**NEW DATES FOR CARRY ON CANADA CONCERTS FOR RED CROSS**

Thursday, Oct. 3 —Emerald Varlets concert. Dr. W.J.P. MacMillan, speaker.

(No concert at Wood Islands.)

## Latin American Military Men To Tour U. S.

WASHINGTON, Sept. 30 —(AP)—High military officers from Latin America gathered here tonight to start an aerial tour of United States defences —a trip which General George C. Marshall, United States chief of staff, predicted would lead to a closer cooperation for "the security of the western hemisphere."

At the same time, Marshall said that the war and navy departments had begun work on plans for United States bases at Bermuda and Newfoundland, where sites were donated by Great Britain in exchange for destroyers. It was also made known that the joint army-navy board would leave tomorrow on the cruiser St. Louis for an extensive tour of the Caribbean area, where additional defence sites are available.

On the flying tour of United States defences, the United States army will play host to military men from the following nations: Bolivia, Colombia, Costa Rica, Dominican Republic, Guatemala, Honduras, Panama, Peru and Uruguay. Representatives of 11 other Latin American republics have been invited to start a similar tour Oct. 16.

"I am sure their visit will result in a better understanding of our common defence problems and in closer cooperation towards the security of the western hemisphere."

He said the United States high command and the visitors would not engage in formal staff conferences on hemisphere defences but added that he supposed informal discussions centering upon specific points would be held.

**"WITNESS" IS CHARGED**

MELBOURNE, Australia, Sept. 30—(AP)—The reputed head of Jehovah's Witnesses in Australia, Redvers Cyril Domeney McVilly, was charged in Hobart police court today with endeavouring to influence the public in a manner prejudicial to the prosecution of the war. He was remanded.

The prosecutor said McVilly was a young German, naturalized in 1935, and he said it made one wonder whether the Jehovah's Witnesses are being used as fifth columnists.

**MADE ADMIRAL**

NEW YORK, Sept. 30.—(AP) — Captain Frank H. Cogan was made "admiral" today of one of the biggest harbor fleets in the world—the Marine Department of the Delaware Lackawanna and Western Railroad. He will direct the operations of some 250 tugs, barges, scows, lighters, floats and car ferries around Manhattan Island.

**HEADS JOB INSURANCE BOARD**

Dr. Joseph Sirois, who succeeded Hon. N. W. Rowell as chairman of the royal commission on dominion-provincial relations, has been appointed chairman of the National Unemployment Insurance board.

## *ROTARY*

"Ninety per cent of the Royal Canadian Air Force recruits from Prince Edward Island go to Toronto for training, the centre for Eastern Canada," said Flying Officer H.A.S. Molyneaux, D. F. C., in charge of the R.C.A.F. recruiting centre in Charlottetown, at the Rotary Luncheon yesterday.

"We believe we have the best training system in the world, and the best men, machinery and equipment. This has been proved during the recent weeks," he said.

Officer Molyneaux dealt with recruiting in general and in Prince Edward Island in particular, and traced the various steps to be taken by recruits either as potential pilots or potential tradesmen before the former receive their wings and the latter become attached to squadrons or schools.

There are twenty recruiting centres clear across Canada from the large centre at Toronto to the small one at Charlottetown.

Broadly speaking, there are two classes of recruits, tradesmen, and aircrewmen. After enlistment these are sent to Manning Depots in Toronto, Brandon, and Quebec, the last named being for French speaking personnel.

After two weeks at these depots where they receive discipline, and drill, they are sent to the various air schools throughout Canada, the tradesmen to technical training schools.

The potential pilot first goes to the initial training school, the elementary flying school, the intermediate flying school such as at Summerside, the advanced flying school, the bombing and gunnery school such as at Charlottetown, and if he successfully meets all the exacting requirements of these various schools including putting in a requisite number of flying hours, he is sent overseas where he may be either absorbed in the R.A.F. or possibly join the R. C. A.F.

The functions of these various schools the various tests to be taken by the various classes of recruits their qualifications and the nature of the examinations to be passed ect., etc., were also dealt with by the speaker in the course of an interesting and informative address.

Rotarian A. L. MacPherson was in the chair and the guests were Oscar Diamond, Ntal Burnett, of Charlottetown, and Rotarian Harry Johnston of West Palm Beach, California.

Rotarian T. G. Ives conveyed the greetings of the clubs at St. John's, Newfoundland, Sydney and New Glasgow which he visited during his recent trip.

