

Long-Standing Evil

Effective Measures Taken

Since childhood Mr. A. Cail was under the shadow of a great evil, which always menaced his comfort and safety. Read what he says:—

"I was troubled with my kidneys since childhood and spent a large amount of money trying to get cured. Instead of getting better, I kept getting worse until a friend of mine advised me to try Gin Pills. I did so, and after taking one box, I was able to get out of bed and walk around. Two more boxes relieved me completely, and since then I have had no return of the trouble."

Many people have kidney and bladder trouble without knowing it. They think nothing of the backache, the pains in the sides, the constant headaches, the rheumatic, sciatic and neuralgic pains, the floating specks before the eyes, the swollen joints, the highly-colored urine—all signs of trouble—all signs which should receive immediate attention and treatment with Gin Pills, which are by far the most effective of all preparations, and which may help you to avoid a fatal operation. They quickly relieve pain and heal the congested tissues, bringing the organs back to normal. At druggists and dealers, 50c a box. Money back if no relief. Send for free sample.

Perfectly Clean!

That's the feeling you have about everything washed with Lifebuoy, especially stockings, underwear, nightgowns, sheets, blankets, and everything that touches the skin. The rich velvety lather of Lifebuoy has wonderful cleansing power, but more important, the antiseptic qualities in

LIFEBUOY HEALTH SOAP

prevents germs, disease-microbes, (and they are present everywhere), and perfect cleanliness results.

The carbolic odor in Lifebuoy is a sign of its protective qualities—vanishing quickly after use.

Lever Brothers Limited, Toronto, Ont.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Four 2½ ounces of Pinex (50 cents worth) in a 16-oz. bottle; then fill it up with granulated sugar syrup, or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

TUESDAY

SOLDIER IN BUSINESS.—Mr. Jack Strain, city has purchased the London Grill, on Sunnyside, recently opened by Mr. Nick Cosmas, a Greek. Mr. Strain served overseas with the Second Heavy Battery and was invalided to Canada in 1917 after being severely gassed at Vimy Ridge. He has a fine stand and should meet with much success.

REGRETTABLE ACCIDENT.—Mr. William Rodd, truckman is confined to his home suffering from painful injuries received on Saturday. While driving his sloop along the street the swinging tree bolt parted and Mr. Rodd was pulled by the reins over the front of the vehicle, which passed over his body. He was badly cut about the head and it is said that eleven stitches were required to close up the wounds. He was also badly bruised about the body.

ANNUAL MEETING HELD.—The general annual meeting of Charlottetown Can. Co., Limited was held on Oct. 1st when the following directors were re-elected:—Messrs John Agnew, H. H. Cox, W. H. Prowse, Russell, Clark and C. Fairall Fisher. At a subsequent meeting of Directors, John Agnew was elected President, H. H. Cox, Vice President and C. Fairall Fisher, Secretary and Treasurer and Managing Director.

HONORS CONFERRED.—Miss Mary A. Palmer of this city, who had been engaged in the clerical department of the Canadian Red Cross at the Headquarters, Cockspar Street, London has received from the hands of the order, Colonel Blaylock and Lady Drummond a beautifully illustrated card bearing the coat of arms of Canada, and the following inscription: "In grateful recognition of long and faithful service for the Canadian sick and wounded."

A FREAK APPLE.—The Guardian was yesterday shown a freak apple grown in the orchard of Mr. Ezra Robertson, Brudenell. The apple is double and joined a little beyond the stem after the manner of the Siamese twins, both apples being perfectly formed. The idea that the political situation had something to do with the peculiar development probably arose from the fact that the fruit is a freak.

SOLDIER BOY GOES SOUTH.—Mr. Ernest Hine, son of Mr. and Mrs. Charles Hine, of this city, left yesterday enroute to San Diego, California. Mr. Hine has not been in the best of health since his return from France, where he served for seventeen months in the Eighth Siege Battery and was gassed at Lievan. Acting on medical advice he has gone to California where, his many friends, sincerely hope, the balmy climate may be the means of restoring him to a full measure of health.

