Diplomatic Appointments In Offing

(By The Canadian Press)

OTTAWA, Oct. 31—(CP)—Announcement is expected shortly, possibly within the next 24 hours, of a series of diplomatic appointments aimed at filling vacancies in Canada's foreign service.

The appointments, impending for some weeks, are said to involve five posts abroad—three in foreign lands and two in nations within the British Commonwealth.

One of the foreign appointments will be that of C. Fraser Elliot, deputy minister of revenue for taxation, who, authoritative sources said last night, will become Canadian ambassador to Chile.

Another likely will concern

(Continued on Page 5 Col. 6)

- Farmers requiring trucking service from farm to shipping point when marketing hogs please call our agents who shipping point, couple of days in advance. Cannot guarantee best service on moment's notice. Please cooperate. Livestock Marketing Board.

Will Treat 16 Convalescent Polio Patients

Within the next two weeks sixteen convalescent polio patients are expected to be undergoing muscle-rehabilitative and other physio-therapeutic treatment in the west end of the old Sanatorium building, Dr. P. A. Creelman informed The Guardian yesterday.

That arrangement, Dr. Creelman said, is the result of a decision made last Monday by the medical men of the Province. Some forty physicians representing all population centres from Tignish to Souris met on that day at the Charlottetown Hotel to hear Dr. T. B. Acker, with his background of more than twenty years' experience with the disease, discuss the polio situation as it affected the Province.

As a result of the medical men's conference, six physicians were appointed to comprise a committee which would have the responsibility of making all plans and arrangements for the further treatment of those who had recovered from the disease but who retained left with physical disabilities. The committee comprises Drs. R. F. Seaman, W. J. P. MacMillan, J. P. Lewis and B. C. Green—all of Charlottetown—and Drs. Henry Moore, Summerside, and Preston MacIntyre, Montague.

States War Plants Working Three Shifts

(By The Associated Press)

NEW BEDFORD, Mass., Oct. 31—Rev. Leopold Braun, an American Roman Catholic priest who spent 13 years in Moscow, charged last night that "Russians are working their war plants three shifts a day...while Russian representatives at the United Nations conference, shout for disarmament."

Father Braun, who returned to the U.S. early this year, made the charge at a meeting of the Knights of Columbus.

Each card he held before he studied working their war plants three shifts a day...while Russian representatives at the United Nations conference, shout for disarmament."

Father Braun, who returned to the U.S. early this year, made the charge at a meeting of the Knights of Columbus.

Cut 10,000 Off Payroll; Close 1,642 Boards

WASHINGTON, Oct. 31—(AP)—The fast-vanishing Office of Price Administration today ordered 10,000 field workers cut off the payroll, and directed that its 1,642 local price control boards close.

The order, besides cutting the paid field staff by nearly one-third, eliminates the services of some 46,000 unpaid volunteers.

Paul Porter, harried price control chief, said that the 1,642 local boards had 8,613 paid clerks. Other paid supervisory field workers brought the total to 10,000. All of these will get a 20-day dismissal notice to wind up their work and transfer records.

The O.P.A. chief said so few ceilings had survived that the expense of maintaining the local boards was not justified.

"Their duties will be transferred to 61 O.P.A. regional offices and 650 area rent-control offices which are staffed by paid workers."

Two Suspects Arrested As Police Probe Explosion

(By The Associated Press)

ROME, Oct. 31—Police tonight seized two suspects for questioning in the time-bomb explosion which earlier wrecked a wing of the block-long British Embassy, Il Giornale Della Sera said the suspects were "two foreigners."

Authorities refused to say whether they were connected with three men and a woman who fled from the vicinity of the Embassy at the time of the blast. Two were fired upon by police when they did not heed commands to stop.

The powerful blast that shook half of Rome tore a gaping hole in the front of the Embassy to the depth of two rooms, and so cracked the heavy masonry of the three-story building that police said part of it might have to be pulled down.

The blast was from bombs in two suitcases left at the doorway and set off by a time mechanism. Michael Stewart, British press attaché, said it would be idle to speculate on the motive.

Eight Firsts In Holstein Classes Won By Lewis Bros. At Amherst Fair Yesterday

AMHERST, N.S. Oct. 31—(Special)—Lewis Brothers York, P. E. I. were top winners in the Holstein classes today at the Maritime Winter Fair, with eight firsts. Premier J. Walter Jones, Bunsbury, was a strong contender.

The Falconwood bull owned by Walter Dickie, Truro, was junior champion. Premier Jones had the junior champion female, with Lewis Bros. the reserve.

In competition for county herds of Shorthorn classes, Alex MacKinnon, Meadowbrook, P. E. I. won the grand championship in silver foxes with L.W. Hancock, Summerside, second.

Other exhibitors prominent in winnings were George Callbeck, D.O. Stewart, Ray Lockerby and Gordon McMillan, and Charles Willis.

