DEATHS

THOUSANDS ENLIST DAILY IN ENGLAND.

NEW YORK, Dec. 10.—The Herald's London correspondent cables: The Chancellor's threat that if the allies do not bend the knee before Germany's power now, they will be forced to do so later when the peace terms will be much more severe, is derided by every newspaper here this morning, and the manhood of Great Britain rushing to the recruiting stations in thousands during a pelting rain storm yesterday and all last night, sent the answer—which is the voice of the whole British Empire—that the great volunteer army of Britain, fighting shoulder to shoulder with her allies, will never lay down arms till the murderous machine of which Dr. Von Bethmann-Hollweg is the mouthpiece, is completely smashed. I made a tour of the recruiting stations in London yesterday and saw a marvellous rush to the colors. In the city proper, near St. Paul's church yard, the standard hatting, and despite the torrential downpour, remained all day and far into the night in order to enroll as soldiers of the King.

From all the provincial cities—Manchester, Birmingham, Glasgow, Swansea, Leeds and Liverpool—reports tell of the wonderful rally to the flag.

The best part of the news, it was said by one of the recruiting sergeants at Whitehall, is that four out of six of those who passed here yesterday, are tomorrow up to the standard of the remarkable outpouring yesterday, the democracy of the world will have a chance to rejoice in the vindication of voluntary enlistment by free men, instead of the hateful system of conscription demanded by the whimpering North-cliff press.

It is not known what Lord Derby told his associates at the joint meeting of the parliament and trade union recruiting committee yesterday, but there is a whisper throughout London that, if the rally to the flag today and tomorrow is up to the standard of the remarkable outpouring yesterday, the democracy of the world will have a chance to rejoice in the vindication of voluntary enlistment by free men, instead of the hateful system of conscription demanded by the whimpering North-cliff press.

Painful Swellings Reduced Muscular Strains Ended

SUCH TROUBLES NOW QUICKLY RUBBED AWAY BY POWERFUL REMEDY.

If you have any muscles that are strained and weak, that are frequently subject to rheumatic pains; if you have any painful swellings that refuse to go away—get busy with Nerviline. This is the very sort of trouble that Nerviline is noted for curing quickly. "I have proved Nerviline simply a wonder in reducing a hard, painful swelling it followed an injury I received in my left leg and caused me great pain and discomfort. The muscles were strained and sore, and no other remedy gave the ease and comfort I got from rubbing on Nerviline. There is a soothing, pain-relieving power about Nerviline that touched the root of my trouble. Nerviline reduced the swelling, it destroyed the pain, it brought my limb back to perfect condition." The experience of Mr. Bowen, whose home is in Middlesex, is not unusual. Thousands are proving every day that muscular pains of every kind, chronic rheumatism, lumbago, neuralgia and sciatic will yield to Nerviline when nothing else can possibly cure. Nerviline is an old-time family pain remedy, used nearly forty years with great success. The large family size bottle costs 50c., trial size 25c., at all dealers.
