LETTERS FROM THE FRONT

The following letters have been received by Mrs Ernest Griffin from her son now at the front:—

France, July 10, 1915.

Dear Mother.—Received your letter yesterday dated May 13th. It was doing some travelling on its own around the hospitals. I am writing this letter in the trenches. We don't know how long we are in for, but our trenches are good, so we can live all right. We have a nice town to billet in when out of the trenches. The French women are very brave, they don't mind a few shells dropping around them. There are some sad sights around this country. I am able to speak a little French now, so get along a lot better. As I am writing this some of the boys are relating some of their experiences to another battalion, and it is comical to hear them. We are having lovely weather, very little rain, so everything is nice and dry.

The Canadian contingent is not far from us, but see very little of them. I would like to run across some friends from home; there is only one in this regiment left besides myself. A fellow by the name of Kirby writing home said he was the only Islander in Princess Pats. I think he must have been one of a draft from the Canadian contingent, or else I would have met him before now. Well, it will soon be a year since our battalion was formed and to look around and see the changes you would hardly know it was the same regiment. They were a fine body of men leaving Ottawa. Sentry go takes up most of our time in the trenches and fatigues after.

BRENTON,
Princess Pats.

France, July 6, 1915.

Dear Mother,—I received your ever welcome letter a couple of days ago. This makes the second one since I came back to the regiment. I am writing this in the trenches. All is quiet at present, but you never can tell how long it is going to last. The trenches are nice and dry and a communication trench runs near to our billets, so we are safe from rifle fire going in and coming out. We have been in for four days, and it doesn't seem long, except last night, the hours seemed to drag a bit. I was on a listening post between the two lines. It is a case of see all and not be seen, but it is all in a day's work; nothing seems dangerous in time of war.

Some of the boys had quite a talk with old Fritz last night, yelling back over the parapet. Someone wanted Fritz to meet them half way, but he had the wind up. I am glad to know England is waking up. Canada seemed to grasp the situation at the start, but the farther away from hostilities the more news you get. The censor has a big pen, so it makes it hard to send any news home, but, as the French say, after the war we will be able to give you a better idea of what we did. Our regiment has made a name for itself that will always last. When we came here first everyone wanted to know what P.P.C.L.I. meant on our shoulder straps. But I think they all know now. I will write you more when I get to the billets.

W. B. DAVEY.

Counsel—Now, where did he kiss you?

Plaintiff—On the lips, sir.

Counsel—No! No! You don't understand! I mean, where were you?

Plaintiff—(blushing)—In his arms, sir.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

—A FAIR CROP.—Hay in New London is only a medium crop but it is of excellent quality. The weather for the past week has been ideal and "some" hay went together.—L.

—PLEASANT OUTING.— A motor boat load of young people sailed from Stanley Bridge to Lennox Island, on Sunday last to attend the celebration of St. Ann's Sunday. The sail was grand and the attendance was very large.—L.

—S. S. SENLAC—The steamer Senlac arrived in Summerside early yesterday morning. After loading about 50 tons of hay, 300 bags of oats and 15 cattle, she sailed at noon for St. John's, Newfoundland, by Charlottetown.—H.

—INCREASING BUSINESS—In order to take care of their constantly increasing business, Messrs. R. T. Holman, Ltd., have employed Mr. Sidney Patillo to take charge of the Furniture Department. Mr. Patillo is a specialist in this line. His experience is wide and varied. The employment of Mr. Patillo enables Mr. Wm. Curtis to confine his efforts exclusively to the Crockery and Fancy Goods Department, and give this section of the store his expert attention. Each of the above mentioned department heads with a corps of competent assistants will give the patrons of Holman's Limited expert attention and service.

—BABY GIRL DROWNED.—The sympathy of the entire community does out to Mr and Mrs Elton Cairns, Freetown, in the death, under very sad circumstances, of their lovely little daughter, Marion Jean. The babe—eighteen months old—with her little sister were playing in the yard, when in some unaccountable manner the little one fell into a watering-trough and when found life was extinct. To the parents and loved ones in their sorrow and loneliness they are commended to Him, who said, "Suffer the little children, and forbid them not to come unto me for of such is the kingdom of heaven." The funeral took place to North Bedeque Cemetery, Sunday, August 8th, and was very largely attended.

This lovely bud, so young, so fair,
Called hence from early doom,
Just came to show how sweet a flower,
In Paradise could bloom.

IN MEMORIAM

MR JAMES A. McEACHERN.

In San Francisco, Calif., June 24, James A., dearly beloved husband of Annie McEachern, and loving father of James and Frank McEachern, a native of Boston, Mass., aged 41 years. A member of Carpenters' Union, No. 483, and Stockton Camp, Modern Woodmen of America.—Mrs Horace McKinnon, Rocky Point, is a sister of the deceased.

MRS. JOHN McKENNA.