## Cause Of Cancer May Be Located

(By Rennie Taylor, Associated Press Science Writer)

SAN FRANCISCO, Sept. 30—(AP)—An experiment which may mean that the cause of cancer has been found was reported today from Stanford University medical school.

Dr. John Frederick Menke, research surgeon, announced in Science, the publication of the American Association for the Advancement of Science, that he had succeeded, apparently for the first time in any laboratory, in extracting a substance from human cancer that would produce cancers in experimental animals.

The experiments were not sufficiently convincing in Dr. Menke's mind to warrant the definite conclusion that a cancer-causing factor had been found. Other experiments are under way which will determine finally whether this is true.

The cause of cancer has been one of the foremost mysteries of medical science. For years experimenters have known that many substances, particularly coal tar by-products, some kinds of paraffin and certain compounds containing sex hormones, would produce the malignant growth.

But scientists never have learned exactly what substances within these otherwise harmless compounds was the real agent of cancer.

If Dr. Menke's discovery finally proves itself, and if the process he uses can be reversed, it means that medical science in the future may be able to prevent cancer.

At present cancer is treated only after it appears. There is no point in trying to prevent in it healthy persons, simply because doctors do not know the exact nature of the disease they are trying to prevent.

**NAZI DEMANDS PROBE**

BELGRADE, Sept. 30—(AP)—The German consul general in Belgrade demanded today that the Yugoslav government investigate a train wreck Saturday night which destroyed nine tank cars carrying gasoline from Rumania to Germany.

## Too Late To Clasify

**FOR SALE—ONE PONY COLT,** 2 1-2 years. Apply Athol Roberts, Highfield. L-677-10-1-3i.

**LOST—BETWEEN CHARLOTTE**town-Dromore, one gas tank connection (car). Finder notify T. C. Noddin, 71 Sydney St., Charlottetown. L-672.

**LOST—BETWEEN METROPOLI**tan and Woolworth's, small black purse containing money. Reward. Phone 503-J. L-675. —S.

## The Central Guardian

This column is reserved for news of local interest but advertising of a newsy nature may be inserted at 5 cents a word strictly payable in advance.

CONFEDERATION LIFE INSURANCE. L-9789-7-21-31i

**CONDUCTED SERVICE.** — Rev. Canon E. M. Malone, rector of St. Peter's Cathedral, Charlottetown occupied the pulpit in St. Mary's church, Summerside, on Sunday evening, and preached an eloquent sermon. S

**POLICE COURT.**—In the police court yesterday a motorist was sentenced to 15 days in jail for operating a motor vehicle while intoxicated. A drunk was fined $10 and costs or 20 days.

**COMING TO CHARLOTTE**TOWN—Cpl. George L. Lacroix, R.C.A.F., who was married in Ottawa on Saturday has left for Dartmouth, N. S., from where he will proceed to Charlottetown, P. E. I. Mrs. Lacroix will join him shortly. —(Ottawa Journal)

**AT GYRO** — Dr. B. C. Keeping was the speaker last night at the weekly dinner meeting of the Charlottetown Gyro Club. He described his trip to Winnipeg where he attended a meeting of the Dominion Public Health Association. Mr. J. T. Davies was the chairman. Mr. Gordon Graham of Moncton was a guest.

**BURIAL YESTERDAY** —The funeral of Mr. Michael J. Bolger was held yesterday morning from his late residence, 210 Grafton St. to St. Dunstan's Basilica where Requiem High Mass was celebrated by Rev. Father Dougan who also conducted service at the grave. The pallbearers were: Messrs. Robert Rattray, James McCabe, John Manderson, John Murphy, Charles Donovan and Daniel C. Coughlan.

**RETURNED LAST NIGHT**—Hon. Mark R. MacGuigan, Minister of Education and Public Welfare, accompanied by Mrs. MacGuigan, returned to the city last night after a two weeks' vacation trip. They visited Regina and Winnipeg and while at the latter city, Mr. MacGuigan attended a meeting of the Canadian Public Health Association.

**SEASON ON "HUNS" OPENS**—Hunters throughout the province were oiling up their guns yesterday in preparation for the Hungarian Partridge season which opens today. It will close October 31. The season on the native partridge does not open until October 15. The bag limit on the "Huns" is 8 each day. A number of prominent hunters from the mainland including, Messrs. J. Harold MacMurray and J. Stewart Neill of Fredericton, N. B., arrived in the province last night to participate in the sport. They brought along several hunting dogs.

