To Strain the Eyes

To strain the eyes is to spoil the eyesight sooner or later. It may not be right away; it may not be till years hence; but some time or other you will pay the penalty. How much better and wiser it would have been to ease the strain by the use of glasses. You may dislike them; but if you get the proper kind and have them properly fitted you will not find them the bugaboo you imagine. The R. W. Taylor Store has been famed for over 30 years for both good glasses and good fitting. Could you go anywhere else for glasses with such certainty of satisfaction?

One Ingredient of Zutoo Soda.

Is soda—just old-fashioned soda, that our grandmothers took to settle the stomach.

The principal ingredient—the one that stops the headache, is a vegetable ingredient, imported for us from Japan. It won't hurt you any more than will the soda.

The other ingredients of Zutoo are just as harmless.

If you knew what the drug cures contain, and their ultimate effect on the system, you would discard them at once and take Zutoo, which is harmless as

MADAME ALBANI.

The Great Prima Donna Who Appears in the Market Hall, Monday June 4th Under the Direction of F. G. Spencer.

The above represents the great Albani in her favorite role of Marguerite in Faust. Those who have heard the wonderful prima donna in this role claim that she has never had an equal. The same gifts that made Albani the famous opera singer will find full play in the program which she is to give in Market Hall, Monday evening the 4th of June. The great event has aroused unprecedented enthusiasm on the Island and excursions are being arranged from all parts to take in the hundred who are going to bring advantage of this last and only opportunity of hearing Madame Albani whose last tour of Canada has under the direction of F. G. Spencer of St. John been by far the most successful of her career, and in fact the most successful of any Canadian tour. The seat plan opens subscription list is at Jamieson's drug store, all outside parties coming to the concert are advised to communicate there for information and tickets. Cash must accompany all orders for tickets.

WHERE LIVING IS EXPENSIVE

LONDON, May 24—Smart London hotels catering to wealthy gourmets, are supplying rare dishes at rare prices. Turtles' fins at five shillings; sharks, fins at ten shillings, a cut from a young kangaroo, ten or fifteen shillings; and Chinese delicacies, such as five shillings a plate, are among the least costly specialties. Quail de Hothschild is a choice fish. Its ingredients are quails stuffed with ortolan, pate de foie gras, truffles and other delicacies. A dish for eight persons can be obtained for about \$40. "Truite au bleu" is another expensive morsel. It is essential, if the last extremely o' flavor is to be secured, that the trout for this dish be put alive in boiling water. The best trout for the purpose can only be procured in Scotland. As soon as they are caught they are transferred to a special tank car and shipped by rail to London. During the whole journey a man has to aerate the water to keep the fish lively, and by the time a fish of perhaps, ten fishes reaches the table it will cost \$100.

DR. CHASE'S OINTMENT.

Some people not very many are letting exceptional chances of securing good furniture at less than auction prices slip through their fingers, by staying away from the greatest slaughter of furniture ever held here. Well, don't blame us. We have tried to impress on you the fact that our whole stock has not to be sold and that quickly. The bargains are going, you might as well have some of them, come in to-day for yours. John Newson, 281 2w.

NO SATISFACTION IN EATING.

Food does you no good. You can't digest—consequently you're afraid to eat; tongue is coated, mouth tastes bad, stomach is bloated. Pretty soon you'll be overcome by weakness and nervous prostration.

Best prescription for your condition is Dr. Hamilton's Pills of Mandrake and Bitternut. For dyspepsia and indigestion it is doubtful if a better remedy will ever be devised. These pills bring new strength and vitality to the stomach and digestive organs; they build up the general health and instill such vim and resisting power into the system that sickness is impossible; try Dr. Hamilton's Pills.

DATED FROM THE NORTH POLE

NEW YORK, May 23.—Hopes run high among the members of the American Geographical Society that Lieut. Peary has discovered the North pole, and word from him outlining the news is expected almost every day now.

Before he sailed for the north in the Roosevelt on Sept. 1, last year, he told the members of the society to expect word from him any time during the latter part of May or the early weeks in June, and so great is the tension over the expected good tidings that every cable messenger is heralded as the one who will have the honor of carrying the news that will electrify the world.

At the Yarmouth Y. M. C. A. Boys' Camp, held at Tackett Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an "immediate relief for colic and toothache."
