IF!

Everybody knows that Cod Liver Oil is a wonderful flesh producer, IF you can take it.

Nobody doubts that Iron is the greatest enricher of the blood, IF you can digest it.

It is well known that Phosphorus is the ideal nerve and brain tonic, IF it is properly administered.

"IF" ah! there's the rub.

But everybody does not know that Cod Liver Oil, Iron and Phosphorus have at last been combined in an emulsion so palatable that anybody can take it, so easily assimilated that the smallest infant can digest it without difficulty and so perfectly and scientifically prepared that the value of the original ingredients is enhanced fourfold.

This emulsion is known as

FERROL

(Iron and Oil)

"FERROL" has wiped out the "IF."

"FERROL" has brought the wonderful and universally recognized virtues of Cod Liver Oil, Iron and Phosphorus within easy reach of the multitudes who need them.

"FERROL" is the only perfect emulsion of Cod Liver Oil, because it is the only one that contains IRON and oil emulsion is perfect without it.

That is why FERROL is an unequalled system builder.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in the prominent Hospitals, Sanitariums, etc.

It is an infallible remedy for coughs, colds, bronchitis, pneumonia, consumption, indigestion, loss of appetite and all wasting diseases.'

Advertisement for Beaver Flour, 'Are you using the best Flour? What if the flour that you are now using, does make pretty good bread? Isn't there room for improvement? Couldn't the bread be whiter, sweeter, tastier? Couldn't the pies and cakes be lighter, more inviting? And does the baking always turn out exactly right? If there is room for improvement, there is a need of BEAVER FLOUR. "Beaver" Flour straightens out all baking difficulties. It is two flours in one—blended Manitoba Hard Wheat and Ontario Soft Wheat. Way out in the Northwest grows the Manitoba Hard Wheat that makes rich, good, strong, flour—wholesome, nourishing bread. Ontario wheat lacks somewhat in nutriment strength—but it makes the lightest wheat cakes, pies and pastry. "Beaver" Flour combines these two baking qualities, because it contains just the right proportion of each. The wheat we use, being nature's best, requires no Electrical treatment to purify. Don't be satisfied with just good bread. Have the best that any good cook can make. That means to use "Beaver" Flour. At your Grocer's.'
