THE CRYSTALS ROUGHLY HANDLED?

The following, taken from the Summerside Journal, gives the Summerside version of the recent inability of the Victorias and Crystals to come to an agreement regarding officials, which resulted in the last game of the P. E. Island hockey schedule not being played:

"Not a few lovers of hockey were disappointed at there being no League match here on the 23rd inst. The facts appear to be as follows: The Connaughts of Charlottetown played such a rough game against the Crystals on the 10th that at times there were only a few of the latter's men left on the ice. Both the referee and the play judge were Charlottetown representatives. This has not been the custom up to the time of the above mentioned meeting—one of either from such place being the rule. When the arrangements for the match here on the 23rd were being made the Charlottetown management stipulated that the same play judge and referee must act. These terms the Crystals positively refused to accept, partly on account of the very unjust treatment meted out to them in the match on the 19th inst. at Charlottetown, and partly on the injustice of such a claim. A deadlock ensued. The Victorias failed to put in an appearance at the Summerside rink on the evening of the 23rd, thus leaving it in the hands of the Crystals to line up their men shoot a goal and secure the trophy for this their second year. The first intimation given out that the Crystals had been awarded the trophy, the general opinion being that a meeting of the Hockey League is necessary before anything can be done.

HIGH CLASS RACING AT NEW LONDON

The weekly card of the New London Ice Racing Association on Thursday, Feb. 25th, was extra good considering the sloppy condition of the ice and the enthusiasm of the spectators was shown by the large attendance and the close attention given to each heat. Several sleighs drove out from Summerside, including Dan Steel, Louis Leard, Wm. McNeill, Charles Andrews and others. In order to run off all the classes scheduled it was necessary to call three events viz 2.30 trot and pace 2.50 class and a 3 year old. In each there were a number of entrants that failed to line up for the word owing to condition of the ice but notwithstanding the races were all sharply contested.

The first called was the 2.50 horses and eight decided to try for the money. Starter, Robert McLeod had his own trouble getting them away, but snapped the barrier on the fourth score Brilliant Wilkes assuming the lead which he held to the finish. Trouble Maker second Harry P. third and Happy Jack fourth with the rest turning out. In the second and succeeding heats Harry P. took charge and topped the summary with Trouble Maker putting up a scrap each time.

Of the six entries in the 2.30 class only three responded to the bell, viz. Gold Clip, Kettle and Harry Mac scoring in the positions named. Kettle made one of his few but usually disastrous breaks about half way down but starting from a stand still caught the others in the stretch and the race between him and Mac from there home was a corker, Kettle winning by a neck. The second round was another "horse race" most of the way but Walter Found seemed to have the key to Kettle's speed chamber and won within himself. The third was easy Mac loosing a knee boot and Found just jogging the last end, Gold Clip coming second under a vigorous drive by his owner Robt. Fitzsimmons one of the oldest active horsemen in Canada. This was Harry Mac's first defeat and thought dipping his colors he will have to be reckoned with in the future as in the past.

Most of the pacers in the 3 year old event could not negotiate the soft going and only three scored for the word. Brazilian D. won the first heat, Happy Boy second and Dean third but in the finals Happy Boy was best and won by a close margin. Dean Jr. showed much speed but would not extend himself in the watery places. The time, conditions considered was fast and the half in 1:13 made by Kettle in the second heat was as good as 1:10 under more favorable going.

AN ULTERIOR MOTIVE.

LONDON, Feb. 25.—The Daily News, in an editorial, refers to the fact that three Norwegian vessels have fallen victims to the German blockade. It says: "It may be only accident, of course, that so large a proportion of the burden of Germany's criminal proceedings has fallen upon Norway, but that country may be excused for suspecting that she is being made a special target for German attack. And ground for suspicion is not wanting. German military actions have usually some political purpose, and it is not difficult to see what it would be in this case. Throughout the war her efforts to stampede the neutral countries have been particularly marked in two directions—the United States and the Scandinavian countries. In both directions she has failed. Now that she has come to the conclusion that these countries can be neither wheeled nor bullied into obedience, a more definitely hostile attitude is assumed. The offence of Norway and Sweden is that they have sought to preserve their neutrality in intention and in fact as well as in form. Germany, of course, wants them, as she wants the United States, to help her redress the balance against her at sea by becoming a medium for the supply of her necessities and for smuggling contraband into her harbours."

SUNDAY CONCERT CASE WILL BE MADE A TEST. MONTREAL, Feb. 25.—An action will be entered to-day in the Recorder's Court charging Mr H. P. Hill, of His Majesty's Theatre, with allowing Sunday concerts to be held there. The matter has been before the authorities now for several weeks, the Rev. Mr Mingle, of the Lord's Day Alliance, having asked Chief Campeau to take action for an infraction of the Lord's Day Act. The head of the police force signified his willingness to do so, but before any complaint could be sworn out against Mr Hill permission to take action had to be sought from Sir Lomer Gouin as Attorney-General of the province. The necessary permission was received from Quebec yesterday morning, and steps were taken immediately to enter the action in the Recorder's Court. The case against His Majesty's will serve as a test case, and, if it is successful, actions will be taken against the moving picture houses and other places where Sunday entertainments are given.

GUILTY OF ASSISTING A GERMAN OFFICER OUT OF CANADA.

TORONTO, Feb. 25.—Emil Nerlich, a wealthy wholesale merchant of Toronto, was found guilty to-night of assisting Arthur Zirzow, a former man army officer, to leave Canada. Sentence was deferred, pending an appeal. The charge was conspiring to commit an indictable offence, the original charge of treason having been ruled out by the presiding judge, Sir William Mulock. Mrs. Nerlich, who was indicted along with her husband, was acquitted yesterday.
