

MONDAY
-ANOTHER BIG MONEY WINNER.—Mr. E. N. MacQuarrie, local representative of the old reliable baseball pool, received word on Thursday that the big special Labor Day prize of \$5,000 cash had been won by Mr. E. M. Gallant, a commercial traveller who bought his lucky ticket at Summerside. This makes over \$11,000 that has now come to Summerside from this source.

-SUDDEN DEATH OF MISS JANE MAWLEY.—Hosts of friends throughout the Maritime Provinces will hear with regret of the sudden death in Summerside on Saturday of Miss Jane Mawley who passed away suddenly while visiting at the home of a friend in Summerside. The late Miss Mawley was connected with the hotel life of Summerside for a great number of years, and was recently as proprietor of the Mawley House on Central Street. She is survived by two sisters, the Misses Mawley of the Clifton Hotel.

PRE-NUPTIAL SHOWER.—On Friday evening a delightful shower was tendered Miss Vera Worthy at the home of Miss Stella Welsh at which a large number were in attendance. The house was daintily decorated with yellow and flowers and ferns. An enjoyable feature was the entry of an express wagon laden with valuable gifts drawn by little Miss Gladys Bell followed by Mrs. and Claude Bell representing a little bride and groom while Mrs. Wm. Bell of New Glasgow, N. S., played the wedding march. The bride-to-be was assisted in opening her gifts by Mrs. Gordon Evans. After the gifts were opened and the remainder of the evening was spent in games and bridge concluding with refreshments and dancing the bride-to-be.

TWO CAR ACCIDENTS.—About 3:30 o'clock yesterday afternoon two cars met in collision on the South-approach of Hillsborough Bridge, east of the railway track and about 15 feet from the bridge. The southern bound car was owned and driven by Mr. Harry Lane from Montserrat the other by Mr. Harold Tessier of this city, proceeding towards town the left front wheel of the cars locked with one another with the result that one axle was broken and the other badly twisted. The windshield of the Montague car was badly shattered, some of the glass severely cutting one of its passengers. The others escaped with practically no injury other than a shaking up. Saturday about 4:30 o'clock two cars, one owned by Dr. Dougan and the other by Miss Mina Ling collided at the Baptist Church corner. Neither of the drivers blew his or her horn. Miss Ling's car sustained a badly bent right fender and a twisted right axle.

-WEDDING AT BIDEFORD.—A very pretty wedding took place in Bideford United Church on Wednesday evening, September 21st, at 6 o'clock, when the Pastor, Rev. Henry Cook, united in marriage Eleanor Marguerite, daughter of Mr. and Mrs. Josiah Miller, Ellerslie, and Mr. Hatfield Maynard, son of Mrs. Hugh Maynard, Port Hill. The bride who was given in marriage by her father, looked charming in a gown of white crepe with tulle veil caught with orange blossoms. She carried a shower bouquet of roses.

Miss Jennie Maynard, sister of the groom was bridesmaid, while Mr. Ivan Miller, brother of the bride was groomsmen. The church was prettily decorated by friends of the bride, who previous to her marriage was the valued church organist. Mrs. E. S. Burleigh, aunt of the bride, played the wedding march and was assisted by the choir who sang the Voice that Breathed O'er Eden as the bridal party entered the church. After the marriage a reception was held at the home of the bride. Many valuable gifts were received including linen, silverware, cut glass and substantial cheques which testified to the popularity of both bride and groom.

Saturday afternoon, about 3:30 o'clock in the afternoon a regrettable accident occurred near Geytown just outside the city limits. A young lad who was riding on the back of a delivery team driven by Ambrose Conroy, from the main road to the right, just in time to be caught by an automobile which was following immediately behind, driven by Keir Mann of Kensington. The driver quickly applied his brakes and swerved to the right in an effort to avoid hitting the boy. His efforts, however, were vain, for the right fender struck the lad and knocked him down in jarring him about the head considerably. Dr. Smith was summoned and the boy was removed to the Charlottetown Hospital. His condition is not serious and latest reports show that he is doing well.

The mishap was purely accidental and no blame whatsoever attaches itself to the driver of the car, whose name was Keir Mann and who at the time was on his way home to Kensington. The injured lad is a son of Mr. Fred McInnis, who works with the firm of Rogers Hardware. The morning and evening services in St. Paul's Church yesterday were of a special character in honor of the 158th anniversary of the formation of the parish of Charlottetown, and in observance of the annual harvest thanksgiving. Rev. Canon G. Osborne, Troop, M. A. of Halifax preached to exceptionally large congregations at both services. The church interior was appropriately decorated with products of the farm, and special singing was rendered by the choir. This evening Rev. Canon Troop will deliver a lecture in St. Paul's parish hall upon "A British Officer's Experience in Connection with Lord Allenby's Campaign."

