

The Central Guardian

IT PAYS to buy in this province.

JUDGMENT TUESDAY.—Judgment will be delivered in all the reserve cases in the County Court at the adjourned session to be held on next Tuesday the 9th instant at 10.30.

BLOUSES.—A lot of blouses in colored crepe-de-chene and silk, odd sizes worth up to \$5.25. Special \$2.75. Call and see them, Patons Ltd. 4359-4-5M2IE11.

THE P.E.I. ARTILLERY AUX. will appreciate donations of books and magazines for their overseas parcels. Parcel may be left with the Secretary Hazel J. Stewart, 146 Richmond St. on or before Tuesday the 9th inst. 4392.

RAIN COATS.—Small size Paracette Rain Coats \$2.98. Heavy black slickers, belted at \$9.50. Gray tweed rain coats, belted at 7.50. Heavier all wool new sport tweed raincoats \$13.50 to \$17.50. The latter comes in all the new fancy checks and stripes. Patons Ltd. 4359-4-5M2IE11.

MILLINERY OPENING.—We will hold a millinery opening on Saturday and Monday April 6th and 7th. Splendid showing of the season's newest designs. We cordially invite all customers and friends to call and look them over and assure courteous assistance by our milliner. Estate James Kennedy, Kensington. 4370-4-5M31.

RECOMMENDED FOR COMMISSION.—His many friends in Enmore, Log 10 and vicinity will be pleased to learn that Pte. John McKinnon was recommended for a commission about January 1st. Pte. McKinnon enlisted in the 105th on November 22nd, 1915 and left here with that Battalion. After training in England four months he was drafted with the 13th Battalion and crossed to France. He has spent about sixteen months in the trenches going through some of the heaviest fighting including Vimy Ridge, Hill 70 and Passchendaele Ridge and so far has escaped without a scratch.

PETITION TO GOVERNMENT.—A very largely signed petition from the residents of Earncliffe and adjoining districts is being forwarded asking the Government to take steps to keep the Harland on the Charlottetown-Orwell route this summer. It points out that the people on this route are a considerable distance from railway stations, and it will be a great inconvenience and loss to them, if they have no steamship connection with the capital, and it will militate against the increased food production campaign in those districts served by the boat. It is hoped that the Government will see its way clear to grant the petitioners their wish. The Harland is an excellent boat for the service, and is practically new, being built at Shelburne, N. S. in 1908, and is in every way suited for river service in P. E. I.—Q.

HEAD OF HILLSBOROUGH.—The school has reopened again under the able management of Miss May Byrne. Miss Lily Rose, teacher of Mercers school has spent her Easter holidays with Mrs. John W. Birt, St. Patrick's Road.—Mrs. Elisha Piggett, Savage Harbor spent a few days with her daughter Mrs. Goddie Douglas of this place recently.—Mr. and Mrs. Joe McMillan, West St. Peters spent Easter Sunday the guest of Mrs. J. L. Douglas of this place.—Mr. Allan McLeod and Mr. Jarvis Campbell of Riverton were the guests of Mr. Lawson Douglas of this place recently.—Mr. David Birt of St. Patrick's Road was the guest of Mr. Bowley Webster and family, Mercers, Easter Monday.—Mr. Urban Praught, West St. Peters, passed through this place recently.—Mr. and Mrs. Lawson Douglas of this place spent Easter the guest of Mr. Douglas' mother Mrs. John W. Simmons, Cable Head West.

VOILES.—We have a nice lot of white voiles, slightly soiled worth up to \$3.45 for \$1.50. Patons Ltd. 4359-4-5M2IE11.

FLAG AT HALF STAFF.—The flag is half staff over the House of Assembly out of respect to the memory of the late Major Temple W. McDonald.

MILLINERY.—Miss MacDonald is prepared to take orders for millinery latest New York and Boston styles corner Prince and Grafton St. 4339M31.

ON EXHIBITION FOR TODAY only shipment of Ladies' suits in up to date American styles, values up to \$60.00 running from \$25.00 in mostly all sizes. Patons Ltd.

TYPEWRITER REPAIRS.—Mr. A. J. Newsome, who has done his bit in the army and returned on account of ill-health, has resumed his work as typewriter repairer. He is entitled to a share of public patronage. 4369-4-5M31.

