MEMBERS EXPRESS THEIR VIEWS OF THE SITUATION

The Discussion of the Budget Speech is Continued.

Hon. J. H. Cummsiskey Delivers an Excellent Speech—The Policy of Government Defended.

House met at 8.30.

Mr. Morson resumed the debate on the Budget dealing with the public questions of the day.

Hon. Mr. Cummsiskey referred to the admirable speeches delivered by the Leader and the Minister of Agriculture. Dealing with Consolidated Statutes he said he thought the last speaker should be ashamed to mention them. He (Hon. Mr. Cummsiskey) denounced this expenditure while the hard worked farmers had to pay for a piece of work which has never been of any use. The Rights of Way that have been paid for and the bridges of cedar will remain for time to come? A charge had been made against James F. Norton that he was given \$2.10 for work to keep his vote. The man mentioned had never voted against the Government and why should he be given anything to change his vote? Speaking of a road to Baldwin's Road he had corresponded with the parties named and had promised to go down to see the proposed road. The Walter Lowe question had been investigated by a committee of the House composed of members of both sides of the House. The Government had got \$300,000 from the Dominion for interrupted winter communication up to the present date. The Opposition had withdrawn \$200,000 from capital. What a different course was the latter one to that of the present Government who left the money on deposit. It had been charged that there was discrimination in the public contracts. As a matter of fact on the bridges more than half the money went to the Conservatives. He defied the Opposition to make one specific charge against the Department of money that was misapplied to our road system as good as the Conservatives? He was inclined to think it was better for never have the Opposition offered any amendments except at one time to the Road Act. They have never made a charge against the Act. The money has been handled honestly, for otherwise the Opposition would have ferreted out the misappropriation. The Opposition expended \$24,000 yearly while the Conservative expended \$21,000. Besides this the Conservatives had the statute labor, which would be equivalent to \$30,000. The roads are now greatly cut up by the hundreds of milk wagons; and still the work is done for less money. Charges had been made that the ice had not been properly made that the ice had not been properly

bushed. He said the Inspector had stated that the ice had been properly bushed. The Opposition had voted against the different taxes proposed by the Government. They wanted to kill all the taxes except those on farmers. The Government was one of farmers and they would protect the farmers' interests. The Conservatives went out of power with a big deficit and an overdrawn bank account, and with withdrawal of capital, interest etc the debt Premier expects to receive a million. The Premier expects to receive \$90,000 for a re-adjustment of the subsidies and other large claims. The Opposition had taken a most unfair ground with reference to the fishery bounty. The resolution and the statute passed in 1882 by the Dominion Government did not state that the \$150,000 granted was in lieu of interest. For four years he had been associated in the Government and this was the first time he had spoken on the Bud-

get. He had been treated with the greatest tolerance though the only Roman Catholic in the Government, and should he not return he could say he sat with one of the finest class of men ever to assemble in Parliament.

Mr A. J. McDonald claimed that

Milburn's Heart and Nerve Pills CURED.

Read what Miss L. L. Hanson, Water-ville, N.B., says: "I feel it my duty to express the benefit I have received from Milburn's Heart and Nerve Pills. A year ago last spring I began to have heart failures. At first I would have to stop working and lie down for a while. Then I got so bad I had to give up altogether and go to bed. I had several doctors attend me but they did me no good. I could get no relief until urged by a friend to try Milburn's Heart and Nerve Pills. Before I had used three quarters of a box I began to feel the benefit and by the time I had taken three boxes I was completely cured."

Milburn's Heart and Nerve Pills cure nervousness, sleeplessness, palpitation of the heart, skip beats, and all troubles arising from the heart or nerves.

Sweet Peas For 1904

There are Sweet Peas that are called best and there are those that are best. The sort that so completely captivate one with the delightful charm of their exquisite colorings, the sorts whose ravishing beauty holds one enchanted, the sorts whose large handsome flowers are perfectly "usable" because of their long stout stems—these ARE THE BEST sorts. Selected when in flower the past season.
