In the Surrogate Court

In re estate of Silas Clark late of Summerside in Prince County in said Province. Laborer, deceased, intestate.

By AENEAS A. MACDONALD of Charlottetown in the said Province Surrogate, Judge of Probate, &c., &c., &c.

To the Sheriff of the County of Prince County or to any Constable or literate person within said County.

GREETING:

Upon reading the petition on file of Harry T. Holman of Summerside aforesaid, Merchant, President of "R. T. Holman Limited" a body corporate duly incorporated under the laws of the said Province, praying that a Citation may be issued for the purposes hereinafter set forth: You are therefore hereby required to cite Margaret Clark of Summerside aforesaid the widow of the said deceased and the heir-at-law and the next-of-kin of the said Silas Clark the before named deceased, and all other persons interested in the said estate to be and appear before me at a Surrogate Court to be held at my Chambers in the Law Courts Building in Charlottetown in Queen's County in the said Province on Tuesday the Twentieth day of February next coming A. D. 1917, at the hour of Twelve o'clock noon of the said day to show cause if they or any of them can why the said widow Margaret Clark or some one or more of the said heirs-at-law or next-of-kin should not take out Letters of Administration to the estate of the said Silas Clark the above named deceased and why in default thereof the administration of the said estate should not be granted to the said Petitioner as prayed for in the said Petition and on motion of Albert C. Saunders, Esquire, Proctor for the said Petitioner.

And I do hereby order that a true copy of this Citation be forthwith published in some newspaper published in Prince Edward Island for at least four consecutive weeks and that a copy hereof be forthwith posted up in the following public places respectively: namely: in the Hall of the Court House in Summerside, and in the Hall of the Post Office in Summerside, and on a fence facing on Water Street near the Railway Station in Summerside, and that a true copy be served on the Superintendent of the Insane Asylum at Falcouwood near Charlottetown where the said Margaret Clark is now detained so that all persons interested in the said Estate may have due notice thereof.

Given under my hand and the seal of the said Court the Thirteenth day of January A. D. 1917 and in the Seventh year of His Majesty's Reign.

(Sgd.) AENEAS A. MACDONALD, Surrogate.

—RACES AT TIGNISH.—The first ice race of the season took place on Little Tignish river on Tuesday last and was largely attended. Four starters faced the wire viz. Semicolon owned by Jno. McReady and driven by B. Fley, Happy Boy owned and driven by M. McKay, Frisco owned by H. Hogan driven by J. Christopher, Little Angel owned and driven by C. Murphy. After considerable action they got away for the first heat, Little Angel taking the lead which she held to the finish with Frisco second, Happy Boy third, Semicolon fourth. The second heat also went to Angie with the other horses holding the same positions. In the third heat Little Angie was slow getting away with the result that Frisco took the lead and held it for the first quarter but was overtaken by Angie who finished well in advance. Driven by her many admirers what in honest little racer she is. Frisco finished second, Happy Boy third and Semicolon fourth. Following is the summary. Little Angie (Murphy) 1 1 1. Frisco (Christopher) 2 2 3. Happy Boy (McKay) 3 3 3. Semicolon (Foley) 4 4 4.

—DAIRY MEETING.—The annual meeting of the Egmont Bay and Mt. Carmel Dairy Association was held in St. Phillips hall on Wednesday afternoon the 10th inst. There was a good attendance considering the inclement weather and condition of the roads. Mr. Stanislaus C. Gallant acted as secretary. The report of the years transaction was given, which was satisfactory. Cheese had averaged an excellent price throughout the season and the supply of milk was more abundant than in the previous year. Congratulations were showered on the cheese maker, Mr. Joseph G. Arsenault for his great ability and his zeal in his work. Speeches were then made by Rev. Father Boudreau, Messrs X. O. Gallant, Ferdinand Richard, Harry Darby, Daniel Yeo, and Marcellus Gallant. All the speakers urged more enthusiasm in the dairy industry. Cows should be cared for more than in the past, and the present years report showed evidently that the manufacture of cheese was the most remunerative line of dairying. No doubt the coming summer would see a much larger patronage of the cheese factory. The following were appointed directors for the coming year, they being all re-elected. President, Mr. Stanislaus C. Gallant, Vice President, Mr. Harry Darby, Directors, Mr. Marcellus Gallant, Joseph G. Arsenault, Ferdinand Richard, Bernard X. O. Gallant, Rev. Father Boudreau was asked to audit the books. (The appointment of secretary to be left to the directors. A unanimous vote of thanks for their good work was presented to the cheese-maker and the directors. Meeting adjourned.—M.

