BORN

McLEOD.—At Primrose, Dundas, on Feb. 18th, 1913, to John A. and Mrs. McLeod, a son. (Congratulations.)

BROWN—At Charlottetown, on Feb 18, 1913, to P. C. and Mrs. Brown, a daughter. Congratulations.

SHACKLETON, ANTARCTIC HERO BECOMES CIGARETTE KING.

NEW YORK, Feb. 14—The American today says: From Antarctic exploration Sir Ernest Shackleton ha gone to the extreme. He is going to the other extreme. He is going to manufacture cigarettes. Recently he was made president of the Tabard Cigarette and Tobacco Company, Ltd, of London. During his visit here he has opened an office at No. 489 Fifth avenue.

"This office will be our headquarters in this country," Sir Ernest said last evening. "I expect to divide my time between England and America. We plan to manufacture only high grade and hand-made cigarettes."

WEST BROOKFIELD BUILDING BURNED.

WEST BROOKFIELD, Feb. 14—The two-storey building on the south side of the Boston & Albany railroad tracks, owned by John A. Conway and occupied by the Cutler grain & coal company, was destroyed early this morning by a fire of unknown origin, but which is thought to have been the work of an incendiary.

The building was valued at about $1500 and the loss was not covered by insurance. The Cutler company's loss has not been determined.

ACCEPTS PRESIDENCY OF NEW WOMAN'S COLLEGE

NEW HAVEN, Feb. 14.—Formal announcement has been made by former Dean Henry P. Wright of Yale, on behalf of the trustees of the recently organized Connecticut college for women in New London, that Prof. Frederick Henry Sykes of Columbia university has accepted the appointment of president of the college.

MEXICAN TRAIN STILL MISSING.

LAREDO, Tex., Feb. 14.—Officials of the Mexican National railway up to a late hour today were without information as to the whereabouts of the northbound passenger train which left Mexico City Tuesday night and which was due in Laredo yesterday morning. Much apprehension is felt for the safety of the passengers.

Telegraph service along the line of the railway was practically restored last night and telegrams were sent out in an effort to find the train.

GERMAN BARK ASHORE CREW WILL NOT LEAVE

NEHALEMIE, Ore., Feb. 14.—The identity of the vessel ashore on North Spit at the entrance to this bay, was established this morning. She is the German bark Mimi, Valparaiso to Astoria for orders. The Mimi is lying on her side. Heavy seas are running, but there is little wind. The life-saving crew got a line aboard but her crew, with the exception of one man, refused to leave the vessel. Her position is not dangerous and if a wind does not spring up it is possible she may be saved.

QUININE? NO! PAPE'S BEST FOR BAD COLD

First dose of Pape's Cold Compound ends grippe misery.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province.

SOCIAL.—The social to have taken place at York last night was postponed until to-night.

VICTORIA HOTEL PURSE.—The races for the Hotel Victoria Purse, $100 each, name,y a 2.19 class, trot and pace and 2.35 class, trot and pace, will be held on the ice speedway on Wednesday next. Further particulars will appear to-morrow.

SNOW-SHOEING.—Yesterday many Charlottetown people took advantage of the heavy fall of snow and enjoyed the thoroughly exhilarating sports of snow-shoeing and skiing. In the early morning before citizens had time to shovel the walks, many were seen going to their places of business on the shoes and the delight of the walk no doubt gave them an "appetite" for work. The youngsters, too, had their fun out of it and in the afternoon quite a number went to Victoria park where they had a gay time.

RESUMED HEARING IN FOX TRIAL

(Continued from page one)

was "Cold Day." That afternoon when he went to Jacob Murray's he saw Cannon's sleigh there and Mrs. Cannon was in the house. Cannon was not there. They got one of the foxes the second night after they disappeared. The witness was present at the time. The tracks to the ranch were evidently made by some people who knew the place as a mere stranger would not go that way. One was the track of a rubber about 10½ inches long. The rubber was well worn. The other was a track of an overshoe which was quite new. Ed. Barbour has a pair of overshoes and rubbers he got from Mr. Henderson that coincided well with the track.

