Helpful Silverware

There is a great difference in the character of the silverware. Some is of practical value for use, combined with beauty of design and finish, such as this Crumb Set. Every housekeeper knows that a brush wears the table cloth, and that with a scraper or knife wear is much lessened. This is a particularly handsome set, with its ebony handles, and with the good feature of its being an article for daily use makes it desirable for a present or for your own household. Other articles in the same "Meriden" goods just as helpful and useful.

DALHOUSIE COLLEGE NOTES.—Football is occupying the attention of many of the students at present. The games in the several Leagues are being played off one after the other. As yet Dalhousie has not been scored against in either the Senior or Junior Leagues. The Junior League comprises in all three teams, viz: Dalhousie Junior, Wanderer Junior, and Y. M. C. A. teams. The date on which the games in this league are played are much the same as in the senior. On the evening of Friday Oct. 11th, the first meeting of the Sodales Debating Society was held in the Munroe Rooms. The debate for the evening was "Resolved that the amalgamation of the several colleges of the Maritime Provinces would be to the best interests of higher education." Messrs. E. A. McLeod and H. Brunt took the affirmative side while Messrs. R. H. Stavert and W. H. Coffin defended the negative side of the question. On the vote being taken the resolution was upheld by a very small majority. The debate was a very interesting one. Mr. Theo Ross was appointed critic for the evening. He pronounced the debate as about the best that he had listened to in Dalhousie.

WESTLAKE BROS.
QUEEN ST., CHARLOTTETOWN.

YESTERDAY THE GUARDIAN was shown the Queen Heater which is claimed by the manufacturer will give a fire in half the time with a continuous heat. Mr. R. E. Mutch the agent in Charlottetown claims the following: "The Queen Heater is more of a heating machine than it is a stove. It can be regulated like a lamp. You can have your room any temperature you wish. You positively keep a slow fire burning 24 hours by putting in one large stick or knot. Will heat a room 20 feet square in ten minutes in cold weather, or no sale. Absolutely air-tight and the cleanest stove in the world. No opening of any kind. No ashes, dust or soot can get out. No trouble to operate. One fire lasts all winter, if you will put in a stick of wood every twelve hours. Keeps fire all night any night and every night; it is a handsome stove, the outside being Russian iron, lined with steel, and needs no blacking. The most powerful heating stove on earth, and you will save half the fuel of the average stove. Burns large knots, chunks, chips, cobs and trash. Never require to remove the ashes only once every one or two months. No ashes to sieve and spoil a good suit of clothes. Will take a stick 13, 21 and 24 inches long by 10 inches thick, according to size of stove. Never wants the wood split up. You save the expense. It burns your wood in large chunks. It makes a regular heat and lasts longer. It is the greatest fire keeper in the world."

HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable, but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action, hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets which may be found at most drug stores, and which contain valuable harmless digestive elements in a pleasant convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address E. A. Stuart Co., Marshall, Mich.

ARTISTIC TAILORING, Kerosene Oil

Our reputation in both town and country for running out first class work is such as to warrant in soliciting your patronage. Now that the long fall evenings are here you have to light your lamps early, and if you do not have a good grade of Kerosene Oil you have very poor satisfaction. Cheap low-grade Oil not only smokes and darkens the lamp chimneys, but it also creates a very disagreeable and unhealthy odor in the house.
