eber MacLeod,
Murray Harbor

Dear Bro. MacLeod

On behalf of the members of Luther L. O. L. we wish to extend to you our sincerest sympathy in your recent sad bereavement.

Anything we can say to comfort amounts to little, but we would commend you to Him who at all times is able to give comfort to those who are burdened with sadness and that He richly bless you in this hour of sorrow, is our earnest desire.

Fraternally yours,
WILFRID MacLEAN,
JAMES MacLEOD,
Comm.

L-358-3-4-11.

Central Christian Church W. M. S. Special program

The Women's Missionary Society of the Central Christian Church held a special program in connection with the regular meeting of the organization last night. Miss Agnes Williams presided.

Special music was rendered by a male trio, Messrs. Milton Stewart, Preston Beck, and Eric MacGregor, a ladies quartette, Mrs. Everett Platts, Mrs. Ralph Stewart, Mrs. R. W. Nice and Miss Erna Enman, and by a girls quartette, Miss Erna Enman, Miss Katherine Wright, Miss Hazel Ballingall and Miss Melda MacNeill.

The meeting passed a resolution of sympathy to the family of Miss Nina Schurman, Summerside, whose death occurred last week. Miss Schurman was president of the Prince Edward Island Branch of the Women's Missionary Society of the Churches of Christ.

The offering at last night's meeting was for Dr. and Mrs. Henderson, missionaries to Africa, it was announced.

Others assisting with the service included Mrs. George Grant, Mrs. Hazel Wright, Mrs. Herbert Platts, Mrs. Nice and Mrs. Milton Carter.

MODEL SCHOOL

Honor standing of Model School for month of February. The following children received honor standing (alphabetical order):

Grade VIII.—Evelyn Kays, Stephannie McDonald, Kilmer McMillan, Phyllis McMillan, Irving Praught.

Grade V. —Roma Dunning, Jimmie Korrey Sally McDonald, Ivan Mitchell, Marcel Plourde.

Grade IV.—Vivian Andrews, Betty Beers, Jackie Howatt, Janet Ives, Kier Matheson, Ian McMillan, Norman Wilson.

Grade III(a) —Eleanor Kays, Joyce Proctor, Ann Worrell.

Grade III(b)—Gordon MacLean.

Grade II. — Wilmer Blanchard, Barry Beers, Kathleen Garnnun, Anita Lynds, Barry McMillan, Marleen Warren.

Grade I.—Murray Carmody, Florence Ferguson, Earl Jewell, Billy McConnell, James McDonald, Bobby White

BIRTHS

FRANCIS.—At Carleton, P. E. I., March 1, 1941, to Mr. and Mrs. Elmer Francis, a son.

McKENNA—At Iona, P. E. I. Feb. 18, 1941, to Mr. and Mrs. Edward V. McKenna, a son.

DEATHS

MacEWEN.—At Sherbrooke, March 2, 1941. William MacEwen, aged 80 years. Funeral Tuesday at 2 o'clock from his late residence

TAYLOR — At Freetown March 3, 1941, Mrs. C. E. Taylor, aged 58 years. Funeral Wednesday March 5 at 2 p. m. from her late residence.

MacLELLAN—At Red Point, March 1, 1941, Ronald MacLellan. Funeral Tuesday at 9 a.m. from St. Mary's Church, Souris, to the Roman Catholic Cemetery.

McDONALD—At 63 Chestnut St., on Monday, March 3, 1941, Amelia Matilda McDonald. Remains forwarded from the MacLean Funeral Home yesterday afternoon to Belfast. Funeral from Belfast Church today, Tuesday, service starting at 2 o'clock. Interment Belfast Cemetery.

CUTCLIFFE—At the P. E. Island Hospital, March 2, 1941, Mrs. Richard Cutcliffe in her 84th year. Remains are resting at the Cutcliffe Funeral Home from where the funeral will take place Wednesday, March 5, service starting at 2 p.m. Interment People's Cemetery.