Cross examined the witness stated that he had every reason to believe that the foxes had been hidden in Jacob Murray's cellar. While White and the witness searched the barn no one was left to watch the house. On Feb. 7th, at Jacob Murray's farm, the witness asked Mr. White if it would be all right to promise Thomas Murray that his Company would not prosecute if he (Murray) returned the foxes alive. Mr. White told him yes and so he gave Murray this promise. The witness saw Cannon twice between the time the foxes were stolen and the time they were recovered. Cannon was the witnesses next neighbor and the witness did not know any one within miles who was so accurately familiar with the place as Cannon and none of the other neighbors had failed to ask him about the foxes.

The next witness was Edward Barbour, one of the partners in the ranch. He said that the ranch was broken into on the night of the 5th or morning of the 6th of February. On February 6th Langille came to his house and told him the foxes were stolen. The witness started for the ranch and on the way met George Barbour near the ranch, saw the blanket on the snow where George Barbour had covered up the tracks. He went with Langille and George Barbour to where the people who had stolen the foxes had left their horses and saw another blanket covering the track of the horse and sleigh. They followed this track and came upon the marks of two men going in the direction of the ranch. One was larger than the other. The larger track seemed to be made by a slightly worn overshoe. The tracks were measured. The larger one was 12 inches long and the width of the heel was 3 inches. The smallest was eleven inches long. They measured the footprints in several places. He did not remember taking any measurement of the footprints between the blanket and the ranch but had not doubt they were the same. He went into the ranch in the afternoon. The outside door of the guard fence was open. He did not examine the lock but thought the staple was broken. The door of the pen was open wide but he did not make any examination. Then he followed the tracks from the ranch to where the horse was and then followed it out to the western road. The witness then gave a description of the situation of the ranch. Those who went to the ranch that night and stole the foxes, one at least was evidently familiar with the place and they went right there without stopping at

C. P. R. TRAIN SMASH! KILLS YOUNG FIREMAN.

WINNIPEG, Man., Feb. 16—A fatal wreck occurred this morning at 9 o'clock on the C. P. R. at Popular Point, Man., Charles W., Brazel, aged 25, fireman of the Moose Jaw local, was killed, and Thomas L. Morgan, engineer of an eastbound freight train had his leg broken.

The freight train was crossing from one track to another, and did not get clear in time before the Moose Jaw local came along and collided head on. The passenger engine was knocked into the ditch, and the freight train locomotive was knocked over on the adjoining track. Outside of getting a severe shaking up, none of the passengers on the local were injured. It is expected that the track will be cleared this afternoon, the passengers being transferred and continued their journey. Both the fireman and engineers are residents of Winnipeg. Brazel had been with the C. P. R. for five years, and was single.

WANT WASHINGTON TO BE SPOTLESS TOWN MARCH 4

WASHINGTON, Feb. 14.—An appeal to citizens to make Washington a "spotless town" on March 4 was issued to-day by W. H. Richardson, chairman of the clean city committee. While the district government itself has ample funds to care for the cleaning of the down town streets, it is purposed to have the individual citizens and organizations put the entire district in apple pie order.

The official program for the care of President-elect Wilson from the time he arrives on the morning of March 3 was issued by the committee today. There will be virtually no formalities on the day of his arrival aside from his reception at the union station by the joint congressional committee, for he will go directly to a hotel and in the evening will be the guest at a smoker given by the Princeton alumni association, at which only Princeton men will be present. The usual formalities will be observed March 4.

It was announced to-day that more than 2,000 Princeton graduates and undergraduates who will march in the inaugural parade will wear orange and black blazers and white duck trousers.

ROUGH RIDER READY TO ENLIST AGAINST MEXICO

WASHINGTON, Feb. 14.—At least one member of the famous Rough Riders, Col. Roosevelt's old regiment in the Spanish-American war, is ready to volunteer for service in Mexico, as evidenced by a telegram received to-day by Senator Pomerene from M. E. Wells of Massillon, O., who served as a non-commissioned officer in the organization. Mr. Wells telegraphed: "If volunteers are needed am ready on 24 hours' notice."

