## MILLER BROS., Ltd

147 Great George Street

The oldest music firm in Prince Edward Island was established in 1868 by the late Warren Miller and was known for many years as Miller Bros. In 1926 the business was readjusted and the firm became incorporated as Miller Bros. Limited.

About five years ago Miller Bros. Ltd. was taken over by the joint management of Mr. W. M. Forsyth and Mr. M. F. Graves, and was enlarged to include many other lines not previously carried.

Today this progressive firm is representing the famous Westinghouse line of Electrical Appliances; Washers, Refrigerators, Radios, Irons, Toasters, Coffee Makers etc. Miller Bros. Limited has always been the sole agency in this province for the renowned Heintzman Pianos. Besides these they sell the well known Nordheimer Pianos.

Everything in modern musical merchandise can be obtained at this progressive store. You will always find a full range of sheet music including all the popular numbers. A large stock of Music Teachers' supplies is at all times carried here. Victor Radios, Phonographs, and Records are also on display.

Paris and Needles for sewing Machines can be obtained here, and orders are also taken for the Remington line of typewriters.

At the present time Miller Bros. have on hand some used pianos

which they are offering at very low prices. All used pianos are thoroughly overhauled and reconditioned before they are placed on sale. Several of these are as good as when new and have been well cared for while in use. If you are interested you will be calling in to see and try these bargains very soon before they are sold.

The well known phrase: "Ye Olde Firme" has always been applied to this firm and is still the official slogan of Miller Bros. Ltd. Each transaction at this store is backed by their own guarantee in addition to that of the manufacturers, and entitles the purchaser to an entry in the Foto-Blox Contest. New stock is arriving here from time to time and full particulars may be obtained at any time regarding any article by phoning 555.

Shoppers will do well to make a practice of dropping in to Miller Bros. Ltd., every time they are passing, just to look around and see the many new items and ideas which arrive almost daily.

Customers are always treated with every courtesy here. "Service and satisfaction" seems to be the watchword of the sales staff. Readers who are taking part in the Foto-Blox Contest may draw their prizes on this store if they so desire. In the replies to last week's contest the name of either of the joint managers is being accepted as correct.

#### Completes 100th Atlantic Flight

(By The Associated Press) PORT WASHINGTON, N.Y., Aug. 1.—Capt. Joachim Von Blakenburg, veteran German commercial pilot, completed his 100th Atlantic flight today, landing the cataplane Nordmeer at this international flying harbor at 3:17 p.m. ADT.

He and his crew of three took off from the mother ship, Schwabenland, at Horta, the Azores, at 9:20 p.m. yesterday, completing the 2,397 miles in 17 hours, 57 minutes.

About 10 years ago, when the German liners Bremen and Europa speeded up the Transatlantic carrying of mail by catapulting airplanes to shore from far at sea, Von Blakenburg was one of the pilots.

Since that time, he has flown the South Atlantic repeatedly and, during the last three years, had engaged in Germany's exploratory flights across the North Atlantic.

#### GOOD RIDDANCE

The empty furnace is a splendid place for those oily meat wrappings and greasy ice cream boxes. In two minutes they can be burned and all attraction to flies, roaches and summer bugs be eliminated. Don't keep them around until trash day.

#### KEEP OFF THE GRASS

If you have a small yard and do not want to have your garden trampled on when hanging out the clothes, buy some pulleys and thread the line through these. You can stand on the sidewalk or back steps and hang out the wash by pushing the line out into the yard as you work.

#### TAILORED TRIMNESS WITH A CASUAL AIR

It is not an easy trick, but they do it! The spring fashions of 1938 manage to combine exceeding trimness with casualness. And there is something of this type to suit every figure, regardless of age. Suits are highlighted, but the return of the separate long coat is an event, after so many seasons of neglect. For the woman who just cannot see herself in a suit, this is a welcome news, especially as some of the new coats are full of novel details and are gay in two-colored combinations or flatter in soft pastels.

#### SAYS CANADA GREAT STORY MATERIAL

(By The Canadian Press) EDMONTON.—Corey Ford, author who finds much of his material in Canada, thinks Canadian writers can't see the woods and the trees. "Here in Canada," Ford said, "it seems to me there is a score of authors. Places like Jasper, Banff and the north literally bristle with stories. But up to now most of them have been written by Americans who came up here for that reason."

#### YOUTHFUL SKIRTS

Skirts are almost as varied. There is the swinging, all-pleated skirt—accordion or box-pleated—which is very hard to resist because it is so youthful, but which is full of pitfalls for the unwary for this very reason. Only the slimmest, long-legged type can wear a skirt like this well.

Keeper of the nearly empty treasury of Haiti Selassie has hopes of replenishing it because the former Emperor of Ethiopia has won a judgment in chancery for \$35,000 against Cable and Wireless Ltd., which he claimed under an agreement for radio and telegraphic service between Addis Ababa and London.
