FOREIGN SECRETARY MAKES HIS STATEMENT

Britain Standing on Dignity. German Warships Withdrawn from Agadir

LONDON, Nov. 27.—(By Wire)—Sir Edward Grey, Foreign Secretary, delivered his anxiously awaited speech on the intercolonial political situation in the commons this afternoon. He declared the statement of Kiderlin Waecoter the German Foreign Secretary was incomplete and therefore it was not necessary for him to make a fuller statement of the part taken by the British Foreign Office before the House of Commons.

LONDON, Nov. 27th.—(By Wire)—A special from the Central News Limited—says: Sir Edward Grey, Secretary for Foreign Affairs, this afternoon made his eagerly awaited speech in the House of Commons dealing with the relationship existing between the United States Kingdom and Germany.

Sir Edward declared that the speech of Chancellor Lloyd George at the recent Mansion House banquet and delivered by him after consultation with the Premier and himself (Sir Edward) that speech was not intended as any menace toward Germany.

It was merely a dignified and proper assertion of British rights.

A complaint had been received from the German Ambassador concerning that speech but that complaint was made in such a tone that he regarded it as inconsistent with the dignity of the British Government to explain the speech.

BERLIN, Nov. 27.—(By Wire)—The German cruiser Berlin and gunboat Eber have been recalled from Agadir in Morocco where they have been stationed since the departure of the gunboat Panther in July.

This puts an end to the critical situation created by the sending of the gunboat Panther to that port on July 1 by the Government in order to make demonstration in favor of German interests.

SILVER STAR FLOATED

GUILDFORD, Conn., Nov. 26.—The schooner Silver Star, bound from York for Nova Scotia, which went ashore on Grose Island last night, was pulled off today by the tug Harriet. There was a foot of water in the hold but she will be pumped out and will probably sail the middle of the week. The captain and crew of the schooner will remain in New Haven until repairs have been completed.

NEW CARDINALS ARE APPOINTED

ROME, Nov. 27.—(By Wire)—Obedient to a summons from Pope Pius X, the Cardinals of Rome assembled in the secret Consistory today and confirmed the papal nomination of eighteen new members of the College of Cardinals.

As he entered the hall of the Consistory where the ceremony took place his step was less sure and the careworn face of His Holiness bore signs of his recent illness that had come to stay.

Nevertheless he withstood the fatigue of the long and trying ordeal bravely, with smile for each and a word for several in the long procession that passed before the Papal throne.

BETTER ROOM IN ARMY HOSPITAL

ATLANTA, Nov. 27.—(By wire)—Chas. Morse of New York, banker, exchanged his bare cell in the federal prison today for a more commodious ward in the army hospital.

He is suffering from kidney trouble.

REV. J. A. MACDONALD'S VIEW IS DIFFERENT

BOSTON, November, 25.—Peace societies were ridiculed as useless and the pawing of nations by their rulers was conceded to be the only means of terminating international warfare by David Starr Jordan, president of Leland Stanford university, in an address before the Twentieth Century club late today. On the same program were Booker T. Washington, the negro educator, and Rev. Dr. J. A. MacDonald, editor of the Toronto Globe, who predicted an era of reciprocity between not only the United States and Canada, but between this country, New Zealand and Australia.

YACHT WINDWARD SOLD

ST. JOHN, Nov. 26.—The schooner yacht Windward of the R. K. Y. C. was sold on Saturday to D. A. Hurdley of Parrsboro, and left in tow of the schooner Yolando. She is to be put in the fishing trade. The Windward is a craft of graceful lines, brought in Boston several years ago.

INTERVIEWING THE GOVERNMENT

OTTAWA, Nov. 27.—(By Wire)—A strong case will be presented to the Government by a deputation of Sikhs from Vancouver here to Government in regard to letting down the immigration bars which forbids bringing their wives to Canada.

The present Hindu population in Canada numbers about 4,000 men.

By arrangement between the Canadian and Indian Governments no women are allowed to accompany them to Canada or to follow them after they have arrived and settled.

These are residents entirely in British Columbia and chiefly in the cities of Vancouver and Victoria and on farms in the immediate neighborhood.

