

GREATEST FOX SHOW HELD ON CONTINENT

HE'S WELL PLEASED AND LITTLE WONDER!

President Jones Distributes A Few Congratulatory Boquets On Eve Of Opening The Big Show.

BY J. WALTER JONES.

President of the Silver Fox Exhibition Association of Prince Edward Island.

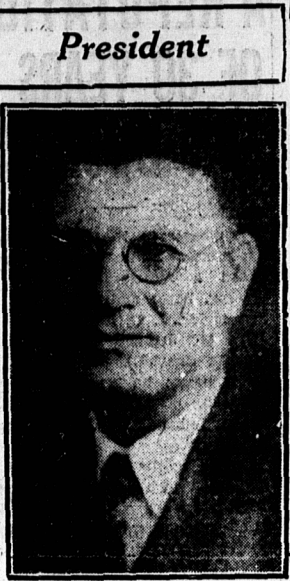

The first silver fox exhibition will likely be remembered as one of the snappiest contests ever held. Over one hundred exhibitors, many of whom are showing only their best fox, will take their pretty animals out of their dens for the first time, and lay them on a table before three judges in competition with their neighbors. It will be an occasion when the fox will go to the bragging instead of the owner.

About 470 foxes, carefully chosen from the ranches of New Brunswick and P. E. Island, the home of the fox industry, will compete. It is safe to state that the lot could not be purchased for a quarter of a million dollars. Their value would be about equal to all the live stock shown at our great Class A Provincial Exhibition, race horses included.

Surely, when Major Albert Robertson, of Mermaid, mooted this show in his letter to the local paper he did not envision so great a showing—nor did those who attended a first meeting last May in Charlottetown anticipate the wonderful reaction of the breeders of the Maritimes. When the

Provincial Government coached by George Harding, agreed to supply the fox crates, its act was criticized, but its good judgment has been confirmed. The Canadian National Association which agreed to give one thousand dollars to a regional show for the Maritimes, hardly appreciated the good they were doing. The city of Charlottetown will be well repaid for their contribution of two hundred and fifty dollars.

The stalwarts who donated the many handsome trophies for the champions deserve their meed of praise and the directors of the show, who loaned a working fund of two thousand five hundred dollars, can

J. WALTER JONES, Of Sunbury, P. E. I., president of the Silver Fox Exhibitors' Association of Prince Edward Island.

get their money back—for the show will be a financial success.

The first secretary, Mr. Thomas Rogers, deserves much credit for getting the work under way, and the newer secretary, Mr. W. R. Shaw, whose services were loaned by the Department of Agriculture, has proved a great acquisition. The experienced under-secretary, Miss Trainor, is a model in thoroughness, efficiency and reliability, and her experience with the P. E. I. Exhibition Association is an invaluable aid to the directors.

The P. E. I. Exhibition Association has loaned buildings and assisted and co-operated from start to finish. Without their wonderful buildings the show could hardly be staged.

The Directors of the Association, and the Provincial press will continue in action all week and the public can see for themselves what can be accomplished by good judgment, enthusiasm and enterprise.

A Great Event

ful medium for the extension of the industry on a world wide scale.

Maritime Show Wanted

The representations of the advocates of a Maritime fox show have heretofore received but scant recognition. The Royal Show at Toronto in a measure satisfied the ambitions of the larger breeders, while ranch establishments and the many features connected with a rapidly developing industry militated against any definite development in the way of a Maritime exhibition. The year 1929, however, is destined to bring to fruition the seed that has been spread abroad in favor of the institution and it is confidently hoped that the fox show to be held at Charlottetown from October 29 to Nov 1 will fully realize the hopes that have been entertained for it.

It is fitting, that in this Province, the recognized centre of the world's fox production and the place where the industry originated and where it received its first impetus and encouragement, the first Fox Show to be held in Eastern Canada should take place. The directors announce their intention of assuring the establishment of the exhibition on a permanent basis, and there can be

BEST BY TEST

HOW CAN YOU TELL?

What Fox NETTING to buy when all Nettings LOOK ALIKE?

But there's a difference.

Who's going to do the experimenting? Doesn't common sense urge you to consider the experience of other old and experienced ranchers?

TIME and TIME ONLY is the safest judge. ACT ON ITS PROOF. Twenty years of test can't guide you wrong.

SECURITY FOX FENCING
IT LASTS — AND LASTS — AND LASTS

It's the extra heavy, luscious coating of galvanizing that assures such long life for your Security Chain Link Fox Fencing. It laughs at rust. Strong and sturdy — safe proof — in big — and no ragged edges to injure your animals' fur.

Another feature that fox breeders appreciate is the complete elimination of sharp edges which can be found in other fox fencing. Write for interesting and helpful information on fox fencing.

SILVER FOXES

We wish to announce that we are open this season to buy large quantities of all grades of Silver, Cross and Red Fox Furs. Our connections this season will enable us to handle large quantities. The outlook for fox furs this season is quite favorable, and we are looking forward for a good demand. Before disposing of your pelts, we would be pleased to have you show us your collection. We do not care what quantity you have to offer. We are arranging to buy furs at the different leading points and we will announce buying dates later through the press.

Anyone wishing to get in touch with us before November 10th, 1929, can do so by phone or letter at my Postage office.