FATHER AND SON WEEK.—Father and son week, which opens this afternoon with a Banquet in the Y. M. C. A. will be generally observed in the city tomorrow several of the ministers preaching special sermons suitable to the occasion.

PTE. MacKINNON.—The many friends of Pte. A. L. MacKinnon son of Mr. Ewen D. MacKinnon of Canoe Cove, who arrived home from overseas last Saturday will be glad to know his health is steadily improving. Pte. MacKinnon was wounded in the battle of Lens on August 19th and has many interesting tales to tell of his months in the firing line.

A CHARLOTTETOWN BOY.—The following clipping from an English paper, tells how Lieutenant Ernest Weeks of the Engineers, son of Major W. A. Weeks, of this city, won the Military Cross at Hill 70. Lt. E. G. Weeks, Engrs. When in charge of the buried cable system in the forward area he displayed the greatest coolness and disregard of personal safety, making several personal sacrifices through heavy fire, and sparing no effort to secure valuable information for his brigade headquarters. He set a splendid example to his men.

AGED RESIDENT DEAD.—On Easter Sunday night three passed away from this life. One of them to the Great Beyond at the home of her son Charles in Georgetown. Mrs. Fitzgerald, one of the most aged and highly respected residents of that town. The late Mrs. Fitzgerald, who has passed her four score and ten years was always highly respected and greatly esteemed by the people of Georgetown, being ever a kindly genial Christian lady. She was in her usual state of health till about a week ago she was taken ill and died on Sunday strong in the faith of her mother, and further strengthened by the comforts of the Roman Catholic Church of which she was ever a zealous member. She leaves to mourn the loss of a kind and loving mother three sons, Charles of Georgetown, but now absent in New York, John and Wm. of the United States. R.I.P.—G.

GOING OVERSEAS.—On Friday evening the following address was read to Mr. John H. Llewellyn, son of Mr. Jones Llewellyn, formerly of Sturgeon, P. E. I., at the home of Mr. and Mrs. J. R. Reid, in the presence of a number of his young friends. Mr. Llewellyn was also presented with a handsome ring, with his initials engraved upon it. The address was as follows: Hillside, N. S. March 13, 1918. To Mr. J. H. Llewellyn: We a number of your friends are gathered here tonight to wish you prosperity in your country's call across the sea. As a slight expression of our sentiments towards you we ask you to accept this gift trivial as it may seem, confident however it being accepted in the same spirit in which it is given. We ask you to accept it as a souvenir of our respect and affection to you. May it remind you of your friends, whose best wishes will go with you where ever you may go. Long may you live with the blessings of health and strength; so that when you come back you can say you have done your bit for Canada, your Country and our King. Mr. Llewellyn responded briefly, thanking his friends for their words; their good wishes, and the beautiful ring, which he would always cherish. Luncheon was served, and a dance followed which all enjoyed greatly.

Quality Fox Capsules RANCHERS —OF— P. E. ISLAND AND ELSEWHERE —HIRE IS—

A Safe and Successful Treatment for Worms in Foxes

After extensively experimenting an English firm has found an absolutely satisfactory medicine for expelling worms from young foxes. We have control of these and call them

QUALITY FOX CAPSULES For Worms in Foxes

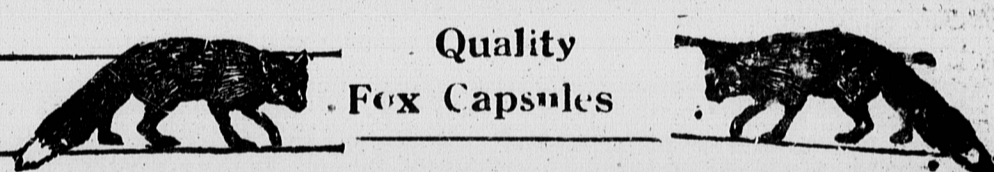

We were one of the first in Canada to put a capsule on the market for foxes alone and in our first year out of 1,400 cases treated, not one failure was known. Ask the first foxman you meet and he will tell you ours are the only capsules for foxes.

