There are being made many enquiries in regard to summer boarding houses by people who are desirous of spending the summer or part of it on this beautiful island. The remark has been made by those who are anxious to make a list of these having accommodation that landlords and others are very slow about letting the public know of what they have to offer. This should not be the case especially as they get free advertising and there will be a chance for nearly everyone who so desires to get some summer boarders, provided they have good accommodation in nice surroundings, with bathing, etc. The manager of the Plant Line, in this City, is anxious to get, with as little delay as possible a list of the boarding houses and hotels, with their rates, etc., to use in the advertising of the Plant S. S. Line which is done on a very extensive scale and goes all over the United States. People desirous to let him know should address Wm. Monbourquette, Manager Plant S. S. Co., Charlottetown. The same information might also with advantage to the senders be forwarded to A. L. Beer, Secy of the 200,000 Club, Charlottetown.