The village of Cascumpes has recently been called upon to mourn the loss of an old and much esteemed resident, Mrs. Wm. H. Wallace formerly Mary Jane Ashley. Mrs. Wallace was until a few months ago, a healthy energetic woman. During last winter however, her health gave way suddenly. Sometimes her friends had hopes of recovery, but in August she began to fall more rapidly and passed away on Monday, Sept. 1st.

Deceased was of a particularly bright disposition and in homes of sickness and sorrow was always ready with a chery yet unostentatious help. The most fitting epitaph that could be written upon her grave would be "She hath done what she could." The funeral took place on Wednesday, Sept 3rd, and was largely attended. The service was conducted by her pastor, Rev. E. E. Styles of Alberton. The interment was made in the Methodist Cemetery at Cascumpes. Besides her husband she leaves to mourn six children, Ernest and Lester both residing at Cascumpes; William in Boston, J. Herbert, Port Arthur, Mrs. William Bell, Mill River; Mrs. Williams at O'Leary.

WEDDING YESTERDAY.—St. Dunstan's Cathedral was the scene of a happy event at an early hour yesterday morning, when Miss Jessie Gallant, daughter of Mr. and Mrs. Joseph Gallant, Euston Street, City, became the wife of Mr. Emmanuel Gallant of St. Raphael, a member of the Postal Department and who returned recently from overseas. The bridesmaid was Miss Nellie Gillis and the groomsmen were Mr. Austin Gallant, brother of the bride, Rev. Maurice McDonald was the officiating clergyman. Many valuable and beautiful gifts were received by the popular young couple. Immediately after the ceremony, Mr. and Mrs. Gallant left on a wedding trip to Montreal and Ottawa, followed by the best wishes of a host of friends.

MAYNARD-SPOULE MARRIAGE.—The manse Hampton, P. E. Island, was the scene of a very pretty wedding on Wednesday afternoon, Oct. 1st, when Miss Minnie I. Carmichael Sproule, daughter of the late Mr. and Mrs. James A. Sproule of St. John's, N. S. was united in the Holy bonds of matrimony to Mr. John Lester Maynard of Port Hill, P. E. I., in the presence of a few of the immediate friends and relatives of the bride and groom. The Rev. J. S. MacKay, uncle of the bride performed the ceremony. As the great, great grandfather's clock of the bride, chimed out the hour of two, Miss Olive Sproule, sister of the bride seated herself at the piano and played the wedding march. The bride entered the parlor leaning on the arm of her uncle the officiating clergyman. The young couple were unattended. The bride looked charming in a dress of electric blue silk and georgette crepe with a touch of bead trimming, she wore her mother's gold necklace and carried a shower bouquet of white dahlias and asparagus fern. The parlor was prettily decorated with autumn leaves, ferns and cut flowers; by the boy and girl friends of the bride. The colors in the dining room were mauve and green. The presents were numerous and costly, gifts coming from friends and relatives in Nova Scotia and Winnipeg, and her many friends in Hampton. Her going away dress was a tailor made suit of brown with hat to match. The young couple will make their home in O'Leary, P. E. I. (N. S. papers pl. 333-3027.)

IN THE WEST.—Mr. J. D. McEachern, B.A., late teacher at Souris, who recently went to western Canada has received an excellent appointment at Osgoos, Sask. Mr. McEachern says that board costs no more there than in this province and the salary is at least ten times as good.

A death of more than usual sadness occurred at Peter's Road on the evening of Tuesday, September 2nd, when Agatha Jenkins, beloved daughter of Mr. and Mrs. John Jenkins was called home at the age of fifteen years after but a very few days illness. Agatha was a young lady of interesting and attractive personality and was held in the highest respect by her friends and associates, and her early death will be greatly lamented by all. The remaining members of the family have the sincere sympathy of the community in their sad bereavement.

