"Only a limited quantity of these elegant portieres we are offering at such great bargains. See window display. Prices range from \$10.50 portieres for \$7.85 right down to \$3.25 portieres for \$2.44 and a range of prices between. Beer & Weeks, 4-8MEI.

CHINESE REPUBLIC'S FIRST PARLIAMENT INAUGURATED

HUNGARIAN DEPUTIES SENTENCED TO JAIL

Members of Lower House Punished For Causing Disturbances.

BUDAPEST, April 11 (Special)—Several Deputies of the Hungarian Lower House of Parliament were sentenced to terms of imprisonment and fines for causing disturbances during the session.

Herr Zacharias was condemned to thirty days in jail and \$100 fine for bombarding the Premier and the Minister of Agriculture with inkstands during a riot in the House some months ago.

OF SPECIAL INTEREST

LONDON, April 8 (Special)—Delegates from the United States, France, Germany, China, Russia, Great Britain and her dominions are meeting here for the week's session of the International Congress of Historical Studies.

The congress is under the patronage of King George and was presided over by Mr. Adolphus W. Ward, Master of Peterhouse, Cambridge University, in the unavoidable absence of Mr. James Bryce, British Ambassador to the United States, who wrote a letter explaining that when he promised to preside he quite expected to be home in England.

The presidential address, written by Mr. Bryce, was read. Tonight the government gave an official banquet to the delegates, and this was the first of many social functions at which they will be entertained during their stay in London.

During the regular sessions of the congress the delegates will be kept busy, for after the formal organization, which took place today, they will be called upon to discuss two hundred papers, which will be read before them. For this purpose the Royal Society has placed Burlington House at the disposal of the congress.

One of the papers which is expected to provoke much discussion will be read by Professor Andrews, of Yale, on "Anglo-French Commercial Rivalry, 1700-1750."

WASHINGTON, April 8 (Special)—No diplomatic assistance will be given to Miss Zella Emerson, the American suffragist who is now confined in a British jail and being fed by forcible means. Miss Emerson is a native of Jackson, Mich., and Senator William Alden Smith, of Michigan, appealed to the State Department for an investigation of her condition.

Mr. Bryan, the Secretary of State, received a report from Mr. Irwin B. Laughlin, Charge d'Affaires of the American Embassy at London, stating that there has been no discrimination against Miss Emerson, and that her mother, Mrs. E. M. Emerson, who is in London, had made no complaint to the Embassy in behalf of her daughter.

As there is no discrimination between the treatment of Miss Emerson and the British suffragettes who are also in jail, there is no ground for a diplomatic protest against her treatment.

PARIS, April 8 (Special)—French duels are not invariably a pleasure trip to the suburbs, for in one at Ober's Horse Mart at Saint James, Neuilly, Mr. Pascal Ceccaudi, Deputy for Aisne, was seriously wounded by Mr. Georges Berthoulet, director of the Journal Liberte.

The cause of the meeting was the violent comments in an article by Mr. Berthoulet on a motion in the Chamber to grant amnesty to prisoners sentenced for anti-militarism. The motion was supported by Mr. Ceccaudi, who considered himself personally insulted.

The encounter was animated. The weapons were swords, and scarcely had the word to begin been given when the adversaries attacked without any of the customary graces of swordsmanship.

DR. A. W. CHASE'S 25c CATARRH POWDER. It acts direct to the diseased parts by the Improved Flower. Heals the ulcer, kills the air parasites, stops discharges in the throat and permanent cures Catarrh and Hay Fever. It's a new, better, freer. Accepted substitutes. All dealers or Edmondson, Boston & Co., Limited, Toronto.

Vast Crowds Thronged Precincts of Parliament Building.

PEKIN, China, April 11 (Special)—The first Parliament of the world's youngest Republic was inaugurated here amid general rejoicings, not only in the Chinese capital but throughout the country.

The scene of the gathering of the joint inaugural session of the members of the Senate and the House of Representatives was a remarkable one. Five hundred representatives out of a total of 596, and 177 Senators out of 274, all of them earnest-looking men of mature years, and nearly all dressed in European fashions, with frock coats, silently awaited the appointed hour of opening.

As the clock struck 11 several bands played the National Anthem, while the assemblage rose to its feet. The senior members of the House of Representatives then made a few congratulatory remarks to the noble gathering and formally declared both Houses open.

Scenes of jubilation followed before an adjournment was taken till April 12. The proceedings were very brief and simple, but earnest and impressive, and were watched with interest by a large number of foreigners, who had packed the galleries.

