**A LIVERY** and its equipment should embrace every improvement that experience has indicated would add to the comfort of the patron. The Beaches are within a few hours ride of Charlottetown. The scenery along the route is of a varied and most interesting character, including forests, lakes, rivers, not one of which is uninteresting, and on account of which this province has been aptly termed the Garden of the Gulf. The charms of the Island are now becoming known to the lovers of nature and of out-door life; its healthfulness is proverbial. A team from Stanley's livery will verify the contentions made.

**NEW INVENTIONS.**—For the benefit of our readers, we publish a list of patents recently granted by the Canadian Government, through the agency of Messrs. **THE Wesleyan says:**—The Editor protem, in view of recent severe physical prostration, and feeling the enervating effects of July heat, crossed the Gulf for a few days' retreat in Prince Edward Island leaving the assistant in charge of the Wesleyan office. It seems strange that one who never took a single vacation during nine years of editorial work should seek to get out of harness during a temporary engagement. Well, wisdom comes through experience; sadly tootele in some cases. But the hurried trip was an unspeakable boon. It secured freedom from office toil. It brought a chance for a delightful sail over quiet, but breezy waters. It afforded a welcome from hospitable friends, worth a pilgrimage to enjoy. Then there was the exquisite satisfaction of once again occupying the pulpit of a former charge, looking in the face of old friends, and hearing them say "you are just the same as ever: twenty years have wrought no change." Very kind. But ah, the twenty years have taken away much, and makes one feel sometimes as Robert Hall felt, in "need of the resurrection." "No wonder that people speak of Prince Edward Island as the Gem of the Gulf. Resting for hours together in a hammock, shaded by the foliage of tall trees, at the hospitable home of an old and esteemed friend, W. E. Dawson, Esq., how sweet and invigorating the balmy air of the Island. Short drives in the suburbs show undulating and richly cultivated lands, dotted by clumps of trees, equal to the finest and most fertile areas in the north of England. It was an added gratification that our kind host, after months of illness, was so far restored as to take short drives through the park and into the country; like his guest feeling the exhilaration of such delightful outings. But beautiful as was the landscape we did not, perhaps, see it to best advantage. Drought was beginning to tell upon vegetation, and farmers were looking eagerly for rain.

**THERE ARE OTHERS** but only on Kendrick's Liniment, the greatest modern household remedy. For all Pains, Lameness and Swelling get Kendrick's.

Mr. W. D. McKay, Dawson, in writing Mr. D. Nicholson of this city says: Mr. Alex. McRae has done well in his clean up in Dominion Creek and has purchased adjoining claim to the one he worked last winter and with another clean up next season you will all be rich. There would be nothing better you could do than join him in the Klondyke, for say two years. What McRae controls will fix you financially. All will be glad to hear of the success of parties interested. "Straight my eye hath caught new pleasures. Whilst the landscape round it measures." In the Eastern part of the province nestles Murray Harbor North, a pretty little town. The region in this locality is replete with natural scenery and loveliness and comprises some of the most beautiful watersketches and picturesque landscapes for which the Garden of the Gulf is noted. After all the scenic grandeur of hill and dale with variegated foliage should be accompanied by modern conveniences. Located at Murray Harbor is the business conducted by Mr. Benjamin Clow. A full line of the best goods will be found in his store coupled with a number of special offers.

**A Child's Suffering.**  
Her Mother Feared She Would not Regain Her Health.

She Was First Attacked with Rheumatism and Then with St. Vitus Dance—She Was Unable to Help Herself and Had to be Cared for Almost Like an Infant.

From the Sun, Orangeville, Ont.

Among the much respected residents of Orangeville is Mrs. Marshall, who lives in a pretty little cottage on First street. For some years her twelve-year old daughter, Mamie, has been a sufferer from rheumatism combined with that other terrible affliction—St. Vitus' dance. In conversation recently with a reporter of the Sun, Mrs. Marshall told the following story of her daughter's suffering and subsequent restoration to health:—"At the age of eight," says Mrs. Marshall, "Mamie was attacked with rheumatism from which she suffered very much, and although she was treated by a clever doctor her health did not improve. To make her condition worse she was attacked with St. Vitus' dance, and I really gave up hope of ever seeing her enjoy good health again. Her arms and limbs would twitch and jerk spasmodically, and she could scarcely hold a dish in her hand, and had to be looked after almost like an infant. While Mamie was in this condition a neighbor who had used Dr. Williams' Pink Pills with beneficial results in her own family advised me to try them in Mamie's case. I had myself often heard these pills highly spoken of, but it had not occurred to me before that they might cure my little girl, but now I decided to give them to her. Before she had completed the second box I could see a marked change for the better, and by the time she had taken five boxes all trace of both the rheumatism and St. Vitus' dance had vanished, and she is now as bright, active and healthy as any child of her age. Some time has elapsed since she discontinued the use of the pills, but not the slightest trace of the trouble has since made itself manifest. I think therefore, that I am safe in saying that I believe Dr. Williams' Pink Pills not only restored my child to health, but have worked a permanent cure."

Rheumatism, St. Vitus' dance and all kindred diseases of the blood and nerves, speedily yield to Dr. Williams' Pink Pills and cures thus effected are permanent, because this medicine makes rich, red blood, strengthens the nerves, and thus reaches the root of the trouble. These pills are sold by all dealers in medicine or will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.
