How to Grow Hair on a Bald Head

BY A SPECIALIST. Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness...

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made From Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things...

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, E. A. Foster, Sunnyside.

DAILY SELECTIONS FOR GUARDIAN READERS

Furnished by W. S. Louson

PREPARATION FOR STORM OR CALM.

Life is not all sunshine, neither is it all storm. It has its reverses as well as its inspirations. Sailors are not unmindful of the fact that storms will arise and must be met with all proper precaution and preparation. Every human being must face untoward experiences - experiences that will test the soul and reveal its strength of endurance and power of resistance. These storms are inevitable; they belong to life's curriculum. They often prove an advantage to an individual.

PROTEST

(Continued from page 2.) I believe you will live up to the best traditions of The Guardian and will make that paper an even greater power for good. I am pleased to notice that you do not give prominent space to prize fights - some other papers do - and if in the future The Guardian will cut out contests, many of its constituents will be better satisfied. My request that this letter be published is based upon the following protest which I utter in my own name and the name of many readers, against the program worked out by our federal cabinet ministers - Messrs. White and Reid - last Sunday. If the press reports their doings correctly - and I presume that it does - then they are deserving of severe censure. They inspected things and journeyed to Pictou. We do not read that they inspected the interior of any sanctuary on that day. They set no one an example either of true rest or reverence.

OBITUARY.

The many friends of James Cummings were grieved to hear of his death which occurred after a short illness at Waltham, Mass. He was born and lived at Emyvale until fifteen years ago and was highly esteemed by every one who knew him. His many friends in this province together with those earned during his stay in Waltham loose by his death a friend who can never be replaced. His remains were brought home on June fourth, accompanied by his wife and sister-in-law, and were taken to the home of his father-in-law, Patk Hagan, Sr. On the following morning they were laid in their eternal resting place at St. Ann's, Lot 64. A requiem high mass was sung by Rev. Dr. Curran who also conducted the funeral services at the grave. He was a hardworking, honored man and departed from this world at the age of 50 years. The pall bearers were: - Benj. Wynne, John Curley, Frank Dougherty and Michael Dougherty.

THE MIGHTY HAAG RAILROAD SHOWS

Mr. Haag, owner of the Mighty Haag Railroad Shows, has decided this year all children attending the afternoon performance of The Mighty Haag Railroad Shows will be treated "Free" to a ride on the ponies after the performance. Careful attendants attending the ponies.

THE "FENCED CITY"

When most of the town is still slumbering The Mighty Haag Railroad Shows will arrive here on their own special trains of cars, and by the time the city awakes there will be a tented city complete in itself, having sprung up in one night. This tented city is as complete as any city of modern size, as a visit to the show will prove. The Mighty Haag Railroad Shows have the most unique trained animal act ever produced, composed of bears, ponies and blue faced monkeys. Professor Chas. Duncan, who has created this act, says without doubt there is not another act in the world to equal it. The blue faced monkeys which are used in this act are a great specimen of animal intelligence as being as near the missing link as can be found. Words will not express the many remarkable qualities of human intelligence that are shown by these blue faced monkeys. The Mighty Haag Railroad Shows will exhibit at Charlottetown, July 31 and Aug. 1st.
