He will be buried on his native island of Hydra, to which his body is being transported by the gunboat Hydra for a public funeral.

### "Old Boys" Of Atlantic Railway Hold Reunion

(CP. By Guardian's Special Wire) OTTAWA, Aug. 22—Thirty years ago the Canadian Atlantic Railway was purchased by the Grand Trunk and ceased as a separate system. This week the Canadian Atlantic Railway old boys are holding their first reunion. More than 600 have gathered at convention headquarters here, a picturesque gathering.

The old boys came from Vancouver and Prince Rupert, from Baltimore and New York, from the Maritime Provinces. Many returned, others shifted to occupations greatly removed, from rail transportation. One is a railway president. Others hold important executive positions in railway systems.

Concedes Defeat  
EDMONTON, Aug. 22—Defeat of his U.F.A. government was conceded by Premier Reid at 10 p.m. (2 a.m., A.D.T.) as he received returns in the Parliament Building along with members of the cabinet.

The U.F.A. will prepare to step out quickly to meet the will of the people, he said.  
Asked if he would comment on the results, Premier Reid replied, "What can one say? The will of the people has spoken."

"Then you concede a Social Credit victory?" he was asked.  
"I would say there is no doubt of it judging by the present returns."

Asked when his government would be ready to step out, Premier Reid said, "naturally we will get out as quickly as possible."

Refuses Comment  
CALGARY, Aug. 22—When informed Premier Reid had conceded the Alberta election to the former of the Alberta Social Credit League, William Aberhart, the League leader, refused to comment.

"That's not enough for me to make a statement on," he informed the Canadian Press when told Mr. Reid had conceded the election to the U.F.A. had 20 candidates elected, and 36 leading as the poll-count progressed at 10.45 p.m. (2.45 a.m., A.D.T.)

50 MADE HOMELESS  
In New Brunswick, as saving rainfall brought relief to the beleaguered villages of Loggieville and Upper Gagetown, a new report reached Fredericton that 50 families had been burned out at Tracadie before the downfall. But the rumor went unconfirmed as telephone linemen struggled to repair a mass of wires toppled by burning poles.

Scant new damage was reported elsewhere as the rain brought help to more than 5,000 freighters in the three provinces. Nova Scotia's largest outbreak, raging over 14,000 acres in Hants County, appeared to have been turned away from a handful of villages in its path.

Prince Edward Islanders of Tyne Valley and St. Peter's breathed easier, too, for the rain doused their fires effectively.

But more was needed before the most serious fires could be counted closed. Crews were still stayed in the woods, battling the flames with more success, but eagerly watching the skies. More danger was looked for with dawn, since weather forecasts held little promise of rain.

The toll in New Brunswick was swelled by destruction to 12 cottages at Manderson's and Washburn's beaches. Earlier in the week fires had razed 13 homes in the new settlement of Charnessey and nine at Hodgins.

### Profit Taking Halts Market Uptrend In N.Y.

(By Frank MacMillan Associated Press Financial Writer)  
NEW YORK, August, 22—Profit-taking, though not insistent, held the Stock Market today to minor gains in the majority of issues, with a good scattering of small losses.

In many respects the session closely followed Wednesday's pattern. Steels, farm shares and the non-ferrous metals were the leaders. Even in these groups, however, closing levels were well below the best of the day. Many of the steels were at peaks for 1935 or longer for a time. Rails were a little soft.

The Associated Press average of 60 stocks was 1.0 of a point higher at the finish at 48.5. The industrials were best, with utilities shading upward, and the 15 rails 1.0 of a point lower at 28.5. Turnover in the Stock Exchange was 1,686,369 shares, a little slower than in the previous session.

Bonds were not helpful. While Corporation loans moved narrowly, U.S. Government obligations were reactionary, especially in the guaranteed category, where losses ran around 4 to 1.2 points.

Case was one of the best gainers in the more active group, up better than 2 points at 70.5-8. Others ahead around 1 to 2 points included Columbia Carbon at 189.3-4, U.S. Steel preferred at 112-1-2, American Telephone at 69.5-8 and National Steel at 60-1-2.

Of the Canadian issues Lake Shore declined 2 points. McIntyre Porcupine 1 and International Hydro Elec. Pfd., Hudson Bay, Wright Hargreaves receded fractionally. Ford of Canada B. advanced 2 points. Dome Mines, Nipissing and Imp. O. Can. featured slight gains.

(AP. By Guardian's Special Wire) BROOKLYNE, Mass., Aug. 22—A heavy shower, which flooded the Longwood tennis courts, washed out today's national doubles program. Tournament officials were forced to postpone the final in Nipissing and Imp. O. Can. featured slight gains.

### New Party Election Conceded

(Continued from Page 1)

The U.F.A. had 36 members in the last house, Liberals 13, Conservatives six, Independents four, Labor three and one seat, in Edmonton, was vacant.

The U.F.A. government was first elected in the general elections of 1921, a culmination of a strong farmers movement that was born when Henry Wise Wood took command of the organization several years earlier. It was successful in all other general elections in the province until today and its members held strong representation in the House of Commons.