**FUNERAL SERVICES** — The funeral of Mr. W. F. Burke was held yesterday afternoon from his late residence, West Royalty, and was largely attended. The large number of floral tributes testifying to the esteem in which he was held. The pallbearers were: His Worship Major Holman, Major A. S. Robertson, Messrs. Geo. Dewar, Frank Simmons, W. R. Shaw, Gordon Wright. Services at the house and grave were conducted by Rev. J. W. Hayter. The Knights of Pythias service at the grave was conducted by Mr. Thomas White. The K. of P. of which the deceased was a member, attended as mourners. Interment was in the People's Cemetery.

**STEWART-PATTON** —A pretty wedding took place at the First United Church parsonage, 147 Queen St., Truro, on Saturday evening, August 31st, when the Rev. W. McN. Matthews united in marriage Alta Mae, daughter of Mrs. Annie Patton and the late Wilbert Patton, of Kennetcook, and Samuel Stewart, son of Mr. and Mrs. John Stewart of Glen Williams, P. E. I. The bride was modishly attired in a wine crepe frock with picture hat and matching accessories and wearing a string of pearls, the gift of the groom. The bridesmaid, Miss Alma Patton, a sister of the bride, wore a mauve suit with white accessories, the groom was supported by B. Williams. Following the ceremony the bridal party left on a wedding trip through the Annapolis Valley. Upon their return a reception was held at the home of the bride's brother, Edson Patton, Truro Heights. Their many friends wish for Mr. and Mrs. Stewart a long and happy wedded life. —(Windsor Tribune).

**SCHOOL OF THEOLOGY OPENS** — An appreciative audience listened with attention to the opening lecture on "Religion and Art," which was given by Rev. J. W. Falconer of Pine Hill Divinity Hall, Halifax, at the opening of the School of Theology in Trinity United Church in Charlottetown last night. Rev. Dr. Falconer is one of the best authorities on art in the Maritimes. The lecture which was illustrated dealt with the various periods of Christian art from Giotti to Rembrandt. His commentary on the pictures which were shown on the screen showed not only the progressive development of artistic technique, but also the development of religious thought through these periods. Dr. Falconer was substituting for Dr. Weston who will lecture on Palestine tonight. The lecturer last night was introduced by His Honour, Lieut. Gov. B. W. LePage who presided and Rev. Hugh Miller led the devotional period.

**DEATH OF MRS. BRADFORD MACARTHUR** — Friends learned with much regret of the death last Wednesday of Mrs. Bradford MacArthur, at her home in Kensington. Mrs MacArthur was 70 years of age and was Ansonetta McGillivray before her marriage. Mrs. MacArthur was a woman with many fine qualities and her death will be deeply mourned by her many friends. Besides her husband, two sons, Myron and Ray of Kensington and three daughters, Mrs. Roy Tanton of St. Eleanors; Mrs. William Semple, Kensington and Miss Ethel at home are left to mourn. The funeral took place on Saturday afternoon from her late residence. Rev. Wm. Rhoad conducted the service, assisted by Rev. Mr. Somers. The funeral was largely attended.. The pallbearers were Messrs. Joseph Sheen, James Pendergast, Roy Tanton, William Semple, Alex Hiltz and Dr. A.A. Lockhart. Interment was in the People's Cemetery, at Kensington. —S.

## WAKE UP YOUR LIVER BILE—

**And You'll Jump Out of Bed in the Morning Rarin' to Go**

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't take care of get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

**WILL AIR ASSAULT CASE** — A storekeeper in the eastern section of the city reported to the City Police that he received a bad blow on the face from a young man whom he had opened the door of his residence to Sunday night. He claimed that he had answered a knock on the door and there were two young men standing outside. One of the men inquired why he kept his door shut then struck him. The proprietor of the store went to the City Hospital for medical treatment but was able to return home a half an hour later. Police said they had no knowledge of a young girl being involved in the incident as had been reported yesterday. It is understood that the man who dealt the blow to the storekeeper will appear in Court soon

## Personals

Mrs. Fred Geyer arrived home Friday night from Roxbury on a visit to her parents, Mr. and Mrs James McCarron, Bunbury.

