CLAIMS AGAINST GERMANY TO BE SETTLED SHORTLY

German Holdings in Canada to be Set Against Canadian Investments in Germany. Balance Largely in Favor of Canada will be Held by Allied Reparations Committee.

(Special to The Guardian.)

OTTAWA, Nov. 13.—When the peace treaty is finally ratified Canada will have to indicate within a month her acceptance or non-acceptance of the plan for the liquidation of enemy debts as is optional with any country. The Dominion, should it adhere to the plan, will collect debts owed by Canadians to Germans but which were not paid because of the war. Against this amount what the Germans owed Canadians will be set off and the balance which is much in favor of Canada will be handed over to the Allied reparation Commission to be held against payment by Germany of the indemnity. Canada's share of the indemnity will be based on the claims made for indemnification Canada's losses in ships and property were not very extensive as compared with those of other countries. She could afford to keep German property and credits in this Country and call quits. A clearing house must be established for the collection and payment of enemy debts. All property rights and interests held by Germans in Canada will have to be liquidated. Canada is in a good position in that German investments here are enormously greater than Canadian investment in Germany. The amounts so obtained will be held by the central clearing house.

SCOTTISH PHILANTHROPIST OFFERS BILLION FOR HOUSING

Does Not Disclose Source from Which Money Comes Which is Offered at Lower Than Market Rates.

(Special to The Guardian.)

LONDON, Nov. 13.—Ian Robertson a Scotsman who stated that he was acting for persons whose names he does not disclose, has offered a sum of one billion dollars to the Prime Minister for investment in housing at a rate below current market rates. Mr. Robertson was introduced by Lord Willoughby De-Broke and Sir Warren Fisher, Secretary to the Treasury was present at the interview. This is not the first time Mr. Robertson has offered these mysterous millions. During the summer he offered large loans to Birmingham and other English municipalities. To no one has Mr. Robertson disclosed the names of those for whom he states he is acting. There is no evidence that he succeeded in convincing the Prime Minister or Treasury representatives of the existence of the money but Mr. Robertson and Lord Willoughby both declared in an interview that it was satisfactory.

Steamer Lady Evelyn Ashore at Pictou Island

PICTOU, November 13.—Bound on a regular trip from the Magdalen Islands to Pictou, and travelling at 11 knots an hour, the steamer Lady Evelyn piled up on the Seal Rocks at the northeast end of Pictou Island at 12.10 this afternoon.

The day was clear and a strong wreck. The day was clearand a strong tide almost at the full was running. The steamer was not more than a quarter of a mile from the shore and fully half a mile off her course, according to those acquanited with the situation. At the time of the accident the steamer was in charge of the second mate, the captain being in his room. The first mate, who was at dinner, on coming on deck glanced over the side and noticed that the water was shallow. He made for the bridge but was too late, the steamer had struck. She hit three times, the passengers say, before she stuck fast. The sea was calm and there was no alarm felt.

About four o'clock the S. S. Harland, on the way from Montague and other P. E. I. ports for Pictou, felt her way cautiously alongside the Lady Evelyn and took off the passengers, the crew of the steamer and the mails. The Evleyn had only come off the Pictou slip on Saturday last, after having a new propellor and a general overhauling. She had made a quick trip cleaning up a lot of freight at Souris. She left the Magdalenes at eight o'clock last night, and had left Souris about 9.30 this morning to be in time to catch the two o'clock train from Pictou for Halifax. There were about sixteen passengers on board the steamer, and she had considerable freight, including two hundred barrels of mackerel.

Fortunately the case was not so bad as the foregoing despatch would indicate. A telegram received by the Marine Department here last evening conveys the good word that the Lady Evelyn had got off the rocks under her own steam.

The C. G. S. Arras which was in port here left on Wednesday to the aid of the stranded steamer but her service were not required.

Jellicoe Urges Preparedness on Sea

VICTORIA, B. C., November 13.—"To my mind the British Navy should not be kept short of overseas squadrons. I believe that the Empire as a whole realizes the imperative necessity of maintaining ships of war not only in home waters but in close proximity to the most distant Dominions. We must see to it that our overseas naval forces are never again permitted to be as they were prior to the war.

"It is due to those gallant souls that were given to the Empire in its hour of peril that such a condition should not exist again."

This declaration was made last night before the Canadian Club, Viscount Jellicoe, of Scapa Flow, summed up the lesson which the great Admiral believed had been taught the British Commonwealth by the experiences of the war.

He asserted that the people of British Columbia were justified in their anxiety during the early months of the war knowing that Admiral von Speer's squadron was off the coast and that the protection against them was inadequate. He held that the fears of other portions of the Empire, based on the same conditions, also were warranted. He contended that it was the plain duty of the Empire to see that preparedness on the sea in relation to the Overseas Dominions was no longer an issue to be toyed with.

