## ITALIAN RIOT AT COCHRANE

### Cole and Another Victim in Precarious Condition—Fearful Attack on Hewitt Who First Aroused the Italians—Nearly a Pitched Battle Between Residents and Italians

CALGARY, Oct. 3.—(Special)—News from Cochrane indicates that young Cole, who was stabbed by enraged Italians in the riot on Saturday is still hovering between life and death.

He with another victim is in a precarious condition. Cole was in no way associated with the riot.

After Hewitt, the man who caused the row, had assaulted the Italians the entire thirty went mad.

They got Hewitt down and all began

slashing at him at one time.

One old Italian drew a revolver and began shooting Hewitt at random, running all around the infuriated men who encircled him.

Then the riot began in earnest. Residents of the town attempted to rescue Hewitt when the Italians started in on them and it looked as though there would be a pitched battle.

As the residents got reinforcements the Italians retreated.

## BENGAL SEETHINGS WITH SEDITION

LONDON, Oct. 2.—A Calcutta despatch says: "The coronation of Mr. Surendra Nath Banerjee, a Babu editor, as King of India, has been followed by fresh examples of sedition in Bengal.

The Bengalis are preaching something not to be distinguished from armed resistance to the British Empire with impunity. A speech delivered to railway strikers at Assam, after Mr. Banerjee's coronation, repeats all the falsehoods which fired Indian disloyalty on the eve of the Mutiny in an insidious form. The Mahomedans are told that the British are retreating with pig's blood, while the Hindus are warned that cow's blood is being used, the suggested object in either case being to cause defilement.

The resemblance with the stories circulated on the eve of the Mutiny, that cow's blood was prepared with pig's fat, is disconcerting, and the aim of the men who are spreading these tales is apparently the same.

DOVEY LOST CURSOR.

The people are further assured that the sedition in Bengal has succeeded in driving Lord Curzon and Sir H. Fuller out of office, and that, as Mr. Banerjee has been crowned "Emperor" allegiance is due to him.

The British, the mob were told, had fattened on dog's meat supplied by the Hindus whom they were oppressing, giving them their food. It was now the turn of the Hindus to give the English the boot, and that boot should be of the ammunition pattern.

## HON G. FOSTER EXPLAINS HIS SHARE OF LAND DEAL

### Says He is Poorer For Having Entered Politics, and When Hard Pressed Has Had to Borrow, That He Borrowed Thousands From Fowler M. P. and Hints at an Accounting—Fowler to Tell His Story.

TORONTO, Oct. 3.—(Special)—Hon. Geo. E. Foster was given his opportunity for explanation today when he testified again before the Insurance Commission.

Mr. Foster said he came out of politics poorer than he went into it. During a spell of hard luck he applied to many friends for assistance. Among them was Geo. W. Fowler to whom he applied for between \$5,000 and \$7,000.

The result of the examination of the books of the Bank of Nova Scotia disclosed the manner in which some of the \$65,000 received by Fowler from Peter Ryan in connection with the Kamloop Lumber Co's purchase, was disposed of.

Names of Foster, Clark, Bennett, Leturgey, MacKenzie and Mann, Pades, Rufus H. Pope and Pouchon appeared in the bank ledger as recipients of the money from Fowler or Pope and Fowler.

Mr. Foster volunteered the statement that \$2,500, which according to the account produced he had received from Fowler, was not the only amount he had obtained. The aggregate advances made by Fowler to himself he placed at between \$5,000 and \$7,000.

He had contract claims against that gentleman which were fully equivalent total of the advances and there would be an accounting between them.

## PRESBYTERIAN SYNOD MEETING

### Raises Salaries of Principal and Professors in College at Halifax and Resolves in Favor of Prohibition in Nova Scotia and New Brunswick.

MONCTON, Oct. 3.—(Special)—Much business was transacted at the Maritime Synod today, the most interesting being the decision to raise the salary of the professors in Halifax Presbyterian College.

The Principal is to get twenty-one hundred and a house, and Doctors Currie and McGill two thousand and the same privilege. Others were increased in proportion.

The report of the educational committee as to illiteracy and the lack of school in many parts of the provinces stirred the

Synod to action to secure definite information on the existing conditions and to devise a remedy.

It was decided to hold next year's session at Halifax.

In the evening the Synod passed a strong resolution favoring more earnest work for temperance and declaring that nothing short of prohibition as practiced in Prince Edward Island would be satisfactory dealing with the liquor problem in Nova Scotia and New Brunswick.

## HALIFAX RACES OF YESTERDAY

### Free For All Won by Gloria, Simassie Second, and Terrace Queen Third

HALIFAX, Oct. 3.—(Special)—There was another immense gathering at the exhibition and races today and beautiful weather added pleasure to the occasion.

All the racing events were well contested and when Terrace Queen won the first heat in the free for all in 2:12 1/2 seconds, the grand stand went wild.

But the clip was too swift for the Queen, and she could not get better than third position in the subsequent heats.

Gloria won the second, third and fourth heats and first money, her time being 2:12, 2:12, 2:12.

Simassie, which finished second to Gloria in the three last heats got second money, third money going to Terrace Queen.

Terrace Queen's mile in 2:12 1/2 makes a new record for the Halifax track.

Henry Belmer won the four year old trot in straight heats his best time 2:33.

