MAVIS TALK

Housecleaning is always fatiguing. When everything is made spic and span you are tired out and uncomfortable. But a sprinkle of Mavis Talk will help make you feel like yourself again.

EASTERN GUARDIAN

Golden Jubilee of Mgr. Gillis

"ORDER from Holman's Catalog." 9045-6-2212. *SOURIS, Moving Picture Show Monday. 1796-7-23-31. *ST. PETERS, Moving Picture Show, Friday. 1795-31. *BRIDGETOWN, moving picture show, Saturday. 1772-7-22-31.

During the annual retreat of the clergy at St. Dunstan's University the many friends and admirers of Mgr. Gillis, presented him with a golden chalice. Daniel Gillis of Miscouche entered St. Dunstan's College in 1869. After his ordination he was appointed to the pastoral charge of what now comprises the parishes of St. Therese, St. Andrew's; Morell; St. Peter's and St. Charles.

*FIRST IN THE SETTLEMENT - Mr. Angus D. McIsaac, Hermanville, purchased last week a Chevrolet car, being the first in the settlement.

*VERY SICK - Mr. Leo Gillis, lobster packer, Clear Springs, is very sick with pleurisy, after having sustained an attack of double pneumonia.

*THE PARISHIONERS of St. Columba's parish, East Point will hold a tea party on the grounds adjoining the church on Wednesday, July 28. Reserve the date. 674-7-17-91.

*WIDENING THE ROADS for auto traffic is certainly a move in the right direction. The roadmasters in all the districts have widened out the otherwise narrow roads as much as six feet on an average.

*MURRAY RIVER BRIDGE The new bridge at Murray River, which will be completed in the fall, is without doubt, the finest bridge, apart from the Hillsborough, on the Island, and is a credit to all concerned. The steel structure; the solid concrete floor is certainly creditable to the designer, H. H. Shaw, Provincial Engineer.

EASTERN PERSONALS

*Mrs. James H. McLean paid business visit to Souris on Monday.

*Mrs. Nancy McDonald of Hermanville, was in Souris Monday, on business.

*Miss Katie A. McDonald, Boston, is visiting her old home at Rockbarra.

*Jno. Alfred McDonald, Land Surveyor, Hermanville, has returned from a professional visit to the western parts of the Island.

*Mrs. Philomena and Mrs. Veronica, daughters of the late Neil A. McPhee, Big Pond, both wealthy widows of Boston, Mass., are visiting the old home at Big Pond, residence of their father, Mr. James N. McPhee.

*Miss Cassie McDonald and brother Mr. Stephen McDonald of Boston, arrived on the Island last week to spend a month at their home, Cement House, St. George's. This beautiful residence and outbuildings of solid steel and masonry, was built by Miss McDonald a few years ago on the old farm at St. George's.

(United Press.) NEW YORK, July 21.—Erwin Bergdoll of Philadelphia alleged graft evader for whom federal authorities sought for two and one half years surrendered himself today at Governor's Island. He is a brother of Governor Cleveland Bergdoll, for whom a nation wide search is now being made.

THE COOK STUDIO

BRING THE CHILDREN TO THE BAYER STUDIO

For their summer PHOTOGRAPHER

We are still at the old stand. Starting June 23rd, we will close on Wednesdays afternoons.

The following address was presented by the Rev. John A. McI-nald, and the presentation made by the Rev. M. J. Smith. Rt. Rev. Mgr. Gillis—Many of your older associates, your near relatives, and your spiritual children in the priesthood, have only recently learned that you are about to pass unnoticed.

We wish however, to congratulate you on the completion of fifty years of faithful service in the vineyard of the Lord, and commend you to the prayers of your high office.

We recall with admiration the zeal and energy with which you attended to the spiritual wants of your care, and the large section of King's County and Eastern Queen's, often travelling 60 and 70 miles a day in the saddle in the performance of your missionary labors.

You were a fearless and earnest worker in the cause of temperance, when its advocates were few and not always held in honor. The Holy See recognized and rewarded with the purple your zeal and earnestness in that holy cause.

Allow us, Mgr. to congratulate you on the greatest material movement of your priestly efforts in the beautiful church of St. Mary's, Indian River.

In selecting a suitable gift, we considered the most appropriate and one that would best meet your own wishes, would be a challenge to be used in offering the Holy Sacrifice of the Mass in that stately temple. We beg of you to accept this chalice as a mark of our appreciation of your fifty golden years of zealous labor, well and faithfully performed.