"I know that Great Britain is hard up," he said. "I know that the Dominions, too, are hard up, but I don't believe that the Empire feels so hard up that it cannot keep up an efficient navy."

PREMIER E. C. DRURY APPOINTS HIS CABINET

W. E. Raney of Toronto Appointed Attorney General. Meeting of New Cabinet Called. Ex-Premier Hearst and Cabinet Leave Offices.

(Special to The Guardian.)

TORONTO, Nov 13.—Premier E. C. Drury at noon today, following a morning's rest which he believed to be well earned, announced the personnel of Ontario's first coalition government, and the first administration to take charge of the affairs of this province which is not composed of members of either of the recognized traditional parties, the Liberals or Conservatives.

A full session of the new cabinet has been called for this afternoon at the Premier's office. It will be the first meeting of all the Ministers and the last one before they have taken office. It will also mark the last occupation of his present offices by the new Premier, who moves out tomorrow from the rooms where he created a brand new government for his native province.

At this afternoon's meeting it is expected that matters of policy, outside of the temperance situation will receive but passing attention. The Lieutenant Governor and Premier Hearst will be communicated with in regard to the ceremony of swearing in the new members of the government and complete arrangements for the taking of office are expected to be made while the ministers are in conclave The question of an early session of the legislature will also be discussed.

W. F. Nickle K. C. of Kingston has turned down the Attorney Generalship and W. E. Raney, G. C. of Toronto has been selected in his place, according to Premier E. C. Drury. Without any formal turning over of their various departments, Sir William Hearst and the members of his cabinet will leave their office at Queens Park tonight for the last time.

A meeting of the cabinet was held this morning to clear up any matters that required attention. No meeting of the old and new cabinets will be necessary. It has always been the custom when opponents of a defeated government take over for them to do so with out consulting their predecessors.

PRINCE OF WALES AT WASHINGTON MAKES MANY FRIENDS

Is Made a Member of the U. S. Red Cross and Pays His Membership Fee of One Dollar Which with His Authograph was Placed in the Society's Musium.

(Special to the Guardian.)

WASHINGTON, Nov. 13.—The Prince of Wales as guest of the Nation, came into personal touch with government officials tonight at the most formal event of his stay here, a reception to all members of congress and their families in the halls of the Library of Congress. Members of the cabinet and the diplomatic corps also attended. The sitting served to add to the significance of the Prince's visit and was designed to express the friendly relationship existing between the two Anglo Saxon people.

The Prince went to the reception from the home of Secretary Lansing where, with Mrs. Lansing, the Secretary had entertained him at dinner. He paid homage to American soldiers wounded in France, earlier in the day when he inspected the Walter Read Military Hospital and in a brief address hailed those men who have paid the price of liberty as "My comrades in arms". The Prince also was enrolled formally as a member of the American Red Cross during the day, paying a dollar for the honor. During his visit to the Red Cross headquarters the badge of membership was pinned on his breast by Mrs. Farr, wife of Dr. Livingston Farr, and chairman of the Red Cross contract committee. "May I present you with a dollar which I think is the proper thing?" The Prince said as he received the badge.

The dollar he tendered and his autograph were placed in the Society's Museum.

CHILD BURNED TO DEATH YESTERDAY

Mary Florence McCormack Five Year Old Daughter of Mr. and Mrs. Angus McCormack, Sydney Street, Died from Burns Received from Lamp.

A sad tragedy occurred in Charlottetown yesterday when little Mary Florence McCormack, the five year old child of Mr. and Mrs. Angus McCormack, Sydney Street, was burned to death.

About 7.30 o'clock in the morning, after the family had breakfast and Mr. McCormack, who is employed with Carvell Bros. had gone to work the little one said to her mother that she was going upstairs to get some rugs.

It appears that a lamp was kept burning all night in a bed-room and was still burning in the morning, the family having forgotten to put it out.

It is supposed that the little girl, seeing the lamp still burning endeavored to extinguish it and in trying to do so her sleeve caught fire.

Her mother upon coming upstairs found the child enveloped in flames. She at once gathered up a bed spread and rolled her up in it thus quenching the flames but not before the child was terribly burned.

Drs. Jenkins and McGuigan were summoned and had the unfortunate child sent to the Charlottetown Hospital where she lingered until between one and two o'clock, when death ended her suffering.

The child received the worst burns about the face, chest and shoulders.

She was conscious through it all.

Much sympathy is felt for the bereaved family.

The funeral takes place at 9 o'clock this morning.

WAR TO THE DEATH NOW ON AGAINST I.W.W.

