son of European descent who has acquired Union nationality," as the standard of citizenship in the Union.

The change created opposition there. Meetings of citizens passed resolutions demanding the right to be known as British subjects. It has been explained that General Hertzog and his Government are not endeavoring to alter the common loyalty of all British subjects to the King. What he wants is a clearer definition of commonwealth citizenship.

Linked with Hertzog's request for definition is the perplexing problem of the alien who emigrates to British dominions and colonies. It is then somewhat difficult to decide whether in acquiring local nationality he has acquired the full Empire wide status of a British subject.

For 25 minutes today Sir Donald Somervell, United Kingdom Attorney-General, explained the intricacies of law touchng on the subject to the assembled committee. Then it was decided to appoint him chairman of a committee of experts which will investigate the matter further.

The chief delegates to the conference spent today's session on defence matters with statements made on behalf of New Zealand and South Africa.

Alfred Duff Cooper, United Kingdom Secretary for War, and Viscount Swinton, Secretary for Air spoke on steps to improve the army and air force, an official communique said. The navy's story will be related tomorrow by Sir Samuel Hoare, First Lord of the Admiralty.

REMEMBER WHEN

Lawson Little Jr. of California won his second successive British amateur golf championship two years ago today at St. Annes-on-the-Sea, England. He was the third man—and only invader—to clinch the double in the 50-year-old competition. Turning pro early in 1936, Little won the [illegible] open. He finished [illegible] with 271—lowest since the competition started.

MINOR OPERATES CAR—Mounted Police recently found a 13-year-old boy operating a motor vehicle. The boy's father, who was in the front seat, will appear in court on a charge of permitting a minor to operate a motor vehicle. A person must have attained his 16th birthday before he is permitted to operate a motor vehicle, police pointed out.

DIES AT PITTSBURGH—Friends here of Miss Bea M. MacLeod, R. N., of the Montefiore Hospital, Pittsburgh, will regret to learn of the death of her fiance Mr. Larry W. Davenport which occurred on May 3 in Pittsburgh, Pa.

17 MOTORISTS TO APPEAR IN COURT—Following a check-up by Mounted Police over the week-end and holiday, 17 motorists will appear in court on charges of operating motor vehicles with faulty brakes. Four appeared before Magistrate Tweedy yesterday and were fined $5.00 and costs or 20 days in jail.

$600 OR 13 MONTHS—A man from Tracadie was fined $600 and costs or 13 months in jail by Magistrate Tweedy yesterday. The defendant was fined $300 or 6 months under the Prohibition Act; $200 or 6 months under the Excise Act; and $100 or 1 month under the Highway Traffic Act for operating a motor vehicle while his license was cancelled. The sentence also carried with it a further two year cancellation of the operator's license. Charges were laid following an exciting chase by Mounted Police on the St. Peter's Road one night last week when a five gallon keg of rum was seized.

Brittain Temporary Head Of McGill

(C. P. by Guardian's Special Wire)

MONTREAL, May 25—McGill University announced tonight appointment of Dr. W. H. Brittain, vice-principal of Macdonald College, as its temporary principal pending appointment of a successor to A. E. Morgan.

Appointed less than two years ago at the death of Sir Arthur Currie, Mr. Morgan resigned recently because he and McGill's Governors could not "see eye to eye". His retirement takes effect May 31.

His temporary successor, 46-year-old native of Fredericton, N. B., has been vice-president of Macdonald College in Ste. Anne De Bellevue, Que., since 1935.

winds on its trip from Hamilton to the harbor here, and settled its silver-hued hull into the water after five hours and 46 minutes of flying time.

"Without incident", read the reports of Capt. Harold E. Gray, of Pan America's "Bermuda Clipper", and Capt. William Neville Cumming of Imperial Airways' "Cavalier".

All in all, skippers of the big, four-engined flying parlor-cars looked on the flight as routine. The Cavalier, flying, as did the Bermuda Clipper, by dead reckoning, came directly over the towering spires of Manhattan before ruddering eastward over Long Island.