A shadow of gloom was cast over the residents of Fort Augustus on Tuesday, August 3rd, when it became known that the Angel of Death had visited the home of Mr. Pius McKenna, and claimed as its victim his dearly beloved mother, Mrs. John McKenna, at the advanced age of eighty two. The deceased was sick only a short time, having been taken ill on the Friday previous to her death with a sudden illness from which she never recovered but gradually sank till the end. She was a lady of stirling qualities, charitable and ever ready to lend a helping hand to those in need, beloved by all who knew her and to whom her death came as a sad demise. The funeral, which took place on Thursday, to St. Patrick's Church, was followed by a large concourse of people who came from far and near to pay their last tribute to the dear departed one; the pall bearers being Messrs. James Hughes, James Dalton, Joseph Garland, John Curley, Robert Haggerty and James O'Brien. A Requiem High Mass was sung by the pastor, Rev. A. J. McDonald and after being fortified by the last rites of the Holy Catholic Church, the remains were laid to rest in the adjoining Cemetery there to await the glorious resurrection. Besides thirty grandchildren the following sons and daughters are left to mourn the loss of a truly devoted and loving mother: Patrick, on the S. S. Minto; James, in Ontario; John in Boston; Artemus in British Columbia and Pius on the homestead. The daughters are Mrs. Ronald McAuley, of Charlottetown, Mrs. John McBride, of Scotchfort and Mrs. Aeneas McRae and Mrs. Joseph Ellis of Boston, to all of whom the Guardian extends sincere sympathy.—S.

SUMMERSIDE TOWN COUNCIL MEETING

The regular monthly meeting of the Summerside Town Council was held last evening. The Mayor, Councillors, health officer and policemen were present. A large number of bills were passed, including a note to the School Board of $2,500.

Dr. Tanton, health officer, addressed the council at some length with reference to the health of the town. He referred especially to the prevalence of flies and gave some suggestions which the police were instructed to carry out. Police matters also received a general airing. The police were instructed to be more strict in enforcing the By-Laws, especially that regarding corner loafing.

The school board was granted notes to make a payment on the contract for the new school when required by the Contractors.

A petition, largely signed, asking for the installation and conducting of a set of city scales was presented. The petition was discussed at considerable length, and the decision was held over to the next meeting, the Property Committee to report. The By-law imposing a license on junk dealers was amended, resident dealers being exempt from a license.

A communication from the water and sewerage commissioners, asking for funds to extend the system to King street was received. The request was granted. The cost will be about $175. Other matters of minor importance were discussed, after which the meeting adjourned.—H.

"Some men are so callous."

"How now?"

"My husband deliberately took a pair of socks I was knitting for the poor soldiers and wore them. Said he hadn't any."

IMPRESSED BBY IT.

"As a matter of fact," said the lawyer for the defendant, trying to be sarcastic, "you were scared half to death, and don't know whether it was a motor car or something resembling a motor car that hit you."

"It resembles one all right," the plaintiff made answer. "I was forcibly struck by the resemblance."

TURKS ADMIT LOSS OF GROUND IN GALLIPOLI.

AMSTERDAM, Aug. 9.—A land and sea fight attack on the Turkish positions on Gallipoli Peninsula is announced in an official communication issued at Constantinople, as received here to-day. The Turkish War Office admits the loss of ground, but asserts that in another engagement the Turks captured trenches from the Allies.

PRINCE EDWARD THEATRE

It is extremely doubtful if any singers who have visited Charlottetown ever received a more rousing welcome than that accorded the popular singers Arthur Huskins and Dewitt Cairns at this popular play house last night.

Returning after a successful tour through Eastern Canada and the States to this city in fact breaking a number of engagements to come here showing their appreciation of the splendid treatment they received on their former visits to this beautiful city.

That the people of Charlottetown appreciated them was well evidenced by their reception. It is doubtful if a neater more dressy act has ever been presented in the city, their voices harmonizing perfectly and combined with a splendid stage presence. Messrs Cairns and Huskins will undoubtedly be heard in the biggest Vaudeville Theatres on the continent. During their stay here they will put on their best and newest numbers, the majority of which have never been heard in the Eastern Provinces.

The picture programme was up to the Prince Edward standard. The fifth episode of "The Broken Coin" bringing continuous applause as each scene was unfolded on the screen. Francis X. Bushman in "The Accounting" a three part prize Mystery produced in conjunction with the story in the Ladies World. The Animated Weekly containing up to date news from all over the world and two rousing comedies closed a programme that equals the best in any other house in the Provinces. Some new pictures will be shown today.

PROPOSAL BEFORE N. Y. STATE EXECUTIVE.

NIAGARA FALLS, Ont., Aug. 6.—A plan to develop two million electrical horse power by damming the lower Niagara River just above Queenstown was presented to the joint executive of New York State now in session at the Prospect Hotel, across the river, by Peter A. Porter yesterday. He introduced the original power development bill in the New York state legislature in 1886, when a member of the assembly from this district.

The proposal calls for the expenditure of $100,000,000.