Senator Pomerene replied that he would transmit the telegram to the proper authorities.

WEST POINT CADETS MAY GO TO INAUGURATION

WASHINGTON, Feb. 14.—The West Point cadets may come to the inauguration at Uncle Sam's expense after all. Although the house struck the provision for their transportation from the army appropriate bill the senate put it back to-day.

BORACIC ACID NOT SURE CURE FOR BABY'S EYES

BOSTON, Feb. 14.—A note of warning to the general public was sounded by Dr. Mark W. Richardson, secretary of the state board of health, yesterday, when he called attention to a despatch dated from Topeka, Kan., and which has gained circulation in the press. In the despatch, Dr. S. J. Crumbine, secretary of the Kansas board of health, is quoted as saying that "a nickel's worth of boracic acid administered to babies with swollen eyes would have saved the sight of nine out of every ten who have become blind."

Dr. Richardson said: "I am sure that Dr. Crumbine has been misquoted, and this despatch, if generally credited, might be the means of causing terrible suffering and loss of sight among our own babies." In many of the prevalent eye troubles, Dr. Richardson said boracic acid is absolutely useless. What Dr. Crumbine probably said was that nitrate of silver administered in time to those suffering from dangerous eye trouble would have stopped the trouble.

The law that is mentioned in the despatch as being new to Kansas, which will prevent the wholesale loss of sight that has been discovered there, has long been on our books, according to Dr. Richardson. Our law makes it a misdemeanor for any member of a household which contains an infant whose eyes are red, swollen and which discharge unnaturally not to report the case to the board of health at once.

THREE CHILDREN HURT AS SLED HITS ELECTRIC CAR.

PROVIDENCE, Feb. 14—Two children were probably fatally injured and another less seriously hurt yesterday afternoon, when a sled on which they were coasting in Olneyville collided with an electric car. Isabelle Reilly, 6, and her brother, Earl, 4, sustained depressed fractures of the skull, while their brother, Raymond, 12, escaped with a fracture of one knee.

First Bronchitis Then Lung Trouble

It Frequently Rouses Latent Consumption Into Activity, and Should be Treated Now.

Is Your Cough Bronchial?

The symptoms of Bronchitis vary according to the progress of the disease. The cough, which is never absent, is sometimes hacking, short, annoying; at other times very deep, irritating, and distressing; usually after coughing there is soreness in the chest and aching in the breast. As the disease progresses the expectoration becomes thicker, the pulse grows weaker, the breathing short, then emaciation and debility. Unless checked this condition runs into consumption.

Bronchitis is very prevalent, but is not incurable. Catarrhozone cures even the worst cases. Catarrhozone inhaler sends the healing medicated air into every air passage in head, bronchial tubes, and lungs; it reaches the germs and destroys them. Catarrhozone soothes and cools the inflamed membranes, quickly cures the dry cough and feverishness, and the laborious breathing and soreness of the wind pipe are relieved at once. When catarrhozone is inhaled, Bronchitis is cured in one to five days. It has been extensively used and never once failed. Even cases of 5, 10, and 20 years' standing that have baffled the skill of the best physicians have been cured by Catarrhozone. Your doctor can tell you that Catarrhozone is one of the grandest discoveries of the century, and that he prescribes it for Bronchitis, Asthma, and Catarrh. Get it today, and be cured. Large size Catarrhozone contains 2 months' treatment; price $1.00; small size, 50c. All dealers, or the Catarrhozone Co., Buffalo, N. Y., or Kingston, Canada.

BATHTUB TRUST CASE GOES TO JURY SOON

DETROIT, Feb. 14.—The re-trial of the criminal suit of the government against the so-called bathtub trust which started here 10 days ago, was scheduled to reach the jury some time to-day, probably late in the afternoon.