Mrs. Chester Simpson, Malpeque, is being pleasantly entertained at the home of her brother, Mr. Vernon Dennis and Mrs. Dennis, City.

Sergt. Mark Arsenault who has been visiting his parents, Mr. and Mrs. Edward Arsenault left yesterday on return to his military duties.

Mrs. J. A. Ellis, 47 Center St., has returned from a two months trip to O'Leary, P.E.I., where she visited her sister, Mrs. Thomas Sorrell, who was seriously ill. —Truro News

Mr. J. A. Clark of St. John Asphalt Engineer of the British-American Oil Company, arrived in Charlottetown on Saturday night on a business trip and will spend a few days here. During highway construction he was stationed on the Island for a time as highway inspector and supervisor with the Milton Hersey Company of Montreal.

## Police Check On Draftees Who Fail To Comply

Out of the 368 young men in the 21-year-old class in Prince Edward Island there are 100 who have not yet responded to the notices sent out to them over a week ago under the National Resources Mobilization Act, it was announced last night by Lt.-Col Parker Hooper, District Registrar.

While many of the young men notified in this class have complied by appearing before their doctors in various parts of the province and have been given a medical examination, over a quarter have failed to do so. The penalties prescribed under the Act are severe and anyone failing to respond are subject to a heavy fine or imprisonment. Members of the Royal Canadian Mounted and City Police are checking up on the men failing to respond. In Charlottetown 12 young men were warned by the police that they had better report as soon as possible.

Of the number who have already undergone the medical examination, about ten per cent. have been rejected as unfit for training.

Notices to report at the Military Training Centre at Beach Grove Inn will be sent out this week and the 30-day training period will commence on October 9.

**Response in Quebec Good**

MONTREAL, Sept. 30.—(CP) — Pierre Decary, a Quebec divisional registrar under the National Resources Mobilization Act, said today the response in Quebec men to the call for comulsory training has been "very good."

QUEBEC, Sept. 30.—(CP)—Henri Paul Drouin, Registrar for "F" division under the National Resources Mobilization Act said tonight that young men in his division "have been very responsive" to the call for compulsory military training.

MONTREAL, Sept. 30.—(CP) — First notices went out tonight from the Montreal district, Department of National War Services, calling on the first batch of draftees to report Oct 9 for 30 days of military training. The notices were sent to men of 21 and 22 years who already have undergone medical examination.

**Terms of sale: All sums up to $10 cash; over $10 six months credit on approved joint note. If wet sale following Monday.**

**W. H. BEATON,**
**Auctioneer.**
**L-678-10-1-3i.**

## Distinguished Visitor Arrives In Province

A distinguished visitor arrived in Summerside last evening in the person of Sir Howard D'Egville of London, England. Sir Howard is the Secretary of the Empire Parliamentary Association of the United Kingdom.

He has been in Canada since last July and is interested in establishing a branch of the association in Alberta and Prince Edward Island, these two provinces being the only two not represented by the Association.

Sir Howard is the guest of Senator Creelman MacArthur and Mrs. MacArthur. They met him in London at the time of the Coronation when he extended courtesies to them arranging for them to attend functions at Buckingham Palace and other places.

Senator MacArthur is a member of the Parliamentary Association in Canada and is on the executive. He attended the annual meeting at Ottawa in July which was also attended by Sir Howard. While there the latter was a guest of Senator MacArthur and Mrs. MacArthur.

Dr. Bauchene, Clerk of the Canadian House of Commons, is head of the Parliamentary Association in Canada and has been working with Sir Howard in forming the new branches.

Senator MacArthur is arranging for a meeting for Thursday with Premier Campbell and other members of the Government to discuss with Sir Howard this proposed branch of the Association for P. E. Island.

Sir Howard is also very interested in the pit prop industry and Senator MacArthur intends showing him the industry in the province especially at Souris.

The distinguished visitor arrived here from Halifax and it is expected he will remain here several days.

## Capacity House Sees Concert At Fortune Bridge

One of the best concerts in the Carry on Canada Corps series was held last night at Fortune Bridge. The entertainment, in aid of the Red Cross, was under the auspices of the Women's Institutes at Fortune Bridge, Eglington and Howe Bay. There was a capacity house.

Mr. Philip J. Rossiter of Charlottetown was the speaker.