Fisheries Minister Bridges Discusses Canada's Status Before S'ide Y's Men

Choosing as his subject, "Canada's Crows Up," Fisheries Minister Hon. H. F. Bridges who is visiting in the Province making a tour of the fishing areas addressed a dinner meeting of the Summerside Y.M.C.A. last evening. He said that even if his audience did not agree with his remarks he hoped they would be near left with physical disabilities. The committee comprises Drs. R. F. Seaman, W. J. P. MacMillan, J. P. Lewis and B. C. Green—all of Charlottetown—and Drs. Henry Moore, Summerside, and Preston MacIntyre, Montague.

While the arrangements are being made for the accommodation of polio patients at the Sanatorium, the same treatment which will be used there is being carried on at the City's two hospitals. Dr. Creelman said the services of nine nurses would be required to take care of the 16 patients whose selection for treatment will be made by Dr. Acker upon his return to the Province next Wednesday. The services of three physio-therapists will also be required.

Gets 3 Year Sentence And Army Dismissal

(By The Associated Press)

FRANKFURT, Germany, Oct. 31—Maj. David F. Watson today was sentenced to three years' imprisonment and dismissal from the United States Army upon his conviction on charges of conspiracy and receiving stolen property in connection with the \$1,500,000 Kromberg Castle Jewel theft.

It was the second conviction in the case of the stolen Heese family jewels. Capt. Kathleen Nash of the United States Women's Army Corps was sentenced earlier to five years' imprisonment. Her husband and Watson's commanding officer, Col. Jack W. Durant, is awaiting trial.

Benning Sentence To Be Appealed

OTTAWA, Oct. 31—(CP)—An appeal has been filed against the five-year sentence imposed on James Scotland Benning, 33-year-old former munitions official, convicted last Tuesday of obtaining secret and confidential information for Russia.

Notice of the appeal was sent to Toronto by J. Douglas Watt, defence counsel. Release of Benning on bail pending outcome of the appeal was scheduled to be sought before Chief Justice Robertson in Toronto.

U. S. University Geneticist Wins The Nobel Prize

STOCKHOLM, Oct. 31—(AP)—Prof. Hermann J. Muller, world-famed geneticist of Indiana University, was announced tonight as the winner of the 1946 Nobel Prize for Medicine and Physiology.

The 55-year-old scholar, author and lecturer was awarded the prize for his work in discovering that mutations, or biological changes in a species, may be produced by X-rays.

The prize this year amounts to about 130,000 Swedish krona (\$36,800).

The award was made at a formal session of a committee of professors of the University of Medicine in Stockholm, lasting only a few minutes. The actual decision had been made earlier in private discussions.

A native of New York City, Prof. Muller long has been recognized as a leader in the field of genetics. Last year the Rockefeller Foundation made a grant of \$95,000 to Indiana University for a six-year research in the field of genetics with Prof. Muller as one of the three scientists carrying on the program.

In his early 60's, Mr. Pincus is a native of Nova Scotia.

Rooming House Fire Takes Four Lives

BALTIMORE, Oct. 31—(AP)—An empty can which smelled of gasoline and a patrolman's report that he saw a man running from the scene were the main clues as police and firemen investigated a blaze which burned out a waterfront rooming house and left four seamen dead today.

Battalion Chief Thomas Hoagerty of the fire department admitted a home-made incendiary bomb apparently was thrown through the building's front window—the same one shattered a week ago by a monkey wrench.

Police said the wrench carried a note reading:

"Stop rooming flunks in your house. This is your final warning."

The dead seamen, all Latin-Americans, were identified at Johns Hopkins Hospital as Manuel Zalbero, Marco Tilio Espinoza, Paul Santanas and Ramon Romero. Reports of burns several hours after the blaze. The other three were taken dead from the debris.

Jesse Rodriguez, proprietor of the rooming house, said he had been acting as hiring agent for Panamanian Steamship Lines and had received permission at union headquarters Wednesday to ship some of his men to one of the firm's ships at Newport News, Va. He said the dead men were union seamen.

Police blamed the incident on waterfront tension developed during the recently settled country-wide Maritime strike. The mening of foreign-registry ships was a point of contention among seamen during the stoppage.

Appointed To High Position

WASHINGTON, Oct. 31—(CP)—Charles Chipman Pincus of the Royal Bank of Canada today was appointed director of loan operations of the world bank.

The announcement was made by Eugene Meyer, president of the bank, at a press conference. Arthur Hoar of the Bank of England was appointed assistant director.

Mr. Pincus retired from the Royal Bank about a year ago after long service in Canada and South America. At his retirement he was assistant general manager in charge of the foreign division.

In his early 60's, Mr. Pincus is a native of Nova Scotia.

Charged With Manslaughter

AMHERST, N. S., Oct. 31—(CP)—Albert Edward Davis of nearby Nappan was committed for trial here today on a charge of manslaughter arising from the death of Arnold R. Stiles, also of Nappan.