Our warmest prayer is that your life may be blessed many years to come. God will be our inspiration to our zeal and the golden evening of your life may endure on earth till it be transmuted into the sparkling brightness of your diamond jubilee.

New Annan Races

Extensive preparations are being made for the big annual races at New Annan on Wednesday, August 18th. The track is being made better every year—forty feet of stabling has been built—fifteen feet has been added to the grand stand a new dancing pavilion seven feet high will afford an ample view of the prize dancing. The dancing and necessary music was such a pleasing feature of last year's race that the management have decided to offer seven prizes for dancing on August 18th, those will include gold, silver and bronze medals for ordinary jig dancing and gold medals for Saviors Hornpipe, Sword Dance, Highland Fling and Irish Jig.

The management desire to make a special feature of the ancient Scottish and Irish classic dances. Many people who live west of Summerside are deprived of the pleasure of witnessing those beautiful dances at the Caledonian Club picnic at Charlottetown, on account of distance. The races at New Annan will afford them an ample opportunity. Ladies or gentlemen desirous of competing for those beautiful gold medals will please forward their names to the secretary James Pendergast as soon as possible.

There will surely be a feast of music. The G. W. V. A. band of Charlottetown also a pipe band will be in attendance. The jigs will be danced to violin, piano and cornet music.

The light weight and heavy weight boxing contests will be another special feature. Two \$35.00 gold watches will be given as prizes. There will be colored club swinging and other side attractions. A dressing room has been built under the dancing pavilion. On the convenience of competitors in the dancing and sports.

The fact that the fame of New Annan race track as an outdoor pleasure resort has become so well known and many other indications, point to the probability of the getting together of one of the largest crowds of people ever attending a race on P. E. I. The classes are 218 Trot and pace, 227 trot and pace and 240 straight trot. The best horses on P. E. I. will battle for supremacy. 1783.

Gray-Dort High Spots

Below are a few features of the Gray-Dort which—in comparison with opposing units and systems in other cars of its class—prove uniform excellence and often exclusive superiority—

Scientific weight apportionment—yet no superfluous weight.

Unity of oversize strength.

Chassis frame capable of bearing stresses of much heavier car.

Three heavy cross members in Chassis frame.

Cellular type radiator—large cooling surface—removable core—sixteen inch four blade fan. Usually large connections between motor and radiator and auxiliary radiator tank.

Block motor with detachable head. Clutch and transmission same unit.

Thermo-syphon cooling.

Three-quarter inch water space in the jackets and over cylinder explosion chamber.

Easily taken-up motor bearings.

Crankshaft weighing 47 pounds—larger than in many expensive, extra-powerful cars.

Plunger pump—shooting oil directly where it is needed.

Carburetor adjustment requires no technical training.

Ignition through Prestolite storage battery and Connecticut distributor.

Westinghouse starting and lighting—two unit system.

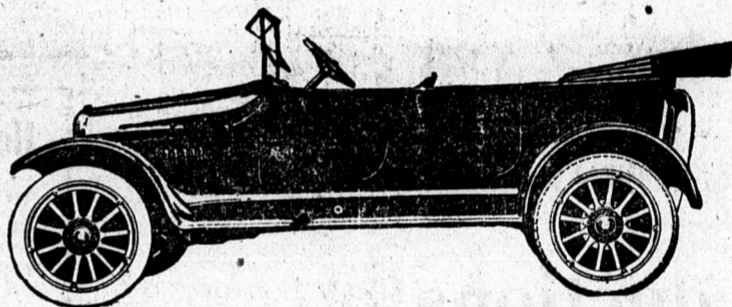

Motor and transmission removable without disturbing body.

All frictional units adjustable.

Leather faced cone clutch—affording widest surface for power transmission—easiest to operate—easiest to repair—simplest made.

Compare with other cars—go over them point by point—the Gray-Dort wins every time on a quality test. Let us show you.

For Heavy Work

PALMER-McLELLAN Farm Boots are ideal for heavy work at all seasons of the year.

The exclusive Palmer-McLellan Chromoil tanning process makes them as waterproof as is possible with leather, and very durable.

The special soles and heels are nailed on by a new machine method that gives the solidity of a heavy work boot, with the ease of a moccasin.

Palmer-McLellan Farm Boots wear like iron, keep their shape, do not harden or crack after wetting. Always soft and comfortable, and are cheaper than other boots that do not give such satisfactory service.

If your dealer cannot supply you, write