Second money went to Prince Louis, third to Blomidon.

The second race was won by Bennetta Oston in straight heats.

## COSSACKS BEAT PEOPLE TO DEATH

### KIERSON, October 2.—Ninety-seven peasants were tried yesterday on the charge of having devastated the estate of the minister of railway. Sixty-three were sentenced to imprisonment, while thirty-four were acquitted. The trial brought out a record of the horrible atrocities committed by the authorities upon the accused. The chief of the district accompanied by a detachment of Cossacks, reached the estate soon after devastation. All the peasants were gathered in. The chief invited priests to administer the last sacrament to the prisoners and then ordered the Cossacks to beat them all to death. The butchery lasted for four hours. The Cossacks then thoroughly tired out, compelled the peasants to dig their own graves and men had to be the victims of the slaughter. The really guilty have escaped, but in spite of these revelations the court found sentences as related above.

### The Victim Left to Die in a Vacant House, His Slayer Arrested

MONTRÉAL, Oct. 3.—(Special)—Brother mortally injured by brother and left to die in a vacant house, is the sensation stirring Carleton Place, Ontario.

John Williams and George Bradley or Brek with township were on their way up the lake in a gasoline launch when it broke down.

In a quarrel over this George struck John with an oar. Not being able to make progress they got ashore and slept in a vacant hut till morning.

William and George went away and later John was found by friends and taken home but died shortly after.

George said he thought his brother was asleep when he did not get up in the morning George is under arrest.

## BEAT CREW TO MAKE THEM WORK

### New York, Oct. 2.—A mutiny aboard the British bark Port Stanley, in which the rebellious crew were beaten into submission, was reported today by Capt. Howe of the tug Wm. J. McCallin, which towed the vessel to sea. The tug was towing the transport Sumner with United States troops aboard, out of the harbor, when she noticed the Port Stanley at Sandy Hook flying signals for a tow. Captain Howe responded and was apprised of the trouble.

The crew of 25 rebelled Sunday afternoon awaiting favorable weather to proceed to Melbourne by Sydney. They took exception to the manner of the officers in giving orders and to the quality of the food. Capt. Eason, armed with a revolver, and his officers with bayonet pins, after a fight, drove the men below decks and nailed down the hatches. An offer to tow the ship to port was refused, Capt. Eason replying that he had the crew under control and intended to make the sailors work.

## NOVEL WAY TO TAKE A BEAR

TORONTO, Oct. 2.—There has just arrived at Parliament buildings for Mr. G. W. Duncan of the Treasury Department an interesting memento of an adventure which his two sons, Herbert aged sixteen, Jim aged fourteen, and Tom aged thirteen, experienced while out paddling in an old scow on Eagle Lake in the Perry Sound district. When about 300 yards from the shore they encountered a bear, and though the three were unarmed, they decided to capture it and taking a rope from the boat put a noose over the animal's neck and towed him ashore. Once on land the bear proved anything but tractable, though the boys struck pluckily to their prize until Government Deputy Game Warden Dan Blew arrived on the scene with his rifle. Brulin's skin, nicely tanned has just been received by Mr. Duncan.

## U. S. SHERIDAN WILL BE SAVED

HONOLULU, Oct. 2.—The transport Sheridan was pulled off the reef at Barber's Point and successfully floated with the aid of the Buford and other vessels, only to be beached in a worse position near the western entrance to Pearl Harbor a few hours later to prevent her sinking.

The Sheridan after being floated, had a heavy list and had been towed about half the distance to this port, when she suddenly cast loose her lines and headed for the beach. Efforts to refloat her will be begun today. The prospects of saving the transport are good.

## CLEVER DOG BEGS FOR LIFE

CINCINNATI, Oct. 2.—"Jack," a yellow dog, the joy and pride of John Heizer's lowly life, appeared in police court recently to plead for his own life. As he could not speak, he did the next best thing made motions.

Frieda Overlander, a neighbor to Heizer, swore out a warrant, charging the man with harboring a vicious dog. Jack had bitten her on the asserted.

When Jack wiggled his yellow tail and looked up at Magistrate Lueders in police court he seemed to realize that it was life and death for him. He favored life. He stood up on his hind feet. He shook hands with his master although in just farewell and turned his head in uplifted paws.

The crowd in the courtroom became so interested that the judge had to call a halt. But apparently Jack carried the day, for the case was postponed until Oct. 10.

## MEN WERE SHOT ON MERE SUSPICION

FEBLIN, Oct. 2.—It is stated that Herr Puttkamer, who was dismissed from the governorship of the German Cameroons for preparing various abuses of official power, at once appointed Herr L. Leuschner a personal friend, to be chief of the district of Bues.

One day Herr Leuschner, whose brain became affected by the tropical heat, suddenly imagined that the negroes forming his police corps were meditating a massacre of all Europeans in the district. He thereupon summoned all Europeans and gave them rifles and ammunition of the latest pattern.

Then he drew up the native levies and ordered them harshly to lay down their arms. The negroes, not understanding what was required of them, hesitated for a moment in astonishment. Herr Leuschner, regarding this hesitation as a proof of mutiny, ordered the Europeans to fire on the natives.

Several were killed, many were wounded and the remainder fled to the police station of the adjoining district, where they sought protection.
