Kensington And Vicinity

Your scribe and coach of the Kensington Bombers juvenile hockey team who are now Prince Edward Island champions, on behalf of myself, Ken McLean, manager, and all members of the team, wish to thank their many supporters for their assistance and support rendered us in our hard fought and successful drive for the title. It goes without saying, we are highly proud of our achievement, and thoroughly appreciate the support and help we received.

Mrs. William Lawson and little daughter Lona Ann of Charlottetown are enjoying a pleasant visit at Mrs. Lawson's former home here. Mr. and Mrs. Clifford Matheson and Mr. L. Simmonds of Pictou were visitors to Kensington on Friday evening, where they attended the Charlottetown Canadiens and Kensington Bombers.

Miss Mary Power and Miss Marquerite Higgins have returned home from a pleasant holiday with friends in Charlottetown. Mrs. McDonald and little daughter Helen enjoyed a pleasant week-end in Kensington. The guests of Mr. and Mrs. James Saunders.

Mr. M. Howatt returned home on Saturday evening from a business trip to Halifax, N.S. Mr. Oliver Profit who for some time has not been feeling up to scratch, left on Saturday morning for Boston, Mass., where he will undergo a general health check-up in one of America's famous health clinics.

The Misses Mildred Bishop, Gladya Baker and Joyce Millman spent a pleasant week-end with friends in Summerside on Palm Sunday and Saint Patrick's Day, Sunday, March 17th was fittingly observed in the different churches of Kensington and vicinity.

His many friends will be pleased to hear that Mr. Ernest Dunning of French River is much improved and now well on the way to recovery from his recent serious illness.

Miss Olga Love of Borden spent a pleasant week-end with friends in Kensington. On Saturday evening the members of the Kensington Hockey team were guests at a banquet at the spacious home of their coach, Mr. Elmer Bernard. When all had gathered, they sat down to a bounteous repast, to which one and all did ample justice, after which remarks were heard from their manager, Mr. George Simms, their coach, Mr. Elmer Bernard and several members of the team, all declaring they would be back stronger and better than ever when next season rolls around. After having satisfied the inner man they enjoyed the remainder of the evening in social chatter and cards. Mr. Everett Hughes their speedy right winger before the evening closed moved a vote of thanks be extended to their genial hostess, Mrs. Elmer Bernard and was seconded by one and all in chorus, for the wonderful supper and evening's pleasure.

The St. Patrick's variety concert consisting of playlets, solos, monologues, tap dancing and Irish air, which was held in King George Hall, Kensington, on Saturday evening proved a huge success. A packed house was kept in a constant state of excitement from beginning to end and thoroughly enjoyed the evening's entertainment. Mr. James Saunders, master of ceremonies, for the evening after a few well chosen remarks got the following program under way and to pick an outstanding act or performer would be impossible for one and all did an outstanding job of their part. Instrumental music, Miss Yvonne Arsenault, Chorus, O Canada, Irish dance, Miss Betty Durant, Diet, Miss Yvonne Arsenault and Mr. Arnold Taylor. Tap-dancing, Miss Helen McDonald, Solo, Mr. Borden Fraser, Monologue, Mrs. Leslie Ramsay, Solo, 2nd Minuet, Miss Phyllis Blanchard, Intermission and sale of candy. Local girls in Seigried Line. Solo, James Saunders, Jr. One act-play—Indian River talent. Tap dancing, H.

Effective Speech By Mr. A. Wright

A splendid tribute to the Queen's County Conservative candidates was paid by Mr. Arthur Wright in the course of a forceful radio address Wednesday night.

As evidence of Mr. W. Chester S. McLaughlin's interest in our farmers Mr. Wright said: "I met Mr. McLaughlin and Mr. Myers in a store at Mount Stewart. They were tired and dusty as they had been on the go all day. I asked Mr. McLaughlin 'How are things going?' He replied, 'Do you mean for the farmers or for us?' I said 'both.' 'Well,' he said some of the farmers are having a pretty hard time of it and I don't think we'll be able to do something for them. I don't forget the answer, nor should you."

"Of Mr. Hyndman Mr. Wright remarked: 'If ever there has been a champion of the causes of Prince Edward Island it is our very good friend John O. Hyndman. For the past thirty years he has worked faithfully, often without moral support, and certainly without financial support, for the betterment of conditions among us. No man, but one who loves this province and admires its people could, as a private citizen, expend so much of his energy and time as has your friend and my friend Mr. Hyndman.'"

Mr. Wright gave a striking outline of the ruinous effect of the King Government's tariff tinkering on the Canadian potato industry, pointing out that last year under the present tariff agreement, 300,000 U. S. potato imports increased 30 per cent into Canada while Canadian potato exports to United States increased by less than 20 per cent.

He spoke on behalf of the Young People's National Conservative Association.

Pre-election Office Plums

OTTAWA, March 22 (CP)—Prime Minister Mackenzie King has called a meeting of cabinet for tomorrow, possibly the last before the general election Tuesday, with a large number of important appointments remaining unfiled.