The skippers talked to each other at about the half way point on their flights, exchanging greetings by radio, but their respective altitudes—Gray flew at 8,000 feet and Cumming at 1,000—prevented their sighting each other.

The visits to Bermuda and the American mainland marked the first time that regular passenger transport airplanes of the two countries ever had landed in the other's territory.

ISLAND RIFLE

(Continued from page 1)

opened.

The match was a sensational one in that a total of 802 points was scored by our team out of a possible 840. The former record of 786 made by Nova Scotia in 1903 was beaten by 16 points, or an average of two points per man for each of the eight members of the team. Nova Scotia finished with an exact duplicate score of their record shoot in 1933—786, while New Brunswick trailed five points behind, yet with an excellent score of 781.

Claim is made that the score of 802 constitutes an eight man team record, not only for the Maritime Provinces but for Canada and the Empire as well. The records have been searched and nothing has been found in them to offset the statement. No wonder then that we all thrilled with pride at this achievement of our boys in winning the inter-Maritime cup, which has been in competition for upwards of fifty years.

In looking over the scores I note that Lt. A. J. McCabe and Private G. A. Coles each scored 102 points; Q.M.S. A. F. Gormley, Sgt. R. L. Coles and Sgt. G. G. McLennan each 101 points; while the remaining members, Capt. J. Coles, Lt. P. Hooper and Capt. W. A. Smith acquitted themselves most creditably.

The evening of the prize shoot the members of the three teams were banquetted at the Charlottetown Armouries by the Association, and the inter-Maritime cup and medals were presented by our President, Lt.-Colonel H. M. Davison, V.D. The evening was pleasantly spent and will be looked back on with very happy memories by all those present.

The 71st annual prize meeting of this Association was held on August 3rd and 4th, with a slightly smaller attendance than the previous year, but the meet was one of the most successful we have ever held. The drop in entries was due to the fact that a number of rural rifle associations ceased functioning and the members could not secure rifles to compete with.

In order to induce younger shooters to compete we instituted a "green shoot" match and this met with a fair measure of success and we believe will help boost rifle shooting in the future.

The winners of the matches were as follows:

MacKinnon Match, Sig. P. J. Landrigan.

Moore & McLeod Match, Lt. A. J. McCabe.

City of Charlottetown Match, Lt. A. J. McCabe.

The Lieut.-Governor's Match, Sgt. G. G. MacLennan.

Ladies Challenge Match, Lt. Percy Hooper.

The Governor-General's medal and D.C.R.A. medal was won by Sgt. G. G. MacLennan, Lt. Percy Hooper winning the bronze medals.

The full quota of sixteen men took advantage of the free transportation arrangements and competed in the Dominion of Canada Rifle Association meet at Connaught Ranges, Ottawa, in mid-August. We were not successful in securing a place on the Bisley team, Percy Hooper being the nearest to it with 41st place, yet our men shot well and in the team shoots were particularly brilliant. For the first time in the history of our Assiciation teams representing Prince Edward Island Highlanders returned with the Barlow Cup and miniatures, and the Walker Cup. The Barlow Cup is open to a team of four officers from any military unit in Canada. Those composing the team were Major A. W. Allen, M.C., Captain James Coles, M.M., Lt. Allan McCabe, Lt. Percy Hooper. The Walker Cup is open to four members from any military unit in Canada and was won by Captain James Coles, M.M., Lt. Allan McCabe, Lt. Percy Hooper, Sgt. G. G. MacLennan.

During the fall a number of matches were shot on the range including the MacKinnon Cup match, the Guardian Cup match, the City of Charlottetown championship match and Highlanders vs. Signallers, the final wind up shoot being on Thanksgiving Day with a very attractive prize list. This proved a successful finale to a very good season's activities.

The range was in excellent condition all through the year and the marking and other activities in connection with it were efficiently managed. In this respect I would like to mention the work of Caretaker William Smith and his assistants, who were at all times anxious to make things pleasant and attractive for the riflemen. It will be necessary in the coming year to have some small repairs made to the bungalow, butts and firing points, but nothing of a very expensive nature is required to be undertaken.

