To Relieve Bad Cough Quickly, Mix This at Home

Does the Work in a Hurry. Saves Money. Easily Mixed.
 Here's an old home remedy your mother used, and, for real results, it is still a very dependable thing for distressing coughs. Try it once, and you'll swear by it.
 It's no trouble at all. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments until dissolved. No cooking is needed—a child could do it.
 Now put 2½ ounces of Pinex into a 16 oz. bottle and add your syrup. This gives you 16 ounces of really superior cough remedy—more than you could buy for four times the money. It keeps perfectly, tastes fine, and lasts a family a long time.
 This splendid home mixture has a three-fold action. You can feel it take hold at once. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. This explains why it gives such prompt, pleasant results.
 Pinex is a compound containing Norway Pine, in concentrated form, well known for its prompt action on throat membranes. Money refunded if it doesn't please you in every way.

On Tuesday, October 15th at the home of her grandson, Charles Woodside, Mrs. Samuel Woodside passed peacefully away.

Her husband had predeceased her nine years ago. She was a daughter of the late Duncan and Mrs. Ross of Stanley Bridge.

Mrs. Woodside had celebrated her 95th birthday in July and despite her advanced years was wonderfully active until her last illness of about three months. She was gifted with an exceptional memory and could give most accurate details of incidents covering a wide span of years. The late Mrs. Woodside was a member of the United Church at Margate to which she was loyally devoted and where she always attended when strength permitted and was always present at the communion service until the

You should be glad to know that you need NO help in seeing. And glad again if you find out that you DO.

The first is a satisfaction. The second leads to results that are beneficial beyond what is often hoped for.
