Comedy-Thriller At Capitol

It is "For Love or Money," now at the Capitol Theatre. It is a comedy. Funny? It is a long laugh from start to finish! It is all about a boy and a girl. The boy and a dumb stooge mislay \$50,000. The girl gets it and spends it. That's not so bad, but the \$50,000 belongs to a rough and tough gangster-gambler who threatens dire results unless he gets the money back by midnight.

Comical Situations

The boy, played by Robert Kent, and the girl, June Lang, struggle along, accompanied by two gangsters who are going to "give them the works" at midnight. Complications set in. What starts out to be a serious sort of a drama winds up in a whirlwind of fast comedy situations.

Edward Brophy is "Sleeper," Kent's helper, also under sentence by the gambler. The two gunmen are Edward Gargan and Horace MacMahon, who supply a goodly share of the laughs. Etienne Girardot is cast as an eccentric millionaire. Richard Lane is the gambler who always makes good his threats.

WARREN B. PURDY, NORTH END, DIES

With deep sorrow friends throughout the province learnt of the death Thursday May 18th of Warren B. Purdy, well-known retired merchant of the North End of Saint John, N. B., who had been actively identified with many local enterprises.

Mr. Purdy enjoyed the esteem of a wide circle of friends, his obliging and sterling qualities winning for him the high regard of all with whom he was associated. He had retired about nine years ago and had been in poor health for some time. In February of this year he went to Montreal for medical treatment and underwent a serious operation in hospital in Montreal. When he returned to Saint John about three weeks ago it was hoped that he was on the way to recovery but he was taken seriously ill last week and passed away at his home, 39 Douglas Avenue, Thursday afternoon.

Warren Bostford Purdy, son of the late Frederick and Martha Purdy, was born in Queens County. His forebears were among the early settlers of the district and he was of Scotch descent on both sides of his family.

As a young man Mr. Purdy came to Saint John and for a time was associated with the late D. J. Purdy in the grocery business. He then went to Boston and opened his own provision store there. He attained considerable success but after 18 years in the United States decided to return to Canada.

Mr. Purdy took an active interest in public affairs. In politics he was a strong partisan and had been identified with the Liberal party for many years. Of a kindly and charitable disposition he was a generous contributor to welfare organizations. He was particularly interested in the work of the Kiwanis Club and was a prominent member of that service organization.

A keen sportsman, he enjoyed

hunting and fishing and every season spent many pleasant days indulging in his favorite sport. He owned several fine sporting dogs and in late years had two English setters.

Skeet shooting was another sport in which he took special pleasure and he had served as president of the Skeet Club on the Manawagonish Road.

In 1901 he married Miss Annie Purdy, daughter of the late Mr. and Mrs. D. J. Purdy. Besides his wife he is survived by five brothers, Dr. Perce A. Purdy, George, Stanley Purdy, Calgary; Frederick Purdy, Sharon, Mass.; Blake Purdy, Weymouth, Mass.; and Weldon Purdy, James and two sisters, Miss Ethel Purdy, Gagetown and Mrs. Holly Bridges, Gagetown and a half-sister, Mrs. Lida Dykeman of Fair Vale.

Mr. Purdy attended the Main Street Baptist Church. The funeral took place on Saturday afternoon from his late residence, 39 Douglas Avenue with service at 3 o'clock conducted by Rev. Dr. A. C. Vincent. Interment was in Fernhill cemetery.

To whiten old potatoes, boil in a little water as long as possible and strain before quite done. Then put on the lid and they will finish in their own steam. Shake well now and again. This process takes about 6 minutes and makes the potatoes very floury.

Forest Travel Prohibited In New Brunswick

FREDERICTON, May 26—All forest travel in New Brunswick was prohibited today and all permits for slash-burning were cancelled owing to the forest fire situation.

Most of the fires were reported under control but the weather continued dry and there was no prospect of rain for the weekend. A new fire broke out near Atholville and Campbellton. Another in the Toad Brook area, had jumped across the Restigouche River from Quebec. A second large fire in Quebec was reported two miles from the New Brunswick border in the Baker Brook district of Madawaska County.

Says Criticism On Late Arrival Unjustified

OTTAWA, May 26—(CP)—The delayed arrival of the King and Queen in Canada was not the fault of the British Admiralty or the Canadian Pacific Steamship Company, Sir Dudley North, Vice Admiral commanding His Majesty's royal yacht, said in an interview here today.

"Only God himself was responsible for the delay," he said and added that criticism levelled at the Admiralty and the steamship company for the Empress of Australia being two days late at Quebec was "completely unjustified."

Sir Dudley was in charge of the Empress during the Atlantic crossing.

NO EXCUSE FOR BEING A BORE

Being a mother writes Ruth Millett, doesn't give a woman the right to:

Talk about her children when she goes out in the evening, especially when there are unmarried people in the crowd who cannot "bore" back.

Give up make-up.

Consider herself a psychologist because she has read two books on child training.

Conclude the tales of her trials and tribulations, when speaking to her unmarried friends, with the condescending phrase, "But, you would not know about that."

Talk continuously about the things a woman has to give up if she has children.

Assume that being a mother makes her all-knowing and gives her the right to urge her childless friends to "go ahead and have a family."

Overwork the excuse, "If you have children you never seem to have time for anything you really want to do."

Wear old clothes so that children will be interested as well as the children of the most well-to-do in town.

"Live for the children." Children do make a difference in a woman's life, there is no getting around that. But the less she emphasizes it, the more interesting she is to her friends. And the less she uses her children to excuse all her shortcomings—the more she'll improve as a person.

NO BATHING—SHARKS!

(By The Canadian Press) MADRAS—Bathing has become unpopular here. A shark has recently made off with a British soldier and an Indian boy within a few days. No trace of either was found.

To re-enamel a bath, thoroughly clean the bath before rubbing down the old enamel with pumice stone or emery paper. Apply a coat of zinc-white paint, and, when dry, two or three coats of thin white enamel, very evenly put on. Each must be perfectly dry before the other is applied. The enamel requires about a week to harden, so the bath cannot be used during that time.

One of the most important devices on the Navy rescue ship Falcon, anchored over the stricken submarine Squalus off the New Hampshire coast, is a subsea rescue bell of the type pictured above, used in the recent film "Submarine D-1." The ten-ton chamber carries two men who operate a hatch in its bottom. This hatch fits snugly over a rescue hatch in the submarine. When the bell is in place, both are opened and trapped men pass from the submarine into the bell, which is then hoisted to the surface. Four men at a time can be rescued in this manner.

Wrapped in blankets, the sailors who came back from Davy Jones' locker—survivors of the submarine Squalus disaster—are shown landing on the Navy Yard dock in Portsmouth, N. H., to be greeted by loving friends and relatives.