Those taking part included, Miss Edith Whitlock, Mrs. Frances Holl Trainor, Mr. George Beers, Mr. Leigh Dingwell, Mrs. Arthur Henry, Miss Kathleen Hornby, Miss Mary Walsh, Miss Helen Lawson and Miss Annabelle Lawson. Mr. J. A. Lawson was master of ceremonies.

Following the entertainment the artists in turn were entertained by the ladies of the Institutes at the home of Mrs. George Jackson.

## *R. A. F.*

(Continued from page 1)

day of fierce air fighting to Britain's 22, but 12 Royal Air Force pilots were able to save themselves.

In the early hours of the night attack the anti-aircraft barrage kept the raiders on the outskirts of London, although a lone bombers defied the shells and dropped incendiaries in central London.

Raiders also were believed to be in the vicinity of Liverpool and over Wales.

The largest daytime attack was staged in the early afternoon when about 180 planes came over Dungeness. They were broken up before reaching London but a few raiders dropped bombs on the western suburbs, causing some damage and casualties.

In the late afternoon two bombs were dropped on a north London district.

No raiders penetrated the London area in Monday morning's attacks, when bombs were splattered about southeastern England. Damage and casualties were reported in Bexhill and Hastings.

Five houses in a residential area of a southeast town were destroyed by high explosive bombs. There were no casualties.

Monday's fighting was enlivened by a spirited, British-initiated duel between rival big guns across the English Channel.

The Germans sent over waves of fighting planes to try and clear the way for their bombers.

This new effort, neutral air attaches said, has been used with increasing frequency during the last few days in an attempt to offset the failure of night raiders to hit military targets consistently.

A secondary objective, it was explained, is to attempt to force the R.A.F. to "pack" London and the southeastern areas with fighter planes at the expense of the industrial centres in the midlands and Wales.

British military commentators expressed belief these tactics have failed and asserted that the R. A. F. now is in a better position than before the start of the aerial siege of London Sept. 7.

**SEE RED SWING FROM AXIS**

MONTREAL, Sept. 30.—(CP) —A prediction that Russia will swing away from the Axis powers was made here today by Mme. Genevieve Tabouis, French political commentator, in an interview. Mme. Tabouis is visiting Montreal. A Russian move against the axis could be expected, she said, after the United States takes a more firm stand at the side of Britain.

**CHARGES PRODUCTION IS HAMPERED**

LONDON, Sept. 29.—(CP) — The Sunday dispatch charged today Britain's aircraft production is being hampered by refusal of firms to permit their employees to work during the air raids, and demanded that the government take over control of these factories if there is no way of improving production.

**PROTESTANT ORPHANAGE**

ANNUAL COLLECTION
OCTOBER 15TH.

Our Home Institutions must be kept up.

## Can. Continues To Ship Copper To Japanese

OTTAWA, Sept. 30 — (CP)— Canada's nickel, it was understood tonight from an authoritative source, now is being shipped largely to the United Kingdom and the United States with the result that enemy countries may be feeling the pinch of poor supply.

The Dominion produces about 95 per cent of the nickel in the world and the opinion is expressed here that enemy countries may be up against a lean situation because they rely on deposits in Norway and some low grade nickel in other parts of Europe.

Meantime, however, shipment of copper to Japan from British Columbia goes forward, unaffected by last week's Japanese pact with the Rome-Berlin Axis, according to good authority.

Government sources made public no reply to the suggestion of Angus MacInnis (CCF-Vancouver East) that Canada should cooperate with the United States by banning shipment to Japan of scrap metals and other war materials. However, the position may be authoritatively outlined as follows:

Scrap iron and steel, recently embargoed by the United States except to the United Kingdom and countries in the western hemisphere, have been under government control in Canada since September, 1939.

But there is a feeling in Ottawa that no economic purpose would be served by cutting off shipments to Japan because Canadian shipments represent such a small fraction of Japan's legitimate needs—at least while other large producers, the United States and Chile, are able and willing to supply Japan.

Japan annually uses approximately 240,000 tons of copper, war or no war. Of this amount Canada supplies about 18,000 tons.

Agitation because of Canadian copper shipments to Japan has found voice recently in the British House of Commons and in the press.

The Canadian Government's attitude was phrased by Prime Minister Mackenzie King in the House of Commons last July 31, "as long as the country to the south of us maintains its attitude of not prohibiting sale and export, these metals (copper and nickel) could be sent across the border and then sent to Japan on a day's notice."