—ABRAM'S VILLAGE.—Mr. Jas. A. S. Gallant of the firm of S. E. Gallant & Co., recently paid a few days visit to Charlottetown. At the whist party given by Mrs. John Bernard on Wednesday evening eight tables were kept busy and the result of the contest was as follows. Men's 1st prize, Thomas Gallant, Ladies' 1st prize, Angelina Arsenault, teacher. Consolation Prizes awarded to Mr. Edwin Darby and Miss Marie Arsenault. Mr. Martin Gallant paid an inspecting visit to Rustico last week.—Mr. Alyre Arsenault son of Calixte Arsenault, Urbainville, has returned from Charlottetown where he had employment at the city hospital.

—Miss Loretta Gallant went to St. Louis Thursday morning where she will spend a few days visiting.—Mr. Arcade Arsenault had a chopping frolic the other day, and many reports, the work was done in a very short time.—A meeting of the directors of the Egmont Bay Farmers Institute was held at Egmont Bay hall on Tuesday evening.—Mrs. Lina Gallant and Mrs. Joseph Boute both of Summerside paid a visit to Abram's Village recently.—Mr. John J. McNally of Summerside was in connection with the sale of his lobster gears and plant.—Mr. Baptiste C. Arsenault of St. Chrysostome had somewhat of an unfortunate experience some few days ago. Mr. Arsenault took the train at Wellington on his way to a visit in the eastern part of the Island. Shortly after he was aboard he noticed that he had lost his purse containing about \$150. He then got off at St. Nicholas and walked back to Wellington in search of his wallet. Luckily it had been found, though it was opened and a few bills had been carried away by the wind. After a careful search with the help of a friend he recovered the greater part. Mr. Arsenault boarded the train the next day on his destination.—M.

ANOTHER CURE AT COVEHEAD ROAD

The Farador is continually making fine cures in many parts of the Island. Several very remarkable cures have taken place in the vicinity of Covehead of which more will be written later on. The following letter is from a well known and thoroughly reliable merchant of that vicinity.

Covehead Road, Jan. 4, 1917.

My 13 year-old daughter had rheumatism very badly for six or seven years. She got in such a state that she could not attend school and was often unable to walk down stairs. We spent a good deal of money in the search for a cure, but all in vain.

We heard of some remarkable cures being effected by the Farador. In particular we were influenced by the grand cure the Farador made of the child of Mr. Edmund McMillan of this vicinity, which was cured of infantile paralysis and fits after it was given up by three doctors.

We got the Farador for our daughter over a year ago and she began to improve at once and was completely cured in one month, and the cure has proved permanent.

Of course, we cannot speak too highly of the Farador and we think every household should have one to use in time of illness.

FRANK D. WEBSTER, The above letter is addressed to W. E. Enman, Farador Agent, 226 Richmond St., Charlottetown. 3963-1-18ME11.

—The Annual Meeting of the "John Agnew Fur Farms, Limited" was held in the Board of Trade Rooms last evening and a large number of shareholders were present. The President, Hon. John Agnew, occupied the chair.

After the minutes of the previous meeting were read and adopted the Directors' Report for the past year was presented, which was as follows: "Since our last Annual Report, the amalgamation with the "Provincial Silver Black Foxes, Limited" has been consummated and shares of this Company exchanged for those of the "Provincial" in accordance with the unanimous resolution adopted at our last Annual Meeting.

We had a very good year in production, though unfortunately we lost a number of the pups as well as three of the old foxes. We were successful in raising to maturity thirty-three pups from twenty pairs of breeders, an increase of about 85 per cent.

At a meeting of the Directors on Nov. 17th it was decided to increase the breeding stock by two pairs and to retain the very best of the stock from a fur standpoint and to cull the surplus stock.

During the past year a remarkable interest has been taken in the Island Fur Ranches by Fur Experts from New York, St. Louis and other fur centres. Among the most prominent visitors was Mr. Alfred Fraser, of Lampons, London, England, the best known fur house in the world. Mr. Fraser visited the Agnew ranch, as well as many others throughout the province, and expressed himself as greatly pleased with the Island Fur Farming Industry and his visit was most encouraging to the ranchers.

