THE CENTRAL GUARDIAN

IT PAYS to buy in this province.

HELP! HELP!—Buy some delicious home-made candy at the Entertainment in the People's Theatre this evening, and so help the needy poor. 1489.

ATTENDING FUNERAL.—Mr. and Mrs. Anselm Dolron, of Martin, Lot 23, drove to Charlottetown last Wednesday afternoon to attend the funeral of Mrs. Dolron's brother-in-law, Mr. Basil Desroches, which took place Thursday morning. They returned Friday morning.—Z.

GOOD SERMON.—In the pro-Cathedral on Sunday afternoon Rev. Father J. B. McIntyre, Tracadie, preached an excellent sermon on Charity to the women. In the evening Rev. Dr. G. J. McLellan preached to the men and gave one of the ablest discourses ever given in the pro-Cathedral, on Tradition.

THE ROADS.—The colder weather of the last few days has left the roads hard and in a condition for hauling. The numerous had pitches, however, to be found along the roads, in the vicinity of St. Ann's, are great drawbacks to the people who have to do any hauling over these roads. An effort should be made to fix up those pitches in some way or other, so that haulers might be able to take full loads without any fear of risk of breaking their harness, or sleighs, or of causing serious injuries to their horses. It seems that each one depends upon his neighbour to turn out and do the work; of course, as long as this state of affairs exists, pitches will be made, notwithstanding the fact that Mr. Buote comes to, and from school every day, and that this has been one of the severest winters for some years, so far he has only lost one day, and that was the day of the worst storm we had for some time, and on which even the schools

CHURCH OF SCOTLAND.—Rev. Ewen MacDougall will preach Sabbath 22nd at Birch Hill at 10.30. Millview at 2.30 and Kinross at 6.30.

HELP THE POOR.—By attending the "Kerry Gow" at the People's tonight, and buying some delicious candy—home-made. 1489.

A NEW CAR.—Mr. Dodd Dwyer went over to Charlottetown last week with a Studbaker car for Senator Prowse. The car is the same as Mr. Dwyer has at his show rooms here says the Pictou Advocate.

MOCK PARLIAMENT.—The regular weekly setting of the S. D. C. Mock Parliament took place on Wednesday last, March 11th, when the debate on the Draft Address and the McDougal, government was concluded. The speakers for the government were Hons. O. C. Trainor, Geo. Morrison and Ewen McDonald, while the supporters of the Opposition were Hons. J. J. McIsaac, J. J. McGuigan, Henri Crepeau and J. C. McGill. A bill for the extension of the franchise to women will be introduced by the Premier at the next sitting of Parliament. It is reported that this bill is a very comprehensive one and no doubt an interesting debate will follow its second reading.

PROGRESSIVE.—St. Mary's School is making good progress under the capable management of Mr. Zachariah Buote. Although the weather has not been all that might be expected the attendance it is reported is very good. It is worthy of note that, notwithstanding the fact that Mr. Buote comes to, and from school every day, and that this has been one of the severest winters for some years, so far he has only lost one day, and that was the day of the worst storm we had for some time, and on which even the schools

IN WAGES OR PROFITS Health Sooner or Later Shows Its Value

Don't go around with that tired, worn-out, down-hearted feeling. If you are constipated, bilious or have headaches, upset stomach, sick liver, see to it that you cleanse your system of undigested food, foul gases, excess bile and uric acid, by the use of the great fruit tonic laxative

FIG PILLS

and you will be free from headaches, neuralgia, rheumatism, lame back, indigestion and all the distressing forms of sickness usually caused by constipation and kidney trouble. FIG PILLS do not gripe or sicken but give a natural movement of the bowels. Refuse all substitutes. At all dealers in 25 and 50 cent boxes or by mail from The Fig Pill Co., St. Thomas, Ont. Sold at Geo E. Hughes Drug Store.

Come Here and See Some Really Good Rings

You will see here every size and style of ring you would want to wear—birth-day rings, gem set rings, signet rings, rings set with precious stones, all beautiful in appearance, exquisite in workmanship and reasonably priced. Call in and look over the display today.