Canadian exports of copper for the 12 months ending December, 1939 were valued at $53,227,919. The United Kingdom took $30,610,878 worth, the United States $8,512,369 and Japan $2,845,308.

Nickel exports were: $57,933,511 of which the United Kingdom took $16,082,391 worth. United States $28,743,453 and Japan $8,702,740.

Scrap iron and steel exports were $1,020,642 of which the United Kingdom took $99,281 worth and the United States $295,234. Japan took an amount valued at $565,201 or more than one half the total, but no exports to that country are listed after last October.

## International At A Glance

(By The Canadian Press)

**LONDON — Germans use more than 600 planes in six assaults on Britain; 47 planes downed; R.A.F. loses 22, but 12 pilots safe; 24th consecutive night raid on London; British guns initiate duel across Dover Straits.**

## Former Rumania PremierArrested

BUCHAREST, Rumania, Sept. 30 —(AP)—Georges Tatrescu, who was Premier of Rumania for four years ending in 1937 and again from last November to July 4, has been placed under house arrest, it was announced tonight.

The government communique on his detention said it was for the same reason that 14 other public figures were arrested last week:—

"To protect them against violence on the part of the public and put an end to agitations on which they have been working clandestinely and because their past activities are under judicial consideration."

The pro-Nazi Iron Guardists have charged that several of their members were executed under the last Tatrescu regime

## U. S. Charges Oil Companies

WASHINGTON, Sept. 30 —(AP) —A government suit charging that the American Petroleum Institute and 22 oil companies hold monopolistic control of virtually all the crude oil available for refining and fixed prices in the industry was filed today in federal district court here.

The government, in today's action, asked the district court to dissolve the petroleum institute, contending that the organization was created by the defendant companies to promote the alleged illegal practices cited in the case.

The brief said the control of crude oil by the defendant companies put the independent firms at a competitive disadvantage.

The companies named in the suit are:—

Atlantic Refining Company, Barnsdall Oil Company, Cities Service Company, Consolidated Oil Corporation, Continental Oil Company, Gulf Oil Corporation, Mid-Continent Petroleum Corporation, Ohio Oil Company, Phillips Petroleum Company, Pure Oil Company, Shell Union Oil Corporation, Sinclair Oil Company, The Socony-Vacuum Oil Company, Standard Oil Company of California, Standard Oil Company (Indiana), Standard Oil Company (Kentucky), Standard Oil Company (New Jersey), Standard Oil Company (Ohio), Sun Oil Company, Texas Corporation, Tidewater Associated Oil Company, Union Oil Company of California. About 300 subsidiaries of the firms also were named.

## News Briefs

WASHINGTON, Sept. 30—(AP)—With lower prices for Gasoline and Fuel oil as its avowed objective, The United States Justice Department prepared Today to press an Anti-Trust suit against the Petroleum Industry. The Department, announcing that the suit would be filed today in Federal Court here, named as Defendants the American Petroleum Institute--The Dissolution of which is sought--and 22 Major oil Companies and their subsidiaries.

KINGSTON, Ont., Sept. 30-(CP) —Less than two hours after escaping today from a work party of German prisoners and Internees, Claus Schlessingk, a young German Internee from Britain, was back in the Internment Camp at Henry just outside this city.

LONDON, Sept. 30—(CP)—Britain's ordinary Expenditures for the first half of the 1940-41 Fiscal year were disclosed tonight to have been three times as great as for the corresponding period of 1939-40 The Fiscal year begins April 1. Figures announced by the treasury placed ordinary Expenditure at £1, 610, 135, 776 ($7, 165, 1 4 203) For the half year as against £562, 026, 216 for the first half of the last Fiscal year. ordinary revenue for the half year was £452, 410,411, leaving a deficit of £1, 157,617,365.

MONTREAL, Sept. 30— (CP)- Roger Major, 20, and Marcel Herbert, 18, Both of Montreal, were sentenced today by Judge Amedee Monet to time spent in jail since their arrest for not having their National Registration cards with them when they were requested by police officers.

OTTAWA, Sept. 30-(CP)—The Bank of Canada announced on behalf of Finance Minister Ilsley today that tenders had been accepted for the full amount of $3,000,000 Dominion of Canada Treasury bills due Dec. 31, 1941. Average discount price of the accepted bid was $99.-83875, and the average was .433 per cent.

