MOTHER-IN-LAW CHIEF CAUSE IN WRECKING OF HAPPY HOME

NEW YORK, Jan. 14—When Henry P. Lewis, chief clerk of the Domestic Relations Court, made his annual report yesterday, Miss Rose McQuade, probation officer, charged the mother in-law with being responsible for more trouble between young married people than anything else with love for strong drink a close second.

"Mother-in-law," said Miss McQuade "are really the cause in a great majority of cases of disagreements between husbands and wives who come into this court. If only the mother-in-law would let young married couples alone, I think more than half their quarrels would disappear.

"A mother-in-law should never pay more than formal visits to the home of her married son or daughter," added Miss McQuade. "Under no circumstances should she remain in the house over night."

Miss McQuade mentioned a case from Harrisburg, Pa., that of a young couple married only two days. The mother-in-law, Miss McQuade said, had stayed with the young couple a week and left with the home practically broken up. It was then that the couple went to the Domestic Relations Court, where they were reconciled.

"Drinking by the husband and slovenliness on the part of the wife" said Miss McQuade, "frequently bring young couples into court. Then neglect on the part of either is another cause. For example there was the case of a man who left his home because his usual supper consisted only of a bologna sausage.

The report shows that in 1911, there were 3,883 warrants and summonses issued, and that 1,425 of the warrants were for delinquent husbands. Ninety four warrant cases and ninety summons cases are still pending.

FREED AS A BRIBER.

PARIS, January 15—The court today acquitted Judge Delavalette, who was accused of attempting to bribe Deputy Pascal Ceccaldi, a radical-socialist, the judge was acquitted on the ground that such an attempt is not punished by law.

The verdict points out that the laws punish elected representatives for corruption, but do not speak of a corruptor or a would be corruptor. The state attorney gave notice of an appeal.

The judge sought the deputy's influence with the minister of justice to prevent judges from being transferred to the Algerian district to which he had been appointed as a punishment for certain acts.

According to the evidence at the trial M. Ceccaldi was surprised some time ago to receive an ordinary letter from the judge with 1,000 francs enclosed. The judge testified that he knew nothing about the enclosure of the money.

Your Money Back if You are not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure chronic constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To expect permanent relief you must therefore tone up and strenghen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Charlottetown only at our store—The Rexall Store. The MacKinnon Drug Co.

Thanking you for past favors and confidently anticipating your hearty support.

The all-Amherst hockey team went to Springhill yesterday and met the Thistles of that town in the first of the Cumberland-Westmoreland hockey league series of matches. The game was a decided victory for the Ramblers, the score standing 7—0 in favor of the Amherst team. It is only fair to state, however, that the Thistles of Springhill had but little practice this season and the members of the team have done but little playing together. Before the season is over the Springhill boys will be able to put up a good game. The next match will be played in Amherst between the Sackville team and the Ramblers. The Sackville team have a very swift septette and it will take the Ramblers all their time to beat them. The Ramblers have the making of a Splendid hockey player in Roy Pines. With a few years' experience on the ice Roy will qualify with the best of them. Walter Simpson would also make a splendid player if he would play the game all the time. In fact, all the Simpsons have made "good" at hockey, but the youngest of the family shows up at times better than any of the older brothers.—Amherst Exc. (Fred Locke, Charlottetown, is playing centre for the Ramblers.).

The McGill Hockey team drove their first peg into their claim on the Intercollegiate Hockey championship last night at the Arena by winning the opening game of the series by three goals to two, after a contest which, while spirited scarcely scrintillated with anything approaching brilliant hockey. As a matter of fact the game resolved itself into a more or less individual contest in which condition and a full-fledged acquaintance with the large sheet of ice at the Arena were likely to prove factors. The truth of this was shown in the fact that while McGill were able to score three goals in the first half they were blanked in the second, while Queen's, who had begun to find their feet, scored their brace of goals. Although neither appears in the scoring list. Rankin and Wilson were the stars for McGill, while George and Hunt for Queen's were the bright outstanding stars. Montreal Exc.—(Harry Smith of this city played right wing for McGill and scored two of McGill's three goals within four minutes. He was penalized twice.).

There will be band at the Arena tonight.

The Best Way To Make Porridge

EVERY housewife has a little different way of making porridge.

Some wet the oats in cold water first, others stir the oats into boiling water. Some prefer porridge very thick, others thin it out; some like it flaky, others like it jellied.

All these ways can't be the best way.

We think there is one best way—that's the Tillson's way.

Here it is:—

Put one and two-thirds cupfuls of boiling water in the inner part of a double boiler. Have the water boiling briskly, sprinkle in one cupful of Tillson's Rolled Oats slowly, so as not to stop the boiling of the water. Add one-third teaspoonful of salt, cover, cook one minute, then place the inner saucepan in the outer in which the water should be boiling. Cook fourteen minutes. Avoid all stirring as this breaks the oats and makes the porridge pasty.

Just out of curiosity get a package of Tillson's Rolled Oats and make your porridge this way for two or three mornings. See if you don't decide that of all the ways of making porridge, this way produces the tastiest results.
