2 KILLED, SEVERAL INJURED IN ACCIDENT NEAR ALBERTON

Army Reinforcements Called To Battle Forest Fire

Five Killed When Taxi Crashes Into C.N.R. Train

QUEBEC, Que., Aug. 21 (CP)—Five persons were killed, three of them outright, when their taxi crashed into a Canadian National Railway train 13 miles from this northeastern Quebec village.

Dead are: Mr. and Mrs. Henri Couette, 30 and 23 respectively; their daughter, Françoise, six; Albert Fortin, 30, and Norman Larouche, 26.

All victims are residents of near-by Hébertville.

The taxi, believed to have been driven by Larouche, was struck about two miles from Chambord station. It was completely demolished.

The accident was reported to have occurred at 9:34 p.m. E.S.T. Saturday night. The train, en route from Chicoutimi to Quebec City, was believed to be travelling about 30 to 40 miles an hour.

The train halted within a short distance of the crash and its crew were first to reach the scene. Two physicians were called immediately.

Three victims were pronounced dead while the young girl and Larouche were unconscious.

The girl died on her way to hospital while Larouche died this morning in hospital at Robertville.

A C.N.R. spokesman in Quebec City said the taxi "apparently tried to get across the track before the oncoming train reached the crossing."

The speed of the taxi was not known. It was not believed to have been stalled on the tracks.

The bodies today were taken to the Roberval morgue where relatives identified the bodies this afternoon. All were released to relatives for burial.

A coroner's inquest has been fixed for tomorrow afternoon.

73 Dead In French Forest Fires

BORDEAUX, France, Aug. 21 (CP)—At least 73 persons have been burned to death in the giant fires in the Girondo Forest southwest of here, official figures showed tonight.

The Government has sent 1,500 troops into the area to help civilians combat the series of fires that broke out after a long drought.

The bodies of 38 persons have been collected at Crestas, a village of 1920 inhabitants, the Town Hall said. Twenty houses there were reported burned.

Fire-fighters tonight were reported holding the flames on all fronts.

Coming Events

- Long Creek Hall ice cream festival August 22nd.
- Dance, Morell East School, Monday, 22nd. Good music.
- See Ray Little Show in Wilshire Hall, on August 23rd.
- Ice-cream Social, Rose Valley Church Friday, August 26th.

- Don't miss a fine evening of sports and dance to be held at Johnston's River School, August 24th, at 8:30 P.M.

Russia Delivers Stern Warning To Yugoslavia

Charges Tito Gov't With Unlawful Arrest, Beatings Of 6,000 Soviet Citizens.

MOSCOW, Aug. 21 (AP)—Russia warned Yugoslavia Saturday she is prepared to take "effective measures" to protect the rights of Soviet citizens in that Balkan country.

Moscow delivered a stern note to Belgrade protesting the "unlawful arrests and beatings" of some 6,000 Soviet citizens in Yugoslavia.

Said the note:

"Apparently the Yugoslav Government does not intend to bring to account those who are to blame for these practices."

"If that is so, the Soviet Government deems it necessary to declare that it will not reconcile itself to such a situation, and will be forced to resort to other more effective measures necessary to defend the rights and interests of Soviet citizens in Yugoslavia and to call to order the violators."

The note did not specify what these measures would be. It was the latest in an arid exchange between the two countries. Last week Russia called Yugoslavia an enemy of the U.S.S.R.

Russia rejected Yugoslavia's contention that the Cominform is advocating the forcible overthrow of Marshal Tito's Government.

In a previous note, to Moscow, Yugoslavia had said some of those under arrest were guilty of advocating the overthrow of the Cominform resolution which expelled Yugoslavia from the association of Communist countries in Eastern Europe.

"These inventions, however," the note said, "are an obvious provocation and slander."

The note does not contain a single word about overthrow, still less a forcible overthrow, of the state system in Yugoslavia.

An American official says that the Communists of Yugoslavia should compel the existing leadership of the Yugoslav Communist Party to revise its policy, or if that should prove impossible, should renounce the leadership of the Yugoslav Communist Party and elect a new leadership.

Former Lt.-Gov. Of Nova Scotia Dies

DARTMOUTH, N.S., Aug. 21 (CP)—Walter H. Covert, Lieutenant-Governor of Nova Scotia from 1931 to 1937, died at his home here Saturday. A native of Musquash, N.B., he was 84.

Walter Harold Covert was sworn in as Lieutenant-Governor of the Province Oct. 9, 1931, and retired May 1, 1937.

