GERMANS HAVE IT ALL DOPED OUT.
NEW YORK, Jan. 11.—A London Daily express despatch from Amsterdam, to the Herald says:
I understand from a most authoritative source that in a recent conversation with the German Minister to a neutral country in Europe, Herr von Jagow, the German secretary for foreign Affairs, made the following statement:
"We do not need to worry. Things are progressing excellently for Germany. Let me make the following forecast: By the end of February we will have smashed up the Russians. The end of March will see the end of the French army. In April we will finally start reckoning with Great Britain, which I expect will be finished by the middle of May. All of Germany's enemies will be beaten before June at any rate."

AGRICULTURAL MEETING.—Yesterday afternoon Professor Ross addressed an Agricultural meeting at Cornwall on "Increased Production of Food Supplies." He pointed out that the United Kingdom produced only a very small proportion of its food supplies but depended on getting them from other countries and nations, chief among which were Russia, Germany, Austria, Denmark, Belgium and France. Now that this great war is on, these countries will need the supplies they can produce for themselves and the result will be that the other nations of the earth will have to produce these in much greater abundance or the United Kingdom will go short. If it be true that success in this great war depends very largely on keeping the army well fed and clothed, the Scotch farmer in Prince Edward Island should feel that he is personally responsible and should also feel that he can be of as much service on his own farm as he can be at the front and determine that as far as he is concerned he will do his utmost to produce more food supplies for his country. The discussion was carried on by Messrs. Hugh Macmillan, T. P. Cass, Pope Crosby and others, after which a vote of thanks was presented to Mr. Ross.

SCOTCHFORD AND VICINITY.—Messrs. H. Hughes and J. J. Barrett, Scotchfort, went to Charlottetown by the noon train Saturday and returned home on the evening express. They report business booming in the capital. Mr. Philip McKenna, table waiter on the S. S. Stanley, spent the week end at his home in Scotchfort. Mr. Harold Brothers, station master at Vernon River, accompanied by his brother Mr. Pearl Brothers, of Elliotville, spent the week end visiting in Tracadie, the guests of Mrs. Philip Hughes. Miss Ida Cumiskey, Webster's Corner, spent the week end visiting in Tracadie, the guests of her sister, Mrs. Walter Mullin. A valuable gold watch that was lost some time ago by Miss Loretta Whalen, teacher of Blooming Point, was picked up on Sunday last by Mrs. Patrick Morris, Donaldston, and promptly returned to the owner. The worst of his exposure to the elements, Mr. Joseph Barrett, Glenroy, paid a flying visit to Tracadie Sunday. Mr. Joseph McIntyre, student of S. D. C., is visiting in Scotchfort, the guest of Mr. Charles Fisher. Mrs. John McKenzie, Scotchfort, is visiting in Bloomfield, the guest of Miss Annie O'Hara. Mr. Michael Currie, Afton Road, had the misfortune of losing a valuable young horse recently, he having taken an overdose of wheat. Messrs. John F. and Pius McBride, Scotchfort, spent Sunday visiting friends in Fort Augustus and vicinity.

2 YEARS

Constable R. B. Nunn of Vernon, B.C., says—
"For over two years I suffered acutely with
ULCERS
on my leg. I tried all kinds of medicines, ointments, etc., but notwithstanding, the wounds seemed only to get worse. Finally became so bad that I was on the point of going into a hospital, when a friend persuaded me to try Zam-Buk. I did so, and the first few applications made the ulcers less painful. From first commencing to use Zam-Buk the ulcers improved and twelve boxes of Zam-Buk effected a complete cure."

For eczema, piles, cuts, burns, bruises, chapped hands, cold cracks, and all skin diseases or injuries, and for rheumatism, etc., nothing can equal Zam-Buk. All druggists and stores, or from Zam-Buk Co., Toronto, for price, 50c. per box. Refuse substitutes.

ZAM-BUK CURED ME.

GRANVILLE.—The half yearly examination of the Granville School took place on Dec. 23rd, 1914. Owing to a church meeting being held in the district prevented a good many from being present. The secretary of schools and a number of the fathers were present. The school was examined by Mr. Edward McKay, a former teacher, who spoke very favorably of the work done in the school by the teacher. A short programme followed by the scholars who acquitted themselves very well. A Christmas tree was provided by someone on which the teacher placed a bag of candy and a booklet for each scholar, who in return presented their teacher with a nice pair of gloves. The teacher, Miss Janet McDonald, is doing fine work in the school and may she long continue to instruct the youthful mind. The exercise closed with singing the National Anthem, all feeling they had spent a very pleasant afternoon.—Com.

OCEAN VIEW AND VICINITY.—His friends regret to note the illness of Mr. Wm. Buchanan, who was in P. E. I. Hospital for the last few weeks. They are pleased to hear that he is reported much better, and will be glad to see him at home and around again. Mr. Angus McLeod of the S. S. Northumberland, has returned to Ocean View after spending New Year with friends in Charlottetown. Welcome back.—Mr. Ewen McEachern had returned home after a pleasant visit to friends in Morell.—The Dixon Bros. have sold quite a lot of their valuable woods, it being purchased by a company from New Brunswick.—Mr. Evert McEachern has finished building a well-house for Mrs. Campbell Garfield. Mr. McEachern is the right man in the right place.—Mr. Wilfred McWilliam and Currie Buchanan, two of the finest young men among those employed in the lumber woods formerly owned by the Dixon Bros.—Com.

ANNUAL MEETING.—The annual meeting of the Cornwall Creamery Company was held in the Hall at Cornwall on Wednesday afternoon, the president, Mr. Hugh Macmillan, reviewing the work of the year, after which the Secretary, Mr. D. H. Murchison, placed before those present a printed statement giving details of receipts and expenditure. The factory was open from June 1st to Nov. 2nd. Forty-eight patrons supplied in all 607,445 pounds of milk containing an average of 3.72 per cent. of butter fat or 24,762 pounds in all. The average price realized by patrons per 100 lbs. of milk was 102.34c, and the net value of butter fat 17.89 cents per lb. The patron sending the largest amount of milk was Robert Barrett, of Kingston, who supplied 32,880 lbs. for which he received \$338.68. Mrs. Jas. MacPhail