GOOD LECTURE.—The lecture delivered last Thursday night, St. Ann's Church, by Father Walker, Rollo Bay, was instructive as well as interesting and was enjoyed by a very attentive and appreciative audience. The subject of the lecture was Joan of Arc. It was needless to add any details as a good account of a lecture in Souris on the same subject, and by the same lecturer, has appeared in a recent issue of the Guardian. It is sufficient to say that each one who heard it felt better for having heard it, and many expressed the hope that although this is the first, it might not be the last time that they would hear Father Walker lecturing.—Z.

SCHOOL EXAMINATIONS.—The following are the results of the examinations in St. Ann's School, Lot 22, for the month of February. The names of the pupils in the different grades are arranged in order of merit. Grade VI.—Peter J. Walsh, Bertie Walsh, Agnes O'Connor and John Leo McGuigan. Grade V.—Loretta Brown, Walter McGuigan, and John T. O'Connor. Grade IV.—Willie Power, Francis Daly, Clarence McGuigan, Patrick Brown, James McIsaac, Harold Harrington, Harold Trainor, Ethel McEwen, Mildred Harrington, Margaret Harrington, and Charlotte Anne Gallant. Grade III.—Annie Maud McGuigan, Florence E. O'Connor, Louis Trainor, John Brown, James Walsh, Clara M. Power, Agatha Brown, Ethel Trainor. Grade II.—Mary L. McGuigan, Agatha Trainor. Grade I.—Grace Trainor, Peter LeClair, Teacher.—L.

CONCERT AT CHERRY VALLEY.—A concert in aid of the Cherry Valley Methodist Church was held in the hall Tuesday evening last, and a large audience were delighted with the following excellent programme, in which every number was performed in a highly creditable manner: "Softly," Mrs. W. J. McEachern, and her charming young daughter, Marguerite; Miss Mabel Richard, Master Herbert Brown and Messrs. Fred Richards and Richard Ross. Recitation, Miss Grace Jenkins; Duet, Miss Lavina Ross and Mr. Richard Ross; Duet and quartette, Mrs. Dingwell Jenkins and Mrs. Truman Jenkins and Messrs. Fred Richards and Richard Ross. Choruses, choir, two dialogues, one by Miss Lou Mutch and Messrs. Louis Hayden, Roy and Houghton Mutch, and the other by Miss Delight Jenkins, Miss Marguerite McEachern, Miss Della Jenkins and Messrs. Chester and Fred Robinson, were as well acted plays as have been seen in Cherry Valley for some years. Mr. W. J. McEachern auctioned the baskets, while Rev. Mr. Brown occupied the chair. The best of order prevailed and the sum of \$47.35 was realized.

NEW BRIDGE MEETING.—A large and enthusiastic meeting was held in Annandale School-room on Wednesday evening, March 11th, to further discuss matters pertaining to the building of a bridge on the Grand River. Mr. John Howlett was appointed chairman and Mr. Roy Howlett Secretary. Among the speakers of the evening were Messrs. G. E. Saville, Robert Howlett, A. D. McDonald, Durell and Mr. J. M. Morrow, who argued very strongly in favor of having a bridge built on the Grand River in the most suitable location and where it would accommodate the most people. Mr. G. E. Saville at the conclusion of a few remarks moved the following resolution

RESOLVED, That a committee of five be appointed to request the local government to make a survey of the Grand River between Annandale and Morrison's Beach as well as at Poplar Point for the purpose of ascertaining which is the most suitable location for the building of a bridge. The above mentioned committee was duly appointed as follows, viz. Messrs. Douglas McDonald, E. McFarlane, P. P. Morrison, J. M. Morrow, and John Howlett. Mr. P. P. Morrison who was the last speaker of the evening in the course of his remarks expressed himself as highly in favor of the building of a bridge on the Grand River but he said, he was speaking for himself and he believed the people of Launching as a whole when he said that a bridge on the Grand River between Annandale and Morrison's beach, would be of far more benefit to the people of Launching than a bridge at Poplar Point. After which meeting adjourned. Roy Howlett, Secretary.