MEMORIAL SERVICE.—A most impressive and interesting service, consisting of special music, readings and an address by the pastor, Rev. H. A. Brown, took place in the Souris Methodist Church on Sunday evening. At this service a Memorial Tablet, presented by the Sunday School, in memory of two former members who paid the supreme sacrifice, during the great war, was unveiled. The tablet is a solid oak shield, bearing two bronze maple leaves, which is inscribed the names of Bdr. Edison Connor and Pte. Percy Poole. The unveiling was done by Bdr. Clarence Acorn. The church was artistically decorated for the occasion with flags, flowers and potted plants.—S.

On Thursday, Sept. 18, 1919, Mrs. John Hyde of Middleton, passed peacefully to the "Great Beyond". Although she had been in delicate health for some time the end was very unexpected and came as a great shock to her many relatives and friends. Mrs. Hyde, who was formerly Miss Agnes Schurman, was a daughter of the late Peter Schurman of Middleton. She lived nearly her whole life of 68 years in this community and all knew and loved her for kindness and thoughtfulness of others. She had a kind, loving disposition and lived a life full of faith and trustfulness. She leaves to mourn a sorrowing husband and one brother, Thomas Schurman of Boston, beside a host of relatives and friends. The funeral services was conducted by the Rev. Geo. N. Somers of Bedouque and the remains were laid to rest in the old Bedouque Methodist Cemetery.

There passed away at her home in Lewis, on Sept. 22nd, Sarah MacDonald wife of John L. MacKinnon, at the early age of 48 years. Deceased though in ill health for a number of years, bore her affliction with true Christian patience. She always tried to do what she could, little though it might be, in the Master's service, and taught a class in Sunday School, as long as she was able to attend. Besides her husband she leaves to mourn two sons and the following sisters and brothers: Mrs. Alex. J. MacLeod, Valleyfield East, Mrs. Christie Munro, Boston, Mass., Mrs. John J. Bruce, Milltown, Cross, John N. Supt. of Dredges, Charlottetown, Allan, of Heatherdale, and Hughie, lately returned from overseas. The pall bearers were:—John MacPherson, John MacBeth, Kenneth MacLean, Angus J. MacLeod, Don Stewart and John Cummings. The following lines were written by her little boys:

Dearest mama thou hast left us,
We do miss thee in our home,
Your chair is vacant in our midst,
And no one to take your place
But we hope to meet thee in thy
Bright home beyond.

Where we shall never part,
We shall miss thee in our home,
And shall linger to caress thee,
When we breathe our evening prayer,
Gone but not forgotten.
Patriot please copy.
1416pd.

A very successful school fair was held in Mt. Stewart Hall on Monday, Sept. 29.

The day was perfect and early in the forenoon pupils began to arrive from East Pisquid, West Pisquid, Point Du Roche, Savage Harbor, St. Andrews, Cherry Hill, Canaray and Head of Hillsborough schools, which with Mt. Stewart Village school made up the school fair district.

The secretarial work and arranging of entries was all done by public officials, supervised by Inspector Cairns and the teachers. The business management of the fair was smartly and efficiently done, thus showing that the pupils were receiving a good business training apart from the valuable training and knowledge received from preparing for competition in the different classes of exhibits.

The judging was done by Mr. MacMillan and Miss MacKinnon from the Department of Rural Science, assisted by Rev. Mr. Brodie, who judged the exhibits in drawing.

After the judging, the fair was officially opened by Inspector Cairns in whose honor the fair is. A large number of people from the district attended and heard with pleasure Mr. Cairns' address in explanation of the his appreciation of the interest taken in Mt. Stewart fair by the people of the fair district.

Mr. MacMillan also addressed the fair and commented on the improved quality of the exhibits over last year's fair.

At 3.30 p. m. everyone proceeded to a sports field near by, where an excellent programme of sports was carried out by the pupils, directed by object and aims of school fairs, and Mr. Cairns and Mr. MacMillan. The principal feature of this was a baseball game between Mt. Stewart school vs. the other schools of the fair district.