TO STOP EROSION OF ROCK AT FALLS

TORONTO, Nov. 24.—An apparently practical plan for stopping the rapid erosion of rock in the centre of the Horse Shoe Falls, at Niagara, which has grown to serious proportions during the last year or so, was explained to the members of the Toronto Engineer's Club last night, by Isahn Randolph, the distinguished hydraulic expert.

The wasting away of the rock threatens in time to seriously impair the hydro-electric resources, not to mention destruction of the Fall's scenic beauty. His proposition is as simple as it is unique, he wishes to stretch two strong cables across the River, just above the brink, and by these transports blocks of granite, weighing ten tons each, to the ledge of the gorge, where they are to be dropped into the current from the cable. He pointed out the block would not suffice, as a single block would undoubtedly be swept away, by the force of the water, but by letting them down two at a time, a pair would be certain to wedge together sooner or later directly in the V, after which more blocks could be dropped in until the big hole had been filled up to the surface of the cliff. The proposition has already been submitted to President Taft and the Canadian officials.

ANDREW CARNEGIE 75

NEW YORK, Nov. 26.—Andrew Carnegie, capitalist, philanthropist, author and philosopher, entered upon his seventy-fifth year today, having been born in Dunfermline, Scotland, November 25, 1837. He is in good health, as well as he has felt in years as he declared upon his arrival home recently after his summer vacation in his native Scotland. This month Mr. Carnegie turned over \$25,000,000 to the Carnegie Corporation of New York, the body incorporated by the legislature last June to take over Carnegie's work in connection with educational institutions, libraries and hero funds. The former steel master has given away a total of \$223,000,000 of his colossal fortune and declares he is still ready to give.

NOV 21ST 1911.

During the present month The Guardian has moved into its new home on the corner of Great George and Kent Streets, which is pronounced by competent judges to be one of the finest newspaper blocks in lower Canada. The building is laid off in such a manner that the "Big Web Perfecting Press" that prints, folds and counts the papers at the rate of 6,000 per hour, or one a second, can be seen from the sidewalk through one of the largest plate glass windows in the city. The wonderful little typesetting machines (three in all), can also be seen.

The Guardian wishes to celebrate its new adventure, and has thoroughly planned the wonderful offer of distributing \$2,300.00 worth of pianos and organs among the ladies.

Messrs. Willis & Co., Ltd., Montreal, are one of the richest firms in the Dominion, with a capital of one million dollars (\$1,000,000.00) and we publish their letter in reference to our purchase of instruments. A. E. Toombs, Charlottetown, is their representative, and their instrument can be seen and inspected at his store.

Over 75 per cent of the ladies in the Province would like to be the proud possessor of one of these pianos—do not delay—send in your nomination today and win one of them. Full particulars in page ad.

NEWFOUNDLAND HAS BAD STORM

ST. JOHN'S, Nov. 27.—(By wire)—The railway service in nearly every section of Newfoundland is stalled and the coast steamers compelled to seek harbors of refuge as the result of a hurricane which has been raging since Saturday.

It is feared the toll of the previous storm, which wrecked six vessels with a loss of a number of men will be equalled.

At least one victim of the storm among the coasting vessels was indicated when an unidentified vessel was sighted late last night off the northern coast with all sails gone and drifting to seaward.

There was no sign of a crew and it is believed they have been washed overboard.

MEETING OF EXECUTIVE

There was a meeting of the Provincial Executive yesterday afternoon, and in the evening a caucus of the Liberal party was held in the Executive Chamber, which was continued till about midnight. Enquiry by The Guardian of Premier Palmer after the meeting was over resulted in the statement by him that the Government had not yet fully decided upon the course they would pursue in the immediate future. A good deal of routine business was transacted. As to the deliberations of the caucus the Premier said he had nothing to communicate for publication.

PREDICTS AN ERA OF RECIPROCITY

BOSTON, Nov. 25.—Peace societies were ridiculed as useless, and the pawing of nations by their rulers was conceded to be the only means of terminating international warfare by David Starr Jordan, President of Leland Stanford University, in an address before the Twentieth Century Club late today.

On the same program were Booker T. Washington, the negro educator, and Dr. J. A. MacDonald, editor of the Toronto Globe, who predicted an era of reciprocity between not only the United States and Canada, but between this country, New Zealand and Australia.