LONDON, Sept. 30-(CP)—The British have accounted for one German airplane every 42 minutes during the past three months, Maj. W. E. Elliot, former Health Minister said today according to the British Broadcasting Corporation. The B. B. C. quoted Maj Elliot as saying it was necessary to bring down a Nazi plane every 20 minutes to be as much as the German Production rate is one plane every 40 minutes.

KINGSTON, ONT., Sept. 30-(CP)— Commenting today on the eight-day tour of a portion of Canada's war effort made by 60 Canadian and American Publishers and Editors, W. Rupert Davies, President of the Canadian Press and Publisher of the Kingston Whig-Standard, said "The tour was a great success and the thoroughness with which Canada is doing its job in Military, Aeronautical and naval preparations was an Inspiration to both the United States and Canadian Editors and Publishers." The tour ended at Montreal last night.

BERLIN—Sept. 30-(AP)-Walter Darre, Minister of Agriculture, claimed today that Germany's war year bread grains harvest would be only two per cent under the peace-time average. He put the 1940 grain yield at 24,600,000 metric tons or 903,600,000 bushels. He estimated the potato crop at 60,000,000 metric tons (2,203,000,000 bushels), 5,000,000 metric tons higher than any previous average.

OTTAWA, Sept. 30-(CP)—Canteens in the non-permanent active militia training centres which opened Oct. 9 will be dry it was learned at the Department of National Defence today.

The men called up for 30 days training under the National Resources Mobilization act will be able to buy cigarettes, tobacco, candy and soft drinks in their canteens but no beer, wine or liquor.

Brazil will care for baby war victims.

Japan has started a new war on crime.

## Bishop Unfurls New Canadian Air Force Flag

By Harold Fair
Canadian Press Staff Write

SOMEWHERE IN ENGLAND Sept 30 —(CP Cable)— Air Marshall W. A. Bishop, V.C. today unfurled the new Royal Canadian Air Force flag which flew for the first time in England when he visited a Canadian army cooperation squadron in this beautiful rolling country.

The flag, similar to that of the Royal Air Force, is blue with a Union Jack in the upper left-hand corner but in place of the familiar red dot on a white background inside a darker blue ring it has a red maple leaf. The flag approved by the King, was designed in Canada.

Air Marshal Bishop flew here — the first time in the air for the former war ace since he reached Britain last week—with Sqdn.-Ldr. Bert Evans of Winnipeg. The journey took the Canadian V. C. over part of the London area including the air defence zone which nightly roars defiance at Goering's air force.

The Air Marshal was greeted on his arrival with a general salute. The squadron was lined up in general mass flights and under the direction of Col. Pico. The band whose instruments were provided by Winnipeg business men, has gained a considerable local reputation.

Air Marshal Bishop was received by the commanding officer, Sqdn.-Ldr. W. F. Hanna of Winnipeg. On the inspection he was accompanied by Hanna and Air Commodore G. R. Walsh, senior officer of R.C.A.F. headquarters in Britain. After lunch at the officers' mess, where he talked shop, Air Marshal Bishop rebearded his plane en route to London, planning to stop off on the way to see Sqdn.-Ldr. Ernest McNab's R. C. A. F. fighter squadron.

## Dance Held In Honor Of R.C.N.V.R. Men

An enjoyable dance was given last night in the I.O.O.F. Hall, in honor of 90 men of the R.C.N.V.R. Division who are leaving Wednesday morning for training elsewhere. The affair was arranged by Albert Dimmis, entertainment official for Canadian Legion War Services in conjunction with the Ladies Auxiliary of the Canadian Legion.

During the evening, a presentation of cigarettes was made to the men by Hon. W. H. Dennis, Minister of Agriculture, on behalf of the Premier, the Government of Prince Edward Island. Lieut. Kenneth Bruce-whistle replied on behalf of the R. C.N.V.R. and said that the common complaint of the men of the service was that the people of Canada, and in particular of Prince Edward Island, did not realize that they were at war. On that account they were inclined to be careless in their attitude. He was most appreciative of the kindness shown to the men since they arrived in the Province. Lieut. Whistle said that he hoped that the people of the Island would, as they have done in the past, continue to show that they appreciate the sacrifices made by the men in the service. He said that he was sure that the men would go away with the thought that their government and the people of their home province have been giving a little thought to their happiness.

**BIRTHS**

MACLEAN — At the P. E. I. Hospital, Sept. 30, 1940, to Mr. and Mrs. James MacLean, Brookfield, a daughter.