Centralia Murder Justifies Active Prosecution Against I.W.W. and Deportation of Aliens Recently Rounded Up.

(Special to the Guardian.)

SEATTLE, November 13.—War to death" is now on against the I.W.W. Robert C. Saunders, U. S. District Attorney, declared here today. No further evidence than the Centralia murders is needed, he asserted, to prosecute all I. W. W. to the extent of the law. Seattle Police today raided I. W. W. headquarters here, arrested three men and seized what they describe as "a ton of literature."

NINETEEN IN JAIL

CENTRALIA, Wn., November 13—Nineteen alleged Industrial Workers of the World are in jail here today. The men were rounded up yesterday and last night, after the firing on the Armistice Day parade, which resulted in the death of four members of the American Legion and the lynching of an I. W. W. member. There was no disorder here this morning.

WRECKED HEADQUARTERS

OAKLAND, Calif., November 13—A crowd of citizens entered the head quarters of the Communist Labor party in Loring Hall early today and wrecked the interior of the place. Large quantities of radical literature, red flags and furniture were burned in the streets by the mob.

SPOKANE, Wn., November 13.—Industrial Workers of the World are preparing to launch from their headquarters here a propaganda campaign throughout the Northwest and perhaps through the entire East in the near future, according to officials of the Department of Justice. WILL DEPORT ALIENS

WASHINGTON, November 13.—Aliens rounded up by the Department of Justice agents in the recent raids on headquarters of the Union of Russian Workers in a score of cities will be deported as soon as hearings have been held by the Department of Labor, according to Attorney General Palmer. He said today arrangements for their deportation to Russia had been made, but added that he could not disclose to what part of Russia they would be sent.

Because of the peculiar situation existing, it had been suggested that the aliens could not be deported at this time, and that the Government might find itself faced with the necessity of establishing concentration camps for them in this country.

QUEBEC LEGISLATURE MEETS ON DEC. 10

Rumor of Sir Lomer Gouin's Resignation Again Current.

(Special to The Guardian.)

Quebec, Nov. 13.—With the announcement today by the Quebec Government that the next session of legislature will open on December 10 came the renewal of rumors that Sir Lomer Gouin had announced his resignation. It is generally conceded here even by the Liberals that Sir Lomer Gouin will shortly retire from leadership in the Province of Quebec, but whether or not he told his cabinet today when he would withdraw, was not divulged by any of the members.

Mae Edwards Players in "Souls in Bondage"

Last evening the Prince Edward Theatre was filled to capacity and Miss Edwards and her splendid company presented Souls in Bondage in metropolitan style. The play itself was a gem, a powerful story well written of what really goes on in the underworld.

Miss Edwards as Nance Olden was delightful. This young lady simply seems to live each and every part she portrays and last evening she was at her best, and won the hearts of all those present.

Miss Edwards was ably supported by Jack Werner Corbin and the balance of the cast and as usual Charles T. Smith handed out the laugh when ever needed.

Mr. Benson in a light juvenile role was delightful and as Mr. Steinway, the theatrical magnet was seen at his best.

A new member of the company, Mr. Eddie Berns, strengthened the vaudeville and has an unique vaudeville specialty.

Mr. Heverley kept the audience in suspence with his clever escapes and the escape from the insane jacket was a clever piece of work. Mr. Heverley works in front of his audience in these clever escapes and really deserves credit for his share of the performance.

Tonight, without a doubt one of the best dramatic offerings that have been staged in the last twenty years "The Rosary", will be presented, with Miss Edwards playing the dual role and as the Rosary is the featured play of the week a capacity house ought to be the rewardfor this splendid company. Secure your seats early and don't miss this splendid performance.

It is doubtful if this percentage is equalled in Canada, namely, $300 per head of population. Charlottetown at present has only subscribed $50 per head of population. If Georgetown keeps up its record the next three days it should obtain four more feathers.

Boston Teachers Increases Favored

BOSTON, Nov 12.—Increases in pay for every employee in the Boston school department with the exception of the superintendent of schools, were recommended last night by the Boston School Committee. The teachers for a long time have been conducting a campaign for an increase of $600, but the increase advised are under that amount.

The action of the committee means that the issue of increased pay for teachers will be placed before the special session of the Legislature, which will convene on November 18.

Increases were recommended as follows:

Members of the board of assistant superintendents, $500; women teachers in high schools, $384; high school principals, $288, and elementary school principals, $120. A 25 per cent. increase for janitors and increases of varying size for other school employees were favored.

The elementary teachers, according to reports current last night, may urge their claim for a $600 increase upon the Legislature, which is free to act as it may see fit upon the recommendations of the school committee.