Among the high salaried posts now in the gift of the government are chairmanship of the Tariff Board, Auditor-General, Parliamentary Librarian, the three-man Penitentiary Commission long authorized by statute, and Clerk of the Privy Council.

In addition to these there is a senate vacancy and the portfolio of secretary of state has been without a permanent minister since Hon. Fernand St. Laurent died last summer.

It has been reported on good authority that the Prime Minister's chief secretary, A. D. P. Heenan, formerly of Montreal, will be called to the post of Clerk of the Privy Council vacated by superannuation of E. J. Lemaire.

Reorganization of the Penitentiaries Branch of the Justice Department, following a Royal Commission report, called for creation of a three-man commission to administer it.

Legislation to this end failed to pass the 1938 session of Parliament but was adopted in 1939. No appointment has as yet been made. It is believed the combined salaries for the commissioners would be about \$25,000 a year.

Appointment of one of the members of the House in the last Parliament as Secretary of State has been expected ever since the Dominion election was called. Justice Minister Lapointe has been handling the work as acting Secretary of State since Mr. Rinfret died.

Cleveland's Best Shortstop Has Injury

By Whitney Martin
Associated Press Sports Writer

FORT MYERS, Fla., March 22 (AP)—It's been 30 long years since Cleveland held the American Baseball League championship, and although even the free thinkers would tell you that this is the year it will be given back to the Indians the idea is general that Oscar Vitt's team is one of the two or three with an even chance of finishing a head of the Yankees.

That is, the chance was there until three or four days ago, when Vilt sent Louis Boudreau for a precautionary x-ray of a lame ankle.

"The x-ray showed a crack in the bone," said Vilt. "He may be out three weeks, maybe indefinitely. You can't tell about these things."

"And he's the best shortstop I've looked at in a long while. I wouldn't trade him for any in the league. He should hit 260. You should see him on double play—swish, swish, swish."

VIENNESE MARRIES

LONDON (CP)—Eugen Stein, Viennese refugee, and Cicely Perin, who married here, Stein is a member of the British Auxiliary Pioneer Corps, and met his bride while at a training school in England.

EASTER

Spring comes, with Easter gladness
With flowers, in every Church arrayed,
The early birds return to haunts
Of known and unknown ways,
Sun-lengthening rays, the first new buds displayed.

Some special word perchance, from out the Azar
Where lilies petals', their purity will show,
To bring the peace to hearts, oft hurt by sadness,
Like forest glades or where the clear cool waters flow.

Of FAITH, in Him Above, who ruleth over us,
Who sets before us, no matter where we go,
Who lifts from out the depths, in all His wisdom,
Who knows our faults, who dries the tears that flow.

Or yet of HOPE! to warton world so weary,
When Easter's dawn, unfolds from out the sky,
A prayer for Peace on Earth, with help, "Our Father!"
To end the wars, where men still have to die.

Of CHARITY! in thoughts, in word, and action,
For those, we needs must call our fellowmen,
For neighbors, those who might need help around us,
Those who, by some strange fate, must build anew again.

Of LOVE! was not that His great of old motto,
"My Peace I leave with you," He said? In Faith in Charity, he built to stand through Ages,
Our Lord is risen! Our one Great Hope! a new Remembrance Day.

When by some rivulet of running water
We walk through mosses soft,
Near trees, where new life is seen,
O'er leafy mounds, through nature's restful stillness,
Thru this time of rest, "The Master,"
March 5th, 1940. —J. R. C.

Egg Poultry Assn's Had Record Year

Eastern Ontario Egg and Poultry Associations, operating in the Ottawa Valley, report substantial increase in the volume of eggs and poultry handled in 1939. A summary of the business done by the 29 unit associations shows a 37.1 per cent increase over 1938 for dressed poultry, 14.9 for eggs handled and 10.3 per cent for live poultry.

The associations shipped 51,137 thirty dozen cases of eggs last year, netting producers \$311,066.61. Dressed poultry, totalling 2,925 netted \$79,624.24 and 79,732 pounds of live poultry returned \$10,213.74 to the producers.

These co-operative farmer associations have shown a steady growth since the first unit commenced operations at Oxford Mills in December, 1934. By 1936 there were ten associations; 28 were operating in 1938 and 29 in 1939. Last year's business meant a return of over \$400,000 to members. Since the first association started members have received \$1,286,345.24 for poultry products.

The associations are controlled by a president and a board of directors—all farmers. They employ a manager who is a qualified grader, to grade, pack and ship eggs and poultry. He is paid one-cent a dozen for eggs handled and one-half cent for dressed poultry. It has been learned that the associations which are most progressive are those with a manager who makes his office a clearing house for the problems of the industry for his community.

Both eggs and poultry are sold on a graded basis and the farmer receives full market returns less handling charges, which for eggs amounts to about 2 1-2 cents per dozen.

