

You Want To Make Your Money GO AS FAR AS YOU CAN

In buying insurance as well as in buying anything else. But you want to beware of buying insurance that is too cheap. There is a limit to the bargains you can get in insurance, for "bankrupt stock" in this commodity is no good. The very utmost value possible in life insurance is to be had in the policy of

The Mutual of Canada

It's good at all times, and gets more valuable the older you become. The safest investment a man can make for his family and for his old age is a policy in a sound and progressive Canadian company; and if the future surplus earnings will be most favorable with the companies which conduct their business the most economically, select their risks the most wisely and make the most profitable investment compatible with security, then insure in

The Mutual Life of Canada

1. Because the Government Blue Books show that this Company has the lowest expense rate of any Canadian Life Company.
2. Because the same Blue Books show that this Company has proportionately the lowest death claims.
3. Because its policy holders are the proprietors, own all its assets and control its affairs through a Board of Directors elected by and from among themselves.
4. Because the funds of the Company are held as Trust Funds for the sole benefit of its policy-holders. It does not invest or deal in stocks. Its securities are first mortgages (principally on farm land) municipal debentures, first mortgage bonds, loans on policies, etc., all of which are productive and safe beyond question.
5. Because the record of the Mutual Life of Canada from its organization in the year 1869 has been one of continued growth and prosperity, and it is today one of the oldest and strongest companies in Canada.

BRIDE DROWNED ON HER WEDDING NIGHT

Mrs. Capt. Patrick Ahern Met Her Death While Bidding Guests Good Night—Husband Stood Near.

New York, May 31.—Almost in the presence of a party of friends who had spent most of the night in celebrating her marriage, which took place Sunday, Mrs. Delia Ahern early Monday lost her life by drowning. Her husband, who was within a few feet of the spot where the tragedy occurred, was ignorant of his wife's plight until it was too late to save her life. Mrs. Ahern, who was 30 years old, was with her husband, Captain Patrick Ahern, and a party of friends, on Captain Ahern's barge, which was anchored in the Hudson river. The festivities continued until early Monday, and when the visitors

THREE WEEKS REPRIEVE.

MONTHLIER, Vt., May 31.—Governor Charles J. Bell to-day granted a second reprieve to Mrs. Mary M. Rogers, who is under sentence of death for the murder of her husband, Marcus Rogers, and for whose execution on Friday of the current week preparations had been made. This second reprieve extends until Friday, June 23. The reprieve was the result of a conference between Governor Bell and Mrs. Rogers' counsel immediately after the decision of the Supreme Court had been given, in which the court, standing five to two, refused to certify the writ of error brought by the defence. Mrs. Rogers' attorney will now bring the matter before one of the Justices of the United States supreme court, and expects an answer within the period of reprieve.

HAPPY DAYS FOR BABY.

The healthy child is a happy child. All its little troubles vanish when it is digesting its food well and is free from childish ailments. The greater part of these ailments arise from stomach and bowel troubles, feverishness, teething and worms. Baby's Own Tablets act like magic in these cases, and when children are restless at night they always give sound refreshing sleep. Mrs. A. LePage, St. Florence, Que., says: "Baby's Own Tablets had marvellous results in the case of my two months old baby. He was nervous, troubled with colic and badly constipated, but after giving the Tablets he began to improve at once and is now in good health. I also gave the Tablets to my three year old boy who was troubled with worms and they cured him as well. Both children are now the picture of health, and I am always praising the Tablets to my friends. You can get Baby's Own Tablets from any druggist or direct by mail at 25 cents a box by writing the Dr. Williams' Medicine Co., Brockville, Ont."

NOVA SCOTIA CAPTAIN'S DASH FOR LIBERTY

Taken Into Custody With Crew at Brazilian Port, He Fleed, Took a Chance Across a Bar and Escaped.

