

"What is Success In Life" BY W. S. LOUSON

Illustrated With Author's Photographs.

It has been stated, that, in the life of every child, there are three years of gurgling, ten years of childhood, ten years of foolishness, ten years of vanity, and possibly a few years of usefulness ahead of it.

Until he wins—Nervous Prostration and Death. Ideas are as different as view points. "Real Success, is not wealth, nor fame but helpfulness and the mastery of self."

Perpetual devotion to what a man calls his business is only to be sustained by perpetual neglect of many other things.

have seen nothing. For nature even like the old Hebrew God cries out, Thou shalt have no other Gods before me. Only then, when there comes a pause, a blank in your life, when the idol is broken then the divine compensation of nature is made manifest. She shows herself to you."

Boys and Girls!—What impressed you most during your summer vacation.

I am anxious to have you write a short description of the circumstance or scene, not longer than two words. For this contest there

wealth of affection wealth of intellect that shall live, when wealth measured by dollars and cents shall have vanished.

The following reply to the question: What is Success won first prize \$250.00 among twenty two thousand competitors.

He has achieved success who has lived well, laughed often and loved much; who has enjoyed the trust of pure women, the respect of intelligent men, the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it.

"There are so many echoes in the world, so few are I."

esteemed and never discouraged through the years, in moulding the lives and minds of boys and girls.

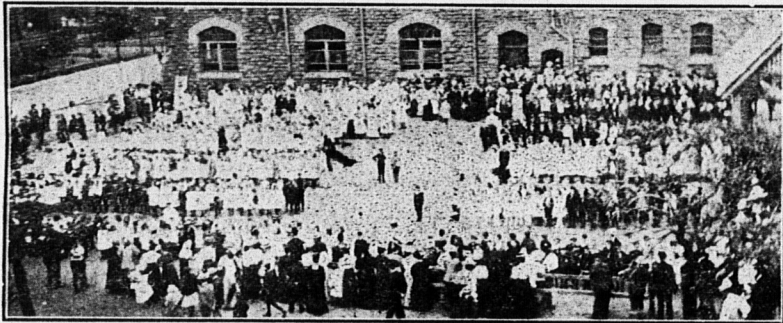

Some of us fail never forget the beautiful, and impressive scene of twelve hundred well behaved boys and girls assembled in Market Hall week. We wonder how you have spent your holidays and how much

Noticing the happy faces of many who came to the platform to receive their prize or diploma, we asked ourselves the question, "What is Success."

A lover of nature has said "Go out if you will and walk with nature alone on the hillside. If at your heart there lies a scheme for the holding of wealth, then you will return as you went out, you will

is Success" comes as a personal question. Have we decided what it means? One man has said, "To succeed in life is to make the best of yourself in such a way as to do the best to others. It is not having. It is being and doing

with yours? If you have a better one pass it along for the benefit of the rising generation. The time demands it. GOLD! GOLD! GOLD! GOLD! Bright and yellow, hard and cold,

vital one. This is a strenuous life we live in. MAKING A MAN. Hurry him, worry him, make him a man. Off with his baby-clothes, get him in pants. Feel him on 'brain-foods, and make him advance. Hustle him, soon as he's able to walk into a grammar-school; cram him with facts. Fill his poor head full of figures and facts. Keep on jamming them in till it cracks. Once boys grow up at a rational rate. Now we develop a man while you wait. Rush him through college, compel him to grab. Of every known subject a dip and a dab. Get him to business, and after the cash. All-by the time he can grow a moustache. Let him forget he was ever a boy. Make gold his God, and its jingle his joy. Keep him hustling and clear out of breath.

A MINISTER WHO KNOWS.

Rev. Mr. Blanchard, of Charlottetown knows what he says in stating the only cure for Hay Fever is Catarrh. I suffered from Catarrh for years and was cured by Catarrh. Others in my parish I know have been cured by Catarrh. I strongly recommend for Hay Fever, Asthma and Bronchitis, \$1.00 at 402-2878.

FOR SALE

Riverview Cottage. The residence of the late Thomas Ayles, Esq. built about 1840 and located only one mile from the business centre of Charlottetown. The cottage is about two acres of land and is covered with a heavy crop of hay. The cottage has a fine house and two other large strong buildings. It is about 1/2 mile from the city and is a very desirable place for a summer home. For further particulars apply to Miss Ayer on premises or to Ben Carter & Co. Judged by the standard many of the careers generally considered successful are in reality wretched failures, while many seeming failures are in truth brilliant successes."

Way down in the human heart there are desires to live in such a way that when our work is done we will be remembered. There is wealth of refinement, wealth of character,

SHE WAS WILD WITH PAIN.

From Willow Creek, Ont., Mrs. E. Duggan writes: "A few years ago I was troubled with rheumatism and got lameness. I was like a steel rod peeling my back. I also had earache and was just wild with pain. I applied 'Latching' soaked with water to my ear and rubbed on Nerville for the lameness. The rubbing relieved me in a few hours. I was well. No other medicine could do this. It is the penetrating power of Nerville that makes it superior to all other liniments. Nothing beats it. 25c. at all dealers.