Although a verdict of accidental death was returned by a coroner's jury at the time, the case was reopened by direction of the attorney general's department after reports were received from the R.C.M.P.

Buds Bloom In U. S.; Snow Falls In Rockies

(By The Associated Press)

NEW YORK, Oct. 31—Buds burst into bloom in the northeastern United States today as temperatures shot into the 80's, making it one of the warmest Halloweens on record, but rescue parties had to battle waist-deep snow to reach isolated persons in the Rocky Mountain area.

The unseasonable warmth brought record marks for the date in New England and New York City, which had a high of 80. Portland, Me., also reported 80, which was 10 degrees above the previous Oct. 31 high, and Boston had a sizzling 81, breaking a 30-year record.

Sprouting of bulbs and budding of trees was noted in New England and Dr. Paul Dempsey of Massachusetts State College, said the spell of warm weather was certain to cause some damage.

In New York, where the weather bureau said this October was the warmest in the 71-year history of the office and also one of the driest, gardeners found rose bushes in bloom and many vegetable plants thriving.

Even the fish in eastern waters have been fooled. The New York Fishery Council said about 100 pounds of shad were caught recently in fresh water streams along the New Jersey coast, where the fish ordinarily go to spawn only in spring.

Far across the country in Utah, the early snows made rescue of 33 snowbound persons difficult but all were reported brought to safety or in no immediate danger. At Aberdeen, S. D., the mercury dipped to 23.

Unusually warm weather also prevailed in southeastern states, with Miami listing 84, Atlanta 80, Charlotte, N. C., 79, New Orleans 82, and Memphis 79 at noon. The normal mean temperature in Atlanta for the date is 57.

The weather man predicted sharply cooler weather for New York City tomorrow, with a maximum reading of about 60.

However, the United States Weather Bureau said the warm spell in the east, with temperatures of 10 to 15 degrees above normal, probably would continue for some time until the much cooler air west of the Mississippi Valley moved east to replace it.

Calling Of Mass Meeting Might Be Occasion For Eruption Against Jews

By CARTER L. DAVIDSON

JERUSALEM, Oct. 31—(AP)—Leaders of the Palestine Arab Army Futuwah called today for a parade and mass meeting tomorrow in Nablus, 33 miles north of Jerusalem, and many authorities expressed fear it might be an occasion for an Arab eruption against the Jews.

The army leaders declared it was "not a protest" against bombings Wednesday in which six Arabs were killed, but other Arab informants declared it was "a show of strength by Arabs on the heels of the same sort of demonstration by the Jews."

Two British soldiers were killed and two others critically wounded tonight when their truck struck a road mine a few miles north of Tel Aviv, it was reported officially. The deaths were the fourth and fifth among British Army personnel during the last 40 hours.

\$239,829,200 Subscribed In Bond Sales

OTTAWA, Oct. 31—(CP)—The 13-day total of Canada savings bond sales is \$239,829,200 and the average individual purchase is greater than expected, the Bank of Canada reported tonight.

The average purchase so far is \$384.80 compared to \$375.30 at the same point in the Ninth Victory Loan campaign. The average general sales purchase now is \$707.15 and the average payroll savings purchase \$174.82.

Applications have increased 14 623,10, including 377,214 by payroll. Navy sales have reached \$755,550. R. C. A. F. \$91,830.

Hallow'en Passes Off Quietly

Notwithstanding the pessimistic predictions that the Hallow'en celebrations would tear up sidewalks, break street lights, and smash windows, Hallow'en passed off in the City with little or no damage being done.

Crowds of children were on the streets by dusk and even many of those of more mature years joined in the reveling. But the fun was wholesome with nothing malicious in the pranks that were played. Some windows were soaped, door bells were rung and tricks of a kindred nature were participated in by happy throngs going from door to door.

The Hallow'en party given by the Kinmen Club no doubt had a salutary effect also, inasmuch as so many of Hallow'en age attended that affair and thus were off the streets.

Mayor B. Earle MacDonald and Chief of Police Birnie made a tour of the City by car about 11 o'clock and later informed the Guardian that it was one of the most orderly Hallow'en celebrations in the City's history. They were unanimous in stating that the parents in the City deserved commendation and congratulations on the conduct of their children during the hours of revelry.

Prince Edward Island - Cloudy Friday morning, clear in afternoon and evening. Colder, Northwest winds 15 m.p.h. becoming light during the late afternoon. High Friday at Charlottetown 60.

Toronto, Oct. 31—(CP)—Minimum and maximum temperatures: Vancouver 40, 48; Edmonton 30, 57; Regina 19, 46; Winnipeg 21, 35; Toronto 52, 55; Ottawa 53, 59; Montreal 32, 63; Quebec 34, 65; Halifax 39, 57; Charlottetown 33, 59; Sydney 32, 60; Yarmouth 62.