An eyewitness, Mrs. Catherine M. Fraser of the Omenica Herald, a Terrace weekly, said standing in the street "was like being on the heaving deck of a ship in heavy seas."

British Hit Back At Criticism From The U.S.

LONDON, Aug. 21 (AP)—The steady lashing from some sections of American public opinion brought a strong reaction today. Supporters of the Labor Government struck back, independent organs showed a flash of independence, and the Conservative press protested.

The stream of suggestions that Britain is a "punch bag" from the United States if she did more to help herself gave rise to this headline in the Sunday Pictorial, a pro-Labor tabloid which claims 5,000,000 circulation:

"We British Are Tired Of Yankee Insults."

War Minister Shinwell in a speech at Aspatia declared it was time that American and other critics quit "sneering" at Britain and remember that "the game of twisting the lion's tail is a risky one and it may recoil on those who indulge in this pastime."

The suggestion that Britain is played out is sheer nonsense, he said, and it is time "due recognition was given to the part played by this country in world affairs."

"Now when we have almost exhausted ourselves in six years of war and find ourselves in a grave economic position, our magnificent efforts in the past are overlooked," he said.

First Hurricane Of Season Reported

MIAMI, Fla., Aug. 21 (AP)—The first hurricane of the 1949 season was reported today about 80 miles east of Miami.

The storm, which had winds of 80 to 90 miles an hour, was located about 280 miles northeast of Miami early tonight, moving westward about 15 to 17 miles an hour.

"There is no immediate danger to the Miami area or to Florida," said Grady Norton, chief of the Hurricane Warning Service.

Origin Of Flying Saucers Still Secret

WASHINGTON, Aug. 21 (AP)—The secret of where flying saucers might come from is still a secret, so far as the United States Air Force is concerned.

It decided Saturday that two experimental aircraft found in a Maryland barn "have absolutely no connection with the reported phenomena of flying saucers."

Earlier an Air Force spokesman had said there was a "good chance" the two weird devices found near Glen Burnie, Md., might be prototypes of the flying saucers or discs.

The experimental craft, one of which had a rotating disc and propeller blades, and the other a tub-like contraption, apparently were devised by Jonathan E. Caldwell. He disappeared in the winter of 1940 from the Maryland farm where he had been conducting experiments and hasn't been heard from since.

In New Orleans, an engineer who worked on the project with Caldwell said last night that lack of funds prevented development of the aircraft.

J. Owen Evans said he handled aerodynamic problems for Caldwell in Washington from 1936 to 1939. One machine was a disc type, the other had rotating cylinders for wings.

Caldwell tried to interest the army in his project but got nowhere, Evans said. "He definitely intended it for eventual military developments."

It has been over two years since the first report of "flying saucers" came from the mid-west. Since then they have been reported in various sections of the country. Chasing one of the things, a National Guard pilot was killed last year in Kentucky.

Robber Gets \$40 At Bathurst Store

BATHURST, N.B., Aug. 21 (CP)—Irene Glazier, young employee of National Footwear, Ltd., was knocked unconscious Saturday night by an unidentified robber who stole \$40 in small bills from the store's till. Larger bills were untouched.

Miss Glazier was the only other person in the establishment at the time. Another employee, Miss Helen Fitzgerald, had left for a few minutes after the unknown man entered. When Miss Fitzgerald returned she found Miss Glazier lying on the back floor, covered with blood and her head cut in two places.

The victim was taken to hospital, where several sutures were required to close the wounds.

No arrests had been made tonight.

Says Man Robbing Soil of Minerals

OWEN SOUND, Ont., Aug. 21 (CP)—Agriculture Minister Kennedy of Ontario says man is "robbing the soil of its essential health-giving qualities." Pasturing of cattle on the same land year after year has removed minerals from the soil, with the result that the minerals now are lacking in milk. Children and adults are starved and unhealthy because of this lack, he said.

Leo Richard And Mrs. Daniel Gavin Victims In Automobile Collision

PRINCE RUPERT, B.C., Aug. 21 (CP)—This major northern port and towns throughout the entire Skeena River valley were rocked for five minutes at 9:05 P.M. tonight by a series of earth tremors described as the heaviest in the northland's history.

The fire, started late Saturday night and has swept over nearly eight square miles of tinder-dry grass and trees. Thousands of abandoned shells lying in the path of the blaze have been exploded, causing fireworks display visible 10 miles from this Laurentian foothill village.

