**—TO FACILITATE SHIPPING**—The appearance of Judes Point, as a business center, has been very much improved during the past year. The work done by Dredge Pownel No. 2, under the direction of Captain Anderson, greatly improved the waterways and facilitated the harbouring of boats, since a great number of these oscillate from that Point. Just above the wharf stands the buildings, owned by the fishermen's Union. They are a complete lot, the result of popular initiative and a great credit to the Union.—P.

On Monday he was again taken to Charlottetown for treatment and is now resting comfortably in the Prince County Hospital. **—SAD BEREAVEMENT**—The death occurred at 445 Champlain St., Quebec, on November 13th, of Edward Donovan, aged 10 years, son of Mr. and Mrs. James Donovan and nephew of Maurice Donovan of Georgetown, from diphtheria, after only a few days sickness. He was a bright and lovable boy and a favorite with everyone, but more especially in the home, and his passing away at such an early age leaves a sadness in the home that time alone may efface. Everything possible was done but God claimed him as His own and his sweet holy spirit returned to God who gave it and who said "Suffer little children to come unto Me" and forbid them not for such is the kingdom of Heaven. Many were the tears shed as he lay in his little white casket. He leaves to mourn, besides his heart broken parents, two sisters and one brother. His funeral was largely attended. The many beautiful Mass Cards, Spiritual Bouquets and Letters of Sympathy show the high esteem in which he was held. Sincere sympathy is extended.—

**Needless Pain!**

Don't be a martyr to unnecessary pain. Lots of suffering is, indeed, quite needless. Headaches, for example. They come without warning, but one can always be prepared. Aspirin tablets bring prompt relief. Keep a bottle of them at the office. Carry the small tin in your pocket. Then you won't have to hunt a drugstore, or wait till you get home. And do not think that Aspirin is only good for headaches, sore throats, and colds! Read the proven directions for relieving neuralgia, neuritic, rheumatic, and other aches and pains. Remembering, of course, that the quick comfort from these tablets is not a cure; for any continued pain, see a doctor.

Purchase genuine Aspirin. Protect yourself by looking for that name. Always the same. Always safe. Never hurts the heart.