Halifax, N. S., May 31.—The Balcon sealing schooner E. B. Marvin, Capt. Anderson, has arrived in port with 2,350 seal-skins which will be shipped to catch the seal sale at London on June 21th. Nova Scotia sealers seem to be marked men in Brazil and thereabouts. The Argus G. Donohoe was held for months, and at Rio Grande de Sul the Marvin had to run for it, but got away all right and headed for Halifax. The tax at the Falkland Islands has shut out the possibility of landing seal-skins at Port Stanley, a British port, by a British vessel, to be shipped to British markets, and Capt. Anderson put into Rio Grande de Sul to land his fare there and ship to London, but when he got in the port the hatches were sealed by the authorities and the captain and crew

were not allowed access to treat the skins. She remained eight days and the captain seeing no chance of the hatches being opened for some time to come decided to leave. He cleared at the Custom House and sent for a pilot to take the vessel out, but was informed that he could not leave until the authorities saw fit and they did not see fit just then. The captain was annoyed at this treatment at the port, even having to pay \$26 per ton for salt, and he made up his mind that he was going to leave right away. So sail was set and the captain took a chance in crossing a bar at the north end of the harbor. He was no sooner under weight than the pilot vessel gave chase and when Marvin's keel touched the bar the captain leaped for a moment that it was all up with him but the vessel worked over the bar and headed for Halifax, leaving the pilot vessel in the rear.

LADY'S WAIST, CLOSING IN BACK WITH OR WITHOUT RANGY YOKE AND WITH OR WITHOUT A LINING. (No. 3146)

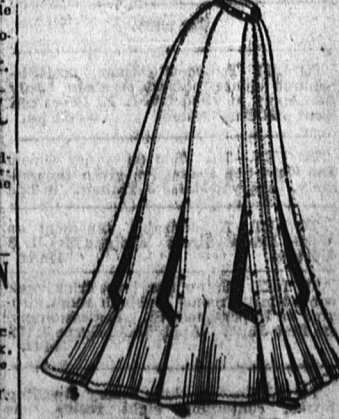

The illustration shows a most attractive production in pale blue Lansdowne, elaborated with suspender strappings of Point Venice lace. The waist proper is built along very simple lines. A tight fitting gives support and is fitted by shoulder and underarm seams and with feather-boned darts at front. The sleeves are gathered very full at the armhole and form a moderate puff at elbow, where they join a deep cuff trimmed with lace and ribbon and edges with a lace frill. A yoke empiement, with lower edge cut in battlement tabs, forms part of the pattern and will be preferred by many to vary the decoration. The pattern is an excellent one for use in making up the ready embroidered waist lengths; also for waists of all over embroidery or lace. Its adaptability to a wide range of fabrics and methods of trimming make this pattern an excellent standby for both dressmakers and home sewers. For sheer effects in lawn, organdie, swiss or dimity the lining should be omitted. Taffeta, surah, mohair, cashmere, flannel or fine serge may be lined or not as preferred. The pattern 3146 is cut in sizes 32, 34, 36, 38, 40, and 42 inches bust measure and requires 2 1/2 yards of 36-inch material, with 2 yards of lining and 9 yards of lace to trim as illustrated or a yard of contrasting material for yoke and deep cuff.

Mr. Maxwell Taylor, Charlottetown, P.E.I. writes.

"To all sufferers from piles in any form I would recommend Dr. Chase's Ointment as the only cure. Over a year ago while in Boston I became afflicted with a dreadful itching. I went to a doctor who gave me some ointment which made me no better. A friend advised the use of Dr. Chase's Ointment and by the use of two boxes I was entirely cured. You may publish this statement in order that other sufferers may profit by my experience." If you are not acquainted with the merits of Dr. Chase's Ointment you will be surprised at the cures which are being brought about in your own neighborhood. No preparation has ever been more heartily endorsed by people who have used it and none has ever been so successful in curing piles. Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

PRINCE EDWARD ISLAND MERCHANTS

Are your customers asking for "Royal Household" and are you failing to supply it? It so, be assured that you are driving away the best of your trade, for people are going to the place where they can get "Royal Household," and maybe their flour trade is not all they will take with them.

The extensive advertising of "Royal Household" is awakening an interest on the part of the people who have not yet tried "Royal Household," and the thousands of published testimonials of people who have used it are convincing them that they want to give it a trial.

When a woman gets an idea that she wants a barrel of "Royal Household" to give it a trial, there is no use trying to put her off, and it will not be a good thing for you if she must go to another to get it; for not one woman in a hundred will ask for any other flour after she has used "Royal Household" once.

In the light of these facts you simply cannot afford not to handle "Royal Household," for otherwise you would have to stem the tide of public sentiment, which is far too strong. You can afford to be without some brands of flour, but not "Royal Household."
