## Brimsek Again Brilliant As Bruins Blank Canucks; Rangers And Amerks Draw

MONTREAL, Dec. 15 —(CP)— A third-period goal by Ralph (Cooney) Weiland gave Boston Bruins a 1—0 victory tonight over Montreal Canadiens, stretched the Bruins' victory string to five straight games and gave Goalie Frankie Brimseck his fourth shutout in the last five games.

More than anything else it was the sensational work of the youthful Brimsek, just brought up from the minor leagues six games ago when Bruins sold Cecil (Tiny) Thompson to Detroit Red Wings, that gave the Boston team their second victory of the National Hockey League season over Canadiens.

The shut-out also brought atonement for a 2—0 defeat Bruins suffered in their last appearance here, when Brimsek was making his first start as regular goalie for the team. It was the only shut-out suffered this season by the burly Boston outfit, winners 3—2 only two nights ago at home against the Flying Frenchmen.

**Second Period:**

NEW YORK, Dec. 15—(CP)— Manhattan's National Hockey League rivals, Rangers and Americans, failed to break their second-place tie tonight as they struggled through overtime to a 1-1 deadlock that left them both six points behind Boston.

A crowd of 13,955 saw a fast exhibition of rugged, wide open hockey. Phil Watson's goal in the second period, while Joe Jerwa was serving a penalty, opened the scoring. Art Chapman tied it up in the third period with a clean shot past Dave Kerr on passes from Dave Schriner and Lorne Carr.

Penalties to Mac Colville and Tommy Anderson for roughing slowed up the action in the overtime and there were few dangerous plays. It was the second meeting of the teams this season, the Rangers having won the first contest 6-1.

## Black Hawks And Toronto Play Draw

(C. P. by Guardian's Special Wire)

CHICAGO, Dec. 15—Toronto's Maple Leafs and the Chicago Black Hawks wound up at four goals apiece in their furious overtime battle before a stadium crowd of 10,000 tonight and remained in their respective fifth and fourth positions in the National Hockey League.

Toronto's mighty scoring burst in the third period in which they outscored the Hawks 3-2 forced the game into an extra period.

Murphy Chamberlain scored two of the Leaf goals, including the tying score with little more than five minutes of the third period remaining. Harvey Jackson and George Parsons accounted for the other two. Jackson's counter set the stage for the Leafs brilliant finish after Mush March's goal a minute before with Pep Kelly serving a penalty had given the Hawks a 4-2 lead.

All scoring was restricted to the first and third periods, although it was only by dint of excellent goal tending and defence work that the teams kept the second period scoreless.

Johnny Gottselig, the league's leading scorer, added to his first place advantage by driving home both Chicago goals in the first period.

**SUMMARY**
**First Period**

1. Chicago, Gottselig (Thoms, Seibert) 10:24.

## Preparations Launched For Banner Curling Season

### Ice Making Underway In Commodious Quarters Of New Charlottetown Curling Club.

**Welcoming the cold snap just like a mother would welcome a long lost son Curlers in the City got busy yesterday making ice for the coming season in their commodious new quarters on Euston Street. From early noon water was being sprinkled on the four rinks that make up the playing surface and with the temperature dropping still lower yesterday evening it was fully expected that the work of flooding would continue all night; all in preparation for a season that is confidently predicted will see the popular "roarin'" game come back into its own.**

Curling is one of the first ice games played in Charlottetown, but for some years now has been a sort of poor relation of the city's sport life, but the Charlottetown Curling Club by the purchase of a new property on Euston Street and the construction of a new rink thereon with a very fine Club House, has raised the standard of the sport here to parity with the best clubs in the Maritimes. The commodious dwelling which stood on the property has been reconstructed and within a short time it will be one of the best equipped and most comfortable clubs—of any description in the Maritimes. The intention is not only to improve curling facilities but to emphasize the club life of the organization.

**The New Rink**

The new rink, built in the rear of the dwelling is of generous proportions, 160 ft. long by 65 ft. wide which permits four playing surfaces. The ice is being laid on a base of 18 inches of ashes, which in turn is topped by 4 inches of sand. There are no obstructions on the ice surface in the way of pillars to mar the view of the spectators or the play of the curlers, and the illumination is if anything almost too generous. Thirty-six high power lights, each with an unmbrella-like reflector eliminates all shadows. A promenade runs all around the rink and there is also a walk down the centre dividing the four playing surfaces.

**Making The Ice**

An entirely new principle in making and maintaining ice has been introduced in the new building. Eight large ventilators situated on absolute ground level in conjunction with a large fan high up on the roof at the extreme south end of the rink combine to suck the warm air out of the enclosure and bring the cold air in. Also to carry this scheme out the walls were insulated, and it is claimed for the new idea that in mild weather, hard ice can be mained for five days without any difficulty.