Promise of a \$25 a month dividend to be paid to every citizen of Alberta, with its motto of "banish poverty" was the keynote of the Aberhart platform.

The U.F.A. sought return to office, with the party had held since 1921, on a platform of agricultural and urban assistance while the Conservatives and Liberals presented the electorate a reform policy.

### Italy's Aims In Africa

(CP. Havas)  
(By Guardian's Special Wire) ROME, Aug. 22—Italy's chief aims in Africa were summarized by the Giornale D'Italia tonight as follows:

"Peace along all frontiers and the definite ending of Ethiopian incursions and aggressions.  
Development of a productive civilization in a territory which reaches to three British possessions.  
The possibility of a fruitful and useful common task, which signifies in substance the torch which Europe would carry to one of the most perilous and most perilous of Africa's regions, to the advantage of all European countries."  
Rome will not abandon its "thankless task," it added.

### R.C.M.P. Probe Three Deaths In Alberta

(CP. By Guardian's Special Wire) AMISK, Alta., Aug. 22—Cause of a quarrel which led to three violent deaths and wounding of one man was sought by Royal Canadian Mounted Police tonight as they investigated the triple tragedy in this settlement 150 miles southeast of Edmonton.

Reconstructing the crime, police said David Larson, 35, shot and slashed to death Samuel Seright, 75, and his housekeeper, Miss Hilda Olson, 20, and wounded Cornelius Seright, 27, a hired man, on the life of Dan McKenzie, another hired man, escaped without injury. Police learned Larson and Seright had quarrelled and Larson hired man on the farm for seven years, left the farm Tuesday. Full details of the quarrel have not been learned but they are expected to be disclosed in further investigation.

### Makes Plea For Unity At Zionists Congress Opening

(A. P. By Guardian's Special Wire) LUERNE, Switzerland, Aug. 20—A plea for unity among Zionists and announcement of an understanding with Arabs were made tonight by Dr. Nahum Sokolow, president in the keynote address formally opening the sessions of the 19th World Zionist Congress.

He cited "remarkable progress" in Palestine to the delegates, here from 48 nations. "Israel is the oldest and at the same time in its work of rebuilding, the youngest of civilized people," Dr. Sokolow was quoted by the Jewish Telegraphic Agency.

"A hundred years ago Israel stood with downcast eyes and bent back, a wandering Jew, outlawed by the world. Now Israel stands a proud and erect laborer, a pioneer of civilization in the East."

So large was the attendance that it was necessary to use two halls. Many delegates consider it the most critical congress yet held because of the situation of Jews in Germany and the work in Palestine.

Referring to the limitation of immigration into Palestine and the plight of persecuted and unemployed Jews elsewhere, Dr. Sokolow said: "We have full confidence in the wisdom of the mandatory justice and we rely upon the sense of justice of the British people that these difficulties will be gradually removed."

Tonight's Programme  
Friday afternoon has been for several years left clear in case of postponement of the horse races on Tuesday, Wednesday or Thursday. Last year it was necessary to use Friday on account of rain on Thursday, but this year there was no postponement, and therefore, there will be nothing doing at the Exhibition plant this afternoon, but this evening there will be plenty.

Everything will be bright and sparkling at the Fair Grounds tonight. The big Lynch Midway will be in full swing and a grand opportunity will be afforded everyone to go over it thoroughly, now that the other features have been pretty well finished.

There will be no admission at the main gates tonight, 25c for adults, and 15c for children will be charged for the performances in front of the grand stand, which was the subject of the Vaudeville programme, the presentation of prizes to the owners, drivers and grooms of the winning horses during the meeting, and the prize to the driver winning the most points.

There will also be that very picturesque and interesting feature that has been so much admired every evening the Musical Ride, in which the sixteen members of the Light Horse in full regalia will go through the evolutions of the Ride, to the music of the Canadian Legion band. Charlie Chamberlain will also sing, and the programme will start at sharp 8 o'clock with the greatest display of fireworks of the whole meeting, including new set pieces of brilliant and beautiful colorings, one of them the most splendid that has yet been seen in fireworks.

The evening's entertainment as outlined above, is certainly a good one, and the small amount of charge would not cover the cost of putting it on, but the Exhibition Association are anxious that no man, woman or child in Charlottetown or vicinity should be deprived of the privilege of seeing the Light Horse in full regalia with the great Clims' Sensation, the Musical Ride, and the fire works.

British Bank Recalls Credits To Italy  
(C. P. Cable By Guardian's Special Wire)  
LONDON, Aug. 22—One of the "big five" British banks, declared the financial editor of the News-Chronicle today, has recalled the whole of its Italian credits.

"As credits which are now utilized mature, they will not be renewed and will have to be repaid by the Italian banks or commercial firms to which they were granted. It is probable this lead will be followed by all other big British banks," it added.

"The decision is not due to any dictation from the Bank of England or the Treasury, but is a normal precautionary measure which is taken in view of the serious deterioration that has occurred in the Italian exchange position."

British coal exporters, for one, have been declining further coal shipments until payment of back debts. Representations have been made to the government.