DON'T EXPERIMENT WITH NEW PREPARATIONS WHEN YOU CAN GET A WELL TRIED AND RELIABLE ARTICLE AT AS LOW A PRICE AS A POOR ONE.

Don't forget the name:

"QUALITY FOX CAPSULES" ONLY \$1.00 PER BOX. POSTAGE PAID.

Imported Seed Wheat

"A Change of Seed Grain Always Pays"

Results of Sowing Imported Seed Wheat Increased Yield and Better Quality

Our Wheat is Grown on Contract Especially for us

The continuous growing of any variety of grain on the same soil and under the same conditions for many years tends to degeneration in quality and decrease in yield. This applies especially to the wheat crop in P. E. Island. Our firm have been pioneers in wheat importation and the largest dealers since 1883 and tens of thousands of bushels have been imported and sold by us, in fact our Seed Store has for thirty-seven years been HEAD-QUARTERS FOR IMPORTED SEED WHEAT.

As usual, our wheat is put up in strong cotton seamless bags, each containing two bushels (120 lbs) net. Samples and prices on application.

WHITE RUSSIAN (Very Scarce) Crop a Failure.

WHITE FIFE (Scarce)

We have imported direct from the Province of Ontario some choice No. 1 White Fife of excellent quality, grown from stock seed. This is the best wheat in the world, and a very desirable change. Farmers should see this wheat. Give more flour of excellent quality and yields well.

RED FIFE

This is undoubtedly one of the finest milling varieties grown. Succeeds well in good soil, equal to White Fife, suits our soil and climate.

COLORADO BEARDED

This is a light amber wheat, rather short, thick berry, heads good size, white straw and chaff, stands up well and ripens early.

MARQUIS WHEAT

Is a cross between Red Fife and an early hard red wheat from India called Hard Red Calcutta. Compared with Red Fife the growing crop of Marquis cannot be distinguished from Fife except that Marquis does not as a rule, grow as tall a plant, the straw being stiff and straight of medium length—not so liable to lodge as Red Fife although the heads of Marquis are proportionately heavier than Fife. Ripens 10 days earlier than any other kind, and makes the best of flour.

Samples and Prices on Application. Address.

CARTER & CO., LTD, Seedsmen Charlottetown, P. E. Island

Fire Insurance A Necessity Then insure in good strong stock companies, which never contest an honest claim such as is represented by E. R. BROW Charlottetown

HORSE NOTES

It is reported that P. A. Belliveau of Moncton has purchased, Possibility 2.02 1/2, one of the best free-for-all pacers in New England.

Some race could be made up of White Sox 2.03 1/2, Possibility 2.02 1/2, Thomas Earle 2.05 1/2, King Oka 2.11 1/2, Bob Mac 2.13 and La Copia 2.09 1/2. (Charlottetown) should try and get them together this summer.

It is currently reported that there will be no Provincial Exhibition this year, but it does not necessarily mean that there will be no horse races.

The racing department never depended on the exhibition, it has always been a money making business, and instead of cutting out the races they should add to them, at least two days more schedule.

Now that the different Island tracks are making up their program, it would perhaps be in keeping to remind them that the success of the different meetings will depend greatly on decreased entry fees.

The price of training and feeding a race horse has gone up fifty per cent, while it costs no more, to hold a race now a day that it did five years ago and the gate receipts have doubled in the meantime.

We note that several big tracks in the states are reducing entry fees from five to two per cent., while several of them are giving free entrance. They have found it makes better racing, bigger classes and keeps the "small man" in the game.

It is predicted by leading turf men, that the great pair of fillies, Miss Bertha Dillon (3) 2.03 1/2 (the world's greatest three-year-old race mare to date) and Nella Dillon 2.06 1/2 (the world's fastest two year old race mare) will each take a record close to two minutes. If the latter mare doesn't even beat two minutes, they not only surpass all trotters of their ages as regards extreme speed—the former being timed the half half of a mile in 2.03 1/2, on the outside position in 59 1/2 seconds (a feat hitherto credited to only Leon Dillon 1.08 1/2, Hamburg Belle 2.01 1/2 and Mabel Trask 2.02 1/2) eased up the last ten yards, whilst the latter was officially timed a half in a race in 1.00 1/2, something never heard of before by a two-year-old, but they also possess that wonderful finish and staying powers.