Linking up the Club House proper with the rink is the observation room, which is separated from the playing surface by a double glass partition. This observation runs the full width of the rink, is ten feet wide, is well heated and will accommodate many spectators in comfort. This is a feature of the new club which was lacking in the old quarters on Grafton street. Players can now step from the tingling air of the rink to the warmth and comfort of homelike surroundings. It will no longer be a part of the roaring game that the players shall suffer unduly from the cold.

**Recreational Quarters**

Leaving the observation room players enter the club house through double doors, into a wide hall along which are situated locker rooms and lavatories. On the south-east corner of the old dwelling house a large front room with fire place, is being converted into a card and recreation room. On the south west corner another room equally large will be known as the lounge room. Both of these rooms open off the main hall which is in reality a reception hall exceptionally well laid off and with a giant built-in fireplace holding a very attractive spot in the general scheme. A wide stairway leads to the second floor where work is still being carried out on the large banquet hall, a room which is thirty by sixty. When the alterations are complete this banquet hall will be flanked on one side by a well equipped kitchen.

Throughout, the club house is being repapered and painted, and will be furnished in such manner as to give the impression of a comfortable home, plus the extra attraction of curling.

Increased membership, of course, is assured because of the big step forward which has been taken, and whereas it was difficult to maintain a big membership heretofore, it now seems likely that the new club will never lack for enthusiastic members.

## Doubleheader Hoop Bill Tonight

Saturday night at the Y gym what should be an interesting and hard-fought basketball doubleheader takes place with two teams of business girls opening the bill and Esquires and Grads hooking up in the boys encounter.

Girls games as a rule are always keenly contested affairs and Saturday's game should prove no exception. The boys game as usual will be another of those close-knit affairs that these two teams have been staging all season. Both are evenly matched and the "breaks" of the game is very apt to decide the ultimate outcome.

But in order to give the fans something extra it has been decided to stage two special features between the halves of each encounter. The girls will hold the spotlight first as they take part in a foul shooting exhibition and this promises to be close all the way. Between halves of the boy's encounter Walter Goss and Earl Smith will compete in a ping pong game and as both are topnotchers at it this also will be entertaining

Tonight from 5:45 until 7 o'clock the squad will go through another workout and anyone anxious to see the boys go through their paces are invited to be on hand.

Players trying for positions included Whitey Gillis and Vern Peters in goal, Plum McDonald, Murray Carmichael, Vern Larter and Tony Lund on defence, Jim Lawlor, Chevie Acorn, Bruno Sherren, Johnny Kelly, Pete Weir and Reg Mahar up front. Also working out were Ev Toombs, Cyril Shephard, Pete Campbell, Dick McKinnon and Willie Trainor.

## Rangers Play Return Game With Beavers At St. John This Evening

With not an injury making an appearance after their rugged hard-fought tilt with St. John Beavers at the Forum Wednesday, Charlottetown Rangers will entrain for St. John this morning where tonight they will take on the Loyalist City squad in the return game of their two game exhibition series.

Defeated after putting up a grand battle all the way to their much heavier and better conditioned opponen's Rangers are seeking a win tonight and although the boys know they face a tough proposition playing in Beavers own baliwick nevertheless from their coach and manager down they feel they can turn the tables on the smart St. John team.

They went through another workout yesterday at noon with every man on the lineup being on hand and last night the word was that all the players who performed on Wednesday, with the exception of Grant and Roach who are forced to stay at home on account of studies, will make the trip today.

Rangers impressed every fan who saw them Wednesday night with the promise they showed and all Island fans will be rooting for the team to come through with colors flying in tonight's encounter at St. John.

Alex Archer and Tony Lemay, both of Winnipeg; and Paul Rheault, Mouse Jaw, Sask., accounted for the Wembley trio, while Ab Macdonald and George Greene, both of Ottawa; and Oscar Aubuchon, Ste. Hyacinthe, Que., scored one apiece for Brighton.

## Wolves Hand Sydney Team 7 - 2 Defeat

HALIFAX, Dec. 15—(CP)—Halifax Wolves, showing steady improvement under Coach Jimmy Lortie, tonight won their first exhibition game in eight starts, defeating North Sydney Monarchs 7-2.

Wolves had the better of the play throughout in the game, first of a two-game series with the Colliery League team. Only smart work of Martin in the North Sydney goal kept the score down.

North Sydney lost Jim McDonald, formerly of Antigonish, when he fell in the second period injuring his wrist. Physicians believed the wrist to be broken and planned to take an x-ray. Martin was injured in the final period ad had to retire 10 minutes for repairs.

Power plays resulted in scores by Remond and MacKenzie of Halifax in the first period and Estabrooks counted for the visitors on a long shot.