The information and advice furnished by Mr. Fraser was greatly appreciated and many ranches are carrying in to effect his valuable suggestions as regards selection of animals for breeding for fur quality. To the Fur Sales Board is largely due the credit for attracting these important buyers to the Island Fur Industry.

Last season several improvements or changes that were deemed advisable in the ranch, through past experience, have been carried into effect. Our foxes have all been marked and registered in the Standard Breed Class by the P. E. I. Fox Breeders' Association. Everything now tends to point to a successful breeding season in 1917.

The pelts from foxes killed will be disposed of during this month or the March sales, if the prices are favorable. The foxes slaughtered, of course, were the ones after careful consideration and inspection, it was decided best to weed out. The returns from the sale of pelts, if sufficient, it is proposed by the Directors to apply in payment of a small dividend to shareholders.

The Company has no expenses of liabilities to meet, being in the fortunate position of having their foxes ranches on a percentage basis where the rancher pays all expenses in connection with the ranch and is remunerated by receiving 15 per cent. of the increase in pups.

During the past season quite a number of enquiries have been received for prices of live foxes for breeding, from not only Canadian and United States points, but also from Norway and Sweden; and we are led to believe that there will be quite an expansion abroad in the Fur Farming Industry once this terrible war is over, when, between the returns from the sale of live foxes and pelts, good dividends are assured on the capital invested by all well managed companies."

Do Long Breaths Hurt?

DANGEROUS PLEURISY ALWAYS BEGINS THIS WAY. Speediest Cure is Nerviline.

Such that stab-like pain in the side is like a hot knife blade in the ribs.

Probably got overheated—cooled too fast—now there is congestion, tightness, such soreness you can't draw a long breath.

This is the beginning of Pleurisy. Pleurisy is far too serious to neglect a single instant.

Swiftest relief will come from a vigorous rubbing with Nerviline. This trusty old pain reliever will fix you up in no time—will take away the congestion—make you well just as it did Mr. Samuel St. Johns, of Stamford, who says:—"In running to catch a train last week I became much overheated. I put up the train window and rode that way in order to get cooled off. In an hour my side was full of pain and my breathing hurt so much that I thought I had pneumonia. I always carry Nerviline in my grip and at destination I rubbed my side thoroughly three times. The warm penetrating effect was soon noticeable and I quickly got relief. Nerviline I consider saved me from a serious illness."

Any sort of a cold can be quickly broken up with Nerviline which is a marvel for reducing inflammation, for relieving congestion in the throat and chest, for curing stitch in the side, lumbago, neuralgia, sciatic or rheumatism. Nothing more soothing or powerful. 25c per bottle at all dealers everywhere.

Indian Economy

MANY careful people have found that Red Rose Tea is very economical—that it yields more cups to the pound. That is because it consists largely of Assam-Indian teas, which are famous for their full-bodied richness and strength. They make Red Rose Tea go farther.

Try the Indian Economy of this distinctive tea.

RED ROSE TEA is good tea

The election of officers for the ensuing year was then taken up, and upon motion of Dr. Fulleston, seconded by Mr. D. C. Hooper, the old Board of Directors were re-elected, namely:

President—Hon. John Agnew.
Vice-President—John C. Hyndman.
Sec'y.—Treas.—George D. DeBlais.
W. A. O. Morson, K. C., John B. Rombough, W. E. Agnew, Henry G. Bauld, Halifax; A. K. Tupper, Boston; George F. Cochran, Baltimore.

This Company is in particularly good shape, having no liabilities whatever. The foxes are all in splendid condition and are all registered stock. Although the pelts which have been sent to New York are the weeds of the ranch still the Directors are in hopes that sufficient funds will be realized to enable a dividend to be paid this year.

If Belgium Were "Next-Door" To Canada

- if the heavily-charged electric wires, that pen the people into a workless and almost foodless land, ran along our frontier
- if instead of reading of Belgian sufferers we heard the pitiful tales from the lips of escaped victims
- if we could see the long and hungry bread-lines of people as intelligent and once as prosperous and comfortable as ourselves
- if we could watch the thousands of emaciated children who are fed at the schools by the Belgian Relief Commission
- if what they are enduring, and their desperate need, were clear and vivid to us, instead of unreal and overseas
- then the great hearts of Canadians would be moved, and there would be no trouble in raising several times our present contributions to the Belgian Relief Fund.

Can we bring the urgent need of the hungry Belgian mothers and children home to YOU? Can we enlist YOUR active sympathy for those whose very lives depend on the prompt and continued help of people like yourself?
