It is a matter of congratulation, not only to the Methodist denomination, but to the whole province that Rev. G. M. Campbell has declined the flattering call extended to him from prominent churches in Western Canada. Mr. Campbell is a very talented clergyman, and an energetic man in other departments of the public life of this province, and we cannot afford to lose the services of such as he.—Fredericton Herald.

Chronic Biliousness

IN ITS TRAIL FOLLOW HORRIBLE DREAMS, DESPONDENCY MELANCHOLIA AND GENERAL WEAKNESS.

The elements needed to promote good digestion, regularity of the bowels, correct action of the kidneys and liver, must be supplied when a bilious condition of the system is once established. Ferrozone can't help but do this. It gives the stomach perfect rest, and allows you to partake of and enjoy the variety of food that is necessary for maintaining health. One Ferrozone tablet taken after each meal will separate the nutritious portions of the food from the waste, which is carried off, thus preventing and curing constipation and its attending evil, piles.

Being a potent blood purifier, Ferrozone cleanses the crimson flood of all bile and impurities, and as a result the complexion is restored to a rosy, healthy hue, and the dark circles under the eyes and the ceatily pallor of the cheeks, go away never to return.
Taken for disorders of the stomach commencing with biliousness, and ending with derangements of the liver and kidneys, Ferrozone achieves marvelous results. It is at the same time a tonic and stimulant, and a regulator of all bodily functions, and chronic sufferers should not fail to give it a fair trial. It will do you good without doubt, and if the malady is enable it will yield to Ferrozone.
With the use of Ferrozone appetite will be better, the blood made rich and pure, sleep will be dreamless and sound. Your muddy complexion will be cleared and be satisfied, your eyes will acquire a new brightness, and as you spirits rise and good health returns, you will bless the day you learned the secret of Ferrozone's power.
If you think you need Ferrozone go to the nearest drug store and procure a supply. Refuse a substitute and insist on having the genuine Ferrozone, which costs 50 cts. per box, or 3 boxes for \$1.25. By mail from N. C. Polou & Co., Kingston, Ont.

The sudden death of Captain Thomas Reid has cast a gloom over the western part of the Province. On Friday last he came ashore at Miminigash, after having been out fishing, and went to the store of Samuel Metherell. While there he shivered, fell backward, and was dead in less than two minutes. Joseph Gallant, who was present caught him as he fell. Captain Reid was a very strong and apparently a very healthy man. He was a brother of Trail Reid, sub-collector of customs at Miminigash and of Douglas Reid of Campbellton, Lot 4. His relatives have the sympathy of the neighborhood.

On Tuesday evening the Most Worthy Patriarch of the National Division Sons of Temperance of North America, W. H. Williams of Boston, paid an official visit to Prince Edward Division No. 1, of this city. His address, though brief, was full of inspiration. The Order is advancing all along the line, and especially in Pennsylvania and Nova Scotia, and at the close of the present official term he predicts a substantial increase for the grand old order. Brief and pointed addresses were made by several of the old veteran members who were present on the occasion. A hearty vote of thanks was conveyed to the distinguished visitor by the Worthy Patriarch, Mr. David Small, and meeting closed.

IT IS DOUBTFUL

If Local Applications Alone Ever Cured a Case of Catarrh.

Most remedies for the treatment of catarrh are in the form of sprays, inhalers, powders, washes or salves, all purely local applications and many of them offer temporary relief, but the reason none of them ever really cure chronic catarrh is because catarrh is not a local disease and it cannot be cured simply by treating the local symptoms.

Moreover the more serious forms of catarrh, like catarrh of the stomach and catarrh of the bronchial tubes, cannot be reached at all by local applications and the fact that neglected catarrh of the head very soon involves the bronchial tubes, stomach and liver, demonstrates that the disease is a blood disorder, a constitutional malady and not at all a local disease.

To really cure catarrh the system must be cleansed from catarrh poison by an internal remedy which acts effectively upon the blood and liver.

The success of a new catarrh remedy, Stuart's Catarrh Tablets, is because it drives out of the system, through natural channels the catarrhal poison and the mucous lining of the nose, throat and trachea are freed from the excessive mucus which collects and causes the hawking, spit'ing and gagging, because the excessive secretion is not furnished from healthy blood.

Stuart's Catarrh Tablets contain many of the same valuable antiseptics used in sprays and inhalers, but instead of being applied to the inflamed membranes of the nose and throat, they are taken into the stomach and thus reach the blood, the real seat and cause of the disease.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges, composed of Red Gum, Hydrastin, Bloodroot, and similar catarrh specifics, and so safe to use that little children suffering from colds take them with same beneficial results as adult persons.

No trace of cocaine or opiates, so common in catarrh medicines, can be found in Stuart's Catarrh Tablets.
