

QUEEN'S CANADIAN FUND DONATIONS

Repeated bombing raids on British port areas and the industrial midlands has attracted fresh attention to the frightful suffering of the many thousands of civilians in Great Britain who are harried from shelter to shelter and finally driven into the open country by successive raids. Eventually places are found for them all, places of relative security, but their belongings of all kinds are destroyed. The task of emergency feeding alone is difficult. The task of setting them up once more with some quantity of clothing and bedding is much more difficult.

To meet these enormous needs, funds have been started in various parts of the world. Her Majesty Queen Elizabeth has permitted the use of her name in connection with

the Dominion campaign, which is officially known as "The Queen's Canadian Fund for Air Raid Victims."

Every dollar contributed to the Queen's Canadian Fund goes without deduction to the Lord Mayor of London for distribution to the homeless and needy.

Contributions from this Province should be forwarded to the Royal Trust Company, Charlottetown, which reports the following receipts to date:

Received yesterday:
Dundas Carry on Canada Corps, Annandale and Bridgetown boxes, \$10.00.
Bellevue Womens Institute \$6.00.
Mrs. Cassies Clay, Montague, \$3.00.
Previously acknowledged \$4,614.60.
Total, \$4,633.60.

Brothers in Services

Private Lawrence McInnis of the P. E. I. Highlanders (Black Watch), (right) and his brother, Gordon, with the R. C. N. V. R., (left), Pte. Lawrence is at present spending his furlough with his mother, Mrs. Philip McInnis, Charlottetown. He has been in the army since the outbreak of the war. He will leave next week to rejoin his unit. His brother, Gordon, has been serving with the navy for two years.

Locomotive still Blocks channel

SAULT STE. MARIE, Mich., Oct. 8 (AP)—A 120-ton locomotive, firmly on the St. Mary's River bottom beneath 25 feet of water, tonight defied workers who labored into second chilly night in an effort to restore navigation on the busiest iron-ore waterway in the world.

Using a derrick boom with a known lifting power of 167 tons, the wreckers struggled with the locomotive throughout today but were unable to get it out of the path freighters must follow through the locks.

The engine plunged into the west approach to the two biggest locks yesterday when one arm of a large bascule bridge collapsed. Two trainmen were drowned.

Interpreting The War

has brought the sound of the guns almost within earshot of Moscow is estimated by the Russians, Vyazma junction, 130 miles or less west of the Soviet capital, is again a battle theatre. About the same distance southward, another Nazi onslaught is pounding for possession of the important Bryansk junction. Berlin claims contact has already been made by these or other Nazi columns to freeze a steel ring about "several" Russian armies in the north.

Meagre reports from the battle fronts furnish no clear clue to the actual situation on either flank of the 800-mile German attacks, it is obvious, however, that Rostov and the land route for a Nazi invasion of the Caucasus is in more imminent peril than Moscow. The capture of Rostov would cut off Russia's main oil supply, and the industrially important Donets basin and even threaten Moscow with encirclement from the south.

It appears possible that the Nazi dash along the north coast of the Sea of Azov to Mariupol, 110 miles west of Rostov, is no more yet than an armored-division spearhead.

In the north, however, it now appears that the first Nazi objective is not Moscow; but to re-enact on an even vaster scale the entrapment of Red armies that occurred east of Kiev. The flower of the Russian army unquestionably is deployed along the western defenses of Moscow.

SHOT HIS SON
LONDON — (CP) — Pte. Stanley, Ives of London was showing his six-year-old son how his rifle fired. A bullet hit the child and fatally wounded the boy.

201 game Winner given His release

CHICAGO, Oct. 8 (AP)—Charlie Root, 19-year-old Chicago Cubs pitcher and a popular figure in the City's baseball scene, was given his unconditional release today.

The 42-year-old Root, winner of 201 major league victories through that 16-year span, was notified of his release by the Cubs' general manager, Jim Gallagher, who said Root had been offered a coaching job with Los Angeles of the Pacific Coast League.

The Hurier, accompanied by Mrs. Root, left immediately by motor for his ranch at Hollister, Cal., stating he would confer soon with Dave Fleming, Los Angeles club president. He indicated he would accept the post.

Root declined to leave the Cubs a week ago when offered a chance to negotiate for a job with another Major League team, stating, "I started my major league career here and I might as well end it here." He was in uniform last night as the Cubs lost the fall City series title to Chicago White Sox.