The closing arguments were begun yesterday afternoon.

The 11 corporations and 11 individual defendants in the case were indicted December 7, 1910, on a criminal charge of restraint of trade in violation of the Sherman anti-trust law. Their trial did not take place until a year ago when after listening to the evidence in the case for more than three weeks, the jury disagreed. Last November the supreme court in a civil suit against the same defendants issued a decree dissolving the alleged trust.

WIFE SLAYER RAUEN PAYS DEATH PENALTY.

WASHINGTON, Feb. 14—Samuel Rauen, the first man to be hanged in the District of Columbia during the administration of President Taft, went to his death today. He was convicted of wife-murder.

The president last month granted a respite to Rauen, who was to have been hanged January 31. On January 30, the convicted man's attorney went to the White house to appeal to the president, and, finding a Sunday school delegation being received by President Taft, stepped into line. Through this means he got a personal interview with the chief executive and the respite was granted.

During the Taft administration there has been seven convictions for murder in the first degree in the district, but no execution. The president commuted two death sentences. Rauen not only shot his wife to death but also killed his brother.

NEEDED FOR RAILROAD PHYSICAL VALUATION.

WASHINGTON, Feb. 14.—A constitutional lawyer, an economist, an accountant and an engineer should work with the interstate commerce commission is making a physical valuation of railroads, according to Prof. J. R. Commons of the university of Wisconsin, who testified today before the senate interstate commerce committee.

A PRIEST SHOT DEAD

MUELHEEN, au Rubi, Feb. 19.—A Catholic priest was shot dead by a Polish Wakena in confessional.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O.
Sold by Druggists, price 75c
Take Hall's Family Pills for constipation.

Marvelous Relief for Corns Bunions, Sore Foot Lumps.

Five corns on five toes for five years. Was he lame? You bet. That man was a chump—sure he was. One quarter spent on Putnam's eases 'em in good style—lifts them out quick—without pain, and never fails. This is why Putnam's is superior to the cheap imitations that afford the dealer more profit. Use only "Putnam's" Extractor. Sold by druggists.

STOMACH STARVERS EAT ANYTHING NOW

No Indigestion or upset Stomach for "Pape's Diapepsin" users.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drugstore.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dispepsia, indigestion or any other stomach disorder.

NAVAL DEBATE IS BY NO MEANS OVER.

OTTAWA, Feb. 14.—There will be a good deal of discussion yet before the Naval bill is finally disposed of. The measure will be taken up in the second reading stage on Tuesday next and the Government will make it the order of business from day to day until disposed of.

It is also certain that there will be more amendments. The Nationalists, who were caught by the ruling of the Speaker last night, will endeavor to get in their motion for a plebiscite on the second reading stage. They voted against the Verville plebiscite amendment and now desire to square themselves with their constituents, and with their pre-election declarations. In view of the position taken by the speaker, however, regarding Mr. Mondou's amendment, they may find some difficulty in doing this.

The Proposed

Upton Black Fox Company, Ltd.

Head Office Charlottetown, P. E. I.

A Black Fox Ranch is being established on the beautiful Upton Farm North River, where conditions are ideal for the maintenance of such a ranch.

Five pairs of the best Island Black Foxes have been secured and the company is capitalized at $70,000.00. One pair of the above foxes are breeders while the remaining four pair are from 1913 litters. $66,000.00 of the capital goes to purchase the stock and $4,000.00 is put to one side for the maintenance of the ranch for first year.

The best feature of the above proposition is the fact that no percentage of the increase is taken for keep of foxes, etc. The shareholders will be charged the actual cost of running expenses.

The capitalization is divided into 1400 shares at the par value of $50.00 per share.

Up to the present considerable stock has been subscribed by foreign investors who think this one of the best proposition yet placed before the investing public. Intending investors will please use the following application blank or apply in person or letter to H. G. Jenkins, Sec'y and Treas, Grafton Street, Charlottetown, P. E. Island.

SUBSCRIPTION LIST

FOR PROPOSED