In Memoriam

In memory of dear Father Robert O. Jones, Cross Roads, Lot 48, who passed away March 4, 1939.

We miss thee dear Father
Oh when do we not
Sweet memories will linger forever
Two years have passed how long it seems
But in our hearts his face still beams

Always Remembered by Son, Daughter-in-law and Grandsons, Elliott Francis Rowland and Dewar.
L-361-3-4-11.

In Memoriam

In memory of Robert O. Jones, who passed away March 4th, 1939.

Often, and often our thoughts do wander
To the grave not far away.
Where we laid you dear Grandpa,
Just two years ago.

Remembered by his Grandchildren, Bryer and Margaret Jones.
L-346-3-4-11.

In Memoriam

In loving memory of our dear Mother, Mrs. Annie Warren, who passed away on March 4th, 1929.

Sweetest memories oh so dear
Linger with us through the years
Since you left this realm of time
To dwell in a fairer, brighter clime.

Lovingly Remembered by Her Family.
L-349-3-4-11.

In Memoriam

In loving memory of HADDEN M. MacLEAN, who passed away March 2, 1938. Mother and Sisters.

"My Husband and I agreed"

MY father died when I was ten. He had no insurance and our family had a hard struggle . . . it's a nightmare to look back upon.

Years ago my husband and I agreed that this must not happen to our children, so he began to build an insurance estate with the Confederation Life Association.

Since then my husband has bought three other Confederation Life Policies for larger amounts, and today I have no worry so far as our financial future is concerned.

Before You Insure Consult

Confederation Life Association

HEAD OFFICE TORONTO

BRANCH OFFICE: Bank of Nova Scotia Building, Charlottetown—W. G. HOGG, Manager

Wyand Family to Inherit Estate

(Special to The Guardian)

NEW YORK, March 3—Members of the Wyand family of Mayfield, Cavendish and South Rustico, share in property left by the late Wallace Wyand of New York, according to a New York States Transfer Tax Department report filed here today. Charles Wyand of Mayfield and Allen Wyand of Cavendish, brothers of the testator, are left $1,500 apiece.

At the expiration of a life trust for the benefit of the widow, Elizabeth W. Wyand of New York, shares of approximately $1,500 each will be divided among Ella and Lemuel Wyand of Mayfield, Montague, Irene, Blanche, Ethel, Lowell, Herbert and Emma Wyand of Cavendish, and Harriet Rollins of South Rustico, nephews and nieces.

Mr. Wyand died July 23, 1935, leaving property which today's appraisal sets at $84,395 gross value, $68,790 net.

BEAVER STAGES FINE COMEBACK

OTTAWA, March 3 — (CP)— Booming business at beaver bulwarks is the answer of Canada's busiest beast to rumors his day was done and that he would soon be as dead as the dodo.

Mines and Resources reports showed that the beaver is making a strong comeback and in his restored vigor is contributing to the welfare of his eternal neighbor—the Indian. All the beaver needed was a little encouragement. Preserves in the James Bay area today have more than 8,000 beaver compared with 230 in 1933.

The Dominion, Quebec and Ontario governments and the Hudson's Bay Company co-operated in establishment of the sanctuaries, with Indians as game wardens rather than trappers. At Rupert's House preserve, in Quebec, 162 beaver had increased to 6,454 in 1940 and trapping of 500 was permitted.

Adjoining this preserve an area of 13,000 square miles was set aside in August, 1938 as a beaver preserve for the exclusive use of Indians. No trapping will be permitted until the beaver population is 4,000.

Two beaver preserves are established on Charlton Island and Akimiski Island in the James Bay region. Beaver liberated on Charlton Island in 1933 numbered 68; today there are 700 and trapping has started. Eight placed on Akimiski in 1935 increased to 250 in 1939.

FORD SERVICE

We wish to announce that we have secured the services of Mr. Holly Warren well known mechanic of this City who will be in charge of our service department. Mr. Warren will have an efficient staff working with him and patrons are assured of dependable service.