Outside vast crowds thronged the precincts of the Parliament buildings and cheered as the salute of 101 guns signalling the inauguration boomed from the adjacent city wall. All the streets of the city were decorated with flags, and triumphal arches had been erected in many places. The occasion was observed as a general holiday throughout China, and great rejoicings were reported from many cities.

Yuan Shi Kai's message to Parliament, which was not read publicly, as his Presidency still is provisional, consisted of hearty congratulations and the expression of the hope that the Republic would last ten thousand years.

The American Charge d'Affaires has intimated that the United States will recognize the Republic when Parliamentary officers have been appointed. Brazil and Mexico will do the same time with the United States. The other powers will probably defer action until after the election of a President, which will be several months hence.

IN MEMORIAM

MISS EDNA CLARKE.

On Sunday, March 29th, the Angel of death visited this terrestrial garden and claimed for its own one of earth's choicest flowers, the soul of little Edna Clarke, and bore it aloft to enjoy forever the beautiful vision leaving a void in the home and sad dening the hearts of father, mother, sister and brothers. Deceased was just six years old and the youngest daughter of Mr. and Mrs. William Clarke of Emerald. She was a bright and lovable little girl whose kind and gentle disposition made her a general favorite with all who knew her.

MR. ALBERT HAYES.

It is with feelings of profound regret that The Guardian is called upon to chronicle the death of Mr. Albert Hayes, which sad event took place at his home in Lake Verde on Thursday, April 3rd. Deceased who was in 53rd year of his age was a good true Christian man, a charitable, kind and Christian neighbor who commanded the respect of every one who had the pleasure of his acquaintance. During the latter part of autumn, he began to complain of not feeling in his robust health and on being advised by his physician to enter the hospital, where a thorough examination of his case was made, it was learned to the regret of his wife and many friends that he was suffering from that much dreaded disease cancer of the stomach which ended fatally as above mentioned. During his illness he was comforted by all the rites of his holy religion and he died trusting in God's holy mercy. His funeral to Vernon River Church on Saturday, April 5th, despite the very unfavorable travelling was very large indeed. Mass of Requiem was sung by Rev. Father Croken, after which all that was mortal was consigned to its last resting-place. He leaves to mourn a devoted wife and five small children, the eldest only eleven years; four brothers, three in the United States and Henry of the Canadian Bank of Commerce; one sister Mrs. William Holland of Port Augustus, besides a wide circle of friends to cherish his memory. May the Lord in His mercy grant rest to his soul.—Com.—(Patriot and Examiner please copy.) 4-10M3IE11.

EDWARD 7TH DIED FROM VACCINE

Says Sir George Kekewich in Evidence Against Pall Mall Gazette.

LONDON, April 11 (Special)—Sir George Kekewich, giving evidence in a libel action brought by a prominent member of the Anti-Vivisection Society, against Mr. Waldorf Astor's Pall Mall Gazette, declared it was his belief that King Edward's death was caused by vaccine treatment. In the witness's opinion the King's malady was not such as to lead to sudden death and he thought he suffered from blood-poisoning in consequence of the injection and use of vaccine.

A GOOD RECORD

Mr. Walter M. Lee, Victoria, P. E. I., writes the Maritime Farmer and Cooperative Dairyman:

We have just finished a yearly milk and butter record with the Hoosier cow, Nettie McDonald, No. 425, that we think is one of the largest fat records yet made in the Maritime Provinces. As the government inspector tested her on the farm on six different occasions during the year, it is not accepted in record of performance on account of a premature birth eight months after beginning of test. But for this accident, which was caused by an over-gorge of frozen roots, which sickened the cow and put her badly off her milk, this record would be considerably greater. She lost the calf on November 8th and was again bred and conceived on November 27th, so she was in calf during nearly the full period.

Nettie McDonald is only a medium-sized Holstein and never ate over 16 lbs. meal in a day at any time and never was forced to feed more than twice a day. At the time of the inspectors visit in March, according to the prices charged, cows calving in the official record test she was producing milk for fifty-six cents per hundred pounds. But, according to our prices, the cost was about seventy cents. However she at all times produced milk most economically and well and at the provincial exhibition milk test, eight months after calving, she gave 34 lbs. Milk testing 4.3 per cent fat in one day.

Her best months milk record was in March, 1,785 pounds testing 3.6 per cent. Her best month's fat record was in May, 66 pounds, testing 4.0 per cent. She gave during the year 14,538 pounds milk, testing an average of nearly 4.1 per cent. butter fat, a total of 590 pounds fat.

Her total cost of feed was \$112.00 and her butter and skimmed milk was worth almost \$200.00 at our prices making a profit of 88.00. In this calculation we priced everything at just what it was worth in the line of feed at market prices. The skim milk was valued at 25 cents per hundred.

