FARM LIGHTING PLANTS

There is no one thing on any farm which will so add to the comfort and profit of farm life as a lighting system.

Nothing lightens the work so much—your house is lighted—you can enjoy your reading better. Your stables are lighted—the work there is made easy and pleasant.

No dirty and dangerous lanterns to carry around.

And all this without cost after the system is installed—you charge the batteries while you use the engine to run the separator, pump, or churn.

We sell the famous FAIRBANKS MORSE LIGHTING SYSTEM—proved to be the most efficient and economical lighting system manufactured.

Easy to buy—the price is low.

Easy to run—no attention required except to see that kerosene is in the tank—starts and stops on pressure of a button.

Call at The Gray Dart Show Rooms at 159 Queen Street, and let us show you the plant in operation.

Sales on easy terms—the plant will pay for itself. Drop a line and we will call.

Dominion Income Tax Returns

This year the Dominion Government has imposed very heavy penalties upon persons sending in incorrect returns.

For instance:—If the income is understated up to one-tenth the real income the fine is 10 per cent interest on the deficiency.

If understated by more than 10 per cent but less than 20 per cent the fine is HALF THE AMOUNT OF INCOME OMITTED.

If the deficiency is 20 per cent or more, THE WHOLE OF THE UNREPORTED INCOME IS TAKEN.

A false statement may be punished with a \$10,000.00 fine and six months in jail.

If late in sending in return 25 per cent is added to tax.

You must not wait till asked for tax, nor leave the calculation of its amount to Government officials. You must ask for proper form.

All returns must be in by April 30th next, accompanied by at least one-fourth of actual tax reckoned liable for.

Take no chances. Your return must be perfectly accurate to avoid HEAVY PENALTIES. Do not delay. Attend to this important matter at once.

Apply to undersigned for information and advice.

In Memoriam

JAMES REID

We are laying them down, day after day. To the sleep that knows no waking. And one by one as they pass away. The links of our lives are breaking.

There passed away from earth to eternity, the soul of James Reid who died at his residence, Bay View on March 31st, after an illness of two months. The deceased was born in Hope River and lived all his life in that community. He was one of a family of eight brothers and four sisters, and only one brother, Michael of Vernon River and three sisters survive him. It is only given to a few men the privilege to see after a life time of hard work and honest endeavor such success as the late Mr. Reid enjoyed. . . .

—PROFITABLE AFFAIR.—A ple social and entertainment held at Muddy Creek hall a few evenings ago, was interrupted by a rough element who started up a free for all fight, breaking things up and using very unbecoming language. Legal officers have been taken out and served on several of the ring leaders who are now negotiating to have the matter settled out of court.

—HOLMAN FELLOWSHIP CLUB.—Summerside, deservingly the recipient of many honours, added another laurel to her crown of fame on Wednesday night when some seventy male members of the staff of R. T. Holman Ltd. officially formed the Holman Fellowship Club, the first organization of its kind in the province of New Brunswick. After a supper, prepared in that maitre d'hotel style, which has made the name of J. J. Gaudet more famous than his cubic displacement, the members of the new social organization proceeded to the election of officers, which resulted as follows: honorary president, Harry T. Holman; president, Arthur W. McDowell; vice-president, Stanford Gay; secretary-treasurer, Leonard M. McNeill; directors, W. T. Gaudet, W. T. Matthews, W. S. Curtis, J. P. Crockett, D. Baker. The new organization starts its life with strong support, both numerical and financially, and something new and different have been promised for the meetings, which are to be held semi monthly or so.

Fine Steamers For New Boston Service

TWO BOATS A WEEK PLANNED FOR TOURIST LINE THIS SUMMER BETWEEN HALIFAX, BOSTON AND CHARLOTTETOWN

HALIFAX, April 6—It is the contemplated plans of the officials of the Canada Steamship Lines to not only carry the thousands of people in New England who so dearly love vacation trips by an all-water route will be gratified to know their desires may be fulfilled this coming season. There were inquiries last year from New York and all over

New England for just such a trip as is now contemplated in the new service to be put on by this company. Leaving Boston twice weekly it is proposed to have the ships touch at Halifax, and Charlottetown, P. E. I. at which point connections will be made for St. John's, Newfoundland, on steamers of the same line, the Boston steamer proceeding on her way through the Gulf of St. Lawrence to Quebec and Montreal, returning to Boston via the same route.

It is the intention of the Company to have first-class ocean steamers with ample passenger accommodations to make the trip one of comfort in the extreme, with a dining room service that, it is said, will be a revelation to tourists who have hitherto patronized Coast Line steamers. Right here is an opportunity too good to be overlooked by the farsighted officials who will cater to tourist patronage. The fact that good beds and clean, comfortable state rooms, together with good food, well cooked and properly served, will earn for the line a reputation that will extend all over the country and pack the ships to capacity for such things are quickly heralded by an appreciable public.

F. W. Briggs, the Boston agent, has been in Montreal the past week attending a conference of the officials.

TO OPEN UP
INVERNESS MINES
INVERNESS, April 5.—An order for 1,000 tons of coal a week has been received from the C. N. R. and work in the mines is to begin again immediately.
