Syren and Shipping, one of the most reliable of marine journals, has the following to say about the Earl Grey, which recently limed into St. John's, Nfld., short of food and coal. "The new ice-breaker Earl Grey, just built to the order of the Canadian government by Vickers, Sons and Maxim, has made an ominous start on her voyage from Barrow to the St. Lawrence. She put into Lough Swilly with her bilge pumps choked, and the stokers and trimmers so little liked the first taste of their voyage that they refused to proceed. Fresh hands were engaged and the pumps cleared, so that it is to be hoped there will be no further mishap. These remarkable vessels are extremely valuable, and the Earl Grey is insured at £103,000."

Good Blood and Good Health

Is the Result Obtained When Dr. Williams' Pink Pills Are Used.

To have good health you must have good blood. It is only when the blood is bad that the health is poor. The blood is the life-giving fluid of the body—it is therefore an absolute necessity that it should be kept free from all impurities and poisons. To do this nothing can equal Dr. Williams' Pink Pills for Pale People. These Pills make new, rich blood with every dose; they drive out every impurity—every poison—and thus give good health. Concerning them Miss Bernadette Lapointe, of St. Jerome, Que., says:—"For several years my health was very bad—my system was completely broken—I had indigestion almost continually, my heart was weak, I had headaches and backaches, and was sore all over. My blood was very poor and more than once I was in despair. I tried many supposed remedies but none of them helped me. One day a friend advised me to try Dr. Williams' Pink Pills, telling me that she had found them good in a case similar to mine. I followed her advice and began taking the pills. They soon gave me some relief. Encouraged by this I continued their use for several months and they strengthened my whole system. I am today in excellent health and always keep Dr. Williams' Pink Pills in the house for if I feel a little out of sorts I take a box of Pills; and am soon alright again."

A WORD OF EXPLANATION

About an Excellent Remedy

In order that there may be no prejudice aroused against a well known remedy, which enjoys a wide sale in all parts of Canada, it may be well to state that Gin Pills do not contain liquor, gin, nor alcohol in any form.

The name is taken from the Juniper berries, the active or medicinal principle of which, is an important part of their composition. As every physician knows, the medicinal principle of Juniper berries is exceedingly valuable in the treatment of Kidney and Bladder Troubles. It acts directly on these organs, and assists in quickly restoring the patient to health.

Gin Pills contain this medicinal principle (whence the name) in combination with other valuable ingredients for the curing of these diseases. These pills also act directly on the liver, curing Constipation and Biliaryness, which usually accompany various disorders of the Liver or Bladder. In order that every sufferer may become acquainted with the merits of the Gin Pills, a free sample will be sent to those writing National Drug & Chemical Co. F. Burns, Mr. Arsenau would certainly have been drowned. Mr. Burns who noticed the excitement ran down the wharf and without a moment's consideration of the risk he took leaped into the sea and at the peril of his own life kept Mr. Arsenau who weighed about 25 lbs above water until when nearly exhausted assistance came from the brisk working over him Mr. Arsenau regained consciousness, and appeared to be in a fair way to recovery.