Fraser, Bligh and O'Connell put the Wolves farther ahead in the middle frame. O'Connell and MacKenzie got the final two Halifax goals.

Fagan's goal for North Sydney with only a few seconds to go, was the neatest play of the night. Grabbing the puck at his own blueline, he split the Halifax defence and scored.

## Snead Ousted In Tourney

(A. P. by Guardian's Special Wire)

MIAMI, Fla., Dec. 15—John Geertson, a 26-year-old former candymaker from Salt Lake City, took his best shot at fame and fortune in the $10,000 Miami open golf tournament today, clipping four strokes off par with a 66 to shore the first-round lead with Harold (Jug) McSpaden of Winchester, Mass.

Few of the spectators who saw Sam Snead, Canadian open champion from White Sulphur Springs, W. Va., slip out of the running with a 76 and who applauded McSpaden's fine score were still around when the unassuming Geertson holed out. The 66's gave Geertson and McSpaden a two-stroke lead over Jimmy Thomson of Shawnee, Pa., whose 68 put him a shot in front of Ben Hogan of New York.

Keep Minard's in the home.

## Farr Meets Lou Nova In Bout Tonight

NEW YORK, Dec. 15 —(CP) — Anything may happen tomorrow night when Tommy Farr clambers into the Madison Square Garden ring to do 15 rounds of battle against Lou Nova, the up-and-coming California heavyweight, but on the strength of past experience the odds favored the grizzled husky from Wales at 6 to 5.

They share one common aim — to get into the big money. Otherwise Farr and Nova are as far apart as the poles. Never have they fought the same opponents. They have campaigned far apart. And Farr is a crouching mauler; Nova a stand-up, pick-em-off boxer.

Tommy, at 24 is only a year older than Lou, but in experience Farr has the American by six or seven years. A mine boy at 14 and a "booth" boxer at 16, the Welsh fighter grew up in the ring.

Farr's career: 75 fights in all, 19 won by knockouts; 35 taken by decision; 13 lost by decisions, seven, which ended in draw decisions. Nova's —25 fights, 13 knockouts; seven decision victories, one decision loss, four draws.

## Canzoneri Wins Bout

NEW YORK, Dec. 11 —(A P)— Tony Canzoneri, hero of a famous boxing comeback several years ago when he won the lightweight title a second time after losing it to Barney Ross, moved along the comeback trail Saturday night by outpointing Jimmy Murray, young Brooklyn welterweight, in an eight-round bout at Ridgewood Grove. Canzoneri weighed 143 1-4 to Murray's 141.

## Boston Red Sox Bolster Pitching Staff In Deal With The Detroit Tigers

(By Sid Feder, Associated Press Sports Writer)

NEW YORK, Dec. 15—Boston Red Sox, looking ahead to the Lefty Grove "question mark" strengthened their pitching at the expense of their infield in a deal with Detroit Tigers today as the major league moguls wound up their long-drawn-out three-day winter meetings.

Otherwise, the only action came from a joint session of both leagues, which approved boosting the club player-limit from 23 to 25 players. After the American and National Leagues disagreed on the question, Commissioner K. M. Landis cast the deciding vote in favor of the change.

The Red Sox-Tiger swap sent third-sacker Pinky Higgins and southpaw Archie McKain to Detroit for pitchers Alden Auker and Jake Wade and outfielder Chet Morgan in a straight player deal. Auker and Wade won 14 and lost 12 between them during the 1938 campaign. That record, although unimpressive in itself, can't be overlooked in view of some of the pitching the Sox got last season after Grove's arm suddenly went "dead."

Since nothing has been heard by the Red Sox bosses about Lefty's chances of coming back next season, it was imperative that they obtain pitchers in a hurry to take up the slack. As a result, they were willing to sacrifice Higgins, one of the best third sackers in the league in recent years, to get the flingers. In obtaining Higgins, the Tigers are plugging up the largest gap in their 1938 infield armor with the .300-hitting Higgins.

The Tigers don't lose too much in pitching strength, since they obtained Freddy Hutchinson, the young sensation from Seattle, Tuesday night, and they expect Schoolboy Rowe to stage a comeback next year. The Red Sox hope young Jim Tabor can handle the third-basing chores Higgins is giving up.

As the major leagues finished their sessions, these accomplishments stood out for the three days of talking.

1. A uniform baseball was adopted for both leagues, with the stitching that of the '38 National League pellet and the cover that of the American League ball.

2. Night baseball was voted for both circuits, the American League granting permission to Cleveland and Philadelphia to play seven home games each in 1939. Cincinnati, Brooklyn and probably Philadelphia will do the same in the National.

3. The depression apparently is over for the big leagues since both returned, in today's action, to the 25-player limit.