The pupils secretaries announced that all prizes would be paid by cheque in accordance with the main idea of managing everything on "grown up" principles.

All present carried home the impression that as an educational training for the young people of this province School Fairs were surely of inestimable value.

In order that the situation with reference to the teachers and their de-

mands may be fully understood, the Guardian yesterday received from Principal J. D. Seaman, President of the Teachers Union, the following history of the movement for higher salaries:

In reply to a delegation from the Teachers' Association asking for an increase in salary, the government previous to the session of 1918 stated that they were unable to make any further appropriation for educational purposes out of the ordinary revenue of the province, intimating that the teachers must look to the districts for any increase in salaries.

The teachers then at their annual convention in September 1918 formed a Teachers Union and agreed that no member thereof would engage in the coming July for a less salary than a minimum agreed upon. Realizing that legislation would be necessary to have this amount raised in the districts the teachers again waited upon the government before the session of 1919 and received a promise that legislation would be introduced with a view to meeting their demands. Accordingly the Education Tax Act was passed, to become operative upon receiving the assent of the people by plebiscite. The teachers agreed to take no action until thirty days after the result of the plebiscite was known.

The Act having failed to carry as a result of the plebiscite and the government also having changed hands, the teachers, instead of going on strike as at first proposed, called a meeting of the Union in August. At this meeting Premier Bell, Attorney General Johnston, and Hon. F. J. Nash were present and addressed the teachers expressing sincere sympathy with them in their demands and urgently requesting them to give the government time to formulate a policy. In deference to their request the teachers decided to wait until three months after the government assumed power. If nothing was done in the interim they agreed that all teachers not receiving the minimum wage would go on strike on December 4th. If then the matter was not satisfactorily settled all other Unipn Teachers agreed to go on strike two weeks later.

At the annual meeting of the Union held in September last, the teachers, in consideration of the fact that to meet their demands within the specified time a special session of the legislature would be required, agreed that if the government would promise to introduce a measure at their first session making the necessary provision for the minimum salary asked and retroactive to January 1, 1920, there would not be any strike.

Thus the matter stands at present. The Executive of the Union are trying to make arrangements to meet the government and it is probable the meeting will take place at an early date.

DOES it make a difference to have the right hosiery on your feet? Does it? The same before and after the laundry, shape, color, softness. That's Penmans. Then to have that feeling of being well-groomed, buy your hosiery by name—Penmans. N. B. Penmans go longer without darning.

HOSIERY for MEN

"THE STANDARD of EXCELLENCE"

"Save the surface and you save all" Paint & Varnish

The birthplace at Gagetown, N.B. of Sir Leonard Tilley, a Father of Confederation.

Will Yours Last as Well?

This home was erected over 100 years ago.

What accounts for its wonderful preservation? It has not escaped attacks by the elements. No building escapes the elements. *Something* must stand the sun and the storms of the years.

The answer is *Surface Protection*. The building as a *building* has been left untouched because the elements have never gotten beyond the protective coating.

Deterioration cannot make headway with painted or varnished objects—it damages only when the protective coatings are lacking. Surface protection is *entire* protection—save the surface and you save all.

Whether the surface be of wood, iron, steel, concrete, cement or stucco—use a protective coating and avoid the unnecessary expense of repairs and replacement.

Paint this Fall
Because:
—of proper weather conditions.
—surf. ces are now in their most receptive condition, practically every trace of moisture having been eliminated by the summer sun.
—the wood being dry it absorbs more readily and the paint holds better.
—A surface needing protection should never be allowed to go over the winter without it.
—Property needs more protection during the winter than at any other time.
"Save the Surface and you save all."

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:

"The realization of the above object will lead to employment during the Reconstruction Period, and bears our entire approval.

THE CANADIAN TRADE COMMISSION

Commissioner