Popular Young Farmer Talks

TELLS WHAT DODD'S KIDNEY PILLS DID FOR HIM.

He's Back at Work Again, After Suffering from the Pains, Nervousness and Depression that Only Kidney Disease Can Bring.

Point Alexander, Ont., April 11 (Special)—Mr. D. A. Froncare, a well-known and popular young farmer, living near here, who has been a sufferer from kidney disease for some time past, is back at work again, and he says, without hesitation, that his cure is due to Dodd's Kidney Pills.

"I was always tired and nervous," Mr. Froncare says, in speaking of his illness. "I suffered from backache and neuralgia, and my sleep was broken and unrefreshing. My eyes were puffed and there were dark red circles around them."

"My muscles would cramp, I felt heavy and sleepy afterward, and I was depressed and low-spirited, while shortness of breath and dizzy spells served to make life yet more miserable for me."

"I was always thirsty; my limbs were heavy; and I had a dragging sensation across the loins. "My symptoms led me to believe I had kidney disease, and I started to use Dodd's Kidney Pills. I have taken eight boxes in all, and I am very grateful for the benefit I have received from them."

If the disease is of the kidneys or from the kidneys, Dodd's Kidney Pills will cure it.

"Our fleeces underwear is just the goods for spring wear, after you put off your heavy wool garments. The quality is No. 1 'Penman's' and price is only 50 cents per unit. Patent 4-10M3IE11.

BILL GIVES NEW POWER TO MAYOR

Measure Authorizing Him to Increase Number of Magistrates.

WASHINGTON, April 11 (Special)—Authority to increase the number of city magistrates is taken from the Board of Estimates and Board of Aldermen and conferred on the Mayor by terms of a bill on which the Mayor held a public hearing.

It is provided that when two-thirds of the Magistrates certify that in their opinions more Magistrates are needed the Mayor may appoint any number required for terms from two to eight years and the Board of Estimate will be compelled to furnish the salaries without asking questions.

Under the existing law Magistrate certify to the Board of Estimate that more men are needed and the request is sent to the Board of Aldermen for approval. This power is taken entirely out of the hands of the two boards under the proposed terms.

"Phone 89 and we will call for your Panama hat to be sent away cleaned and reblocked. National Clothing Co 3-31Mtf.

BORDAS VALDEZ CHOICE OF SENATE

Dominican Lower House Has Yet to Approve His Election.

WASHINGTON, April 11 (Special)—Senator Don Francisco Bordas Valdez, a member of the Dominican Senate from the district of Puerto Plata, has been agreed upon as the compromise candidate for election as President of Santo Domingo. The provisional President, Archbishop Nouel, resigned because of ill health.

This information was received at the State Department from the American Legation at Santo Domingo. Senor Valdez was unanimously chosen by the Dominican Senate, but under the constitution he will have to be elected also by the House. He is about fifty years of age and was one of the military leaders in the revolution last year.

According to the State Department's advices, order prevails in Santo Domingo, although there is some rioting in the interior. The telegraph line from San Domingo City connecting with the cable station at Puerta Plata has been cut and communication has been interrupted.

"Faton's special offerings, in the house furnishing department, are all soiled curtains at half price. About 50 pairs of odd curtains, many only one pair of a line at 1-3 off. A few pieces of window curtaining, last season's patterns, at 1-3 off, and all Union and Wool squares, 1/2 price. Read their ad. in today's issue. Paton's. 4-10M3IE11.

GREEKS SENTENCED TO DEATH ARE RESCUED

Interest Shown In Men Illegally Condemned Costs Life.

LONDON, April 11 (Special)—Four Greeks about to be hanged by the Turkish authorities at Smyrna, were rescued while being taken to the gallows, according to a cable despatch to Atlantis, the Greek daily newspaper of New York. The charge against the Greeks was that when the Greek forces took the Island of Mitylene they abused a young Turkish woman. It is alleged that the testimony against them was perjured. Protests made by the Greek Church and the Greek community of Smyrna were ignored.

Because of the interest taken on behalf of these men by the Greek Church the Turks murdered the Metropolitan of the Greek Church, the Most Reverend Chrysostom, a man of high education, who was formerly Metropolitan at Drama, Macedonia. He was transferred from that place because the Turks objected to his activities on behalf of the Christians living in Macedonia.

Smyrna is an important city in Asia Minor. It has a population of 450,000 inhabitants, of which 250,000 are Greeks. The commerce, banking, shipping and industry is practically in the hands of the Greek element.

"Samson's Baces 25 cents. This is particularly suited for the working man having double reinforced tabs of heavy leather, also the webbing is extra heavy and durable. Paton's. 4-10M3IE11.
