

One in Seven Dies... of Consumption

And Consumption Begins with a Cold that Could Be Cured by Dr. Chase's Syrup of Linseed and Turpentine.

That one in every seven persons dies of consumption is proven by government statistics, and when it is remembered that it is usually the young man and young woman who succumb to the effects of this terribly fatal disease, the ravages of consumption are more fully realized.

Consumption always begins with a neglected cold, and how dreadful must be the misery of every mother whose dear ones fall prey to this monster as a result of mother's neglect to cure the cold.

It is rarely that consumption is ever cured, but it can always be prevented by a timely use of Dr. Chase's Syrup of Linseed and Turpentine, the most popular and far-famed remedy for throat and lung diseases.

Dr. Chase's Syrup of Linseed and Turpentine is composed of the best ingredients ever used for coughs and colds. It is pleasant to take, prompt in its action, and a positive cure for croup, bronchitis, whooping cough, sore throat, hoarseness, asthma and coughs and colds of every description.

25c. a large bottle at all dealers, or EDMANSON, BATES & Co., Toronto.

It is Really True.

There is no use disputing the fact that the kidneys control the health of the entire system.

Their is the task of taking out the poison from the blood and discharging it from the system.

If the kidneys do not eject, discharge or drive out these poisonous elements, the body becomes corrupt and as a little leaven leaveneth the whole loaf, so a little kidney trouble poisons the entire system, and moreover leaves it open to the attacks of germs and bacilli which constantly lurk in wait for an opportunity to invade the body, either through the air or by contact with the skin.

Here is an account of the effects of kidney trouble which is well worth reading.

I suffered greatly from a pain in my left side for over a quarter of a century. Physicians said that my left kidney was seriously diseased. I know that I suffered much from nervousness, loss of sleep and appetite, general debility, weakness, both of body, and especially in the action of my heart, and I blame the wrong action of my kidneys for the trouble. I was dizzy headed, my sight was blurred, my blood became weak and watery and I had frequent muscular pain. As a matter of fact I never expected to recover health, and when I began taking Doctor Ward's Blood and Nerve Pills two months ago it was with great doubtfulness and very little hope, but I never took any medicine in all my life that did me so much good and did it so quickly.

Before I had taken one box of these pills the pain in my back had vanished and I was feeling like my old self again. I have used three boxes in all. My urine is now right in color and I have no urinary difficulties. I enjoy natural, restful sleep. I am free from any kind of pain and do not suffer from any nervous trouble whatever. My blood seems to be full of strength and vitality and my health is better than I have known it to be in 25 years. I have great pleasure in commending this remedy to those who suffer as I did. Yours truly, A. ZIEHR, 113 Chestnut St., Toronto, Ont.