A distinguished soldier died in January, 1937, in the person of Lt.-Colonel W. B. Prowse, D.S.O., whose military and war record endeared him to thousands, and whose friendly disposition and good heart made him popular wherever he went. Colonel Prowse succeeded the late Major A. A. Bartlett as secretary of this Association on the latter's resignation in 1920, but resigned later due to pressure of business. His funeral, which was one of the largest seen in this province for many years, was a tribute to his great popularity and excellent services overseas for his native land.

In closing I may say that because of world wide unrest which may lead to war at any time, I believe it is the duty of everyone of us to do all we can towards making our fellow citizens realize the necessity for training in methods of defence. With the new scientific discoveries that are now under test it is possible that aircraft and submarines will have a much wider radius of action than in the past and it is not inconceivable that this city and this province may at some time in the not too distant future be called upon to put up a defence against a foreign foe. Even if such a contingency should not arise there is much to be gained by a training in rifle shooting, or in any branch of the military art, as such training tends to cultivate courage, resourcefulness, discipline and patriotism, four very admirable qualities.

Respectfully submitted,

D. A. MacKINNON, Lt.-Colonel, Chairman of Council, P.R.A.

The financial report as submitted by the Secretary-Treasurer W. A. Smith, showed a surplus of nearly $300, which was an improvement on previous years. A sum sufficient for the expenses of a team to compete in the Inter-Maritime match on June 17th was voted.

Major W. J. MacDonald, Captain of the Inter-Maritime team, gave a report concerning it and its record-breaking performance. He said that several members of the Nova Scotia and New Brunswick teams expressed the opinion that the record set up by our team last year may never be broken. He thought that one big reason for our success in comparison with other years was the close-grouping rifles used and the attention which the members gave to the practices. A motion was passed thanking all contributors and the press for their assistance to the Association.

Matters in connection with the range such as its early opening, repairs to bungalow, appointment of caretaker and provision of streamers similar to those used at Ottawa, were taken up and disposed of.

2ND CH'TOWN COMPANY (St. Paul's)

On Friday of this week the 2nd Charlottetown Company meeting will be in the form of a hike, leaving from St. Paul's Hall at 5.30. If the weather is not fine, there will be a regular meeting at 7 o'clock as usual. For further particulars get in touch with Patrol Leaders.

Urges Enactment Of Court Bill

(A. P. by Guardian's Special Wire)

WASHINGTON, May 25—President Roosevelt renewed his plea for enactment of his United States Court Reorganization Bill tonight with an assertion that an old child labor decision must be reversed if his new labor legislation is to be declared constitutional.

Expressing pleasure and gratification at the court's decision upholding the Social Security Act, the President told reporters he hoped the Tribunal would cling to the same human point of view in cases yet to be decided.

The old child labor decision to which the President referred was the invalidation two decades ago of the 1916 act prohibiting the shipment in interstate commerce of products of factories employing children under 14.

The President's new labor legislation not only would bar child labor products from interstate commerce, but also the products of employers who use "oppressive" labor practices.

Cruise Ship Arrives At Saint John

Mrs. D. M. Gass, Charlottetown, was a passenger on the liner "Lady Nelson" which arrived at Saint John, N. B., yesterday.

The ship was returning from a month-long cruise to the Leeward and Windward Islands, Barbados, Trinidad, British West Indies, and British Guiana, via Boston and Bermuda.

Cargo consisted of sugar, molasses, bananas, citrus fruits, tomatoes, fresh vegetables, cocoanuts, corned beef and general.

The "Lady Nelson" will sail from Halifax on June 3 next on another month-long cruise to the Leeward and Windward Islands, Barbados and Trinidad and British Guiana, via Boston and Bermuda, arriving back in Saint John on July 6.