Situation Grave

Marshal Semeon Timoshenko, the defender of this capital, appeared to be fighting now to hold if possible but at all cost to destroy.

A single Red infantry division charging heedlessly with flaming bottles of gasoline was credited with exploding more than 300 German tanks; hundreds more were said to have been smashed by Soviet artillery fire and Soviet bombers along with uncounted armored cars, trucks and troop transports.

Russian engineering companies, sweating under unending German fire, broke the bitter terrain with hundreds of miles of trenches and tank traps.

Before them division upon division of other Red combat troops counter-attacked ceaselessly in efforts to smash back the lengthening projection from the Nazi line.

The tone of crisis was strident and clear.

The magazine Bolshevik called out for British action in the west, now that Hitler has engaged to the death in the east.

"The British Empire," it said, "now has the opportunity for taking the initiative into its hands and dealing destructive blows to the common foe of mankind, the Hitler Fascists."

The official organ of the Soviet navy estimated that the Germans had now only 25 to 30 weak divisions in France and little artillery and few planes left in all the west, and at the same time said that the British army and air force had greatly grown while the Royal Navy still held the seas.

The areas of qualified Red successes along the centre were not stated during the day. It was declared, however, that at least two of an undisclosed number of Nazi salients had been hammered back.

In the rising fury of the struggle the Soviet command made no effort to estimate German casualties, but it was implied that nowhere in all the invasion had they been so great.

Moscow generally took the position that it was Hitler's last and greatest lunge before the onset of winter and that the German command was ready to write a frightful casualty roll rather than be balked in the coming snows.

While the situation in this greatest of theatres was acknowledged to be critical, continued and major Russian successes were reported from the Leningrad and Odessa fronts.

Maple Leafs Starting to gather

TORONTO, Oct. 8 (CP)—Prairie members of the Toronto Maple Leafs, N.H.L. hockey club are expected to arrive by the weekend. It is expected that those of military age who joined reserve units in other parts of Canada will transfer to Toronto regiments.

Horses burned In Toronto fire

TORONTO, Oct. 8 (CP)—Trapped by fire and smoke, an undetermined number of horses were burned or smothered to death when fire broke out tonight in the Coulter Brothers repository in downtown Toronto. About 100 horses, including several thoroughbreds, were in the building at the time but many were saved by firemen and spectators.

A large quantity of hay made the blaze a stubborn one and two alarms were rung in. Seven firehalls sent equipment. Firemen and spectators joined stablesmen in bringing the frightened animals out to safety but about a dozen were lost.

Well known song Writer passes

BEVERLY HILLS, Calif., Oct. 8 (AP)—Gus Kahn, 54, one of the best known songs writers in the United States, died of a heart attack today.

With Walter Donaldson, Kahn turned out some of Tin Pan Alley's best known popular compositions before he came to Hollywood eight years ago to compose for the movies.

The Kahn-Donaldson duo contributed such hits as "Mammy," which Al Jolson introduced; "My Buddy," which was Kahn's favorite; "Memories," "Pretty Baby," "No, No, No," "Beside a Babbling Brook," "Flying Down to Rio," "I Never Knew," "Love Me or Leave Me," "Yes, Sir, That's My Baby," "I'm Through With Love," "My Blue Heaven" and "I Had to Be You."

Surviving Kahn are his widow, Grace, a daughter, Irene and a son, Donald.

Kahn was born in Germany, came to the United States when he was four years old.

Investigate De-nerving Of Horses

LAUREL, Md., Oct. 8 (AP)—The Maryland Racing Commission is investigating the practice of de-nerving thoroughbreds, Chairman Charles F. Hookley has disclosed.

The investigation was prompted by the case of the Plater Meadow farm, destroyed by the Humane Society of Baltimore County. A humane society inspector reported that a hoof and leg of the horse were decayed, apparently through de-nerving.

De-nerving is the practice of severing nerves in the legs of unsound horses, enabling them to run without feeling pain. Infection and decay usually occur in the "dead" leg following such an operation.

Bring on regulars, Rookie goalie says

ST. HYACINTHE, Que., Oct. 8 (CP)—Generally speaking, professional hockey players are supposed to be more accurate and powerful in firing the puck than amateurs, but Bill (Legs) Fraser, sensational goalkeeper from North Bay, N. S., apparently doesn't think so.