H. T. White, the best present day authority on turf matters said that Nella Dillon 2.06 1/2, is the most beautiful race horse he ever looked upon and her mile in 2.06 1/2, was done with such grace and ease, that he was sure

she could equal or displace the present marks for the age.

It is now practically assured that The Real Lady (3) 2.03 will be seen again on the track this year. Thomas Murphy, the greatest driver on the "G.C." says he is going to make a try for the mark of 2.02, held at present by Peter Volo (4) 2.02.

A visit to the stable of our leading sportsman, J. S. Wedlock, elicits the fact, that that stable is sure to be one of the leaders during the coming season's races. The leader of the "speed on hand," is the big pacer King Oka 2.11 1/2, who has proven to be a very fast pacer on the ice the past month, and one that we believe could clip a half off close to a minute.

The King is in superb shape, all over, and has completely recovered from the accident that lamed him last spring. For this season's free-for-alls, he should be right up over it, he does have to meet such cracks as Possibility 2.02 1/2, White Sox 2.03 1/2 etc. Lillian Patchen 2.20 1/2, the handsome black daughter of the Patchen Boy 2.10 1/2 is in better shape than she ever was and the way she paraded on the ice a few weeks ago makes one think she will duplicate her 1916 performances.

Then Sybil C. (3) yr. old trial 2.30 is an important member that should carry the colors to the front in her class this summer! as she has given us to understand higher, past performances that not only is she fast, but that she is game to the core. A three-year-old pacer, by Mayor Todd, a two-year-old by the British Soldier, and a yearly by Mayor Todd complete the list as far as the horses are concerned—but the most necessary feature of it all is a good reliable trainer and driver, and in Mr. Peter Conroy, Mr. Wedlock has one of the ablest in Canada.

SLIPPED TO GRAVE LIKE GIGANTIC DART.

LIVERPOOL, April 2.—The Liverpool steamers have sunk three German submarines in the Atlantic recently, and it is now permitted to relate the circumstances.

In the first instance a Liverpool steamer was fired upon by a submarine in the Atlantic at daybreak. The steamer paid no heed to the shots and kept on her way. The submarine followed cautiously steaming along the surface, keeping up a long range bombardment for an hour and a half. Suddenly the ship slowed down and the boats were lowered, apparently indicating that the captain had received all the punishment he wanted, and was abandoning his ship. The submarine commander, fearful of a trap, circled around the ship several times, and then came closer to the vessel.

The last act came very swiftly. There was a sharp sound of falling

timber as a false side dropped away and then six explosions as a gun spoke six times. Four of the shots hit the conning tower and the other disabling the German gun. The submarine's bow rose high in the air and then slipped down into the water like a gigantic dart.

A second Liverpool steamer was outward bound at a speed of eight knots when a torpedo passed 20 feet astern. As the vessel was turned, a second torpedo missed her bow. The guilty periscope was observed a quarter mile away and the gun crew began firing. The first shot went to high, but the second and third exploded on hitting the enemy, which disappeared amid great pool of bubbles and oil. A third ship accounted for a third marine. The ship was fired upon by a U-boat just before noon. An German came within range, but was answered, the sailing vessel being thirteen shots. The chief was a former petty officer in the fish navy and he scored eight lives in a space of less than ten minutes. His report says:

"The bows of the submarine periscope and the stern rose clear of the water. She remained in position for about 15 seconds and disappeared. A minute later the rudder came up again, and she pitched steadily above the water, an angle of 90 degrees or a few degrees before passing from view."

PREVENT SPREAD OF DISEASE IN STOCK

To ensure the health of farm stock it is necessary that the forms of disease which exist on so many farms be removed; they include filth in stables, stagnant pools, open drains from barn yards, undrained barnyards and the unprotected manure in the bush or back pasture. Another means of distributing disease among stock consists of allowing infected animals to mingle with the following:

A thorough cleaning up of the farm and farm buildings should take place each Spring, similar to the annual house-cleaning, and in addition, the methods of the good house keeper should be adopted by the live stock tender. Stables should be cleaned out at least daily, and if any animal shows any signs of sickness it should receive special attention immediately, the first move being to remove the animal to quarters remote from the herd.