Exhibition Of Canadian Art Opens Today

A Canadian Group of Painters Exhibition opens today in the Harris Memorial Art Gallery. In common with former exhibitions shown here under the auspices of the Art Society the group was assembled by the National Gallery of Canada and circulated in the Maritime Provinces under the auspices of the Maritime Art Association.

Of the display of paintings Mr. Walter Abell, professor of art at Acadia University, had this to say: "The present exhibition of work by members of a Canadian Artists' Group is vital in a two-fold way. It offers those who visit it a chapter in the history of Canadian art, enabling them to increase their acquaintance with the type of work being done by some of our prominent artists at the present time. No Canadian, who keeps abreast of the cultural development of his country, will want to be uninformed on such subject.

"But the exhibit offers us more than a chance to increase our store of information about Canadian art," Prof. Abell declared. "There is beauty here to be enjoyed; pleasure to be gathered from the music of color and light and line which it is the artist's business to compose for us. Inasmuch as the beauty of many of these paintings is of the more creative and experimental type, rather than the conventional and popular one, it will not reveal itself to all observers at first glance. In fact many observers, judging by different standards, may not see beauty here at all unless they are willing to study the work in a serious effort to understand it. To such observers the exhibition offers still a third opportunity; a lesson in the appreciation of art, a chance to develop sensitivity to new effects—new sources of visual enjoyment."

Pays Visit To Charlottetown; 1st In 74 Years

For the first time in her life, Mrs. Eliza Costain, 74, Mill River, P. E. I., near Alberton, paid Charlottetown a visit yesterday. She was brought to Charlottetown by Mr. Ed Acorn and is his guest during her stay here.

Chatting in the home of Mr. Acorn last night Mrs. Costain, described the city as "wonderful." She is the mother of six daughters and three sons four of whom are married and residing in the United States and is housekeeper for Thomas Metherell, 86-year-old resident of Mill River and who also has never been in Charlottetown.

Mrs. Costain said she had never operated an electric light switch in her life until she arrived here nor had she ever listened to a radio. Hot and cold water faucets were somewhat of a problem at first but she found a lot of difference between their operation and working a heavy well-pump.

She was very much interested in the "home-made" ice of the modern refrigators and other modern household conveniences.

Automobiles, however, took most of her attention. A few had passed her place, Mrs. Costain said, but she saw more since she had arrived in the city Monday than she had seen all her life.

She plans to see her first motion picture today and showed great excitement at the thought.

Accustomed to retiring early and rising at 5 a. m. to attend to the chickens, cattle and other farm matters, Mrs. Costain promptly awoke at 5 a. m. yesterday and was surprised to see so much activity in the streets at that hour. Several holiday dances were in progress Monday night throughout the city and traffic was heavier than usual, but Mrs. Costain was undisturbed.

In the midst of a shopping tour yesterday, she was shown through the city market in which she took a great interest. The large amount of meats, vegetables and other foods was a "wonderful sight."

Her folks were born on the Island and Mrs. Costain said she was a native of Miminigash. She was in perfect health and moved about the house and talked like a woman much younger than 74.

She plans to return to her home at the end of the week.

Death Of Noted Industrialist

MIDLAND, Ont., May 25—(CP)—James Playfair, whose empire of business stretched along the Canadian side of the Great Lakes shipping route, died today at his Midland home following a short illness. Only relatives and a few close friends were aware of his critical condition.

A log-cutter and lumber mill operator in his youth, Mr. Playfair made a fortune in the shipping business. His interests widened until they embraced many industries, some of them with no shipping connection but his fame was associated with the Great Lakes.

In Memoriam

In loving memory of the late WILLIAM J. BEARS

who departed this life, four years ago today the 26th of May.

Gone, but not forgotten,
Please don't ask me do I miss him,
You can see that vacant chair
Oh! How happy I would be
When he could sit in that arm-chair
But now my mind doth often wander
To a grave not far away,
Where they laid my darling husband
Away down deep in that cold clay
But now the evening star shines on that grave
Of the one I loved but could not save
And his dear voice seems to whisper sweet
I am not dead Katie, I am just asleep.

Inserted by his lonely widow, In Silence.
