MARoons TO USE SAME REGULARS

As Last Season — Joe Lamb Will Work in Relief Role for Wing Man.

MONTREAL, Nov. 6.—Nothing has occurred during the summer months to cause officials of Montreal's junior professional hockey sextette, the Maroons, to make any change in the regular line-up which carried them to the Canadian group championship of the National Hockey League last winter.

Several additions have been made to the substitute line, but otherwise Manager Eddie Gerard will stand pat on the crew that went down to unexpected defeat against the New York Rangers, American group champions, in the epochal series for the Stanley Cup and the world's title at Montreal last spring.

FORMER CHAMP. NOW HOCKEY MAGNATE

Benny Leonard, who held the world lightweight boxing championship for many years, until his retirement with the title still intact, recently switched his activities to the hockey world purchasing the Pittsburgh Pirates, members of the N.H.L. Already Leonard is having his troubles as his club is the "weak sister" of the league and a large majority of his players are hold-outs, who must sign or stand during the court hearing recently.

Uzudun Beats Von Porat In Fast Ten Rounds

Victor Floors Opponent Twice For Count of Seven—Loser is Game and Stages Comeback in Closing Session.

MADISON SQUARE GARDEN, New York, Nov. 6.—Otto Von Porat, a deadly punching Norwegian heavy, who now calls Chicago home, came back to the ring where he made his professional debut to-night and lost a vicious bloody ten round battle to Paulino Uzudun, a squat Spaniard from the Basque country. Twice, in the first and fifth rounds, the Spaniard nailed the lanky Norwegian with left and right hooks to the chin that deposited the latter jawed Von Porat on the canvas for a storm of seven. Both time Otto got up with the cheer of 15,000 spectators ringing for him in his ears.

Each time, as the lanky Norwegian waved like a sapling in a storm under Uzudun's swarming, wild-swinging attack, it seemed as though the battle was over. But at the end of the match, his face smeared with blood, jaw hanging loose from exhaustion, it was Von Porat, fighting the hardest, punching under a storm of right hand punches that threatened to tear his concrete chin apart.

Von Porat Game

Von Porat, a marvel of gameness, won the crowd in the very first round when he ran out an overhand right that carried every ounce of Paulino's 198-pounds to the floor. The Norwegian toppled to the floor and rose in a daze at the count of seven to endure a sav-

Clint Benedict and his traditional black, peaked cap, will be between the goal posts.

Clint Benedict and his traditional black, peaked cap, will be between the goal posts. To Clint the lugubrious-looking sky-piece means more than merely an eye shade or hair net. It is a lucky omen.

When Benedict turned professional, he was presented with a black cap—the one he still wears—by his former work mates. He will not take the ice to start a game without it. Once it was left behind in his hotel and the game was delayed half an hour while Benedict went back and retrieved the cap. Many other hockey stars discard similar headgear, but Benedict's is believed to be the only one that has sentimental value to its owner.

The Maroons' defence will consist of Red Dutton and Babe Gilbert. Hooley Smith, at centre, will be flanked by Jimmy Ward, on right wing, and Nelson Stewart, on left wing. They are strong substitutes. For defence there is Dunc Munro, whose retirement from the game next season is rumored.

Lamb At Right Wing

Joe Lamb, brilliant amateur from the Maritime Provinces, who made the jump to pro ranks midway through last season and was a success from the start, will relieve Ward on right wing. Bill Phillips will sub on right wing and at centre; and Russell Oatman at centre or left wing. Flat Walsh is again the substitute goal-keeper.

There are four newcomers to the N. H. L., but it is expected a couple of them will be farmed out to a minor league club. They are Elliott, forward, and Hicks, defence from the Stratford Club of the Canadian League; Earl Robinson, leading scorer of the Canadian-American League last season, and McBride, a new professional product from Fort William, Ont.

Biondy Brown, signed by the Maroons last year, has been sent to a minor league.

Palin Wins 49 Grand Circuit Races in Season

INDIANAPOLIS, Ind., Nov. 6.—Sep Patti, the Indianapolis reinsman, for years a prominent figure on the Grand Circuit, is the leading race winning driver of the nation for the 1928 season. This is as the result of 49 victories. Winnipeg, 137-4, world champion pacing gelding, accounted for ten. Riley and Single D. other sidewheelers, scored eight and seven respectively.

Widow Grattan Goes to Stable of Will Hodson

NEW YORK, Nov. 6.—J. C. Thompson has sold his fast pacing mare, Widow Grattan, 2,021-2, to A. G. Lord, Nyack, N. Y., and P. W. Woodman, Haverhill, Mass. The horse is the only one that was able to win a heat from the Canadian sensation, Grattan Bars, 1,591-2, this season. She will go into the stable of Will Hodson, Hartford, Conn., reinsman.

LEESE HEADS LIST OF MONEY WINNERS

CLEVELAND, O., Nov. 6.—William H. Leese, the capable young man from Monroe, N. Y., is another of the big driving surprises of 1928 Grand Circuit warfare. Following well-nigh a year of inactivity because of fractures, sustained in a spill at Avon, Conn., Billy, as he is called, took a new "Leese" on his back and proceeded to lead the nation's reinsmen in money won.

