The Mantell Company closed a most successful season by presenting last evening The Face in the Moonlight. Mr. Mantell's double role of Jacques Ferrand and Victor Ambrose, with lighting changes from one character to the other was a marvellous piece of work. The play while of varied interest and admirably put on, was not so well calculated to bring out the full dramatic strength of the company as those of previous evenings. All our theatre-goers will have pleasant memories of the Mantell Company and will accord them a hearty welcome whenever they may return. They leave this morning for Sydney.

The funeral of Mrs Benjamin Henry took place yesterday to Cross Roads Cemetery, Lot 48. There was a large attendance of citizens. Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected. The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker. Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by **Hood's Sarsaparilla** which strengthens the whole digestive system.

IT COSTS YOU NO MORE