DAILY SELECTIONS FOR GUARDIAN READERS

Furnished by W.S. Louzon

TAKING CRITICISM

It is a healthy sign in a man when he does not bristle all over the minute someone begins to criticize that he has learned a few things in him. It is generally an indication that he has learned a few things in the fruitful school of experience, one of them being that nearly every man deserves criticism once in a while, and another that undeserved criticism cannot possibly do any serious harm. If you self-appointed critic have an undeserved censure upon you, don't fling back at him, at least not until you have thought the matter over. If he does nothing else for you at least he may stir you up a little and thus prove your friend. Some folks who are denied at their tasks Really a critic is usually a very good friend and most of us would do badly without him.

Resolution which was seconded by Mr. A. D. McDonald, of Morrow seconded unanimously by all the people living between the East Point and Georgetown in this Province would be benefited if Grand River were bridged at Annandale of Poplar Point. Therefore resolved that this meeting ask the Provincial Government to have a survey made at both places and take such steps as may be necessary to have a bridge built at whichever place is most convenient and at the earliest moment and further resolved that a copy of this resolution be sent to each of our representatives in the Provincial Legislature the Hon. John A. Matheson and Mr. Temple, W. McDonald and to two of the Charlottetown Daily papers for publication. The following motion was made by Mr. Robert Howlett and carried unanimously, viz. That a committee of five be appointed to request the local government to make a survey of the Grand River between Annandale and Morrison's Beach as well as at Poplar Point for the purpose of ascertaining which is the most suitable location for the building of a bridge. The above mentioned committee was duly appointed as follows, viz. Messrs. Douglas McDonald, E. McFarlane, P. P. Morrison, J. M. Morrow, and John Howlett. Mr. P. P. The Island's Leading Store

Our Fertilizers Show You How to Double Your Crops

If you could double the yield from every plot of land on your farm, get better results at less expense and without more work, it would be results worth working for, Mr. Farmer. Well, these are the results that have been secured each year by experienced farmers who are using our English Unmixed Fertilizers. These results are not mere fiction or exaggerated claims—every man who has used our English Unmixed Fertilizers can tell you that his crops have been larger the profits greater, his work easier and his farm improved by using these fertilizers.

"Feed Your Land and Your Land Will Feed You"

You cannot expect to take from the land each year a bumper crop for you know yourself that at each cultivation you are taking out a certain amount of fertility from the soil and unless this is paid back each succeeding crop will be less satisfactory. The way to get best results is to feed your land with the proper plant goods as you would feed a horse, cow, ox or hog that you intend showing at an exhibition, give each section of land the proper elements it is lacking in—build up each lot to its proper state of normal fertility. These results can be secured easily and quickly with our English Unmixed Fertilizers, and with these only. We can assure you of the certainty of positive success with these Unmixed Fertilizers for they are the best plant foods, the best crop cultivators that have ever been offered you.

Get These FREE Booklets

We have a number of booklets on "Artificial Fertilizers" Potato Crop in Canada," "The Improvement of Poor Permanent Pasture," and other booklets of vital interest to you that will be sent postpaid to your nearest post office on receipt of your name on a postcard. Write today for these—they are yours for the asking.

Milton Silver Patch Fox Co.

Capital \$16000 Shares \$50
Very little information has been given the public regarding the immense possibilities of Patch Fox Ranching in fact very few were bred in captivity until last year. The test more than exceeded the expectations of the owners as in every litter was found one or two Black Beauties. Another point to consider is that the fur which has advanced over 150 p. c. in value during the past year, is very popular with the nobility and the wealthy class.

If you consider carefully the above indisputable facts you will be convinced that the Milton Silver Patch Fox Co. is offering to the public a proposition hard to beat. The six pairs of foxes owned by the Company were not picked up at random but were carefully selected by men of several years experience in handling all classes of foxes. Most of the foxes in this Company are but slightly removed from the silvers. The very low capitalization of \$16,000 for six pairs lets the investor in on the ground floor.
The ranch which is located at Milton is built of the best possible material and is up to date in every respect. The manager D. W. Howard has had several years experience in the caring and handling of foxes, and the services of an assistant has been secured who has had two years successful experience along this line. Mr. Investor, consider this proposition carefully—remember you only have about six months to wait for dividends. As there are only a few shares left don't delay, but send in your application today.