He is to try out with Montreal Canadiens of the National Hockey League in which Coach Dick Irvin called "rookie tryout" week, Fraser's only appearance today after a light practice in the arena was "bring on the regulars."

"Only rookies took part in today's practice as the regulars of the team will not begin their heavy training until next week."

Fraser showed up well during the workout and stopped all comers with apparent ease and modesty said that they hadn't given him much work to do.

More than 25 rookies from nearly every corner of Canada have arrived here for a tryout with the Canadiens this week but Coach Dick Irvin would not say whether he had picked any for a tryout with the regulars yet.

Hooley Smith Says May not Play this year

MONTREAL, Oct. 8 (CP)—Hooley Smith, National Hockey League veteran, said tonight that he did not know if he would be playing for New York Americans this season—or if he would be playing hockey at all.

"I wrote Dutton (manager Red Dutton of the Americans) asking him if he wanted me to turn out from him yet," Smith said, adding that he had no contract with the Americans at the present time.

The former star centre for Montreal Maroons said that pressure of his business here might keep him out of hockey altogether.

(In Port Arthur, Dutton said that he was trying to "arrange a deal" for Smith, Charlie Conacher and Johnny Borrel, three veterans who had not reported at Americans' training camp here.)

Pimlico Special A race of Champions

BALTIMORE, Oct. 8 (AP)—The Pimlico Special appeared headed today for billing as a "race of champions"—a sporting classic in which the glory outweighs the gold.

As it shapes up at present, Alfred Vanderbilt, Maryland Jockey Club president, stands a chance of scooping the turf world with the leaders of horse racing's three main divisions in one big contest Oct. 30 for a \$10,000 winner-take-all prize.

Rulers of the three-year-old and handicap divisions already can be counted in and the special will be a real "dream" race of champions if Mrs. Albert Sabath of Chicago agrees to enter her two-year-old colt Alsab, a \$700 bargain that be-

Golf star in Hockey tryout

TORONTO, Oct. 8 (CP)—George Kelly, well-known pro at the Genesee Golf Club, has accepted an invitation to try out with Buffalo Bisons of the American Hockey League. Kelly was a star in the Eastern United States amateur league several seasons back and also played in the Michigan-Ontario League. He is a forward.

came a sensational winner. Considered likely starters at this stage are Warren Wright's champion, Whirlaway, and Lou Tufano's Market Wise, both three-year-olds; and Circle M. Ranch's Big Pebble, William Woodward's Fenelon and Woodvale Farm's Hualta, big shots of the handicap division.

Possible starters are Samuel Riddle's War Relic, a three-year-old, and Alsab, only two-year-old, ever invited to run in the Special.

Laurel Hanover Leased in Burlington

BURLINGTON, Ont., Oct. 8 (CP)—E.R. Macklin of Burlington, prominent harness horse racer, has leased the pacing stallion, Laurel Hanover, for breeding. The horse is owned by Dr. McLean of New Brunswick, and last season was located at Charlottetown.

Well-known Umpire Not Likely To Return To Majors As Arbiter Says Daily News

CHICAGO, Oct. 8 (AP)—The Daily News said today that George Magerkurth, National League umpire who had several run-ins with Brooklyn Dodgers this season, not only lost his World Series assignment but will not return as a Major League arbiter next year.

John Carmichael, Daily News baseball writer, said it was learned from an authoritative source that Magerkurth had been designated to work with Larry Goetz in the Dodge-New York Yankees classic but was replaced by Babe Pinelli.

This step, Carmichael said, was traceable largely to a row between the umpire and the Dodgers during a Dodge-Pittsburgh series last month in one of the games, pitcher Hugh Casey of the Dodgers threw three balls over the batter's head after the batter had stepped out of the box with the result that Magerkurth is reported to have told the hurler: "If you do that again you're out of the game."

Manager Leo Durocher of Brooklyn jumped into the argument, contending Magerkurth had no right to tell Casey what to pitch. Several other players also said their "piece" and at the end of the game which Brooklyn lost, a near-fight threatened to erupt in the stands. Durocher drew a \$150 fine and several of his players drew fines of \$25 each.

Magerkurth, the article said, did not work another Dodge series, John (Beans) Reardon being shifted into the breach.
