ROOSEVELT FAVOURED ELECTION

Every Indication Of a Democratic Victory And a Defeat For Hoover.

(By Ken Clark, Canadian Press Staff Writer)
NEW YORK, N. Y., Nov. 6.—Forty-eight hours before the result of the Presidential elections will be known, there is every indication of a Democratic victory and the triumph of Franklin D. Roosevelt over President Herbert Clark Hoover. There is of course the possibility of the "great silent vote" overturning predictions. Political analysis writing in the Metropolitan dailies however, concede the election of Roosevelt probably by a landslide. A New York Times poll observer gives the Democratic candidate from 400 to 450 of a total of 531 Electoral College votes, and at least 39 states. Chairman James A. Farley of the Democratic National Committee refuses to give the President a single state. On the other hand Everett Sanders, chairman of the Republican National Committee, awards Mr. Hoover the victory with 338 votes on "the cold blooded sifting of reports by trained political observers."

Dark Outlook For Hoover

Odds of 3 to 1 and 4 to 1 on a Roosevelt win were commonly offered today and there were reports of better odds. As President Hoover travels tonight through Nebraska.

Bradette's pleas. Mr. Speaker gravely consulted the rule-book. "I have no definition of the word fourflusher," he announced. He asked why Mr. Bradette did not object at the time the name was applied to him by Mr. Lavergne. "I did not hear the words at the time," Mr. Bradette replied. "Surely my word should be as good as anyone else's in such a personal matter. If I had heard the words I would have objected at the time." Mr. Speaker was adamant. "If the hon. member did not hear them," he said, "that is his misfortune." Conservatives laughed again at the New Ontario Liberal's plight.

In Memory Canadian War Dead

FOURTEENTH ANNIVERSARY OF HOSTILITIES CESSATION
Friday, November 11, will see the 14th anniversary of the end of hostilities in the Great War. The people of Canada will pay tribute to the memory of the thousands of Canadians who lost their lives in the war to end war. On the (LEFT) is shown a picture of the Grange Crater, sector of the Vimy battlefield which has been preserved by the French government and which old soldiers describe as "too pretty to be realistic." At the (RIGHT) is the new Canadian memorial to be erected at Ottawa as it appeared in Hyde Park, London, England, before being taken down for shipment to Canada.

Return To Gold Standard Mooted

(Canadian Press)
GENEVA, Nov. 6.—Monetary experts preparing for the world economic conference had reached a unanimous agreement tonight upon the desirability of a return to the gold standard by the nations which have left it. The last session of the preparatory committee was held Saturday although formal adjournment will not be taken until tomorrow. The deliberations will be resumed perhaps in January. There were differences of opinion as to when and how the return to gold could be expected. Some were said to have held that tariffs and international debts present problems which must be solved before the money question can be settled satisfactorily.

British Gov't. Has Plan For Unemployed

LONDON, Eng., Nov. 6.—The British Government is working on a new and sweeping plan to put to work the able bodied members of the country's unemployed. This was revealed in a speech by Stanley Baldwin, former Prime Minister and Lord President of the Council, which he delivered before a group of prominent Conservatives last night. The bill will become effective next summer, he said, suggesting that it would be outlined in the King's speech opening the new session of Parliament November 22. Baldwin said he hoped the scheme would "be capable of standing the test of the next quarter of a century."

Strength Of Hitlerites Falling Off

Thousands Of Prisoners Serving Terms Of Less Than Five Years To Be Freed.

(Canadian Press)
ROME, Nov. 6.—Publication today of Italy's long awaited amnesty, which Premier Benito Mussolini described as "most liberal of all preceding amnesties," revealed that it applies to thousands of prisoners other than political ones and holds out a shadow of hope of pardon for fugitives in foreign countries. The main feature of the decree, signed Saturday night by King Victor Emmanuel, is that all prisoners serving terms of less than five years are freed. It is estimated this will apply to more than 5,000 persons. Most of the principal political offenders of recent years, however, have received long terms.

Protest Prince's Appearance

DUBLIN, Irish Free State, Nov. 6.—(A.P.)—A resolution of protest against the impending visit of the Prince of Wales to Belfast to open the new Parliament Buildings, was adopted today at a large meeting held on college green and addressed by prominent Republicans. The resolution characterized the Prince's trip as "a deliberate attempt to perpetuate the partition and to misrepresent the people as loyal to the Empire they hate." Brian O'Higgins, President of the

ACADIA WINS CH'SHIP

(Canadian Press)
WOLFVILLE, N. S., Nov. 6.—The Nova Scotia intercollegiate rugby championship went to Acadia University yesterday as the red and black defeated St. Francis Xavier 7 to 0. The Acadians, leaders of the Halifax City League and rated as by the way is one of the world's chief mainland, met a tartar in the lighter team from Antigonish. For a bitterly contested half the Xaverians held their line intact.

"Fourflusher" Is Declared Legitimate

OTTAWA, Nov. 6.—"Fourflusher," generally regarded as one of those words to be said with a smile, is perfectly suitable for use as an epithet between members of Parliament, according to the ruling today of Hon. George Black, Speaker of the House of Commons. A few days ago Armand Lavergne, Deputy Speaker of the House, ironically accepting Joseph A. Bradette's ironic invitation to visit his riding of North Temiskaming, referred to Mr. Bradette as a fourflusher. Today Mr. Bradette demanded a retraction. Though Mr. Speaker declared the word parliamentary, Mr. Lavergne gracefully withdrew it. At the same time, he announced that he was willing at any time to accept Mr. Bradette's "challenge" to visit North Temiskaming. "Then I invite my hon. friend to come by the first train tonight," rejoined Mr. Bradette. Mr. Speaker was definite in his ruling. "I cannot see," he told Mr. Bradette, "that the words complained of are unparliamentary or that the hon. member who used them could be properly asked to retract them." Conservatives laughed at Mr.

\$3,000 FIRE AT FREETOWN

New Barn Owned By John Reeves With 11 Head Cattle, 3 Horses And Entire Crop Destroyed.

(Special to The Guardian)
Mr. John Reeves, of Freetown, suffered a heavy loss by fire on Saturday night when his large new barn was burned with eleven head of cattle and three horses, besides his entire season's crop and some machinery. The loss is estimated at nearly \$3,000. Mr. Reeves was away from home at the time and when Mr. Alfred Curley discovered the fire it was beyond control. The doors were all locked and how the fire started is not known. Fortunately the wind was not in the direction of the house, or that may have gone also. A small shed adjoining was burned. Much sympathy is expressed for Mr. Reeves in his heavy loss, especially as only last May his barn was burned down and this one was only built this summer.—S.