Dr. Clay, the present Moderator of the Presbyterian Church of Charlottetown, arrived in Charlottetown at 1 p. m. yesterday from Pictou via the steamer Hochelaga. He was met by Justice Mathieson and conducted to the latter's home, where he will be a guest until his departure for the Synod which is to be held at the Synod on Tuesday the 25th of October. Dr. Gray was born at Bedouque, P. E. I. and lived there until about ten years of age when he moved with his parents to Summerside. Here he attended school and afterwards entered Prince of Wales College, where he was in the same grade with Justice Mathieson. He went to McGill in the fall of 1894 and on graduation in 1899 volunteered for Home Missions. He was then sent to territory on the west bank of the Red River. From here he received a call to Moose Jaw, in the territory of Assiniboia. His next call in 1894 was to St. Andrew's Church, Victoria, B. C., where he has held the post of pastor ever since. In the morning the congregation of St. James Presbyterian Church in the parish of hearing Dr. Clay speak on the wonderful development and recuperation of the church from the disruption of 1925. He delivered a message of great cheer and encouragement to all present for the future of the Presbyterian Church in Canada. The evidence of this splendid progress, he said, were continually manifesting themselves to him, in all the places large and small, at which he had, in his moderate capacity, been privileged to speak to congregations. He further stated that usually the greatest enthusiasm and zeal was to be found among those who had suffered most both in loss of property and in members. It has been his pleasure, he stated, to dedicate a considerable number of churches, new or purchased, and he has more invitations for services of a similar nature than there are Sundays left in his term of office as Moderator. Presbyteries that in 1925 were blighted out through the withdrawal of ministers are today reorganized and going strong. Dr. Clay expressed himself as being most convincing in the view that the Presbyterian Church in Canada had a great mission to fulfill. In the afternoon he carried his message to Malpeque where he was heard by a large congregation, and from there went to Summerside where he preached in the evening. Some slight idea of the esteem in which Dr. Clay is held by his people may be gained from the fact that there is at present being installed in his church a set of chimes valued at twelve thousand dollars presented by one meeting of the congregation commemorating his term of Moderatorship. Dr. Clay is making a tour of Eastern Canada. He is well known in Pictou County, and six years ago occupied the same pulpit. He gave a vivid description of the work that is being carried on by the Presbyterian Church at home and abroad, and told of the great loyalty that the people have shown since the disruption in 1925. "It is through God's grace and Providence, alone," said Dr. Clay, "that the Presbyterian Church is making such strides and progress today. All over Canada, the strength and optimism that is being shown is simply amazing." There is great work before the church, he said, and he urged the audience to face these problems in the same manner as in the past. To keep the vision ever before them was another urgent request

of his. There are 1200 congregations at the present time, and the great difficulty confronting the Presbyterian Church, he said, is to supply ministers. Canadian ministers are needed, and Dr. Clay urged the present to encourage their young men to take up the work. Regarding finances, Dr. Clay stated that the rebuilding process has been phenomenal, and all over Canada new churches are being constructed. The Presbyterian Church raised over \$4,000,000 last year and he felt the Church would meet the needs this year in the same fine manner.

The loyalty of the people has been a decided factor in the reconstruction of the Presbyterian Church, he said. Their loyalty to their own convictions, traditions, their doctrines of grace, and the principles of the church, has been a wonderful encouragement to the ministers of the Presbyterian Church said Dr. Clay. "The Presbyterian Church has the respect and good will of the body of the Christian people," stated the speaker. "The great kindness shown us during the past two years by other congregations has been deeply appreciated. The presence of God are ours. To go forward and do His work, and promote His kingdom through and through, a great task lies before us. The Presbyterian Church, so let us be prepared and endowed with power from above, so that we can do His work thoroughly," were the closing remarks of Dr. Clay.

Her Worst Worry Ended for a Dime!

A Body Sweetness that Even Perspiration Can't Spoil

All the trickiest in the world can't tempt people who understand the properties of Cascarets. A hundred different drugs will purge the bowels, but a little natural cascara purifies the system clear through. Cleanses even the pores of your skin. Renders perspiration as innocuous as so much dew. Your grandparents took "sals," and slowly washed away the mucous membrane with the waste! Mineral oils are better, but they leave the coating that your blood must then carry off through the pores. But when you cascarize the system, you get rid of all the poisons by normal muscular action of the bowels.

Don't get in the habit of taking medicine for constipation—or even for auto-intoxication. If you have the habit, stop it. A candy-cascaret is a delightful form of laxative. It is pleasant to take, and the taste tempts most grown-ups to take "more." And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warm weather! Try a cascaret tonight! All drugists, 10c & 25c.

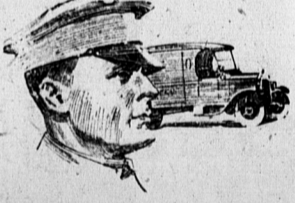

"WHAT A JOY it was to find such an aid to utter cleanliness! My system is so purified, perspiration doesn't stain my garments and I just forget self now, after I've taken one or two—"