No official figures yet, have been issued, but it is estimated Leese captured approximately \$75,000 in purses.

The Grand Circuit knew little of William H. Leese until Goshen, N. Y., where the fifth meeting of the season was held. It was here he was pressed into service to drive the horses of Walter B. Cox and the great three-year-old trotter, Spencer, owned by David M. Look of New York.

This was caused by the never-forgotten spill at the North Randall race track, Cleveland, last August when six drivers and colts went crashing to earth. Three reinsmen were confined to the hospital for weeks, one being Lon McDonald, the Indianapolis veteran who had Spencer. Cox was suspended for 30 days on the charge he was responsible for the accident and consequently couldn't pilot his horses at Goshen and the following meetings at Syracuse, N. Y., and Indianapolis. Cox and Look knew of Leese's capabilities from his glowing work on eastern half-mile tracks and so engaged him.

Leese landed third place with Spencer in the Horse Review Futurity at Goshen, capturing one heat, and won the \$10,000 Goshen Trot with Dewey McKinney, owned by Claude Laddington, Rochester, N. Y., sportsman. Then as compared with 24.25 per cent in the Grand Circuit, realized it had the United States.

On the Grand Circuit—Monroe Reinsman Gets His Chance When Cox is Suspended.

Another star pilot.

Leese's greatest success, of course was the triumph he scored with Spencer in the \$66,000 Hambletonian, harness racing's premier classic, at the New York State Fair, Syracuse. First money here was \$40,549. He also landed the \$14,000 with Spencer, at Lexington, Ky. the junior division of the class, and had a value of \$7,000, with Belmont, from the Cox stable and owned by Thomas D. Taggart, Jr. of French Lick, Ind. His other notable successes were registered in the \$12,800 Wet Weather 2-year-old trotting stake at Syracuse, won with Walter Dear, 2:15, another Cox stable, and the \$5,000 trot at Indianapolis with Dewey McKinney.

And another sparkling achievement was his piloting of Spencer into the two-minute list at Lexington, Ky., a mile in 1:59.3-4 tying the world three-year-old trotting record held by Mr. McEwain. He then drove Spencer two more miles in an effort to break the mark, one in 2:00 and the other in 2:01.4. As a result of these attempts, Spencer became the only three-year-old trotter to travel two miles in two minutes or better.

MOUNT A IS READY

SACKVILLE, N. B., Nov. 6.—The Mount Allison Rugby team held its final workout this afternoon in preparation for the game with St. Francis Xavier at Truro tomorrow afternoon for the intercollegiate championship of the Maritime Provinces. The team worked smoothly and Coach Ray Smith expressed himself as well satisfied. They will leave for Truro on Tuesday.

The squad is in excellent condition with the exception of Harold Chown, who was slightly injured in a tackle today. He is expected to show no ill-effects.

Tiny Mathewson, who has been out with an injured ankle, was back at his regular position as lock in the scrum, and seemed to show no ill-effects.

The team will leave on the Limited this evening for Truro. There will be no practice in the afternoon. Some supporters are expected to make the trip, but not a large number as the trip comes so soon after the game at Fredericton last week, which was largely attended by the Garnet and Gold undergraduates.

The question of a referee is giving some trouble. Both teams had agreed to George of the United Service team, Halifax, or Professor Webb of the University of New Brunswick. George, however, is not available as his team is playing in the Halifax City League on Wednesday, and it is not yet definitely known whether Professor Webb will be able to accept.

The St. F. X. team is reported to be fast but rather lighter than usual.

The Mounties will line up as in the last game with U. N. B., except that Mathewson will be back in his usual place.

LORD DERBY HEAVY WINNER

LONDON, Nov. 6.—With more than \$1,500,000 won since the war, Lord Derby continues to breed and race winners on the English turf. The recent victory of Toboggan in the Jockey Club Stake at Newmarket brought this season's winnings to more than \$300,000. It was an expensive victory, for Toboggan sprained a ligament, and will not be raced again.

Lord Derby headed the list of winning owners in 1919 and 1920 and will probably repeat this year. He has won the Epsom Derby once in 1924. He did not attend a meeting during the present season, and has not visited a race course since his daughter, Lady Victoria Bullock, was killed early this year, but has devoted a great deal of time to his stable, which would be worth close to a million pounds sterling in the open market.

Ruth Holds Many Records

Babe Ruth holds numerous world's series records. He is the only man who has played in nine series games; he is the only player who has batted 300 or better; he holds the batting record for one world's series with .625 established this year; he holds the record for runs scored with 31; he holds the record for runs batted in with 26; he is the only man who has hit three home runs in one world's series game, having performed this feat twice. He holds the record jointly with Lou Gehrig with four home runs in one world's series.

WHERE SALT IS USED

The Canadian production of salt, except for small exports, is sold in Canada principally to the dairy, meat-curing, fisheries, and chemical industries, and as table salt for household use. The market for salt in Canada is steadily increasing.

Australia's torrefied cover only 1.20 per cent of the area of the country. As compared with 24.25 per cent in the United States.