SCHOONER FOUNDERED ON NANTUCKET SHOALS

WINEYARD HAVEN, Nov. 25.—The Bangor schooner Hannah F. Carleton from Port Reading for Castine, Maine, with coal foundered at 7.30 o'clock last night one mile and a half North West of the Handkerchief Shoal Lightship. Captain Brown and his crew of four men rowed to the Lightship and were landed here to-day by the revenue cutter Acushnet. The Carleton struck a mass of floating wreckage on Nantucket shoals during the thick weather yesterday afternoon and was so badly damaged that the pumps were unable to free the hold. The schooner went down in four hours. The Carleton was built at Holbrook, Me., in 1884, and registered 189 tons.

BREAKS MORE RECORDS

NEW YORK, November 26.—While the band was ripping out "The Maple Leaf Forever," last night in the 23rd Regiment armory, Brooklyn, George Goulding the crack Toronto walker, was shattering American records in the three mile walk. Tho not well equipped for a cracking performance, as he wore ordinary rubber soled shoes, the Canadian showed wonderful speed and succeeded in covering the 3 miles in 20 minutes, 59 3/5 seconds. This beats the outdoor mark of 21 minutes, 9 1/5 seconds, made by Frank Murray at the Manhattan Athletic Club in 1883.

DISAPPOINTMENT

(Charles W. Stevenson.)
Let not thy failure weight thee down,
The world is wide, the way is long;
It is the trying wins the crown,
The loving wakes the song.
Hard though thy days, by grief and pain,
Made dark with dread and dull
With work,
A quiet conscience is the gain
Of those who never shirk.
Better to lose the fight than win
A large success by devious ways;

Cannot Control the Boxers. Rebel Soldiers Are Taking an Awful Revenge

SHANGHAI, Nov. 27.—(By wire)—It is reported that desperate fighting has taken place between the revolutionist and bandits in the Hwaiyuan Anhwai province and that 1,000 robbers were killed.

HONG KONG, Nov. 27.—(By wire)—The traffic on West River has practically come to a standstill.

Steamers from Hong Kong have been withdrawn, but those from Canton are being continued on the assurance by the British authorities that an effective patrol on the river would begin on Sunday.

At Wu Chow the revolutionary soldiers are arranging the recent massacre.

They have already beheaded sixty prisoners some of whom are sons of aristocrats.

Afterwards they held an orgy, cutting out the hearts of their victims, some of them which they roasted and ate.

Some missionaries from upriver stations have sought refuge at Hong Kong.

SHANGHAI, Nov. 27.—(By wire)—Reports of the murders of foreigners in the provinces of Shen Si and Shan Si have been received here with the gravest apprehension.

It is quite evident that a strong element of Boxerism remains within the sphere of Peking, where the Government might be expected to control the revolutionaries, not a single case of injury to foreign interests has occurred.

The throne seems helpless to prevent further murders by the Boxers who are in no way connected with the revolutionaries, while on the other hand the revolutionaries are defending the missionaries and punishing with death the offenders through the south and in central China.

The commercial houses of all nationalities are losing heavily.

FORMER SENATOR DRYDEN DEAD

NEWARK, N. J., Nov. 24.—Former United States Senator John F. Dryden died at six o'clock tonight. John Fairfield Dryden was born on a farm near Farmington, Maine, August 7, 1839. He left Yale before graduating on account of ill health. In 1876 he established the Prudential Insurance Company, the first successful industrial insurance institution in America. He was secretary of the company up to 1881, and president since that date. He has been a director of the United States Steel Corporation since 1903, and was, besides, a director of the United States Casualty Company, and several banks and trust companies of this city and New York. He was a Republican Senator from 1892 to 1907.

GOLD MEDAL FOR THE INTERCOLONIAL

MONCTON, N. B., Nov. 23.—The Intercolonial Railway have been awarded a gold medal, by the Board of Directors of the Canadian National Exhibition, for the fine display made by the Railway at Toronto, last September, when the famous Summer train, the Ocean Limited, was splendidly featured in an illuminated motion picture which attracted great attention. Word to this effect was received from Ottawa, Friday and the Government Railway was warmly congratulated on its fine showing.