Before the associations were formed farmers in the Ottawa Valley sold their eggs to local merchants or to itinerant traders. Often sales were made on a flat rate without any regard to grades. Little consideration was given to quality. Farmers either were unable to learn about Montreal prices or didn't bother to find out. The result was inferior quality eggs and poor returns to the farmers.

The associations were formed at the suggestion of the Live Stock and Live Stock Products Division, Marketing Service, Dominion Department of Agriculture, in co-operation with the Agricultural Representative of the Provincial Department of Agriculture. Eggs are graded by the associations and shipped to Montreal markets. The grade put up by the associations is accepted by wholesalers without challenge.

Not only have farmers and the communities in which they live benefited by a higher return for their eggs but they have also found that the grading reports give a check on methods of feeding, breeding and handling eggs. Farmers who handled their flocks and eggs properly received better grades and higher returns. When the indifferent poultryman found that he was getting lower returns he was induced to improve his methods. The result has been a steady improvement in egg quality.

For the most part, poultry is killed and dressed on the farms and delivered by the farmers to association centres, for grading and shipping. However, four of the stations, Cobden, Finch, Ossoode and Kilmora, have established local killing plants and live birds are delivered by the farmers. These centres showed a heavy increase in dressed poultry handled in 1939. For example, at Cobden, 12,662 pounds were handled in 1938 and 63,545 pounds in 1939; at Ossoode, 8,630 pounds were handled in 1938 and 26,358 pounds in 1939. A charge of five cents a bird is made for killing and plucking.

U. S. Prepared To Recognize British System

By Andree Berding
Associated Press Staff Writer

WASHINGTON, March 22 (AP)—The United States government will not oppose the extensive "rationing" system Great Britain is throwing around the neutral nations contiguous to Germany.

It is learned on excellent authority that if the British adopt a "reasonable" limitation on overseas imports into these countries there will be no objection from here—provided the rationing is administered without discrimination.

Officials recognize that American exports are going to neutralize adjacent to Germany in abnormal quantities, and that it would be difficult to insist on a right to continue such shipments, in view of the suspicion

that some of them are passing through to Germany.

The January figures of the department of commerce show a tremendous increase in American exports to Germany's neutral neighbors. To the Netherlands they were \$13,212,000, compared with \$7,551,000 in January last year; to Sweden \$7,902,000 compared with \$4,534,000; to Italy \$8,300,000 compared with \$4,381,000; to Norway \$4,261,000 compared with \$1,541,000.

Switzerland's imports from the United States showed an especially striking increase, being \$3,604,000 compared with \$822,000.

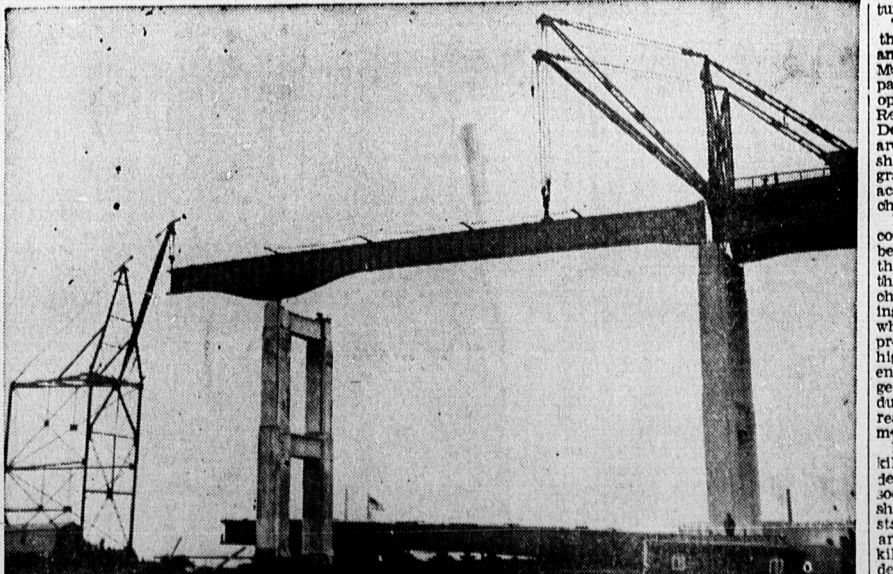

—FORMER STAR DIES—SYDNEY, N. S., March 22 (CP)—Jack I. McNeil, football and hockey star with St. Francis Xavier and Dalhousie Universities a few decades ago, died at his home yesterday. He had been ill for 16 years.

The popular song will come true for passengers on the new Pan American strato-clipper, who will fly "somewhere over the rainbow." The super-charged air liner, over 30,000 feet up, will wing through clear skies above the tumultuous earth-weather level, as shown in the above chart. Ready for service soon, the giant plane has a wing spread of over 107 feet, accommodations for 33 day passengers, 25 night ones and a ton of mail or express.

Giant cranes lower the largest single girder ever fabricated in the United States into place on the pilings of the Thomas A. Edison bridge across the Esplanade River at Perth Amboy, N. J. It weighs over 200 tons, exceeds 250 feet in length.