No injuries have been reported. The army has roped off the 10-mile area from thousands of spectators who have thronged from Montreal to witness the blaze.

Capt. R. Montrency of the No. 34 Canadian Ordnance Corps here said in an interview that "it is impossible to say when the fire will be brought under control."

"We are attempting to confine it, but our efforts have been slow owing to the great danger of exploding shells."

Lack of water facilities hampered the men in their attempts to isolate the brush fire which is believed to have been started by careless berry pickers.

The property was owned by Defence Industries during the Second World War and was used as a proving ground for 22 millimetre aircraft shells manufactured by three sections of the range being threatened.

Britain Having Best Tourist Year

LONDON, Aug. 21 (Reuters)—Britain is having the best tourist year she has ever had.

More than 35,000 Western Europeans and 130,000 North Americans are expected to be among 560,000 visitors who will have risked rationing and other austerities to vacation here before the year is out.

These British Travel Association estimates are the highest since records were kept long before the war. Its estimate of \$55,000,000 (\$220,000,000) from tourist earnings is expected to be exceeded.

Americans are expected by the Travel Association to contribute \$72,000,000 to Britain's dollar earnings.

More dollars will come from Canada, which is expected to send about 25,000 visitors. Other parts of the Commonwealth and Empire will be expected to send 60,000 and South America 6,000.

London still is the greatest tourist draw in Britain, with the Tower of London, St. Paul's Cathedral and Westminster Abbey holding top priority on the sight-seeing list of visitors.

Next in popularity is Stratford-on-Avon, where tourists watch Shakespearean plays and visit places connected with the playwright's life.

Windsor, with its historic castle and beautiful surroundings, is third.

TORONTO, Aug. 21 (CP)—The Health Department reported six new cases of poliomyelitis Friday, bringing to 106 the city's total for the year. There have been three deaths reported.

Alexanders Leave

ST. ANDREWS, N. B., Aug. 21 (CP)—Viscount and Lady Alexander and their three children left St. Andrews for Ottawa tonight after a three-week vacation.

The couple, who visited in the town for the first time in 10 years, were accompanied by the Governor-General and the local Canadian Legion branch Saturday evening.

"If everything goes well I hope to pay another visit here next year," the Viscount said.

Dieppe Veterans Hold Anniversary Services

(By Shaun McQuillan)

LONDON, Aug. 21 (CP)—Thirty-one Dieppe veterans today returned to London after anniversary ceremonies at the scene of the epic 1942 raid.

The group, which flies back to Canada Tuesday in an R.C.A.F. North Star.

The party began their four-day visit to France with ceremonies in Paris where they were joined by Maj.-Gen. A. E. Walford of Montreal and Maj.-Gen. J. H. Roberts, who now is with the Imperial War Graves Commission in Europe.

The group mounted a guard of honor for the Arde Triomphe Wednesday when Major-General Georges Vanier, Canadian Ambassador to France, presided before they were sent to prisoner-of-war camps in Germany.

On the trip the Canadian army turned out en masse Saturday and an extra allowance for the journey, as well as providing transportation. Members of the detachment of Eastern Ontario and the Scottish Regiment, which suffered the heaviest casualties in the Dieppe raid.

Later the party left Saturday for London, three of the veterans visited the little town of D'Evereux where the Canadians captured the men by their rank, plus an extra allowance for the journey, as well as providing transportation. Members of the detachment of Eastern Ontario and the Scottish Regiment, which suffered the heaviest casualties in the Dieppe raid.

Huge Forest Fire In Ontario Under Control

TORONTO, Aug. 21 (CP)—A raging forest fire in Central Ontario, which swept through 3,000 acres of Snowdon Township woodland, was brought under control late today by 335 firefighters.

Forestry Department officials announced tonight that Saturday night the fire was held before the community is out of danger.

Nine new outbreaks occurred Saturday in the Trent River district of Eastern Ontario and in the Chapleau district in the Northern Lake Superior region. All but one, a 1,500-acre fire in Lutterworth Township, were of a minor nature. A bulldozer built a fire-line around the Lutterworth blaze and the flames were held under control.

Officials said a total of 1,240 firefighters is engaged in keeping the present fire situation under control, but the hazard is mounting. Weather forecasts give no immediate indication of rain.

High tide today at 8 A. M. and 10:13 P. M.

Sun rises this morning at 5:22 and sets at 7:09.

Sunrise this evening at 5:22 and sunset at 7:09.

Summerside tide eighteen minutes later than Charlottetown.
